

## Hogan Preparatory Academy Lottery procedures

Families apply online using the SchoolAppKC application system. At the end of the open application period, all eligible students will be entered into a lottery. The SchoolAppKC generated list will determine both who is accepted and the order of the waiting list for the remaining applicants. If the number of applications received is fewer than spaces available, all applications will be accepted and the remaining spaces will be filled on a first-come, first-served basis until full. Applicants will receive an email with their application status within 24 hours of the lottery.

Siblings of current Hogan students and children of Hogan current, full-time employees will receive priority in the lottery but must adhere to the residency and application policies. Applications for these students must be turned in during the open application period.

For the 2023–24 school year, the lottery will be held on or before **March 6, 2023**. At that time, you will know whether or not your child has been accepted or is on the waitlist.
