Our office has reviewed the La Salle Charter School contract with Food Service Consultants, Inc. It appears the contract contains all provisions required by USDA regulations. Further, it also appears that the contract does not contain provisions that are unallowable.

Please be aware that Federal Regulation, 210.16 (a)(2), states that the district shall ensure that the food service operation is in conformance with the LEA's agreement under the Program. If there are any changes in the future to USDA regulations/ guidance, it may be necessary for the district to have the contract amended.
