

# Curriculum & Instruction Report

May 23, 2023

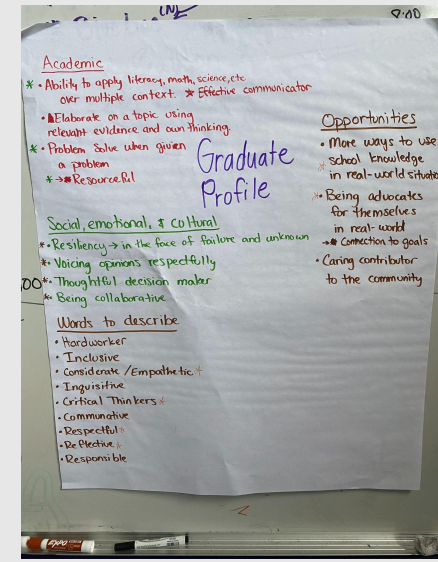

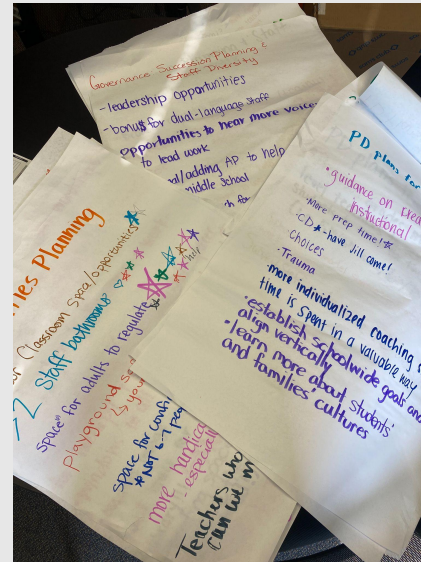

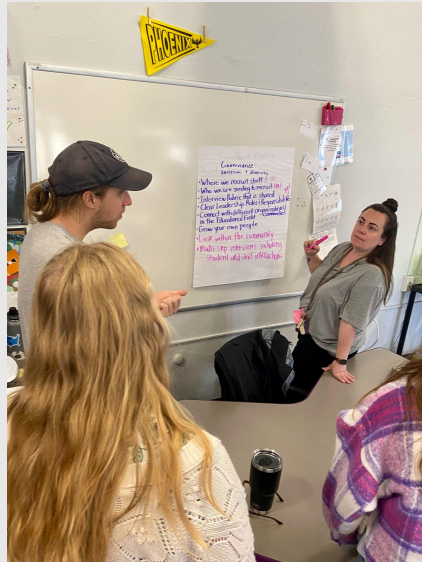

# C&I Updates

- MAP & EOC testing are complete!
- LETRS Year 1 is complete! We expect to pay \$500 stipends to 61 staff members who passed their final exam with an 80% or better.
- District Literacy Plan & Evidence-Based Reading Instruction: New foundational literacy curriculum and resources purchased for 2023-2024.
- Ready for summer enrichment opportunities: About 40 field trips & experiences planned.
- Planning for the 2023-2024 school year

# Charter Renewal Planning

Staff members participated in focus groups to provide input on the improvement areas that are a part of our coming charter renewal and to develop our KCIA Global Learner profile. Such thoughtful ideas, questions and suggestions were discussed. The process allowed the leadership team to hear feedback from a wide range of staff members.

# Thankful for our Translators

We are so lucky to have a team of nine skilled and compassionate translators at KCIA! Many of our translators have been working extra hard this month to complete the sometimes tedious task of translating the MAP test. We celebrated their contributions in May for Translator Appreciation Day.

# Joy & Relaxation

Teachers and staff spent time together after school one Wednesday this month practicing self care in ways that bring them joy. Staff members hosted spaces for crafting, karaoke, video games, reading, exercise and relaxation, taking a moment to pause in a busy month.

# Eighth-Grade Advocacy

Our eighth-grade class held a walkout to protest gun violence last Friday, after planning and preparation in their ELA classes. Students created signs, wrote chants and delivered speeches outside the school to make their voices heard. We are so proud of students for the work they put in to bring attention to something so important to them and our country.
