

Board Report

Middle School

Testing

Testing is underway in the Middle School.

8th graders finished the MAP for Science and all MS students will take the ELA and Math tests in the upcoming weeks.

So far we have finished testing Science for NWEA and 6th grade Math.

KCIA Goal--56% of students meet their Growth goal on the NWEA

- 72% of ELLs met their growth goal in 6th grade science!
- 64% of 6th grade Math students met their growth goal!

Spring Sports Updates

Soccer Team is
3-2-1--Which
means we have
won 3 more games
than last year!

Track

Track team has been working hard all year and getting better each and every week. The adversity they have overcome from lack of facilities and time together is truly remarkable. They leave their heart and souls out there every meet and continue to set new KCIA records in the process.

Student Council

Penny Wars

- STUCO middle school leaders put on Penny Wars contest to raise money for breast cancer awareness

Community Project

- STUCO is creating bags of goodies for young patients that will be delivered to Children's Mercy

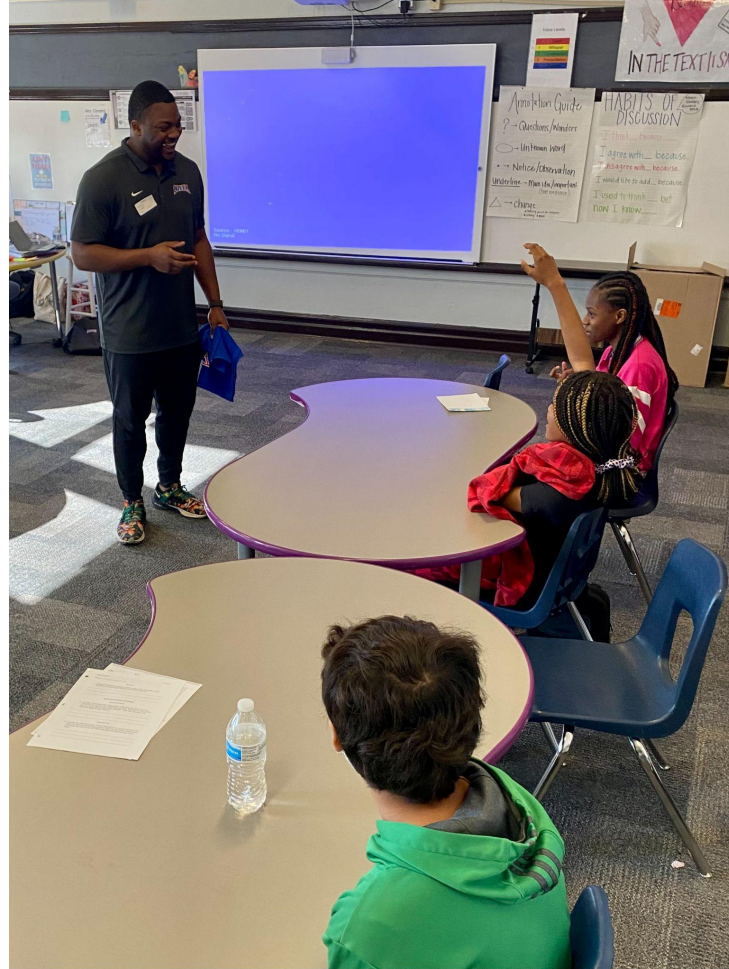

8th Grade Production and Entrepreneurship.

Production and Entrepreneurship is happy to announce that we are going to start printing our first run of KCIA spirit wear. This design was created by two 8th grade students and the garments will be purchased using profit made from the pennant sales.

Career Day

Middle school students took an online questionnaire to figure out what career paths might fit their interests and strengths prior to career day.

14 presenters from a variety of occupations taught students about the education and skills needed for their occupation. Students engaged in Q&A sessions to learn what each job entailed.

PD BBQ

We enjoyed a Potluck BBQ as a staff on our recent PD day.
