

October 5, 2021

The Board of Education  
DeTour Arts and Technology Academy  
Chippewa County, Michigan

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of DeTour Arts and Technology Academy for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and Government Auditing Standards and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letters to you dated April 9, 2020. Professional standards also require that we communicate to you the following information related to our audit.

#### Significant Audit Matters

##### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by DeTour Arts and Technology Academy are described in the notes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2021. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Government-Wide financial statements were:

Management's estimate of the lives of capital assets. We evaluated the key factors and assumptions used to develop the estimated life span of the capital assets in determining that it is reasonable in relation to the financial statements taken as a whole. Certain amounts included in capital assets have been estimated by appraisers based on historical information for assets placed in service prior to implementation of GASB Statement No. 34.

The financial statement disclosures are neutral, consistent, and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. No significant adjustments were derived from the audit process.

*Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter October 5, 2021.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matter, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We were engaged to report on combining and individual fund statements and schedules, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Other Comments

The District General Fund balance decreased by \$40,101 to \$43,384 at June 30, 2021. This balance represents approximately 4.84 percent of the District's 2021-22 expenditure budget (down from 10.35 percent at June 30, 2021). Maintaining a fund balance of at least 10 to 20 percent of the ensuing year's expenditure budget is advisable for DeTour Arts and Technology Academy. This gives the District more stable operating funds during the year, helps avoid or reduce the necessity of borrowing for short-term cash flow purposes and acts as a buffer against the uncertainty of state aid revenues accruing to the District.

Closing

This communication is intended solely for the information and use of the DeTour Arts and Technology Academy Board of Education and management and is not intended to be, and should not be, used by anyone other than these specified parties. We have furnished a copy of this letter to the Michigan Departments of Education and Treasury as an enclosure with the audited financial statements as required by the State of Michigan.
