Gained:

18 Weeks!

MS Math: How did we do compared to the other schools?

More effective than 98%
of Missouri Schools

Weeks of Instruction
Gained:

28 Weeks!

Reading shifts for 2023/2024

- Shifted from a Balanced Literacy Approach to the Science of Reading.
 - Per LETRS, the recommended amount of time for secondary students needing intervention is 3 hours.
 - We are providing 2 hrs and 15 min/day of Reading for students.
 - When they have mastered their phonics scope and sequence, if they are an ELL they move into an intervention group where there is a language acquisition focus in the realm of History.
- 

Reading Shifts (cont.)

- Started Servicing 87 kids
- We have moved 15 kids out and 13 kids up.
- KCIA Goal: 56% of students hit growth target
Last year at this time: **52%**
This year: **67%**
