Helping us (on the Board) understand the real-world impacts is so important!</i> • Consent Agenda - <i>board members come prepared to approve past minutes and committee reports placed on the consent agenda that don't require further board discussion or action. We make time for questions about reports submitted but if it becomes clear that more discussion (beyond a few clarifying questions) is needed, a report will be moved off of the consent agenda into the regular agenda.</i> • Committee Reports - <i>Committee Chairs please submit a short, written summary of any information that the full Board needs to understand your work since the last Board meeting. Please clearly (and separately) in writing identify any requested Board action as well as the thinking that went into this request, being careful to include all relevant information (whether it supports your requested action or not). This format for requested Board action will be our Structured Proposal format. At the meeting, please confine your verbal presentation (if you need to make one) to answering board member's questions about your written report and Structured Proposal, if applicable.</i> • Discussion - <i>we strive for focused and collegial dialogue relevant to the agenda item before us. To help us make the most of our time & encourage creative thought, any board member is welcome to submit a Structured Proposal for Board consideration at least 1 wk. in advance of our meeting. As described in our Bylaws, we will follow Roberta's Rules for meeting management and discussions. Our Executive Session protocol is here.</i> • Closing - <i>we review our work together and consider ways that we might improve.</i>
