IMPORTANT NOTE

Parent/Guardian and Student Acknowledgement

Brookside Charter School requires all families and students to read and understand the Family Handbook. All families and students are required to follow the expectations and procedures set forth in the Family Handbook. Therefore, parents/guardians must review every page of the Family Handbook with their student. Discussions and reviews of the Family Handbook conducted by school staff are in addition to, not instead of, the parents or guardians' review.

Both students and parents/guardians must [acknowledge](#) that they have received and reviewed the Family Handbook. Failure to sign the Parent/Guardian Acknowledgement will not prevent students from being held accountable for their behavior and being subject to consequences listed within this Family Handbook, but could limit their access to certain programs at Brookside Charter.

BSDS, Inc. dba Brookside Charter School is the governing agency for Brookside Charter School. Brookside Charter School is sponsored by the Missouri Public Charter School Commission. Brookside Charter School's Board of Directors determines the policies, approves the budget, plans for the future, and hires and advises the Superintendent. The Superintendent has the authority from the Board of Directors to implement policies, supervise staff, and run the daily operations of the school. The operation of the school also includes the other members of the Administrative Team. The Board of Directors, Superintendent, and Administrative Team work together.

Members of the Brookside Charter School Board of Directors have been selected for their areas of expertise and outreach into the community. The Board of Directors operates in accordance with Missouri's open meeting laws. Meetings are generally held on the last Monday of each month in the Library. Notice of the time, date, and place of each meeting, as well the tentative agenda, will be posted outside the Front Office and delivered to each Board Member at least 24 hours in advance of the meeting (exclusive of holidays and weekends).

Visitors are welcome to attend the open session of the meeting of the Board of Directors. Members of the Board of Directors and Brookside Charter School's Administration participate during these meetings. Visitors exclusively observe unless they have previously petitioned the Board of Directors and have been invited to participate.

NOTICE OF NON-DISCRIMINATION

Brookside Charter School does not discriminate or in any way prefer any student over another student based on race, religion, color, gender, national origin, ethnicity, disability, sexual orientation, perceived sexual orientation, socioeconomic status, proficiency in English, or athletic ability and admits students to all the rights, privileges, programs, and activities accorded or made available to students at the school.

Non-Discrimination Explanation

Discrimination involves treating persons as members of groups, rather than treating them as individuals with their own diverse capacities and merits. It includes any conduct that is based on race, color, gender, religion, national origin, socioeconomic status, ethnicity, disability, age, sexual orientation or perceived sexual

orientation, or marital status. Discrimination is perpetuated by both individuals and institutions. Schools, as one of society's most influential institutions, must address this issue and treat it with the importance it deserves.

Brookside Charter School strives to develop each student's fullest potential as a unique human being. Doing this requires an awareness of the subtlety and harmfulness of all forms of discrimination. It is the responsibility of each board member, administrator, teacher, staff member, parent/guardian, and student to understand the nature of discrimination and see that it is eliminated.

The Brookside Charter School Board of Directors affirms its intent to provide equal opportunity in its programs, practices and activities regardless of race, color, gender, religion, national origin, socioeconomic status, ethnicity, disability, age, sexual orientation or perceived sexual orientation, or marital status.

Actions, statements, or other conduct by students, staff, or Administration constituting discrimination on any basis set forth above is strictly prohibited on school premises or in connection with any school-related program or activity and may be grounds for disciplinary action.

Brookside Charter School is committed to following a policy of non-discrimination in all of its programs and activities. Brookside Charter School will endeavor to ensure an environment for students, employees, and patrons free of discrimination, including an environment free of racial, religious, sexual or other unlawful harassment. This policy prohibits harassment in any form, including verbal and physical harassment, unwelcome comments, jokes or statements of a discriminatory nature, and unwelcome advances.

The following individual has been designated to handle inquiries regarding Brookside Charter's Anti-Discrimination Policies:

Roger Offield, Superintendent
Brookside Charter School
1815 East 63rd Street
Kansas City, Missouri 64130
(816) 531-2192 x2205

If the issue concerns the Superintendent, individuals may contact another member of the Administrative Staff or the President of the Board of Directors.

AMERICANS WITH DISABILITIES ACT

Brookside Charter School complies with all aspects of the Americans with Disabilities Act (ADA).

- Families with children with special needs as indicated in the ADA are requested to provide the Brookside Charter School Administration with written reports and diagnoses from the child's physician and other professionals in order for Brookside Charter School to meet the child's needs.
- ADA-compliant restrooms are located in both the Elementary and Middle School and marked with appropriate signage.

SPECIAL EDUCATION

Brookside Charter School provides special education services for children with current Individual Education Plans (IEPs) and students who are evaluated and qualify for services. Students may be referred by faculty and/or families to the Building Administrator for special education evaluation. For any questions or concerns about the process, please contact Judy Hill, Special Education Director, at jhill@brooksidecharter.org or (816) 531-2192 x1113.

INCLUSION POLICY

Brookside Charter School complies with the Individuals with Disabilities Education Act 9 (IDEA & IDEA-97), the Family Educational Rights and Privacy Act (FERPA), and Section 504 of the Rehabilitation Act of 1973. Brookside Charter School will comply with federal and state special education requirements and Individual Education Programs (IEPs) recommended by the committee. Brookside Charter School may provide services both directly and under contract with outside providers.

Brookside Charter School is committed to a program of responsible inclusion for students with special needs. This means that after an evaluation indicates services are needed, an educational program will be designed to meet the learning needs of the broadest spectrum of students within the regular classroom. Special education teachers will work with teachers and students with special needs within the regular classroom, and also in separate settings, when necessary, to meet the individual needs of the child. Brookside Charter School will work to ensure that students with special needs remain involved and focused.

Brookside Charter School will work with special education students for intensive, short-term, "pull-asides." The teachers will then return to classroom activities with support materials, plans, and follow-up. Brookside Charter School will also provide strategic direct instruction for some individual students, one-to-one and in small groups, within classrooms or in a resource setting, as determined by the special education team. In addition, Brookside Charter School will provide classroom teachers with strategic modeling, materials, and follow-up that elaborates instruction and practice for special education students. Brookside Charter School will regularly review levels of service and adjust the level to meet the student's academic and social learning needs. When "inclusion" proves not to be a responsible educational arrangement for an individual child, the school team will discuss the appropriate services for the student. At Brookside Charter School, special education and 504 assessments will provide valuable information to teachers, parents, and students. Brookside Charter School will use appropriate special education and 504 procedures for making referrals, conducting evaluations, communicating with families, writing and reviewing IEPs, maintaining student records, and reporting to federal and state authorities.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

Brookside Charter School will not discuss a student's academic progress or classroom behavior with anyone outside the school staff who is not identified as the parent/guardian and/or academic discussion contact or educational decision maker.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. By definition, a "parent" is a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or guardian; and FERPA affords full rights to either parent, unless the school has been provided with evidence that there is a court order, state statute, or legally binding document that specifically revokes these rights. By definition, "educational records" contain information that is directly related to a student, and are maintained by an educational agency or institution.

Parents have the right to inspect and review their student's educational records upon written request to the Superintendent, who will make arrangements for access with notification of the time and place where the records may be inspected. Parents of eligible students may ask the school to amend a record that they believe is inaccurate or misleading. The law defines steps required. Privacy rights restrict consent to disclosures of personally-identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent. Upon request, the school discloses educational records without consent to officials of another school district in which a student seeks or intends to enroll.

For additional information or technical assistance, you may call 202-260-3887 (voice). Individuals who use TDD may call the Federal Information Relay Service at 1-800-877-8339.

STUDENT FILES

Student files are maintained on each child enrolled at Brookside Charter School. Parents/guardians as defined by FERPA have access to their child's permanent record, and they may make an appointment to view the files at either the Elementary and/or Middle School Offices. Parents/guardians may request a copy of their student's file as defined by FERPA, which can be prepared, in most cases, within three school days.

Parents/guardians are required to keep the school informed of any name, address, or phone number changes, especially work phone numbers and changes of marital status involving custody of the child.

The student file needs to contain a physician's written diagnosis of any chronic diseases/conditions and any treatments or school modifications recommended by the physician. Chronic diseases/conditions may include but are not limited to ADD, ADHD, asthma, epilepsy, diabetes, kidney problems, neuro-muscular conditions, and vision or hearing deficiencies.

MEDIA POLICY

Throughout the year, Brookside Charter may publish student photographs, video and/or audio clips, student quotes, and student writing and artwork, which have been deemed “Directory Information.” See Board Policy 1.08.

FERPA, discussed above, requires that Brookside Charter, with certain exceptions, obtain written consent from a parent/guardian before disclosing personally identifiable information from your child’s educational record. Brookside Charter may disclose appropriately designated Directory Information without written consent, unless you have advised Brookside Charter to the contrary in writing. The primary purpose of Directory Information is to allow Brookside Charter to include certain information about your child in school publications. Examples include:

- The annual yearbook
- Honor roll
- Graduation programs
- A theatrical playbill
- Sports activity sheets
- Newsletters and other Brookside Charter publications
- Videos of school performances and athletic events, and
- School social media and website pages

PARENT COMMUNICATION WITH TEACHERS

- Please contact your child’s teacher first if you have a question or concern regarding your child
- Teachers are expected to respond to parent contacts within 24 hours (excluding holidays and weekends)
- Teachers will establish office hours for answering student questions during distance learning; consult the teacher to find out the teacher’s office hours

CONCERNS AND COMPLAINTS

Brookside Charter knows that parents and guardians care deeply about their students. When parents or guardians express concerns or lodge a complaint, we will strive to evaluate those issues impartially and resolve them as quickly and effectively as possible. In all cases, Brookside encourages parents and guardians to talk directly with the school about challenges or disagreements rather than talking first with other members of the school community.

Concerns and Complaints Filed with Brookside Charter

Following are general procedures for raising concerns with Brookside Charter staff and administration:

1. If the issue/concern involves the classroom, meet with your child’s teacher. If the problem is not resolved, contact the building Administration.
2. If the issue/concern involves the daily operation of the school, contact the building Administration.
3. If the issue/concern involves school policy (Family Handbook or Discipline

- Handbook), contact the building Administration.
4. If the issue / concern is not resolved following steps 1-3, contact the Superintendent.
 5. If the issue/concern isn't resolved after following steps 1-4, you may use the following steps to petition the Board of Directors.
 - a. Submit a one-page brief of the issue. Briefs to the Board should be sent to Brookside Charter School, Attention: Board of Directors.
 - b. The Board of Directors will respond. Responses may include:
 - inclusion on the agenda for a Board of Directors' meeting, or
 - a written reply, or
 - a referral to the Administration.

A complaint asserting that Brookside Charter has violated a federal statute or regulation may be filed either with Brookside or the Missouri Department of Elementary and Secondary Education ("DESE"). If such a complaint is filed with Brookside and not resolved at the local level, the decision may be appealed to DESE. DESE will initiate an investigation within ten days, concluding its investigation within thirty days from the date of the appeal. This investigation may be continued beyond the thirty-day limit at the discretion of the Department.

At the conclusion of the investigation, the Department will communicate the decision and reasons for the decision to the complainant and Brookside Charter. Recommendations and details of the decision are to be implemented within fifteen days of the decision being delivered.

Complaints Filed with DESE

A complaint filed directly with DESE must be a written, signed, and include the following:

- (1.) A statement that a requirement of an Every Student Succeeds Act of 2015 ("ESSA") program has been violated by the local education agency, and (2.) The facts on which the statement is based and the specific requirement allegedly violated.

The investigation and complaint resolution proceedings will be completed within forty-five calendar days. That time limit can be extended by the agreement of all parties.

During the investigation, the following will occur:

1. Record: A written record of the investigation will be kept.
2. Notification of Brookside: Brookside will be notified of the complaint within five days of the complaint being filed.
3. Resolution at Brookside: Brookside will initiate its local complaint procedures in an effort to first resolve the complaint at the local level.
4. Report by Brookside: Within thirty-five days of the complaint being filed, the LEA will submit a written summary of Brookside investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public.
5. Verification: Within five days of receiving the written summary of a complaint resolution, DESE will verify the resolution of the complaint through an on

- site visit, letter, or telephone call(s).
6. Appeal: The complainant or Brookside may appeal the decision of the Department to the U.S. Department of Education.

In addition to the procedures listed above, complaints may also be filed with the U.S. Department of Education, and they will receive all information related to the investigation and resolution of the complaint. Appeals to the Department of Education must be filed no longer than thirty days following the Department's resolution of the complaint (or its failure to resolve the complaint).

If a complaint is not resolved by DESE, the complainant or Brookside may appeal the decision to the United States Department of Education.

A deadline of 7 days will be given for a parent/guardian to provide valid proof of residency, upon request from staff.

Parents/guardians will receive a letter via email/US Mail that includes the reason residency is being requested as well as the given deadline to provide valid residency.

If residency is not provided by a given deadline, students may be withdrawn from Brookside Charter School.

Brookside Charter School's McKinney-Vento Liaison is Kamilah Lee, at: 816-531-2192 ext. 1112

GUARDIANSHIP ISSUES RELEVANT TO ENROLLMENT

It is Brookside Charter School's policy to honor the wishes of the enrolling parent/guardian with regard to information contained on the enrollment form. In the case of joint custody, if a question arises between parents, we request that parents seek agreement without involving the school. The parents can then inform the school office once agreement is reached. School records are mailed/faxed to the student's new school in compliance with the law of the State of Missouri. If one custodial parent sharing custody requests copies of any portion of the student's enrollment and financial records, duplicate copies will be issued and sent to the other custodial parent. Brookside Charter School reserves the right to decline participation in disputes between parents concerning their child.

1. **Educational Decision-Maker:** Parents/guardians indicate the Educational Decision-Maker on the enrollment form. Consistent with FERPA, this person or these persons are the only ones to whom Brookside will release information regarding academics and behavior.
2. **Legal Name and Guardianship:** All students enrolled at Brookside Charter School must be enrolled under the legal name appearing on their birth certificate unless a name change has been designated through legal court proceedings. Parents/guardians are responsible for furnishing proof of court action.
3. **Academic Discussion:** Adults in the student's family that are allowed to discuss academics and behavior at pick up.

4. **Pick-Up Procedures:** If school personnel have reason to believe that releasing any Brookside Charter School student may place that child in danger, we reserve the right to withhold release of the child and call the police or the Division of Family Services for the State of Missouri.
5. **Shared Custody:** Custodial and non-custodial parents are expected to confer and agree upon pick-up orders for their children. Only those individuals who are listed on the registration form will be allowed to pick up students. Brookside Charter School reserves the right to require photo identification of anyone picking up a child under our supervision. Additions and subtractions from the list must be in writing and presented to the office.

Refusal of Pick-Up: Adults *NOT* Designated to Pick Up a Child – Should any court ordered reason exist why a parent/guardian would not be allowed to pick up his/her child, the school must have on file a notarized statement to that effect and a copy of the legal custody document to deny pick-up. The legal guardian/Educational Decision Maker may designate who may and may not pick up the child. The Brookside Charter School staff will abide by the designated list.

ADMISSION/PLACEMENT POLICY

Students new to Brookside Charter School will automatically be enrolled on a probationary basis until grade-level proficiency can be determined. The Administration's evaluation results will determine the correct grade placement. Students will not be assigned into classes until the Administration has received and reviewed all records.

CLASSROOM ASSIGNMENTS

The Administration determines teacher/student class assignment. Assignments are made based on academic and behavioral data, with the best interest of the individual student considered first. Other criteria may include: balancing the classes by ethnicity, gender, returning students, new students, and academic diversity.

ATTENDANCE REQUIREMENTS

Students are required to maintain at least 90% attendance for each class period.

Brookside Charter School expects that all students will regularly attend school. "Attendance" is defined as the student's presence in the school from the start time of school through the dismissal time. Students who are tardy, truant, and/or leave school early lose attendance time. Parents/guardians should call the school if the student must be absent. Excessive absences may result in loss of academic credit, promotion, or advancement to the next grade.

Parent/guardians should follow these guidelines with regard to attendance:

- Notify the school between 7:30 a.m. and 9:00 a.m. the morning of the absence by calling the Elementary or Middle School Office, not the Front Office.
- Provide a written note giving the student's name, date, and reason for absence when the student returns, if the parent has not notified the school; and
- Please schedule doctor, dental, and other appointments after school hours to ensure your child's regular attendance.

Office Numbers:

Elementary School: 816-531-2192 Ext. 1105

Middle School: 816-531-2192 Ext. 2204

Students missing eight (8) or more days in a semester are eligible to be immediately withdrawn, examined on a case-by-case basis; (3) consecutive days without prior notification will result in immediate withdrawal from school and students will be placed on waiting list.

***All Absences are calculated within a semester.
Examination of Absences occurs on a case-by-case basis.***

Accordingly, this policy promotes mutual respect, civility, and orderly conduct among Brookside Charter School staff, families, and the public. This policy is not intended to deprive any person of his/her right to freedom of expression. Rather, Brookside Charter School wants a safe, harassment-free environment for our students and staff. We encourage positive communication and discourage volatile, hostile, or aggressive actions. This policy extends to communication via email, text, phone, and video conference.

2. The staff uses the following procedures in dealing with abusive individuals. If any member of the public uses obscenities or speaks in a loud, insulting, and/or demeaning manner, the administrator or employee to whom the remarks are directed will calmly and politely warn the speaker to communicate civilly. If the abusive individual does not stop, the employee will verbally notify the abusing individual that the meeting, conference, or telephone conversation is terminated; if the meeting or conference is on school property, the employee shall direct the abusive individual to leave promptly.
3. The staff member will then immediately notify his/her supervisor and provide a written report of the incident.
4. If a family member experiences uncivil behavior from a staff member, please refer to "Concerns and Complaints" on page 11 of this Family Handbook.

No Trespass policy can specifically address all situations that can occur. Incidents not described in this policy will be evaluated on an individual basis by the Administration. We reserve the right to make decisions that will uphold the safety of our students, staff, and families.

PTAC (PARENT-TEACHER ACTION COMMITTEE)

Brookside Charter School's Board and staff value the support from families. The most effective parental involvement is the parent and teacher working collaboratively to support the student's learning. Parents are encouraged to volunteer for community events, assistance in the classroom, and assistance with field trips once they have been verified through Raptor. We have worked hard with our parent organization group, PTAC, which stands for Parent-Teacher Action Committee. This group meets on a regular basis to collaborate with Brookside Charter School.

STUDENT-LED CONFERENCES

Twice during the school year, Brookside Charter schedules student-led conferences. These may take place either in person or virtually. School Administration highly recommends that parents/guardians contact their child's teacher(s) in advance to schedule their conference. In addition to student-led conferences, parents and guardians are encouraged to contact the appropriate building administrator or their student's teachers anytime they have any questions or concerns regarding their child's academics and/or behavior during the school year. For elementary (Pre-K – 5) concerns, contact Emily Twyman-Brown at etwyman-brown@brooksidecharter.org or (816) 531-2192 x1107. For middle school (6-8) concerns, contact Ryan Blake at rblake@brooksidecharter.org or (816) 531-2192 x2306

CLASSROOM VOLUNTEERS

Parents/guardians, grandparents, and other adult family members are encouraged to help in the children's classrooms. The Administration will provide interested volunteers with guidelines so that the instructional environment established by the teacher and the privacy of the students is maintained. Volunteers are required to sign the "Volunteer Guidelines" form (attached at the back of this Handbook) that explains the expectations for volunteers. Brookside Charter School reserves the right to require background checks on any volunteers.

FIELD TRIPS

Brookside Charter School encourages all children to participate in field trips, which are considered educational and/or enriching experiences. Families have already given permission at the time of enrollment for their children to go on field trips, and they will receive written notification about field trips.

For the safety of all our children, every child going or participating on a field trip *must leave school and return to school with the entire field trip group*. Exceptions need to be approved by the Administration before the day of the field trip. Children may not meet the class at a field-trip site or be dropped off by parents/guardians. If children arrive at Brookside Charter School after their group has left the school, they will join another group of children until their group returns to school.

The Brookside School Safe School and Discipline Policy applies to field trips. Any student with outstanding fees/fines will not be allowed to participate in field trips.

PROGRAMS FOR STUDENTS IN TRANSITION

Brookside Charter strives to help all of its families, including those that lack a fixed, regular and adequate nighttime residence. This may include living in a hotel, shelter or other temporary situations. In accordance with the McKinney Vento Homeless Assistance Act, the education of students experiencing homelessness will be given special attention to ensure that students experiencing homelessness have access to a free and appropriate public education. Students experiencing homelessness are automatically eligible for certain additional supports, including, but not limited to, counseling/therapy referrals, instructional services through Title I, and transportation.

If parents/guardians find their family in any of these situations, please contact the Family Services Director for assistance. Once the Family Services Team determines that an enrolling student is experiencing homelessness, the Family Services Director (McKinney Vento Liaison) must assist the student in enrollment, obtaining immunization, medical, and other records. According to the McKinney-Vento Homeless Assistance Act, the student must be enrolled in the interim.

Brookside Charter School's Family Services Director (McKinney-Vento Liaison) is Kamilah Lee. She can be contacted at: 816-531-2192 ext. 1112 or klee@brooksidecharter.org.

ACADEMICS

PARADIGM OF LEADERSHIP: EVERYONE CAN BE A LEADER LEADERSHIP PRACTICES

PRE-KINDERGARTEN

Students in pre-kindergarten (pre-k) are engaged in the Emerging Language and Literacy Curriculum (ELLC). The scientifically-based curriculum prepares pre-k children for success in kindergarten and gives them a strong foundation in oral language and literacy. Students are learning across all developmental domains with theme-based units, children’s literature, multisensory activities, scaffolded instruction and parental involvement. The classroom becomes an engaging environment with hands-on activities and play-based learning.

The goals of the ELLC curriculum are:

<p>To develop self awareness through interaction with children and adults in a planned learning environment</p> 	<p>To build on prior knowledge, construct new knowledge and practice skills in an interactive environment.</p> 	<p>To expand abilities in all developmental domains:</p> <ol style="list-style-type: none"> 1. To achieve the best outcomes for our children when using ELLC, precision to the curriculum is maintained through implementation of shared storybook reading, circle time, learning centers, and small phonological awareness and math groups.

ELEMENTARY SCHOOL

Grades K-5

Brookside Charter School teaches all students to apply the highly effective practices of Stephen Covey's *7 Habits of Highly Effective People* as part of the Leader in Me process. Students also learn and apply the *4 Disciplines of Execution*.

DISCIPLINE 1: FOCUS ON THE WILDLY IMPORTANT

We want to get from the starting line to the finish line by a deadline—we call that getting "From X to Y by When." To do it, we narrow our focus to just one or two goals that will close a big gap. We call these Wildly Important Goals.

DISCIPLINE 2: ACT ON THE LEAD MEASURES

Once we establish our WIG, we identify and act on one or two high leverage strategies that will drive it. These are activities and behaviors that we can influence and that we can say with confidence, "I predict if I do this thing, I'll achieve my WIG."

DISCIPLINE 3: KEEP A COMPELLING SCOREBOARD

If we really want to achieve our WIG, we have to know how we're doing on a regular basis. So, we create and keep a scoreboard where we track our lead measures and the progress we are making to our goal. The scoreboard helps us know when to adjust our strategy along the way and makes it easy to hold each other accountable.

DISCIPLINE 4: CREATE A CADENCE OF ACCOUNTABILITY

This is where the fun begins. To ensure we are achieving our goal, we huddle up once a week. We share our scoreboard and report on how well we are doing. We account for each other and make new commitments for the next week so we stay on track.

The LeaderinMe | Coaching System™

Core Subjects

Reading

Instruction is based on the Science of Reading which recognizes the main pillars of reading instruction Phonemic Awareness, Phonics, Fluency, Vocabulary and Comprehension. Students will engage in whole group and small group instruction. Reading Units will incorporate Social Studies topics to help students build content knowledge.

Phonics

Phonics instruction is incorporated into daily 30 minute lessons in K-3 classes. The classes use components of the Foundations program, a phonics program that aligns with the Science of Reading. The following skills will be worked on in their daily lessons: phonemic awareness, phonics, word study, high frequency word study, vocabulary, comprehension strategies, handwriting, and spelling. Within the phonics lessons, decodable readers are used to help support the skills that were taught. The phonics daily instruction will help support your child's reading and spelling progress.

Writing

Writing Workshop is a student-centered framework that allows students to write frequently, for extended periods of time, and about topics they choose. There are four parts of the writing workshop that we do daily at Brookside: mini-lesson, writing time, 1:1 conferring conferences with teacher and student, and sharing. We value writing daily as it is a foundation to higher reading achievement.

Math

At Brookside Charter, we believe students learn math conceptually through the concrete, pictorial, abstract structure. This means learning starts by experiencing math using concrete objects called manipulatives, then transitions to drawing picture representations, and finally being able to understand math in an abstract way. Eureka Math lessons are made up of components written by a team of teachers and mathematicians who took great care to present mathematics in a logical progression. This coherent approach allows teachers to know what incoming students already have learned and ensures that students are prepared for what comes next.

Social Studies

At Brookside Charter, we have revised and expanded our Social Studies curriculum not only to identify and remove bias and racism but to include anti-racism content and methodology. Learning about history that shines a light of abundance on our students' ancestors will build up their self esteem and self image. To lead your tomorrow, you must be confident in who you are. We utilize texts and documents that are culturally relevant and have characters, authors, and illustrators that represent our students.

Science

Students will engage with science through Project Lead the Way and Picture Perfect. Project Lead the Way develops understanding of scientific concepts through hands-on exploration. Picture Perfect integrates literacy skills in learning science concepts.

Centers - Learning Through Play

At Brookside Charter, we value developmentally appropriate practice and have play based centers PreK-2nd grade. We understand that young children learn through play and through hands-on experiences. Centers incorporate core writing, reading, and math skills through a play based model. Children learn how to share, work with others and problem solve within their centers and practice many other skills.

Individualized Educational Software Programs to Support Classroom Instruction **Lexia**

K-5 students use Lexia Core 5's research-proven program as a supplemental, personalized reading program that provides systematic learning targeting skill gaps as they emerge, and providing teachers with the data and student-specific resources they need for individual or small-group instruction. Each student takes a baseline assessment and is assigned a number of units needed to complete per week in order to stay on grade level. These goals are tracked by teachers weekly.

Reading Plus

Reading Plus focuses on fluent reading, vocabulary and reading comprehension. Reading Plus is utilized by students in grades 3-5 who have met grade level expectations with Lexia or have completed the Lexia program.

Zearn

Zearn provides students with an opportunity to practice the skills that they learned in their daily teacher-led lesson independently. Students progress through the program at their own pace and receive feedback on their skills instantly.

Xtra Math

XtraMath is used to practice basic addition, subtraction, multiplication, and division facts daily to ensure students are building fact fluency.

Specials

Physical Education

Through physical education, students learn to perform the motor skills necessary in everyday living as well as the skills needed for a lifetime of physical activity.

Leader in Me

In Leadership class we learn about the 7 Habits of Highly Effective People and how to apply them to our lives. We dive deeply into how we can be a leader to better help ourselves, our school and our community.

Library

In Library Class we learn that there are books on a wide variety of subjects that are fun and interesting. We discover that everyone can have fun reading while we work on reading skills.

STEAM

STEAM (Science, Technology, Engineering, Art, Math) class builds off the classroom learning from Project Lead the Way and Picture Perfect Science with more in depth and hands-on learning projects. Students will make connections with scientific concepts and incorporate skills in technology, engineering and math with each project.

Standards Based Grading

Report cards are issued for each academic quarter. Progress Reports will also be sent home to share academic progress with families midway through the 2nd, 3rd, and 4th academic quarters.

At Brookside Charter Elementary, we implement standard based grading. This means student progress is measured by their proficiency on standards. We focus our curriculum units on priority standards set by the Missouri Department of Elementary and Secondary Education (DESE). On the grade reports, you will see "I can" standards that align with the priority standards with Objective Marks.

Explanation of Objective Marks:

Kindergarten

WT = Working Towards

MA = Mastered

1st-5th Grade

AD = Advanced - Exceeds Expectations

PR = Proficient - Meets Expectations

BA = Basic - Approaches Expectations, Needs Short Term Intervention

BB = Below Basic - Does Not Meet Expectations, Needs Intensive Intervention

Brookside Charter School reserves the right to withhold Progress Reports and Report Cards in the office for families who owe any past due amounts.

Late Assignments

Meeting deadlines is an essential life skill. Students who choose to turn in work late will receive a grade of "0" until work is submitted. Students will have until the next grading period or by the end of the unit, whichever is first, to complete this work, with a 10% penalty. If the assignment is not turned in by the end of the grading period or by the end of the unit, students will earn a "0" on that assignment.

Student Lockers

School lockers and other Brookside Charter property are for the convenience of students and are subject to periodic inspection without notice. Brookside Charter assigns a hall locker to every student in grades 6-8. Students must use only the locker assigned to them and keep it locked at all times. Students are responsible for the contents of their locker. Therefore, students must not share lockers or disclose their combination to others. If there are any problems with a locker or lock, students should notify an adult promptly so the problem can be resolved. Damage to lockers will be considered vandalism and will result in consequences (minor/major property damage).

Grades and Report Cards

Report cards are issued for each academic quarter. Progress Reports will also be sent home to share academic progress with families midway through the 2nd, 3rd, and 4th academic quarters.

Grading Scale

- A = 90-100%
- B = 80-89%
- C = 70-79%
- D = 60-69%
- F = Below 60%

Grading Components

75% Classwork/participation

25% Assessments

Brookside Charter School reserves the right to withhold Progress Reports and Report Cards in the office for families who owe any past due amounts.

ACADEMIC DISHONESTY

Academic dishonesty is not tolerated at Brookside Charter School. This includes plagiarism, using another's work, and copying work from a classmate. Teachers reserve the right to assign a grade of zero (0) to any assignment that they determine was done dishonestly.

MISSOURI LEARNING STANDARDS

The Missouri Learning Standards give school administrators, teachers, parents, and students a roadmap for learning expectations in each grade and course. The Missouri Learning Standards do not require schools to use specific curriculum or teaching methods—those decisions will continue to be made at the local level by school boards, superintendents, principals, and teachers.

RETENTION POLICY

To meet the rigors of education and academic accountability, students can be retained in a specific grade level when a determination is made that students are performing below grade level. Determination is based upon the student reading substantially below grade level and/or social factors (e.g., excessive unexcused absences) indicating that promotion to the next grade level will have a detrimental effect on the student's academic progress. Criteria for determination include results from standardized tests, grades, grade level Benchmarks, and faculty recommendation.

Parents/guardians of students who are being considered for retention will be notified as soon as possible after the concern is noted. A conference will be scheduled with parents/guardians, teacher(s), and other relevant staff. Brookside Charter School will make the final decision.

FEDERAL TITLE PROGRAMS

Brookside Charter School is a school-wide Title I Reading Program. Students who qualify for additional support in reading will receive supplemental reading support. All students have access to materials such as classroom libraries purchased with federal programs funds.

DISCIPLINE HANDBOOK

A Restorative Practice Approach

ENTER TO LEARN, EXIT TO LEAD

INTRODUCTION

The purpose of the Discipline Handbook is to provide a safe and secure environment that enables students to acquire the academic, social, and emotional skills necessary to become productive members of our community. The Discipline Handbook is based on the belief that discipline is a learning experience for the student and not simply punitive in nature. It clearly states the expectations Brookside Charter School has for its students and the consequences that follow any infraction of the Discipline Handbook.

The Board of Directors has charged the Brookside Charter School Administration with the basic responsibility for the development of regulations regarding student conduct as may be needed to maintain a constructive atmosphere at Brookside Charter. The Administration has the authority to suspend students from Brookside Charter in accordance with regulations and guidelines established by the Board of Directors as noted in the Discipline Handbook and any addendums.

Brookside Charter has the authority to address student conduct that is detrimental to the learning environment or the execution of the school's mission. Authorized school officials will hold students accountable for misconduct in school, on school property, during school-sponsored activities, and away from school or in non-school activities, if it affects school discipline.

Disciplinary consequences include, but are not limited to, withdrawal of school privileges (e.g., field trips, athletics, intramurals, student clubs and activities, and school social events); removal for up to ten (10) school days by the Administration; long term suspension by the Superintendent; or expulsion from school by the Board of Directors.

Students should expect to attend Brookside Charter School without fear for their health and safety. Any student who interferes with the educational process, the health and safety of students, or who impairs the morale of students or teachers will be subject to disciplinary consequences under this policy.

Continued referrals for the same offense may result in more severe disciplinary action. Failure to comply with and complete assigned consequences will result in a referral to the Board of Directors with the recommendation for expulsion from Brookside Charter School.

No discipline policy can specifically address all discipline situations that can occur. Incidents not described in this discipline policy will be evaluated on an individual basis by the Administration.

BROOKSIDE CHARTER SCHOOL RESTORATIVE DISCIPLINE MODEL

Brookside Charter School recognizes classroom management and student achievement have a direct relationship. When students are engaged in content and build a relationship with their teacher, they will grow socially, emotionally, and academically.

Brookside Charter School uses a discipline model that partners students with adults to help them manage disruptive or harmful behavior. The mission of Brookside Charter's discipline model is to help students, parents, teachers, and administrators

learn strategies to create positive change and create a healthy learning environment for all students.

Brookside Charter School's discipline model is designed to help students address their behavior, take accountability for their part in a problem, find a solution to their problem, and repair the harm to any relationship. If a student problem is unresponsive to proactive schoolwide and classroom procedures, information about the student's behavior is gathered and used to partner with the student, family, teacher, counselor and/or administration to create a plan that enables the student to experience success in the classroom. The plan will address the "why" behind the behavior, strengthen social and emotional skills, identify and remove antecedents and consequences that promote problem behavior, and identify and add antecedents and consequences that promote and maintain acceptable behavior.

Brookside Charter utilizes eight effective classroom management strategies **before** moving to a continuum.

- Classroom Norms/Expectations
- Classroom Procedures and Routines
- Provide Specific Positive Feedback
- Discourage Inappropriate Behavior
- Active Supervision
- Opportunities to Respond
- Activity Sequencing and Choice
- Task Differentiation

If a student's behavior continues to be disruptive or harmful and is unresponsive to these strategies, he/she may move on to the Behavior Continuum.

The continuum may include, but is not limited to the following:

1. Friendly verbal/nonverbal reminder/redirect
2. Private Conversation
3. Calming Corner
4. Alternate Seat in the classroom
5. Safe seat in the classroom
6. Buddy room in another teacher's classroom
7. Guardian Contact by teacher
8. Recovery room & Dean of Student/Admin contact
9. The student is sent home & Dean of Student/Admin contact.
This is always a last resort.

STUDENTS' RESPONSIBILITY FOR ITEMS IN THEIR POSSESSION

Students are responsible for any contraband found in their possession. For purposes of the Discipline Handbook, such items are deemed to be within a student's possession if the items are found in any of the following places: student's clothing (i.e., pockets, jackets, shoes, socks, etc.), student's purse/book bag, student's desk, and the student's locker located on school property. Brookside Charter defines contraband as drugs, weapons, alcohol, and/or other materials deemed illegal or unauthorized under Missouri and Federal law, Board policy, or the Discipline Handbook.

Students may not use cellular phones, portable gaming systems, smart watches, ear pods, or any other electronic devices in school or on school premises. If

confiscated, only a parent or legal guardian may retrieve these devices. An administrative contact will be made to the parent or legal guardian. Continued misuse of electronic devices will result in further consequences as outlined in the Discipline Guidelines and Policies.

Brookside Charter School reserves the right to perform random safety screenings throughout the year. Student property may be searched based on a reasonable suspicion of an infraction of the Discipline Handbook by Administration, faculty, or staff. Reasonable suspicion must be based on facts or credible information known to the Administration. These screenings may include, but are not limited to, students' bag, locker, desk, and other school property. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless urgent circumstances exist.

DOCUMENTATION IN STUDENT'S DISCIPLINE RECORD

All discipline records are stored electronically and maintained in Brookside Charter's Student Information System (SIS).

EXPLANATION OF CONSEQUENCES

Students who are suspended out of school or expelled for any reason are prohibited from being on Brookside School property including arrival and dismissal of the school day. Students who are suspended or expelled are prohibited from attending or taking part in any School-sponsored activity (field trips, graduation, athletics, intramurals, student clubs and activities, and School social events), regardless of location, or any activity that occurs on School property. Students who violate these provisions will be required to leave the activity and may face further discipline, including an additional period of suspension.

In-School Suspension (ISS)

ISS is a suspension lasting one (1) to ten (10) days as determined by the Administration and in accordance with the Discipline Handbook and is served in the Recovery Room. The purpose of ISS is to keep students engaged in school in situations that might otherwise result in an out-of-school suspension. The ISS program is a highly structured environment with an emphasis placed on solving the student's problem and addressing their social and emotional needs. Students who refuse ISS or fail to adhere to ISS policies may receive an out-of-school suspension.

Out-of-School Suspension (OSS)

OSS is a suspension lasting from one (1) to ten (10) days as determined by Administration and in accordance with the Discipline Handbook and is served outside the school building. The purpose of OSS is to temporarily remove a student from the school community for a more serious infraction.

Long-term Suspension

Long-term suspension is the exclusion from school for a period of eleven (11) to one hundred eighty (180) school days and is determined only by the Office of the Superintendent.

Expulsion

Expulsion is the exclusion from school for a period exceeding one hundred eighty (180) days. The School Board is the only governing body that may expel a student.

LEVELS OF STUDENT BEHAVIORS AND INTERVENTIONS

When students fail to meet Brookside’s behavior expectations, school staff and administrators are expected to respond to this behavior consistently and appropriately. Infractions are assigned to one or more levels of interventions. The following chart divides inappropriate and disruptive behaviors into four levels.

LEVEL 1 BEHAVIORS AND INTERVENTION

Level 1 infractions will generally be addressed by the classroom teacher using interventions or disciplinary responses that teach correct alternative behavior so students can learn and demonstrate safe and respectful school behaviors. Teachers are expected to use a variety of teaching and classroom management strategies to prevent and correct these behaviors.

Level 1

Student Infraction	Possible Adult Interventions
<p>Failure to Follow Classroom and Schoolwide Norms and Procedures</p> <p>Gateway Behaviors: Displaying behaviors that are intentionally distracting to the learning environment. These behaviors may include, but are not limited to loud/inappropriate talking and laughing, lip smacking, foot stomping, eye rolling, or tapping/beating on the desk.</p> <p>Inappropriate Language/Profanity: Using words in an inappropriate way.</p>	<ul style="list-style-type: none"> ● Proactive Classroom Management Strategies ● Guardian Contact by Teacher ● Redirection ● Calm Down Corner ● Alternative Seat/Safe Seat ● Buddy Room ● Processing Meeting
<p>Misuse of Property: Using school property in an inappropriate way.</p>	<ul style="list-style-type: none"> ● Processing Meeting ● Restorative Conference ● Community Service ● Guardian Contacted ● Administrative conference with guardian ● Logical Consequences ● Restitution

<p>Academic Dishonesty: Scholastic dishonesty that includes, but is not limited to, cheating on school assignments/tests, plagiarism, or collusion. Academic consequences may also be assigned.</p>	<ul style="list-style-type: none"> ● Logical Consequences <ul style="list-style-type: none"> ○ Redoing assignment during alternative time ● Administrative conference with guardian ● May impact students course or assignment grade

LEVEL 2 BEHAVIORS AND INTERVENTIONS

Level 2 infractions will be addressed by teachers using our behavior management model or by the Administration when necessary. Administrative interventions may be appropriate when supports have been put in place in the classroom to address student behavior, but the behavior has continued to have a negative impact on the learning of the student and others. These actions aim to correct behavior by stressing the seriousness of the behavior while keeping the student in school.

Furthermore, if past interventions and support have been put in place but the behavior continues to escalate, possible disciplinary actions may include in-school suspension from 1-10 days, out-of-school suspension from 1-10 days and/or a referral to the Office of the Superintendent.

Level 2

Student Infraction	Possible Administrative Interventions
<p>Chronic Level 1: The continuation of Level 1 infractions, even with interventions.</p> <p>Defiance to Authority- Minor: Chronically (at least 3 incidences) challenging authority by arguing or talking back to staff members; not following directions from the adult (ie: not going to the safe seat).</p> <p>Failure to Comply with a Student Plan: Failing to follow the agreed upon guidelines of their Collaborative Student Plan.</p> <p>Instigating a Fight: Intentionally promoting a student to engage another student in a physical or verbal conflict. DISCIPLINE OF STUDENTS WITH DISABILITIES

Note: Students with special needs (i.e., disabilities, IEPs or Section 504 Plans) must be disciplined in accordance with federal and state law, as well as School policy.

Removal from Current Educational Placement for Not More Than Ten Consecutive School Days; Not More Than Ten Cumulative Days; Removal for the Current School Year

A student with a disability who violates Brookside Charter School's discipline policy who has not been removed from the current educational placement for more than ten (10) cumulative days for the current school year may be disciplined for not more than ten (10) consecutive school days in the same manner as other students.

Services will not be provided to the student when the total number of days the student has been removed from the current educational placement is not more than ten (10) days, unless services are provided to children without disabilities who have been similarly removed.

Removal from Current Educational Placement for More than Ten Cumulative

School Days

A student with a disability who violates Brookside Charter School's discipline policy who has been removed from the current educational placement for more than ten (10) cumulative days in the current school year may be disciplined for not more than ten (10) consecutive school days in the same manner as other students, if the pattern of short term exclusions totaling more than ten (10) cumulative days does not constitute a change of placement. If more than 10 days pass before the child returns to class, the IEP student will receive services.

On the eleventh day of removal in a school year, Brookside Charter School will provide educational services. If the cumulative removals do not constitute a change of placement, the services to be provided will be determined by school personnel in consultation with the student's special education teacher.

A series of removals from the current educational placement for more than ten (10) days may amount to a pattern of exclusion that constitutes a change of placement. If a student with a disability has been removed for more than ten (10) cumulative school days and the removals constitute a change of placement, or if a school administrator determines that a removal for more than ten (10) consecutive school days is being considered, on the date a decision to make such a removal is made, the parents will be notified of the decision and provided a copy of the IDEA procedural safeguards.

Not later than ten (10) business days after commencing a cumulative removal that constitutes a change of placement or when considering a removal of greater than ten (10) consecutive school days, the School will convene an IEP meeting to develop a

functional behavioral assessment plan if one has not previously been conducted. After completing the assessment, an IEP meeting will be held to develop a behavioral intervention plan if appropriate and necessary. If a behavior plan already has been developed, the IEP team will meet to review the plan and its implementation. The plan and its implementation will be modified as necessary.

In addition, not later than ten (10) days after the date of the decision to remove a student for more than ten (10) cumulative days constituting a change of placement or for consideration of a removal of more than ten (10) consecutive school days, the IEP team and other qualified personnel will meet to review the relationship between the student's disability and the behavior subject to disciplinary action.

If a determination is made that the student's behavior was not a manifestation of the student's disability, disciplinary rules will be applied to the student in the same manner they would be applied to a student without a disability, except that a free appropriate public education will be provided to the student as determined by the IEP team.

Long-Term Changes in Placement (Drugs, Weapons, and Bodily Injury)

In addition to any other actions consistent with this regulation, school administrators may assign a student to an interim alternative educational setting for a period of time not to exceed forty-five (45) calendar days, when a student with a disability is involved in a disciplinary action involving:

1. Possession of a weapon at school or at a school function; or
2. Possession or use of illegal drugs or sale or solicitation for sale of a controlled substance while at school or at a school function; or
3. A serious bodily injury.

On the date a decision to make such a removal is made, the parents/guardians will be notified of the decision and provided a copy of the IDEA procedural safeguards.

Not later than ten (10) business days after commencing such a removal, the School will convene an IEP meeting to develop a functional behavioral assessment plan if one has not been previously conducted. After completing the assessment, an IEP meeting will be held to develop a behavioral intervention plan, if appropriate and necessary. If a behavior plan already has been developed, the IEP team will meet to review the plan and its implementation. The plan and its implementation will be modified as needed.

Not later than ten (10) days after the date of the decision to assign a student to an interim alternative educational setting, the IEP team and other qualified personnel will meet to review the relationship between the student's disability and the behavior subject to the disciplinary action and to determine the interim alternative educational placement.

The IEP team will decide on an interim alternative educational setting that will allow the student to continue to progress in the general curriculum, to receive the services and modifications that will enable the child to meet the goals set out in the student's IEP, and to receive services and modifications to attempt to prevent the student's behavior from recurring.

STUDENT DUE PROCESS

Students have the right to appeal disciplinary actions taken against them by an official of Brookside Charter School. In-School Suspensions and Out-of-School Suspensions not exceeding ten (10) days are not open to appeal beyond the building principal.

Before any student is suspended:

- The student shall be given oral notice of the charges which form the basis of the proposed suspension.
- The student shall be given the opportunity to present their version of the incident.
- If a student denies the charges, the student will be given an explanation of the facts that form the basis of the charges.

Students with disabilities may not be excluded from special education services for more than ten (10) school days in a school year. For more information, see previous Section titled “Discipline of Students With Disabilities.”

Appeal Process

Any suspension of more than ten (10) days entitles the student to appeal the action to the School Board. If the student or parent gives notice of his or her intent to appeal the suspension, the suspension shall be stayed until the School Board renders a decision. However, if, in the judgment of the Superintendent, the student poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, the student will be immediately removed from school and the hearing will follow as soon as practical.

Parents/Legal guardians may pursue an appeal of suspension by:

- Returning the appeal form to the building level administrator, within ten (10) school days from the notification of suspension.
- Appeals should be restricted to statements of fact directly pertaining to the infraction that resulted in imposition of the long-term suspension. Notification of the status of the appeal will be sent to the guardian within seven (7) school days of receipt of the written appeal.

PROHIBITION AGAINST BULLYING

Prohibition against Bullying

Brookside Charter School is committed to maintaining a learning and working environment free from any form of bullying or intimidation. The District strictly prohibits bullying on school grounds, during school time, at a school-sponsored activity or in a school-related context.

Bullying is the intentional action by an individual or group of individuals:

- to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property;
- substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or
- substantially disrupts the orderly operation of the school.

Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

“Cyberbullying” means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication devices, computer, or tablet. Brookside Charter may prohibit and/or discipline students for cyberbullying that originates on Brookside Charter School campus or at a Brookside Charter activity. This includes using the school's technological resources to send the electronic communication, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the Brookside Charter School campus or at a school activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus that materially and adversely affects the education of Brookside Charter School students are subject to discipline.

Brookside Charter School strictly prohibits bullying, as defined in this policy. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal or designee. Brookside Charter School employees are required to report any instance of bullying which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal or designee.

The principal or designee who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten (10) school days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

Students found to have violated this policy will be subject to consequences dependent on factors such as; age of student(s), degree of harm, severity of behavior, number of incidents, etc. Possible consequences for a student who violates this policy include: loss of privileges, conference with teacher, parents contacted, conference with principal, in-school suspension, out-of-school suspension, expulsion, and law enforcement contacted.

Brookside Charter School shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in the Brookside Charter Family Handbook. Brookside Charter School shall provide information and appropriate training to Brookside Charter staff that have significant contact with students regarding the policy. All staff with significant student contact will receive training on the requirements of this policy on an annual basis.

Brookside Charter School shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. Brookside Charter School shall instruct its school counselors to educate students who are victims of bullying on techniques for students to overcome the negative effects of bullying. Such techniques include but are not limited to cultivating the student's self-worth and self-esteem; teaching the student to defend oneself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

PROHIBITION AGAINST DRUGS AND ALCOHOL

The use of controlled substances, alcohol, and substances represented to be such, as well as the possession of drug paraphernalia, is prohibited at all times and is subject to disciplinary action. (For medication, families are required to follow “Medication: Policy and Procedures for Dispensing.”)

PROHIBITION AGAINST FIREARMS AND WEAPONS

Brookside Charter prohibits the possession of firearms and weapons on school premises at all times, except for possession by duly-authorized law enforcement officials acting in their official capacity.

For purposes of school policy, “school premises” includes all Brookside Charter buildings, grounds, vehicles, and parking areas. This prohibition also extends to on-site and off-site school activities, whether or not those school activities occur on Brookside Charter property.

Brookside Charter will notify law enforcement officials and the individual violating this policy must leave the premises. Suspensions of students are for no less than one (1) year and are subject to permanent expulsion. However, the Superintendent (or his or her designee) may modify such suspension or recommendation for expulsion on a case-by-case basis. Brookside Charter policy bars non-students from all school premises and school activities for a period of one (1) year. Subsequent violations by the same individual will result in additional school-related restrictions.

A weapon may include any of the following:

- any of the weapons listed under Notice Provision Missouri Safe Schools Act, Section II
- knife (see statutory definition under Notice Provision Missouri Safe Schools Act, Section II)
- ordinary pocket knife or an instrument with a blade measuring four inches or less in length;
- pen knives;
- projectile weapon (e.g., pellet gun, BB gun, slingshot, bow, crossbow, etc.);
- blackjack;
- knuckles;
- pepper spray;
- mace;
- “tasers”; and
- normal school supplies, household items, or other materials (examples include, but are not limited to, scissors, nail files, chains, laser beam pointers, razor blades, box cutters, combination and/or padlocks, etc.), which are used to attack, threaten, intimidate, or inflict physical injury or harm on another person, when such items are actually used as a weapon.

PROHIBITION AGAINST SMOKING

Brookside Charter strictly prohibits the use, sale, transfer, and possession of tobacco products at school and at school-sponsored activities. Brookside Charter is a smoke-free campus. This includes vehicles parked on the premises.

MISSOURI SAFE SCHOOLS ACT COMPLIANCE

Brookside Charter School operates in compliance with the Missouri Safe School Act. The Missouri Safe School Act includes the following areas:

Corporal Punishment

Brookside Charter School employees are strictly prohibited from using corporal punishment with children. Corporal punishment is defined as any penalty involving bodily contact or humiliation including spanking, hitting, slapping, taping the mouth, putting stickers on mouths, yelling, screaming, or ridiculing children, or any other form of punishment which the Brookside Charter School Administration deems unnecessarily forceful, inappropriate, and/or harmful to children. The Brookside Charter School Administration retains the right to determine the severity of such actions.

Violent Behavior

Violence is the intentional use of physical force or power, threatened or actual, against oneself, another person, or against a group or community, that either results in or has a high likelihood of resulting in injury, death, psychological harm, maldevelopment or deprivation. (World Health Organization) Brookside Charter School defines “**acts of school violence**” or “**violent behavior**” as the exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the school or while involved in school activities. “Serious physical injury” is physical injury that creates a substantial risk of death or that causes serious disfigurement or protracted loss or impairment of the function of any part of the body to another person while on school property, including a school bus in service on behalf of the school, or while involved in school activities. The Administration must report acts of school violence to “need to know” employees (school personnel who are directly responsible for the student’s education or who interact with the student while acting within the scope of their assigned duties).

The Administration is also required by law to report to law enforcement authorities any of the following criminal acts, committed by adults or children, occurring on school property: first and second degree murder, kidnapping, first and second and third degree assault, forcible rape, forcible sodomy, first and second degree burglary, first degree robbery, distribution of drugs, arson, voluntary and involuntary manslaughter, sexual assault, felonious restraint, property damage, possession of a weapon, child molestation in the first degree, deviant sexual assault, sexual misconduct involving a child, sexual abuse, harassment, and stalking.

This explanation of violence is required by law and is important for implementing a safe school environment. Brookside Charter School, however, has a strong reputation as a caring community with a positive learning environment. Our compliance with the law is intended to ensure this continued reputation.

Additionally, school administrators are required to report acts of school violence to the proper authorities. When a pupil allegedly commits an assault or possesses controlled substances or weapons, the incident must immediately be reported to the police. “Assault,” “Controlled Substances,” and “Weapons” are defined in this handbook.

In addition, if the school is notified by a juvenile officer that a petition has been filed alleging that a pupil has committed a serious offense against persons or property, teachers and other school employees with a “need to know” shall be notified of the information. Any information regarding serious offenses shall be kept confidential and may only be used for the limited purposes of assuring that good order and discipline are maintained in the school. This information may not be used as the sole basis for not providing educational services to a pupil. If a student’s IEP includes an indication that the student’s condition includes violent behavior, this information will be provided to teachers and other school employees with a “need to know”.

The Administration shall report, as soon as possible, to the appropriate law enforcement agency any of the following felonies, or any act which if committed by an adult would be one of the following felonies, committed on school property or while involved in school activities:

1. First degree murder under 565.020, R.S.Mo.;
2. Second degree murder under 565.021, R.S.Mo.;
3. Kidnapping under 565.110, R.S.Mo.;
4. First degree assault under 565.050, R.S.Mo.;
5. Forcible rape under 566.030, R.S.Mo.;
6. Forcible sodomy under 566.030, R.S.Mo.;
7. Burglary in the first degree under 569.160, R.S.Mo.;
8. Burglary in the second degree under 569.170, R.S.Mo.;
9. Burglary in the first degree under 569.020, R.S.Mo.;
10. Distribution of drugs under 195.211, R.S.Mo.;
11. Distribution of drugs to a minor under 195.212 under R.S.Mo.;
12. Arson in the first degree under 569.040, R.S.Mo.;
13. Voluntary manslaughter under 565.023, R.S.Mo.;
14. Involuntary manslaughter under 565.024, R.S.Mo.;
15. Second degree assault under 565.060, R.S.Mo.;
16. Sexual assault under 566.040, R.S.Mo.;
17. Felonious restraint under 565.120, R.S.Mo.;
18. Property damage in the first degree under 569.100, R.S.Mo.;
19. Possession of a weapon under chapter 571, R.S.Mo.;

The Board of Directors is authorized to remove immediately through suspension or expulsion a pupil upon finding by the Administration or the Board that such pupil poses a threat of harm to self or others, based upon the child’s prior conduct.

No school board is permitted to readmit or enroll a pupil suspended or expelled for having committed certain felonies.

HEALTH AND SAFETY

IMMUNIZATION DOCUMENTATION REQUIREMENTS

The current School Immunization Requirements are kept on file in the Brookside Charter School office. Parents may request a copy. **All** students **must** present documentation of month, day and year of each immunization. Students must present immunization records to the school, and all immunizations must be up-to-date before being permitted to enroll or attend classes. To remain in school, students marked as “In Progress” must receive immunizations as soon as they become due. A written note from the physician is required if your child has had the chickenpox (varicella) disease. Religious and medical exemptions will be allowed.

STUDENT HEALTH

Students who are ill or injured shall be sent to the School Nurse for assessment and treatment, if needed. The Nurse, or office staff in the absence of the School Nurse, will determine treatment and if the child may return to class. In the event of an emergency involving any student, however, any School staff member shall immediately contact emergency medical services by calling 911. The School Nurse also handles all medication dispensing for any student consistent with the School’s Medication Policy.

In the event any student is injured while at School, the School Nurse shall complete an Accident Report to be sent home to the student’s family. The Accident Report shall outline the circumstances surrounding the injury and any treatment that was provided in response. Administrative staff may add any comments and give the report to families to sign and return.

The School Nurse is also responsible for notifying teachers about any students’ health issues that teachers need to be aware of including, but not limited to, asthma, hemophilia, diabetes, and allergies.

The School does not provide medical insurance to pay for medical expenses when students are injured at school. This is the responsibility of the parents/guardians or legal liability insurance. Parents/guardians should be prepared to pay for their child’s possible medical expenses.

All student health information is protected from unauthorized disclosure by the Health Insurance Portability and Accountability Act (“HIPAA”). All School personnel, including the Nurse who may have access to such information pursuant to parental consent, shall exercise great care in maintaining the confidentiality of all student health information. All student health records are maintained by the School Nurse separately from any other records.

SICK CHILDREN / OUTBREAK CONTROL

Brookside Charter has implemented reporting and disease outbreak control measures in accordance with the provisions of Missouri Department of Health publication PACH-16, “Prevention and Control of Communicable Diseases: A Guide for School Administrators, Nurses, Teachers and Day Care Operators,” a copy of which is on file in the office of the Superintendent. While processes and procedures are set forth in more detail in that Guide, in general, children are **NOT** allowed at school with **FEVER, DIARRHEA, VOMITING, NAUSEA** and/or while in a **CONTAGIOUS STATE**.

Furthermore, Brookside Charter School is required to follow Missouri State guidelines concerning when a child may return to school following a contagious illness. It is very important that we prevent the spread of communicable disease. Under the Missouri Department of Health's "Prevention and Control of Communicable Diseases" publication, children should not attend school under the following circumstances:

General Illness

Child is unable to participate in routine activities or needs more care than can be provided by school staff.

Fever

Until the child has been fever free *without* the use of fever-reducing medicine for at least 24 hours or until a medical exam indicates that it is not due to a communicable disease.

Most medical professionals define fever as a body core temperature elevation above 100.4°F (38°C) and a fever which remains below 102°F (39°C) is considered a low-grade fever.

Possible Severe Illness

Until a healthcare provider has done an evaluation to rule out severe illness when the child is unusually tired, has uncontrolled coughing, unexplained irritability, persistent crying, difficulty breathing, wheezing, or other unusual signs for the child.

Diarrhea

Until the child has been free of diarrhea for at least 24 hours or until a medical exam indicates that it is not due to a communicable disease. Diarrhea is defined as an increased number of stools compared with a normal pattern, along with decreased stool form and/or stools that are watery, bloody, or contain mucus.

Vomiting

Vomiting two or more times in the previous 24 hours, unless determined to be caused by a noncommunicable condition and the individual is not in danger of dehydration.

Mouth Sores with Drooling

Until a medical exam indicates the child may return or until sores have healed.

Rash with Fever or Behavior Change

Until a medical exam indicates these symptoms are not those of a communicable disease that requires exclusion.

Eye Drainage

When purulent (pus) drainage and/or fever or eye pain is present, unless a medical exam indicates that the student or staff may return.

Unusual Color of Skin, Eyes, Stool, or Urine

Until a medical exam indicates the individual does not have hepatitis A. Symptoms of hepatitis A include yellow eyes or skin (jaundice), gray or white stools, or dark (tea or cola-colored) urine.

When children become ill at school (including a temperature of 100°F oral, 100 °F temporal, or 99°F under the arm), Brookside Charter School staff will isolate them and expect the parent/guardian to make arrangements to pick up the sick child within one hour after we call. After that point, Brookside Charter School will call the emergency numbers listed on the enrollment form. Parents/guardians who do not pick up their student within one hour must meet with building administration.

If your child has been diagnosed as having a contagious illness, please advise the Nurse so that we may send out a contagion notice to other families.

LIMITING ACTIVITIES FOR RECUPERATING CHILDREN

Brookside Charter School does not keep children in from recess without a *physician's* note. If a note is brought to school, the student may not attend any outside activities, including PE, nor attend field trips for the duration of the doctor's instructions.

EMERGENCY TREATMENT

If the need for emergency treatment should arise, the emergency room at Research Hospital will normally be used. Immediate notification of the accident will be given to the parent/guardian of the child involved. Students must have an enrollment form which includes procedures for emergency treatment. The form must be notarized and on file with us. **Please make certain that current telephone numbers are on file with the school.** To assist you, forms to update emergency numbers and contacts are available at the office.

MEDICATION: POLICY AND PROCEDURES FOR DISPENSING

Brookside Charter School works to promote the good health and safety of students. Brookside Charter School understands that some medication regimens necessitate the administration of medication during school hours. Safe and effective administration of medication, therefore, requires adherence to this Medication Policy.

Brookside Charter School staff does not administer *any* medications or other health-related products (e.g., prescription medication, over-the-counter medication, lotion, lip balm, antiseptics, cough drops) without the *written* permission of the child's parent/guardian. The Brookside Charter School Nurse is the only Brookside Charter

School staff authorized to dispense medications or other health-related products.

Medication Administration

By the School Nurse

The Brookside Charter School Nurse is the only Brookside Charter School staff authorized to dispense medications or other health-related products. Medications will be stored in a secured cabinet or refrigerator in the School Nurse's Office. Brookside Charter reserves the right to refuse to administer certain types of medication (at the discretion of the School Nurse or the Superintendent) when such administration could prove harmful to staff or students without proper training or direction of a doctor. In that instance, parents/guardians will be notified.

The School Nurse may provide assistance with dispensing medication (this includes prescription or over-the-counter medication) only if all of the following requirements are met:

- Prescription drugs must be in the original container, bearing the name of the student, the name of the physician, and the name of the pharmacy filling the prescription. Over-the-counter drugs must be maintained in the original container, as well.
- A parent or guardian must complete and sign a medication dispensing form. Brookside Charter School staff does not administer *any* medications or other health-related products (e.g., prescription medication, over-the-counter medication, lotion, lip balm, antiseptics, cough drops) without the *written* permission of the child's parent/guardian.
- The School Nurse (or other designated employee in the event the School Nurse is unavailable) shall document any medication taken by a student and maintain the written report in the School Nurse's office.

By the Student

Self-managed administration of medication (e.g., inhalers/nebulizers, blood glucose/insulin, EpiPens) is permitted so long as the following requirements of state law are satisfied: (1) student has his/her parent/guardian's written permission; (2) student has demonstrated to his/her physician and the School Nurse the skill level necessary to use the medication and any device necessary for prescribed administration; (3) student's physician has approved and signed a written treatment plan that includes a statement permitting student self-administration; (4) the parent/guardian has submitted to the School any required written documentation; and (5) the parent/guardian has signed a statement acknowledging that the School and its employees or agents shall incur no liability as a result of any injury arising from the student's self-administration or the administration by School staff. Students must self administer their medications in the presence of Brookside Charter School staff. Parents/guardians must pick up excess or unused medications from the School Nurse's Office. Medications may only be transported by a parent/guardian.

Emergency Situations

Students' personal emergency medications such as an epinephrine auto injector (Epi-Pen) must accompany the student on all scheduled field trips. This includes only those emergency medications that the Missouri State Board of Nursing has deemed

allowable to delegate its administration by a non-health provider such as a teacher. The parent/guardian is responsible for providing emergency medications to Brookside Charter School. If the emergency medication has not been provided or is expired, the student may not attend the field trip.

Brookside Charter School will attempt to identify students with life-threatening allergies, including food allergies. At enrollment, the person enrolling the student will be asked to provide information on any allergies the student may have. Information about individual students with allergies will be provided to staff members and others who need to know the information to provide a safe learning environment for the student. Information about individual students with allergies will be shared with students and others who do not have a legitimate educational interest in the information only to the extent authorized by the parent/guardian or as otherwise permitted by law, including the Family Educational Rights and Privacy Act.

General Guidelines

1. Students may bring NO medications or other health-related products (e.g., prescription medication, over-the-counter medication, lotion, lip balm, antiseptics, cough drops) to school. *ONLY* parents/guardians may transport medications. Any medications or other health-related items found in a student's possession will be sent to the Nurse's Office, and the student's parents/guardians notified.
2. Parents/guardians must complete the Medication Forms in the front office and submit these forms to the Nurse's Office. Medication in the original container, appropriately labeled to include the child's name, name of medication, strength, dosage schedule, and dates to be dispensed, must accompany the completed form. Parents need to indicate on the form if medication is to be dispensed for one or more days.
3. Prescription medication must have the Rx label from the pharmacy or a physician's authorization as well as the parent/guardian written permission.
4. Medications will be stored in a secured cabinet or refrigerator in the Nurse's Office.
5. Self-managed administration of medication (e.g., inhalers/nebulizers, blood glucose/insulin, EpiPens) is permitted so long as students have their parents'/guardians' written permission and meet the responsibility requirements of the Nurse's Office and his/her designees. Students must self administer their medications in the presence of Brookside Charter School staff. (NOTE: Parents/guardians must pick up excess or unused medications from the Nurse's Office.)

ACCIDENT REPORTS

“Accident Reports” will be prepared for children sustaining minor injuries. Parents/guardians will be required to sign these reports and return them to the Nurse’s Office to be filed in the child’s file.

NO NIT – HEAD LICE POLICY

Brookside Charter follows the guidelines of the National Pediculosis Association that recommends the No Nit Policy as the public health standard intended to keep children lice free, nit free, and in school. Brookside will take measures needed to ensure that infested children do not attend school during their infestation. Students will be excluded from school until *all* head lice, lice eggs (nits), and egg cases have been removed. This exclusion prevents further infestation and protects uninfected children.

These measures are not punitive. Head lice are considered communicable in similar ways to contagious diseases.

If a child is found to have head lice and/or nits, Brookside’s nurse will contact the parent/guardian to pick up the child, treat the child’s hair with appropriate and recommended measures, and keep the child home until nit free. The nurse will begin checking the heads of all the children. Brookside will provide families with detailed guidelines for ridding their families’ heads and homes of lice. Children who have been excluded from school because of head lice must have their heads checked by Brookside nurses before returning to the classroom.

GENERAL INFORMATION

CURRENT CONTACT INFORMATION

Parents/guardians are required to inform the Offices if any information on their child's registration/enrollment forms change. Brookside Charter School needs accurate daytime telephone and/or cell phone numbers to reach parents/guardians in case of emergency. Failure to update contact information may result in a parent meeting with building administrators.

TELEPHONE

- Students will not be called to the office to take phone calls.
- Staff members will deliver only those messages of an *emergency* nature that Brookside Charter School receives from parents/guardians.
- Teachers are not called to the phone while they are supervising children. Parent/guardians may leave a message for a teacher to return the call.
- Cell phones found during the school day will be given to the Assistant Principal of Discipline for parents/guardians to pick up.

VISITORS IN THE BUILDING

Visitors are welcome at Brookside Charter School. All visitors, including parents/guardians during the academic day, are required to report to the Front Office upon entering the school building. The Brookside Charter School staff will help visitors with their requests. Visitors, including family members, are required to sign in and out and to wear a visitor's badge. Visitors will be accompanied by a member of Brookside's Administration and/or Support Staff. While classes are in session, visits will be limited to approximately 20 minutes so that disruptions to the learning environment are kept to a minimum. Visitors wishing to stay longer than 20 minutes should arrange such a visit with a school administrator.

POLITICAL/RELIGIOUS ADVOCACY POLICY

Staff, families, students, guest speakers, visitors, organizations affiliated with the school, and/or organizations doing business with the school will refrain from advocating any political or religious preferences while on school property conducting school business.

LOST AND FOUND

Any student who finds an item that does not belong to him or her should turn it in to a school office. All lost and found items will be housed in the hallway next to the Elementary Office. Please routinely check the "Lost and Found" box located in that area for lost personal items. Monthly, items left are donated to charities. Brookside Charter School is not responsible for personal items that are lost or stolen.

TOYS

Brookside Charter School requests that toys remain at home. This includes all electronic devices. **Brookside will not be held responsible for personal items that are lost, damaged, or stolen.**

FIRE AND TORNADO DRILLS

Posted near the door, each classroom has a diagram of the evacuation route for fire and tornado drills. Children are expected to follow the directions given by the staff and Administration to help them move quickly and quietly to assigned areas during regular drills.

Every child and staff member must recognize the safety issue and seriousness of these drills. Failure to act in an appropriate manner could mean the difference between life and death. Cooperation and mature action is needed at all times.

BIRTHDAYS

Birthday parties are only allowed for students in Pre-K – 5.

- Birthdays may be celebrated at school. Parents/guardians must plan with the teacher one week in advance. Appropriate activities at the discretion and approval of the classroom teacher.
- In our effort to educate, parents are asked to bring snacks that are nutritious and wholesome. Extravagant parties are inappropriate at school.
- The classroom teacher makes the final decision about party plans, and they shouldn't start before 3 pm.

INCLEMENT WEATHER DAYS

- Parents/guardians should watch local television stations to receive information regarding closings.
- The Blast (School automated system) will also contact families who have given Brookside Charter School permission to include their contact information.

TECHNOLOGY HANDBOOK

Purpose:

The purpose of the Brookside Charter School's Technology Program is to provide students with academic support inside and outside of the classroom. The technology program supports the school's mission in providing more educational opportunities for students. The purpose of this handbook is to assist students and parents in using Brookside Charter School's technology resources safely and appropriately. The devices used in this program are the property of Brookside Charter School and are temporarily loaned to the students.
