WHEREAS, Ohio law permits the formation and operation of public community schools; and

WHEREAS, the Sponsor is authorized to sponsor community schools; and

WHEREAS, the School’s current sponsorship contract with the Sponsor ends June 30, 2023; and

WHEREAS, the School timely applied to the Sponsor for contract renewal; and

WHEREAS, as required by R.C. 3314.03 and through the renewal process, which included a High Stakes review, the Sponsor found that the School’s compliance with applicable laws and terms of the existing contract has been satisfactory, and its progress in meeting the academic goals of the existing contract has also been satisfactory; and

WHEREAS, pursuant to the aforementioned review, the Sponsor desires to extend its relationship through this Contract;

NOW, THEREFORE, in consideration of the mutual benefits provided hereunder and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

I. ESTABLISHMENT AND AUTHORITY

A. Authority to Operate & Term

- 1. Authority to Operate.** The Governing Authority shall operate a start-up community school as permitted by law, subject to applicable federal laws, state laws, and this Contract. The Governing Authority may carry out any act or ensure the performance of any function that is in compliance with the Ohio Community School Law (R.C. Chapter 3314), Ohio Administrative Code, the

2. **Term.** This Contract shall be for a term beginning on July 1, 2023, and ending on June 30, 2028.
3. **Open for Operation.** The School will be open for operation by September 30th of each School Year, unless the mission of the School is solely to serve drop-out students. If the School fails to open by September 30th in its initial year of operation or within one (1) year after the adoption of a contract pursuant to R.C. 3314.02(D), the Contract shall be void, unless the mission is to serve drop-out students.
4. **School Agreements with Third Parties.**
 - a. The Sponsor is not liable for the debts of the School or the Governing Authority.
 - b. The Parties agree that certain agreements represent significant and material transactions that must be provided to the Sponsor in substantial form at least five (5) business days prior to adoption by the Governing Authority. These agreements include:
 - (1) the purchase, sale, lease, or other disposition of any real property; and
 - (2) All agreements in excess of five hundred thousand dollars (\$500,000.00).

Unless agreed to otherwise, the Sponsor shall not deposit cash or provide a written guarantee pursuant R.C. 3314.50.

1. Prior to the School entering or renewing any lease or purchase agreement for real property ("Property Agreement"), the Sponsor shall have the right to: (i) inspect and approve the property, provided that such approval may not be unreasonably withheld or delayed; (ii) reasonably request and review documentation to assess the adequacy of the property; and (iii) review the terms of the Property Agreement prior to execution consistent with Article I, Section A (4) of this Contract.

Any modifications to the organizational plan must be submitted to the Sponsor in writing prior to implementation.

F. Operator Agreements

1. The School may enter into a contract with an Operator (“Operator Agreement”). As used in this Contract, the term Operator is consistent with how the term is defined in R.C. 3314.02(A)(8), which as of the execution of this Contract means either (a) an individual or organization that manages the daily operations of the School pursuant to a contract between the Operator and the Governing Authority; or (b) a nonprofit organization that provides programmatic oversight and support to the School under a contract with the Governing Authority and that retains the right to terminate its affiliation with the School if the School fails to meet the organization's quality standards.
2. Prior to entering into an Operator Agreement, the School shall retain an attorney, who is independent of the Operator with which the School is contracting, for negotiation of the Operator Agreement in accordance with R.C. 3314.036.

As of the execution of this Contract, the School represents that it **is** contracting with an Operator. **The Operator is Concept Schools NFP.** If the Governing Authority proposes (a) to enter into another Operator Agreement after execution of this Contract, (b) to change operators or have its Operator Agreement assigned during the Term of this Contract, or (c) to remove the Operator and operate the School without an operator, the Governing Authority shall notify the Sponsor and submit all information necessary to propose a modification to this Contract.
4. Each executed Operator Agreement or any assignment, amendment, modification, or renewal thereof must be provided to the Sponsor within ten (10) days of execution. The Sponsor’s receipt of the foregoing does not constitute the Sponsor’s approval of or an opinion regarding legality and is not binding upon the Sponsor. The Operator Agreement shall at all times comply with this Contract, State law, and Federal law.
5. Each Operator Agreement must:
 - a. Afford the School adequate resources to pay professional fees to resolve any controversies between the Operator and the Governing Authority;

10. If the Governing Authority does not engage an Operator, the Sponsor may require the Governing Authority to interview, select, and enter into an operator agreement if the Sponsor determines at its sole discretion that an operator is necessary due to the Governing Authority abandoning or breaching its duties in a manner that is likely to cause immediate or irreparable harm to the School and/or its students.

The Governing Authority and School specifically acknowledge and agree to the following:

- A. The School shall submit to the Sponsor, upon request, a good faith deposit of Five-Thousand Dollars (\$5,000) if the School receives a notice of intent to suspend, notice of intent to terminate, or a notice of closure, suspension, or upon a vote of voluntary closure by the Governing Authority. 1. Mission of the School.

Mission: We prepare students to succeed in college and the world by offering high-quality, college-prep, STEM education.

2. Characteristics of the students the School is expected to attract. If the School plans to serve an at-risk population, please include here the definition, agreed upon by the Sponsor and the School, of at-risk.

As a non-selective charter public school, all students within the community will be eligible to enroll. The school anticipates serving a large population of at-risk learners, i.e. students who are behind their age-group peers in social-emotional and academic skills. The school identifies students' learning deficiencies through regular assessments and extend learning opportunities to all students by providing an engaging and effective curriculum and instructional program and differentiating instruction to meet learners at all levels. For those who need extra help beyond the regular school program, the school offers multiple interventions within the classroom and beyond, such as after-school tutoring, Saturday school, peer tutoring, CYSP, and extra work to address deficiencies. The school meets all state and federal laws (such as Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) in serving students with special needs. The school implements strategies, such as employing an appropriately licensed special education teacher or teachers, paraprofessionals, a special education director to assist with creating and implementing Individual Education Plans (IEP); offering to tutor; and providing supportive special education technology in the classrooms.

Strategies to meet the educational needs of English learners and special needs students are similarly be in place. Students with limited proficiency in English achieve proficiency through the use of our school's services and teaching methods. The school hires ESL certified teachers as needed and adapt staffing according to the student population. The school ensures that ELL (English Language Learners) students are not excluded from curricular and extracurricular activities based on an inability to speak and understand the language of instruction.

HSA Dayton HS utilizes many classroom and nonclassroom based opportunities for student learning. Through formative and summative assessments, surveys, and teachers/students input we evaluate the effectiveness and the appropriateness of activities. Ongoing professional development, walkthroughs, and formal evaluations assist the administration in making sure the activities provided are appropriate to our demographic and students' learning.

Activities are sought out each year to add to the learning environment both in the classroom and outside the classroom. Professional development is offered to those that are including these activities as needed.

Students in grades 7-12 may earn high school credits using any combination of the following methods:

The HSA Dayton High "HSA DH" shall not limit the number of credits earned by a student through demonstration of mastery or completion of educational options. HSA DH shall evaluate requests for early graduation in accordance with its policy on Academic Acceleration. However, the School

shall not cap the total number of credits a student may earn or compel a student who does not wish to do so to graduate after completing fewer than four years of high school.

Students may earn credit in multiple content areas by successfully completing interdisciplinary educational options that address content standards in more than one subject area.

HSA DH shall not prohibit access to online programs, post-secondary options, or deny credit earned under credit flexibility options by students transferring to the School from another public or chartered non-public school.

The leaders of HSA Dayton HS realize that many of our public schools located in poverty areas are in crisis. To undertake this challenge and close achievement gaps, HSA Dayton HS personalizes education by supporting the development of meaningful, sustained relationships among teachers, students, and parents; set clear, coherent goals and expectations that are well communicated to students and parents; and provide opportunities for students to complete real-life, meaningful projects that students can relate to amongst other personalized activities.

Performance Frameworks – Metrics, Measures, & Targets

OVERVIEW

The purpose of the Performance Frameworks is to set annual targets that BCHF will use to consider a school for recognition, intervention, renewal, non-renewal, or termination.

BCHF subscribes to the principles and standards established by the National Association of Charter School Authorizers. We use objective and verifiable measures of student performance as the primary measure of school quality. We strive to protect the autonomy of our school by streamlining requirements and minimizing reporting burdens.

The BCHF board ultimately maintains discretion in making final decisions to consider a school for recognition, intervention, renewal, non-renewal, or termination. We reserve the right to utilize additional data collected through our ongoing monitoring in order to elevate a school in the overall renewal decision based upon the expertise, evaluation, and recommendation(s) by our Education Division team.

PERFORMANCE FRAMEWORK SCORING SCALE

Each section of the Performance Framework has a target score in each major category as highlighted in the scale – Academics, Compliance (comprised of legal and operations), and Fiscal. Some indicators are weighted more than others. For example, the Overall Rating metric from the Local Report Card (LRC) is made up of multiple components, all or some of which may apply to a school. This measure is a significant indicator of a school's performance and thus carries more weight on the performance framework.

The Academic total score is weighted at 50% of the overall performance score on the framework for a school. Compliance and Fiscal both are weighted at 25% each of the overall performance score. Although a score could exceed the number of possible points based upon a school exceeding the target, the maximum a school can achieve on the framework is 100% of the points. This information is used to annually evaluate the performance of a school for strengths, weaknesses, and intervention; it is also used to make renewal decisions.

The School will also make normal contributions for workers compensation insurance, unemployment insurance, and all other payroll obligations of an employer.

Health Insurance

All employees who work thirty (30) hours or more per week will be eligible for medical and dental insurance benefits offered by the School. Under the present plan, the School will pay 80% of the medical and dental insurance premium for ALL benefit eligible employees.

The employee is responsible for paying the remaining 20% of the premium through payroll deduction. If the employee discontinues the payroll deduction for the insurance premiums, the School will cease its contribution towards the insurance premiums. Details regarding insurance coverage should be available in the materials distributed regarding each plan. The School reserves the right to modify its plans and benefits at any time.

Continuing Health Care Coverage (COBRA)

Under federal law, employees and their dependents have the option of continuing health insurance coverage at their own expense upon the occurrence of certain qualifying events. Those events include: the death of the employee; termination of the employee (including voluntary termination and leaves of absence, but not including discharge for gross misconduct); divorce or legal separation of the covered employee from his or her spouse; the employee's becoming entitled to Medicare coverage, or cessation of dependent child coverage under the terms of the insurance policy. In the case of divorce or legal separation or cessation of dependent child coverage, you must notify the Principal or designated person in order for your spouse or dependents to exercise their option of continued coverage. For more information on COBRA contact the Principal or designated person.

Sick and Personal Leave

Each full time employee will be allowed eight days of paid sick or personal leave per full contract year. Full time employees who have worked for the Academy for a total of 200 or more days during the contract year will be allowed nine days of paid sick or personal leave. Full time employees who have worked for the Academy 210 or more days during the contract year will be allowed ten days of paid sick or personal leave.

Absences for one or more full days may result in a reduction of pay if available leave time is exhausted, in accordance with the law. Any sick and personal time taken beyond allowed (eight/nine/ten) days will be deducted in the employee's next appropriate paycheck at a rate of employee's daily salary. Full time employees, who are employed for the entire contract period and who do not use all of their sick and personal days, will be compensated \$200.00 for each unused sick and personal day. Days not used during the year will not be carried over to the next school year. Sick and Personal Time may be used in increments of 1 hour or more. The Principal may consider special requests for time off outside of these parameters.

Full time employees terminating employment during the contract year will be paid for the accrued personal and sick days by the above-mentioned rate.

Part-time and full-time employees must request time off from work at least two working days in advance using the Employee Leave Form, except for emergencies or illness. The Principal reserves the right to deny requests for time off in his or her sole discretion.

Maternity Leave

A full-time female employee is entitled to thirty (30) calendar days of paid leave during the postpartum period where she is incapacitated as a result of having given birth. The paid leave shall start immediately following childbirth and shall run for thirty (30) consecutive calendar days. This policy applies to full-time female employees only. Any leave taken shall run

concurrently with any leave available under the Family & Medical Leave Act (to the extent applicable to the School).

Parental Leave: A full-time employee who becomes a new parent is entitled to three (3) days of paid parental leave. This policy applies to full-time employees only. Any leave taken shall run concurrently with any Maternity Leave available (if applicable) and with any leave available under the Family & Medical Leave Act.

Family and Medical Leave without Compensation (FMLA)

Eligible Employee

An active, full-time or part-time employee of the School is eligible for family and medical leave under The Family and Medical Leave Act of 1993 (“the Act”) provided that on the date the employee requests leave, the employee:

1. has been employed by the School for at least 12 months; and
2. has worked at least 1,250 hours during the 12-month period immediately preceding the commencement of leave.

Purpose of Leave

The School grants family and medical leaves of absence to such “eligible employees” for the following:

1. the birth of an employee’s child or to care for the newborn child;
2. the placement of a child with the employee for adoption or state-approved foster care;
3. the care of an employee’s spouse, child, or parent (“family member”) who has a serious health condition; or
4. the employee’s own serious health condition (as defined in the Act).

Length of Leave

An eligible employee is entitled to a total of 12 workweeks of unpaid leave within a 12-month period. Leave taken for the care of a newborn child or placement for adoption or foster care must be taken as an uninterrupted, continuous leave of absence and must be taken within 12 months of the birth or placement of the child. If both a husband and wife are employed by the School, and are eligible for leave, except for leave due to the employee’s serious health condition, the two may take a combined total of 12-weeks. Intermittent leave or a reduced schedule may be approved for the employee’s serious health condition or a family member’s

serious health condition where medically necessary and where the need for such leave is best accommodated through such scheduling. Available leave will be calculated by determining the amount of leave used by an employee for the twelve (12) months prior to each day for which leave is requested and subtracting that number from the total of days equal to twelve (12) work weeks. This is referred to as the “rolling method” of calculation. Leave time may be affected by special rules which apply to instructional employees who request or take leaves near the end of the school term and/or who take intermittent or reduced leave. The School may require an instructional employee to continue a leave until the end of the school term in certain situations permitted under the FMLA regulations.

Substitution of Paid Leave

An employee FMLA leave due to the employee’s serious health condition must substitute all accrued sick leave, unused paid vacation, personal leave and paid time off, if applicable, before continuing leave on an unpaid basis. An employee taking leave for reasons other than an employee’s own serious health condition must exhaust all accrued unused paid vacation, personal leave and paid time off before continuing leave on an unpaid basis. Any FMLA leave, whether paid, unpaid, or a combination thereof, will be counted toward the 12-week leave entitlement. When it is necessary to make per diem deductions to an employee’s salary due to days not worked and taken off without compensation, the following formula will be used:

Annual Salary / Days in Official Calendar = Per Diem Salary

"Official Calendar" means the annual period employees are required to work and may mean different periods for administrative, instructional and staff employees.

Employee Notification Requirements

If an employee expects to take FMLA leave, the employee must notify the School’s Principal of the intention to take leave at least 30 days in advance of the expected leave. Following proper notification, the employee must complete a Leave of Absence Request form and provide any required medical certification. If the need for leave is not foreseeable, the employee must provide notification of leave to the School’s Principal as soon as is practicable under the circumstances. An employee’s failure to provide 30 days advance notification for foreseeable leave may result in a delay of leave.

Medical Certification

An employee who takes leave for the employee’s serious health condition or to care for a family member with a serious health condition must submit to the School’s Principal written medical certification of the need for such leave from the applicable health care provider. Failure to provide the certification in a timely manner may result in a delay of leave. The School may request a second or third medical opinion at the School’s expense for verification of an employee’s serious health condition. The opinion of the third health care provider, who is

approved jointly by School and the employee, shall be final and binding on the School and the employee. In addition, while the employee is on leave, the School may require the employee to provide periodic recertification of the employee's medical condition (not to exceed once every 30 days) and the School may inquire as to the employee's intentions to return to work. An employee on uninterrupted, continuous leave due to the employee's own serious health condition will be required to provide a job-related medical certification of fitness before the employee is allowed to return to work. Failure to provide this certification may result in the delay or denial of job restoration.

Benefits Continuation

The same health care benefits coverage provided to an employee on the day prior to taking FMLA leave will be maintained for up to 12-weeks or as required by law, provided the employee continues to pay any required contribution for benefits. Employees who are on leave are responsible for making this periodic payment of the required contribution to the School (in care of its Principal) at the School's regular address. Upon completion of the 12-week leave, or if an employee fails to return to work at the end of the leave, a loss of coverage will occur, and continuation of health care coverage would be offered through COBRA. An employee who does not return from leave may be required, under certain circumstances provided by the Act, to reimburse School for any employee contributions paid by School while the employee was on unpaid leave.

Special Rules for Educators

The FMLA has special rules affect the taking of intermittent leave or leave on a reduced leave schedule, or leave near the end of an academic term (semester), by instructional employees. "Instructional employees" are those whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This term includes not only teachers, but also athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. It does not include, and the special rules do not apply to, teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists, or curriculum specialists. It also does not include cafeteria workers, maintenance workers, or bus drivers. In all instances, the School will comply with the law in accordance with the leave allowed and taken. Any questions about intermittent, reduced schedule, or near end-of-the-academic-year FMLA leave should be addressed to the School's Principal.

Service Member Leave

A qualifying employee who is the spouse, son, daughter, parent or next of kin of a covered service member may be entitled to up to 26 work weeks of uncompensated leave relative to the care of a service member ("service-member FMLA.") All such leave shall be in strict accordance with the FMLA, shall be allowed upon the same "rolling" calendar for purposes of

calculation, and combined “standard” and “service member” FMLA leave shall not exceed 26 workweeks in a 12 month period.

Job Restoration

An employee will be returned to the same or an equivalent position when the employee returns from family and medical leave, with no loss of benefits accrued prior to leave. An employee who does not return to work at the end of an authorized leave is subject to termination of employment. In the event an employee’s position with School is affected by a decision or event not related to the employee’s leave of absence, e.g., job elimination due to a reduction in force, the employee will be affected to the same extent as if he was not on leave.

Voluntary Relinquishment of Employment

Leave time is limited to the unpaid time allowed under this policy. An employee who fails to return to work when leave time has been exhausted may be determined to have voluntarily relinquished their position with the School.

P31- Funeral Leave

For the death and burial of an immediate relative (husband, wife, child, mother, father, grandfather, grandmother, brother, sister) of the teacher (employee) or the teacher's (employee) husband or wife, three (3) days of paid funeral leave may be allowed. Absence beyond three days shall be covered by any remaining sick and personal time or at full loss of pay if no sick and personal time is available to use. The Principal reserves the right to grant special permission to an employee experiencing a unique situation.

Plan of Action for Financial Difficulties or Closure

Community School: School Suspension and/or School Closing Procedures

Effective date: July 1, 2010

Updated: May 2018

Community school sponsors primarily are responsible for ensuring an orderly process is followed when a school closes or operations are suspended.

Closure Statute

Under state law ([Ohio Revised Code 3314.023](#)), community school sponsors must monitor and oversee their schools' compliance with law, administrative rules and contract provisions, including requirements related to school closure. Specifically, ORC 3314.023 requires:

- *A sponsor shall provide monitoring, oversight, and technical assistance to each school that it sponsors. In order to provide monitoring, oversight, and technical assistance . . .*
- *[Sponsors] Having in place a plan of action to be undertaken in the event the community school experiences financial difficulties or closes prior to the end of a school year.*

Suspension Statute

[ORC 3314.072](#) establishes the conditions under which a school may be suspended, along with a school's procedural rights. Provisions include:

- *For any of the reasons prescribed in division (B)(1)(a) to (d) of section 3314.07 of the Revised Code, the sponsor of a community school established under this chapter may suspend the operation of the school only if it first issues to the governing authority notice of the sponsor's intent to suspend the operation of the contract. Such notice shall explain the reasons for the sponsor's intent to suspend operation of the contract and shall provide the school's governing authority with five business days to submit to the sponsor a proposal to remedy the conditions cited as reasons for the suspension.*
- *The sponsor shall promptly review any proposed remedy timely submitted by the governing authority and either approve or disapprove the remedy. If the sponsor disapproves the remedy proposed by the governing authority, if the governing authority fails to submit a proposed remedy in the manner prescribed by the sponsor, or if the governing authority fails to implement the remedy as approved by the sponsor, the sponsor may suspend operation of the school pursuant to procedures set forth in division (D) of this section.*
- *If division (B) of this section applies or if the sponsor of a community school established under this chapter decides to suspend the operation of a school as permitted in division (C)(2) of this section, the sponsor shall promptly send written notice to the governing authority stating that the operation of the school is immediately suspended, and explaining the specific reasons for the suspension. The notice shall state that the governing authority has five business days to submit a proposed remedy to the conditions cited as reasons for the suspension or face potential contract termination.*
- *Upon receipt of the notice of suspension prescribed under division (D)(1) of this section, the governing authority shall immediately notify the employees of the school and the parents of the students enrolled in the school of the suspension and the reasons therefore, and shall cease all school operations on the next business day.*

Overview

Sponsors provide and execute a plan for an orderly conclusion of a community school's affairs when a community school is closed or suspended for any reasons permitted by law and/or the contract between the sponsor and the school. A school is considered closed or suspended when instruction has ceased and the governing authority or sponsor has issued an official notice that includes the reason for and date of the school's closure or suspension. A community school also is considered closed if the Department issued a notice to a school under the state's automatic closure law, [ORC 3314.35](#). In the case of both suspension and closure, the sponsor and an authorized representative of the governing authority complete and sign the Suspension and Closing Assurance Template. Community school sponsors make sure a community school's governing authority takes all reasonable and required actions to fully address suspension or closing issues. If a school's governing authority is no longer able or willing to fulfill obligations with respect to orderly closure, the school's sponsor assumes responsibility for all closure activities. A plan for school closure is a required part of the school's contract with the sponsor. Final preparations, as outlined in the plan, should be in place prior to the last day students are in attendance.

Note:

- Closing procedures detailed in this guidance or the accompanying template are not applicable to school mergers.
- Procedures for school closures that are the result of settlement agreements may differ based on the provisions of the settlement. Schools and sponsors are advised to consult their legal counsel.

Sponsors must submit a Suspension and Closing Assurance Template for each closed community school. By completing this assurance, sponsors attest that all necessary notifications and actions are completed.

When possible, the final FTE review should be completed within seven business days of the school ceasing operations or within seven business days of the area coordinator's notification of the school's suspension or closing by the Department. Final FTE reviews should be completed prior to transfer of original student records to the district(s). Sponsors must monitor the school's actions to assure both the FTE review and fiscal audit are scheduled in a timely fashion. If the school fails to schedule these activities, the sponsor must step in and make the necessary arrangements.

Sponsors should begin completing the Suspension and Closing Assurance Template as soon as possible after the suspension/closure of the school.

For mid-year closure or suspension, an estimated timeline for closure activities must be submitted to the Office of Community Schools within 10 days of notification. In the case of closure at the end of the school year, sponsors shall submit an estimated timeline for closure activities to the Office of Community Schools, via Epicenter, no later than May 31. Sponsors shall use the Suspension and Closing Assurance Template for the estimated timeline.

The updated Suspension and Closing Assurance Template shall be submitted to the Office of Community Schools, via Epicenter, quarterly (July 1, Oct. 1, Jan. 1 and April 1), noting which activities are complete and which are not yet complete until the process is finished and closing assurances are submitted. The quarterly submissions shall include a narrative explaining any delays and the sponsor's target date for submitting the final closing assurances.

If refunds are generated at a later date, the sponsor shall follow the instructions in the Preparation of Itemized Financials section of the template and complete the Final Payments and Adjustments section.

The Suspension and Closing Assurance Template provides step-by-step guidance to assist sponsors in meeting their responsibilities when one of their schools suspends operations or closes.

Records

Sponsors assure that all school records needed by the Ohio Department of Education, Ohio Auditor of State, U.S. Department of Education and other interested entities are secured and available as needed during the closeout process. Records generally describe an account in permanent form, preserving knowledge or information about facts, transactions or events maintained and kept for the proper administration of the school, including student, staff and administrative/financial information. Please note, the following categories and types of records should not be considered as the entire list of documents that might be examined during a closing

procedure. Additional records may be requested during an FTE review or final audit. (Additional information is available in the Department's FTE Review Manual.)

Student Records

Student records include all educational, special education and other documents in the school's possession that relate to a particular student. Student records include, but are not limited to: documents normally found in permanent record folders that are necessary for reviews and audits; attendance records that detail enrollment and attendance history; grades and grade levels achieved; transcripts, courses completed and grades for each course, particularly for students enrolled in grades 9-12 and for graduates of the school; proof of residency documents that identify a student's home district; FTE Detail reports, with names and SSID numbers that can be used to match names to the FTE Detail report with randomly selected SSIDs obtained by the area coordinator; special education information and folders; and other such information that may be maintained and kept in a student permanent record folder.

Schools must retain copies of all student records necessary to complete the final FTE review and financial audit.

Staff Records

Staff records include, but are not limited to: employment agreements or contracts; salary and benefits information; attendance and leave information; employee licenses; Local Professional Development Committee (LPDC) status and record of continuing education; payroll and withholding documents; and other such information that may be maintained in an employee record folder.

Administrative/Financial Records

Administrative/financial records include, but are not limited to: lease or rental agreement; deed if property is owned; inventories of furniture and equipment, including purchase price, source of funds for payment, date purchased and property tag number; bank and financial reports, including all financial statements created by the fiscal officer; bank statements and checks; schedule of unpaid debt detailing amount, vendor and date of obligation; invoices, receipts, vouchers and purchase orders that detail expenditures; grant records, including detail of federal and state grant awards and final expenditure reports and contracts; and other such information that may be maintained to serve as the administrative/financial records for the school.

Record Retention

Sponsors shall secure all school records (student, personnel, fiscal, etc.) prior to closing. All such records shall be maintained according to applicable records retention schedules. Records retention is governed by state and federal law and governing authority policy. Additional information regarding state requirements is available [here](#). Federal records retention schedules are available [here](#). Additional information is available in the Student Records section of the Suspension and Closing Assurance Template.

Community school sponsors are responsible for securing all records prior to closing and maintaining records in accordance with all applicable retention schedules.

School Representative

**BCHF STANDARD OPERATING PROCEDURE:
FINANCIAL DIFFICULTY OR CLOSURE PRIOR TO END OF SCHOOL YEAR**

By authority of the community school contract executed between Buckeye Community Hope Foundation ("BCHF" or "Sponsor") and the Governing Authority ("School") as amended (the "Contract"), and provisions of Chapter 3314 of the Ohio Revised Code, including but not limited to, ORC 3314.03(D)(6) and 3314.015(E), and OAC 3301.102-05(A)(7), Buckeye Community Hope Foundation's plan of action for responding to critical financial difficulties or closure experienced by the School prior to the end of the school year is as follows:

1. Pursuant to the community school contract, the School must cooperate fully with the Sponsor in all activities as required by Ohio Department of Education (ODE) regulations for oversight of the School, including but not limited to:

- Annual file updates as requested by BCHF;
- Annual Review of Auditor reports;
- Timely submission of both the October and May 5-year forecasts;
- Timely submission of the board approved annual School Budget;
- Monthly reviews of the school's financial position; and
- Other appropriate requests for information from BCHF or ODE.

Further, pursuant to the community school Contract, the School shall comply with all reasonable requests of the Sponsor. Failure to do so may constitute grounds for Sponsor to place the School on probation, suspension, and/or termination of the Contract. In Article VIII. of the Contract, the School specifically recognizes BCHF's authority to intervene in, correct, declare probationary status of, suspend, terminate, or non-renew the school's Contract and correct problems in school performance.

In the event the School experiences financial difficulties, BCHF will utilize its authority under Ohio Revised Code, Ohio Administrative Code, and Article VIII. of the Contract to obtain necessary information from the School to identify causes, develop potential remedies, and prepare contingency plans, if necessary.

The Sponsor shall require the School to develop and implement a remedial plan to address the school's financial difficulties in a timely manner. Such remedial plan may include, but is not limited to:

- School providing more frequent or enhanced financial reporting to Sponsor; arrangements for on-site financial inspections and/or audits of the School by Sponsor or sponsor's representatives.
- Providing supplemental reports to the Sponsor confirming the implementation of remedial steps in accordance with an agreed upon timetable.
- School's attainment of specified financial benchmarks according to an agreed upon timetable. Sponsor may compel the School to provide such a remedial plan through the use of probation or notice of intent to suspend.

In the event the School fails to provide an acceptable remedial plan, or fails to implement a remedial plan approved by the Sponsor, the Sponsor reserves the authority to require changes to the management of the School, to the extent permitted by Ohio Revised Code Chapter 1702, or other applicable law. Pursuant to the community school Contract, as permitted by law, the School grants

BCHF power of attorney to carry out provisions of applicable law and the Contract on behalf of the School, should it become necessary to do so by the sponsor's sole discretion, and to appoint a new Board of Directors for the School for cause or breach of the Contract.

If the School is not able to remedy its financial difficulties in a manner satisfactory to BCHF, then BCHF reserves the right to terminate the school's Contract in accordance with provisions of Ohio Revised Code 3314.07.

2. BCHF's plan of action in the event the School is suspended, terminated, or otherwise closes such that the School ceases operation prior to the end of the school year, is as follows:

BCHF will take every possible reasonable step to avoid a mid-year closure. Prior to any decision to suspend or close school operations mid-year, BCHF may take steps including but not limited to:

- At the BCHF Board's discretion, waive school sponsorship fees for a specified period of time.
- BCHF staff may assist in the renegotiation of Contracts to gain more favorable terms for the school.
- BCHF staff may meet directly with the school Treasurer and Director to evaluate spending in all areas and develop a plan to reduce expenses while maintaining required minimum staffing levels.
- BCHF may provide direct support to the school in identified areas to reduce costs.

In the event every possible step towards a solution has been taken and the school must be closed, BCHF shall comply with the provisions of ORC 3314.07, 3314.072, and 3314.073 regarding the procedures and notices for placing the School on probationary status, suspension, and/or termination.

In the event it becomes necessary for the Sponsor to suspend or terminate the school's Contract, BCHF will adhere to the **Community School Suspension and Closing Procedures** and forms prescribed by the Ohio Department of Education.

The following steps are strong areas of focus for BCHF to ensure the best possible transition for students and staff affected by the closure.

- Immediate communication of closure with ODE, parents, and school staff.
- Direct communication with the local public school district to arrange delivery of records and to ensure parents receive support as they transition to a new school.
- Coordination with the closure school to host an enrollment fair for all school options available in the area so parents are fully aware of choices and can be assisted in the transition to a new school.
- Coordination with the closure school to ensure both student records and staff files are completely organized and ready for delivery to prevent any delays during the transition.
