Year to Date Attendance Percentage (through 9/15/2023)

90/90 Attendance Performance (As of 9/15/2023)

The attendance rate for August is comparable to last year, even though this August represents ~15 additional students. The 90/90 attendance rates are better than the end of SY22-23; however, approximately 20% of students (K-6) are not reaching the 90% attendance goal. The majority of those students are in the 'Less than 85%' band. The student support team is reviewing the data to understand the barriers to attendance and to work with families who currently have low attendance.

General Updates

Mary Brown, Assistant Director, Whole-School Models and Scaled Support at ASU visited AFIA on September 13th to observe our team teaching pilot classrooms and provide feedback. She spent the whole day at AFIA and observed the 2nd and 3rd grade teams and met with each team to provide feedback.

General Updates

Emily Smith, Focus Five teaching artist has presented professional development at AFIA three times since the school year began. She is providing PD on the Actor's Tools. When she visits, she spends one day observing teachers and providing feedback and models lessons the next day.

General Updates

Lead to Read kicked off their reading sessions on September 19th with 2nd grade. We have over 40 volunteer readers visiting AFIA every Tuesday.

General Updates

We host a UMKC literacy methods course at AFIA each week. The preservice teachers are working with 2nd graders as a part of their coursework.

General Updates

The Back to School Bash on September 21 was a great success. Thanks to Asha and Tasha for all of their planning and work! Thanks to all of the board members who stopped by the event.

Updates from our student support team

- Big Smiles is continuing to partner with AFIA to provide dental services to our students. Our first day for this year was September 11th and 15 students were provided with dental services on the first day.
- We have held two mobile food pantries thanks to our partners at Harvesters and School Smart KC. In August, 47 families participated. In September, 37 families participated.
- We are continuing our partnership with Swope Behavioral Health Services. This school year, we have already referred eight additional students for services.

Upcoming Dates

December 1: Please hold your calendar for the winter luncheon (noon)
