May 2024 Financials

PREPARED JUN'24 BY

- **Executive Summary**
- **Key Performance Indicators**
- **Cash Forecast**
- **Forecast Overview**
- **Monthly Financials**

- BCS closed out May 2024 with a YE cash forecast of \$6.2M, \$192k below budget. As noted last month, the difference is tied directly to expenses associated with completion of the STEAM lab.
- Days of Cash as of 5/31/24 is 164 days, well over the sponsor target of 60 days and a continued indication of strong financial health.
- Revenue – despite a \$253k prior year adjustment in State revenue, the school’s full year revenue picture is improving due to the following:
 - Above budget income in Prop C, interest income, transportation reimbursement
 - \$100k School Safety Grant
 - \$56k for MO Scholars

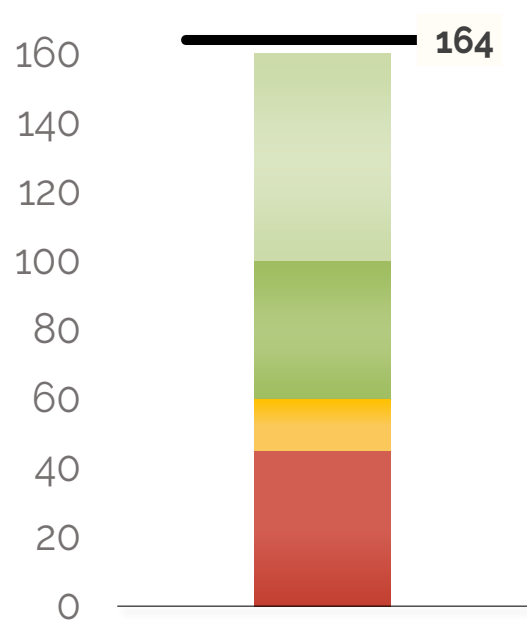

- **Expenses** – from an operating perspective are coming in just slightly under budget, despite key investments to bring janitorial and transportation services in-house. We've been able to manage other expense categories such that they offset a majority of this overage.
- **Net Income** – before extraordinary expenses (debt service & capital expenses), the school has a positive net income of \$308,066 vs. the original budget of \$377,100.
 - Costs associated with debt service are \$308,592 and completion of the STEAM lab generated \$898,138 in capital expenses, for a total below the line cost of \$1,206,729.
 - This results in a Net Income, after extraordinary costs, for the year at (\$300,432). This takes into consideration outstanding cash flow adjustments of \$598,232.

- **Net Income (continued) –**
 - The school's cash reserves, more than \$6M, will be used to bring the full year budget back into balance.
 - Despite use of cash reserves, the school maintains more than 150+ Days of Cash.

- **FY25 Budget**
 - Final adjustments have been made to the FY25 draft budget. It has been reviewed with the school's Finance Committee at their meeting on 6/20 and is being brought forward to the Board for approval.

Days of Cash

Cash balance at year-end divided by average daily expenses

164 DAYS OF CASH AT YEAR'S END

The school will end the year with 164 days of cash. This is above the recommended 60 days

Gross Margin

Revenue less expenses, divided by revenue

-7.0% GROSS MARGIN

The forecasted net income is -\$899k, which is \$857k below the budget. It yields a -7.0% gross margin.

Fund Balance %

Forecasted Ending Fund Balance / Total Expenses

43.40% AT YEAR'S END

The school is projected to end the year with a fund balance of \$5,956,894. Last year's fund balance was \$6,855,557.

DSCR

Amount of cash flow available to meet annual interest and principal payments on debt

DSCR IS 1.

① REVENUE: \$77K BEHIND

Revenue remains slightly lower than the full year budget due to a \$253k prior year adjustment. However, we've made up slightly more than \$175k of that delta this year in unbudgeted revenue in the areas of interest income and Prop C.

② EXPENSES: \$780K BEHIND

From an operating perspective, we are on budget for the year. Expenses tied to below the line costs (debt service and STEAM lab completion) are reducing our overall Net Income for the year vs. budget.

③ NET INCOME: \$857K behind

④ CASH ADJ: \$598K AHEAD

⑤ NET CHANGE IN CASH: \$259K BEHIND

As noted, a portion of the school's cash reserves will be used for completion of the STEAM lab, resulting in a slightly lower balance at the end of FY24. However, this is a strategic investment which should pay back over time. Additionally, the amount spent represents less than 5% of the school's total cash reserves.
