GLOSSARY OF EDUCATIONAL TERMS AND ACRONYMS

The following terms and acronyms are used in the Academy policy and Administrative Guidelines and in communications with parents, students, and the public.

ASSESSMENT

The comparison made between what should have been accomplished and what has been actually accomplished. Concerning student learning, assessments make comparisons between what has been learned and what should have been learned.

ATTITUDE

One (1) of the five (5) major types of learning contained in courses of study, along with facts, concepts, principles, and skills. For example, students develop attitudes toward "doing quality work," "maintaining a clean environment," "participating in civic affairs," "not using drugs," etc.

CONCEPT

One (1) of the five (5) major types of learning involved in a course of study, along with attitudes, facts, principles, and skills. Students form an abstract idea by understanding the characteristics that are generally true of it. For example, *triangle* is the name for the concept of any plane, closed, geometric figure that has three (3) sides that form three (3) internal angles.

CONTENT

The name used to refer to all of the facts, concepts, principles, attitudes, and skills students are expected to learn in any course of study.

COURSE OF STUDY

An organized sequence of learning activities designed for students to acquire a body of knowledge, attitudes, and skills associated with a particular academic or vocational field. Course of Study activities may be scheduled over a semester, a school year, or several school years. Examples are a K-6 math program, 11th grade American History, or High School Science.

CRITERION (CRITERIA)

A feature or characteristic by which something or someone is measured or judged. For example, in judging a student's writing ability, some criteria that might be used are "organization," "originality of thought," "clarity of expression," "grammar," etc.

CURRICULUM

All the planned activities - formal and informal, individual and group, in and outside of the classroom – necessary to accomplish the educational goals of the Academy. (See Policy 2210)

DIAGNOSIS

A determination of the causes for a particular condition, usually based on an assessment or evaluation. Diagnosis deals with the question "What are the reasons for?" For example, a diagnosis might deal with the reasons students are or are not meeting expected learning goals.

A Provider that manages or operates an Academy or provides administrative, managerial or instructional staff to the Academy.

EMPLOYEE

A direct employee of the Academy or of a third-party Educational Service Provider, as the case may be.

LEADERSHIP

A five-step process of working with people, using certain knowledge, skills, and attitudes, combined with risk-taking, 1.) to envision a desired or needed outcome; 2.) to communicate to

others so they participate willingly in the necessary tasks; 3.) to monitor progress toward the outcome; 4.) to reinforce and/or remediate actions; 5.) to evaluate the results.

The expenditure shall be a public record and shall be made available to a person upon request.

The Board shall approve payment of an expense incurred by a Board member only if either (1) the Board, by a majority vote of its members at an open meeting, approved reimbursement of the specific expense before the expense was incurred, or (2) the expense is consistent with the following policy, and the Board approves the reimbursement before it is actually paid.

The following categories of expenses shall be reimbursable:

Reference: Board of Education, National School Boards Association

Members of the Board of Education will strive to improve public education. To that end, Board members will do the following:

- A. attend all regularly scheduled and special Board meetings, insofar as possible, and stay informed concerning the issues to be considered at those meetings;
- B. endeavor to make policy decisions only after full discussion at publicly held Board meetings;
- C. render all decisions based on the available facts and independent judgment, refusing to surrender that judgment to individuals or special interest groups;
- D. encourage the free expression of opinion by all Board members and seek systematic communications among the Board and students, staff, and all elements of the community;
- E. work with the other Board members to establish effective Board policies and delegate authority for the administration of the Academy;
- F. communicate to other Board members and the School Leader (employed by the Board) expressions of public reaction to Board policies and Academy programs;
- G. inform themselves concerning current educational issues through individual study and participation in programs which provide relevant information;
- H. support the employment of persons best qualified to serve as staff, and insist on regular and impartial evaluations of all staff;
- I. avoid conflict of interest and refrain from using their Board positions for personal or partisan gain;
- J. take no private action that may compromise the Board or administration and respect the confidentiality of information that is privileged under applicable law;
- K. remember that their first and greatest concern must be for the educational welfare of the students attending the Academy.
- L. observe all applicable statutory limitations and duties regarding conflicts of interest.

0144.3 **Conflict of Interest**
MCL 15.323; 380.1203, 450.2545a

Board members shall perform their official duties free from any conflict of interest. To this end, no Board member shall use his/her position as a Board member to benefit either himself/herself or any other individual or agency, apart from the total interest of the Academy.

When a member of the Board suspects the possibility of a personal interest conflict, he/she should disclose his/her interest (such disclosure shall become a matter of record in the minutes of the Board) and thereafter abstain from any participation in both the discussion of the matter and the vote thereon.

If a Board member's financial interest pertains to a proposed contract with the Academy, the following requirements must be met:

- A. The Board member shall disclose the financial interest in the contract to the Board with such disclosure made a part of the official Board minutes. If his/her direct financial interest amounts to \$250 or more, or five percent (5%) or more of the contract cost to the Academy, the Board member shall make the disclosure in one of two (2) ways:
 1. In writing, to the Board President (or, if the member is the Board President, to the Board Secretary) at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board's notices of its public meetings. (See Board Operating Policy 0165.)
 2. By verbal announcement at a meeting at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The Board member must use this method of disclosure if his/her financial interest amounts to \$5,000 or more.
- B. Any contract in which there is a conflict of interest, as defined by this Policy and the related statute (MCL 15.321 et seq.), must be approved by a vote of not less than two-thirds (2/3) of the full Board (excluding the vote of any Board member with a financial interest).

However, if a majority of the members of the Board are required to abstain from voting on a contract or other financial transaction due to a financial interest, then for the purposes of that contract or other financial transaction, the members who are not required to abstain constitute a quorum of the board and only a majority of those members eligible to vote is required for approval of the contract or financial transaction.

- C. A member of the Board is presumed to have a conflict of interest if the member or his/her family member has a financial interest, or a competing financial interest, in the contract or other financial transaction or is an employee of or at the Academy.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

“Family member” means a person’s spouse or spouse’s sibling or child; a person’s sibling or sibling’s spouse or child; a person’s child or child’s spouse; or a person’s parent or parent’s spouse, and includes these relationships as created by adoption or marriage.

A Board member is not considered to have a financial interest in any of the following instances:

1. A contract or other financial transaction between the Academy and any of the following:
 - a. A corporation in which the individual is a stockholder owning 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owning stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.
 - b. A corporation in which a trust, if the individual is a beneficiary under the trust, owns 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owns stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.
 - c. A professional limited liability company organized pursuant to the Michigan limited liability company act, if the individual is an employee but not a member of the company.
2. A contract or other financial transaction between the Academy and any of the following:
 - a. A corporation in which the individual is not a director, officer, or employee.
 - b. A firm, partnership, or other unincorporated association, in which the individual is not a partner, member, or employee.
 - c. A corporation or firm that has an indebtedness owed to the individual.

3. A contract awarded to the lowest qualified bidder, upon receipt of sealed bids pursuant to a published notice for bids if the notice does not bar, except as authorized by law, any qualified person, firm, corporation, or trust from bidding. This does not apply to any amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.
- D. The official minutes of the Board must disclose the name of each party involved in the contract, the nature of the financial interest, and the terms of the contract, including the duration; financial consideration between the parties; facilities or services of the Academy included in the contract; and the nature and degree of assignment of school staff needed to fulfill the contract.
- E. A Board member with a conflict of interest in a contract may not participate in the discussion of nor vote on the contract.

Board members shall not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts involved with Federal grant funds, except that a Board member may accept an unsolicited gift of nominal value.

0144.4 Indemnification
MCL 691.1408, 450.2561 – 2569

The Board may hold Directors and Officers harmless and may indemnify, pay, settle, or compromise a judgment against a Board member to the extent allowed under the law. The Board may also purchase Errors and Omissions insurance coverage for the Board of Education.

MCL 37.1101 et seq., 37.2101 et seq.

The intent of the Board of Education is to provide an environment that fosters the respect and dignity of each person. To this end, the Board is committed to the maintenance of an environment free of harassment and intimidation.

Harassment of students, persons providing services to the Academy, and employees on the basis of their race, color, national origin, sex, disability, age, religion, or any other legally protected characteristic in its educational programs or activities is prohibited and will not be tolerated. The Board President and School Leader (employed by the Board) shall prepare and submit to each Board member a written agenda prior to each regular meeting and each special meeting, unless otherwise directed by the Board. The agenda shall list the various matters to come before the Board and shall serve as a guide for the order of procedure for the meeting. Individual Board members may include items on the agenda upon the concurrence of the Board President.

The agenda of the regular monthly meeting or special meetings shall be accompanied by a report from the School Leader (employed by the Board) on information relating to the Academy with such recommendations as s/he shall make.

Each agenda shall contain the following statement:

"This meeting is a meeting of the Board in public for the purpose of conducting the Academy's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in agenda item _____."

The agenda for each regular meeting shall be mailed or delivered to each Board member so as to provide proper time for the member to study the agenda. Any item on the consent agenda may be removed and discussed as a nonaction item or be deferred for further study and discussion at a subsequent Board meeting if the School Leader (employed by the Board) or any Board member thinks the item requires further discussion.

0167 CONDUCT

0167.1 Voting

Reference: MCLA 380.1201

All regular and those special meetings of the Board at which the Board is authorized to perform business shall be conducted in public. No act shall be valid unless approved at a meeting of the Board by a majority vote of the members elected or appointed to and serving on the Board who are authorized to vote (see Voting as defined in Bylaw 0100) and a proper record made of the vote. Meetings of the Board shall be public and no person shall be excluded therefrom.

Unless specifically authorized by Michigan conflict of interest laws, any Board member's decision to abstain shall be recorded and be deemed to acquiesce in the action taken by the majority. Failure to vote, absent a statutory exception or other reasonable ethical basis, constitutes a breach of the Board member's duty as a public official. In situations in which a specified number of affirmative votes are required and abstentions have been noted, the motion shall fail if the specified number of affirmative votes have not been cast. In situations in which there is a tie vote and the abstention represents the deciding vote, the motion shall fail for lack of a majority. 184 Mich App 681, 684 (1990)

All actions requiring a vote may be conducted by voice, show of hands, or roll call provided that the vote of each member be recorded. Proxy voting shall not be permitted. If a vote is not conducted by roll call, any member may request a roll call vote.

0167.2 Closed Session

The Board may by means of a roll call vote meet in a closed session, one closed to the public, for the following purposes:

- A. to consider the dismissal, suspension, or disciplining of, or to hear complaints or charges brought against, or to consider a periodic evaluation of a public officer, staff member, or individual agent, if the named person requests a closed hearing (a majority vote is required)

- B. to consider the dismissal, suspension, or disciplining of a student only if the student or student's parents/guardians request a closed hearing (a majority vote is required) (Also see Bylaw 0169, Student Disciplinary Hearings)
- C. to consider the purchase or lease of real property up to the time an option to purchase or lease that real property is obtained (a two-thirds (2/3's) vote is required)
- D. to consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body (a two-thirds (2/3's) vote is required)
- E. to consider materials exempt from discussion or disclosure under State or Federal statute, including by way of example only, written opinions of legal counsel, and school safety plans (a two-thirds (2/3's) vote is required)
- F. to consider the selection of a School Leader, as addressed in the Educational Service Provider Agreement between the Educational Service Provider and Board.

0167.3 Public Participation at Board Meetings

Reference: MCL 15.267, 15.268
MCL 15.263(4)(5)(6), 380.1808

In keeping with the confidential nature of closed sessions, no member of the Board shall disclose the content of discussions that take place during such sessions. The only exceptions will be discussions with the Academy's legal counsel or as directed by an order of a court with proper jurisdiction.

It is expected that Board members shall not record nor communicate by any means, electronic or otherwise, with party or parties outside such meetings regarding the substance of such meetings either during or after the course of such meetings.

The Board recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on Academy matters.

To permit fair and orderly public expression, the Board shall provide a period for public participation at public meetings of the Board and publish rules to govern such participation in Board meetings and in Board committee meetings. The rules shall be administered and enforced by the presiding officer of the meeting.

The presiding officer shall be guided by the following rules:

- A. Public participation shall be permitted before the Board takes official action on any issue of substance.

- B. Anyone with concerns related to the operation of the school or to matters within the authority of the Board may participate during the public portion of a meeting.
- C. Attendees must register their intention to participate in the public portion of the meeting upon their arrival at the meeting.
- D. Participants must be recognized by the presiding officer and will be requested to preface their comments by an announcement of their name and group affiliation, if and when appropriate.
- E. Each statement made by a participant shall be limited to three (3) minutes duration.
- F. No participant may speak more than once.
- G. Participants shall direct all comments to the Board and not to staff or other participants.
- H. The presiding officer may:
 - 1. prohibit public comments which are frivolous, repetitive, or harassing;
 - 2. interrupt, warn, or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or irrelevant;
 - 3. request any individual to leave the meeting when that person behaves in a manner that is disruptive of the orderly conduct of the meeting;
 - 4. request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting;
 - 5. call for a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action; or
 - 6. waive these rules.
- I. The portion of the meeting during which the participation of the public is invited shall be limited to fifteen (15) minutes, but the timeframe will be extended, if necessary, so that no one's right to address the Board will be denied.
- J. Tape or video recordings are permitted subject to the following conditions:
 - 1. No obstructions are created between the Board and the audience.

2. No interviews are conducted in the meeting room while the Board is in session.
3. No commentary, adjustment of equipment, or positioning of operators is made that would distract either the Board or members of the audience while the Board is in session.

The person operating the recorder should contact the School Leader prior to the Board meeting to review possible placement of the equipment.

0167.4 Administrative Participation

The School Leader (employed by the Board) and those administrators directed by the School Leader (employed by the Board) shall attend all meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

0167.5 Use of Electronic Mail

Since E-mail is a form of communication that could conflict with the Open-Meetings Law, it will be used to conduct business of the Board only for the purposes of communicating:

- A. messages between Board members or between a Board member and Board employee(s) which do not involve deliberating or rendering a decision on matters pending before the Board;
- B. possible agenda items between the School Leader (employed by the Board) and the Board President;
- C. times, dates, and places of regular or special Board meetings;
- D. meeting agenda or public record information concerning items on the agenda;
- E. requests for public record information from a member of the administration, school staff, or community pertaining to school operations; and
- F. responses to questions posed by members of the public, administrators, or school staff.

Under no circumstances shall Board members use E-mail to discuss among themselves Board business that is only to be discussed in an open meeting of the Board, is part of an executive session, or could be considered an invasion of privacy if the message were to be monitored by another party.

There should be no expectation of privacy for any messages sent by E-mail. Messages that have been deleted may still be accessible on the hard drive, if the space has not been occupied by other messages. Messages, deleted or

otherwise, may be subject to disclosure under the Freedom of Information Act, unless an exemption would apply.

0167.6 Use of Social Mail

Social Media, as defined in Bylaw 0100, shall not be used to conduct any form of Board business.

0168 MINUTES

0168.1 Open Meeting

Reference: 15.269, 380.1201

The Secretary, or a temporary secretary appointed by the presiding officer, shall designate a person to keep minutes of each meeting showing the date, time, place, members present, members absent, any decisions made at a meeting open to the public, and the purpose or purposes for which a closed session is called. These minutes must be approved by the Board and endorsed by the Secretary at the next meeting. The minutes shall include all roll-call votes taken at the meeting. Proposed minutes shall be available for public inspection not later than eight (8) business days after the meeting to which the minutes refer. Approved minutes shall be available for public inspection not later than five (5) business days after the meeting at which the minutes are approved. The minutes shall be available for inspection at the School Leader's office and shall be available for purchase at a fee estimated by the business office to cover the cost of printing and copying.

The Board Secretary shall not include in or with its minutes any personally identifiable information on any student of the Academy which if released, would prevent the public body from complying with the Family Educational Rights and Privacy Act of 1974.

The official minutes shall be bound together by years and kept in the office of the Board.

Minutes of the preceding meetings shall be approved by the Board as its first order of business at its next meeting.

The minutes shall show only action taken.

0168.2 Closed Meeting

Reference: 15.267, 15.269, 15.270-71, 15.273

The Board shall designate a person to keep separate minutes of each closed meeting of the Board. These minutes shall be retained by the Secretary of the Board, but shall not be available to the public and shall only be disclosed if required by a civil action filed under MCL 15.270 et seq. These minutes may be destroyed one (1) year and one (1) day after approval of the minutes of the regular meeting at which the closed session was approved.

0168.3 Committee Meetings

Any Board committee, whether standing or appointed ad hoc, which exercises governmental or proprietary authority must comply with the Open Meetings provisions in 0168.1 and 0168.2, and Public Participation provisions in 0167.3. Committees that are empowered to take action, make recommendations or otherwise deliberate in place of the Board are subject to this requirement.

0169 STUDENT DISCIPLINARY HEARINGS

0169.1 Closed Session Requested

If a parent/guardian or student requests a closed hearing, a vote must be taken. The purpose of the closed session should be announced: "To consider a student disciplinary matter, pursuant to the request of the parent/guardian" (**NOTE: Do not use the name since that could identify the student**). A majority is required to go into a closed session.

Those invited into closed session should include the student, parent/guardian(s) and/or representative(s) and school administrator(s) bringing charges. Others may be admitted at Board discretion, if needed for the proceeding or at the request of student, parents/guardians.

Witnesses should be admitted when needed to testify. They should be asked to leave the closed session after testifying. Witnesses may be required to affirm that they will tell the truth.

The Administration should present a summary of the requested discipline and an overview of the incident(s) supporting discipline. The Administration shall call and question witnesses as it determines appropriate. The administrator may testify as a witness to the results of his/her investigation of the incident and the student's past record.

The student, parent/guardian, or representative should be allowed to ask the witness(es) questions related to issues reasonably related to the discipline. Additional questioning by the Administration, the student/representative and/or the Board may be allowed at the Board's discretion.

The student, parent/guardian, or representative may then present witnesses or statements to the Board. The Administration and/or the Board may ask questions of these individuals. The Board may allow additional questioning at its discretion.

When the presentation of evidence is concluded, the Board will deliberate. It may exclude both the Administration and the student and representative, or allow both sides to remain. If the Board desires clarification of any testimony during its deliberation, it shall assure that both the Administration and the student are present to hear the information.

The Board shall not take any action in the closed session. To act on the discipline, the Board must return to open session. This requires a majority vote.

During the open session the name of the student shall not be used in voting on the discipline, to protect student privacy under the Federal Family Educational Rights and Privacy Act. The student may be referred to by a Code Number or Pseudonym (i.e. Student A). Only the reference code shall be indicated in the Board minutes, NOT the student's actual name. The reference code shall be listed in the student's discipline file.

If, at any time during the hearing, the student, parent/guardian or authorized representative withdraws the request for a closed hearing, the matter shall proceed under the open hearing provisions.

0169.2 Open Hearing

If the student, parent or authorized representative does not request a closed hearing, the Board must still assure that the Family Educational Rights and Privacy Act is not violated.

The parents/guardians (or student if eighteen (18) or older) should sign an authorization to release student record information to allow discussion of the student's information in the public forum (Form 8330 F4). If the parents refuse to sign the authorization or information relating to other students must be presented at the hearing, it should be done anonymously by referring to students by Code Numbers or Pseudonyms. If this is not possible, then the Board may go into closed session to receive student identifiable information pursuant to a two-thirds (2/3's) roll call vote for the announced purpose of "Considering material exempt from discussion or disclosure by State or Federal law."

In all other respects the hearing shall proceed as outlined under the Closed Hearing.

The Board must deliberate and act on the discipline in open session. The student, parents/guardians, administration and public will be allowed to be present. Students, parents/guardians who have not authorized disclosure to the public will not be mentioned by name during deliberations, but only by anonymous reference code. Any action must be by a vote of the Board in open session. If the student/parents have signed an authorization for public disclosure, then the student's name may be used in the motion and recorded in the Board minutes.

BOARD - SCHOOL LEADER RELATIONSHIP

The Board believes, in general, the primary duty of the Board is to establish policies, and the duty of the School Leader (employed by the Board) is to administer such policies. The School Leader (employed by the Board) should be given sufficient latitude to determine the best method of implementing the policies of the Board.

The School Leader (employed by the Board) is the primary professional advisor to the Board. The School Leader (employed by the Board) is responsible for the development, supervision, and operation of the Academy program and facilities to the extent delegated by contract. The School Leader's (employed by the Board) methods should be made known to the staff through the appropriate Administrative Procedures of the Academy.

ACADEMY ADMINISTRATOR AND SCHOOL LEADER EVALUATION

Reference: MCL 380.1249; 380.1249b

The Board of Education is responsible for the employment and discharge of the School Leader/Superintendent. To carry out this responsibility, it shall establish and implement a rigorous, transparent, and fair performance evaluation system that does all of the following:

- A. Evaluates the School Leader (employed by the Board) and all other academy administrator's job performances at least annually in a year-end evaluation, while providing timely and constructive feedback.

The Board shall perform the academy administrator's evaluations. The Board shall perform the School Leader's evaluation. A School Leader (employed by the Board) or academy administrator rated highly effective on three (3) consecutive year-end evaluations may be evaluated every other year at the Board's discretion.

- B. Establishes clear approaches to measuring student growth and assessment data and provides the School Leader (employed by the Board) or academy administrators with relevant data on student growth.
- C. Evaluates a School Leader (employed by the Board) or academy administrator's job performance as highly effective, effective, minimally effective or ineffective, using multiple rating categories that take into account student growth and assessment data. For the 2016-2017 and 2017-2018 school years twenty-five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2018-2019 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.
- D. Uses the evaluations, at a minimum, to inform decisions regarding all of the following:
 - 1. The effectiveness of the School Leader or academy administrators, so that they are given ample opportunities for improvement;
 - 2. Promotion, retention, and development of the School Leader (employed by the Board) or academy administrators, including providing relevant coaching, instruction support, or professional development.
 - 3. Removing ineffective School Leaders or academy administrators after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.
- E. The portion of the annual year-end evaluation that is not based on student growth and assessment data shall be based on at least the following:

1. The School Leader (employed by the Board) or academy administrator's training and proficiency in conducting teacher performance evaluations if s/he does so or his/her designee's proficiency and training if the administrator designates such duties.
 2. The progress made by the academy in meeting the goals established in the academy improvement plan.
 3. Student attendance.
 4. Student, parent and teacher feedback and other information considered pertinent by the Board.
- F. For the purposes of conducting annual year-end evaluations under the performance evaluation system, by the beginning of the 2016-2017 school year, the Board shall adopt and implement one (1) or more of the evaluation tools for teachers, or administrators, if available, that are included on the list established and maintained by the Michigan Department of Education. However, if the Board has one (1) or more local evaluation tools for administrators or modifications of an evaluation tool on the list, and the academy complies with G., below, the academy may conduct annual year-end evaluations for School Leaders or academy administrators using one (1) or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by the Academy so that all similarly situated academy administrators are evaluated using the same measures.
- G. Beginning with the 2016-2017 school year, the Board shall post on its public website all of the following information about the measures it uses for its performance evaluation system for school administrators:
1. The research base for the evaluation framework, instrument, and process or, if the Board adapts or modifies an evaluation tool from the MDOE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.
 2. The identity and qualifications of the author or authors or, if the Board adapts or modifies an evaluation tool from the MDOE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.
 3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Board adapts or modifies an evaluation tool from the MDOE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.
 4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.
 6. A description of the plan for providing evaluators and observers with training.
- H. Beginning with the 2016-2017 school year:
1. The Board shall provide training to school administrators on the measures used by the Academy in its performance evaluation system and on how each of the measures is used. This training may be provided by the Board or by a consortium consisting of 2 or more public school academies.
 2. The Board shall ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Board, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Board may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The evaluation system shall ensure that if the School Leader (employed by the Board) or academy administrator is rated as minimally effective or ineffective, the person(s) conducting the evaluation shall develop and require the School Leader (employed by the Board) or academy administrator to implement an improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other measures designed to improve the rating of the School Leader (employed by the Board) or academy administrator on his/her next annual year-end evaluation. A School Leader (employed by the Board) or academy administrator rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment with the academy.

The evaluation program shall aim at the early identification of specific areas in which the individual administrator needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to an administrator shall not release that professional staff member from the responsibility to improve. If a School Leader (employed by the Board) or academy administrator, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal procedures may be invoked. In such an instance, all relevant evaluation documents may be used in the proceedings.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Individuals working in multiple Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Academy receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the School Leader shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Leader or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Superintendent
2441 Sanford Street
Muskegon Heights, MI 49444
(231) 830-3703

AccessPoint -CHIEF OPERATING
OFFICER
42400 Grand River Avenue, Ste. 200
Novi, MI 48375
(248) 319-1380

The names, titles, and contact information of these individuals will be published annually:

- A. in the staff handbooks

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. Any sections of the Academy's collective bargaining agreements dealing with hiring and promotion need to contain a statement of nondiscrimination similar to that in the Board's statement above. In addition, any gender-specific terms should be eliminated from such contracts. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy official so that the Board may address the conduct. Any administrator, supervisor, or other Academy official or official who receives such a complaint shall file it with the CO within two (2) school days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the School Leader (employed by the Board) or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the employee within two (2) business days to advise him/her of the Board's intent to investigate the wrongdoing.

Investigation and Complaint Procedure (See Form 1422 F2)

Any employee who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of her/his complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop quickly inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure

is provided as a less formal option for an employee who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the parties (the alleged target of the discrimination/retaliation and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Employees who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated.

As an initial course of action, if an individual feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful conduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

An individual who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the School Leader (employed by the Board) or other Academy official.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide employees who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the individual about how to communicate his/her concerns to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 1422—Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works.
- C. If both parties agree, the CO may arrange and facilitate a meeting between the individual claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the individual elects to file a formal complaint initially, the formal complaint process shall be implemented.

An individual who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant"), may file a formal complaint, either orally or in writing, with a school leader, the CO, School Leader (employed by the Board), or other Academy official. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a school leader, School Leader (employed by the Board), or other Academy official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person who allegedly engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the School Leader (employed by the Board).

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a

complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 1422 Non-Discrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO, or a designee, will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations; and
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the School Leader (employed by the Board) that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the School Leader (employed by the Board) must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader's (employed by the Board) final decision will be delivered to both the Complainant and the Respondent.

If the School Leader (employed by the Board) requests additional investigation, the School Leader (employed by the Board) must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader (employed by the Board) must issue a final written decision as described above.

If the School Leader (employed by the Board) determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation. A Complainant or Respondent who is dissatisfied with the final decision of the School Leader (employed by the Board) may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the School Leader's (employed by the Board) final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A

copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The Complainant may be represented, at his/her own cost, at any of the above described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader (employed by the Board) shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or School Leader (employed by the Board) shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader (employed by the Board) or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any interim measures offered and/or provided to complainants and/or the alleged perpetrators, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

ADMINISTRATOR DISCIPLINE

Whenever it becomes necessary to discipline an Administrator, the School Leader shall utilize the following principles and procedures. The Board, or its designee, shall utilize the following principles and procedures if the School Leader is the subject of the disciplinary action.

The School Leader shall conduct an investigation of any alleged act or omission by an Administrator that could result in disciplinary action. The Administrator shall be provided with oral or written notice of the issue or incident being investigated.

The investigation shall include, at a minimum, interviews of appropriate persons and a meeting with the subject Administrator to allow the Administrator an opportunity to respond to the complaint. Prior notice of this meeting shall be provided to the Administrator for any discipline that may result in a suspension or loss of pay.

After completion of the investigation, if discipline is to be imposed, the Administrator shall receive written notice of the discipline and this notice shall also be placed in the Administrator's file.

Discipline may include, but is not limited to:

- A. written warning;
- B. written reprimand;
- C. suspension (paid or unpaid);
- D. discharge;
- E. financial penalty in accordance with Michigan law.

The Academy does not have to apply discipline in a progressive manner, but, rather, may impose discipline consistent with seriousness of the Administrator's conduct, as determined by the Academy. Additionally, nothing in this policy limits the Academy's right to take other appropriate action, such as placing an Administrator on administrative leave during the pendency of an investigation or issuing a counseling memorandum, which is considered instructional, not disciplinary.

The School Leader decision to impose any disciplinary action that is not subject to Board review is final.

Discharge, demotion or non-renewal of an Administrator may only be imposed by the Board in adherence with the requirements of the Revised School Code.

GROUP HEALTH PLANS

The Board of Education shall have discretion to establish and maintain group health plans for the benefit of eligible employees. The definition of group health plans as used in this policy may include, but is not limited to, major medical, prescription drug, dental and/or vision plans. These group health plans may provide certain health benefit plans to employees as permitted by law.

The Board has elected to provide minimum value health coverage for some or all of its eligible employees. The terms and conditions of the health coverage are set forth in the appropriate plan documents.

Eligible employees who have coverage through the employer of a working spouse may receive additional compensation if they waive the Academy's medical coverage. Eligible employees who waive the medical coverage will be paid an additional monthly compensation equal to single subscriber rate for that employee, with the understanding that this additional compensation is subject to FICA and Federal, State and local income tax. To receive this compensation, the eligible employee must provide the Academy with proof of medical coverage provided by the spouse's employer.

45 C.F.R. 164.406, 164.408, 164.502, 164.520(a)

The Board of Education provides coverage to eligible employees under fully insured group health plans. The Board has established the following fully insured group health plans:

- A. Medical Plan
- B. Prescription Drug Plan
- C. Dental Plan
- D. Vision Plan

The Board acknowledges that these group health plans are required to comply with the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule as amended by Title I of the Genetic Information Nondiscrimination Act (GINA). Fully insured group health plans generally are exempt from many of the requirements imposed upon self-funded group health plans.

The Board also acknowledges that these fully insured group health plans are required to comply with the HIPAA Security Rule. The group health plans, working together with the insurer, will ensure the confidentiality, integrity, and availability of the group health plans' electronic Protected Health Information in accordance with the HIPAA Security Rule.

The Board hereby appoints HR Director to serve as the Security Official of the group health plans. All of the group health plans' functions are carried out by the insurer and the insurer owns and controls all of the equipment and media used to create, maintain, receive, and transmit electronic Protected Health Information relating to the group health plans. Accordingly, the insurer is in the best position to implement the technical, physical, and administrative safeguards required by the HIPAA Security Rule.

The Security Official does not have the ability to assess or adjust the insurer's policies related to the HIPAA Security Rule. Accordingly, unless otherwise determined by the Security Official, the group health plans shall utilize as administrative guidelines the insurer's own policies addressing security measures for the group health plans' electronic Protected Health Information.

The Department of Health and Human Services (HHS) has the authority to impose civil monetary penalties upon Covered Entities. HHS has not historically imposed these penalties directly upon individuals. Notwithstanding the foregoing, the Board agrees to indemnify and hold harmless the Privacy Official and Security Official in connection with the performance of their delegated duties for the group health plans, except to the extent that any liability is imposed as the result of intentional misconduct or gross negligence by the Privacy Official or Security Official as defined by law.

The fully insured group health plans established by the Board shall:

- A. Refrain from taking any retaliatory action against any individual for exercising any right under the plan, filing a complaint with Health and Human Services, participating in any proceeding under Part C of Title XI of the Social Security Act, or opposing any act or practice made unlawful by the Privacy Rule provided that the individual has a good faith belief that the practice opposed is unlawful.
- B. Not impose a requirement that participants waive their rights under the Privacy Rule as a condition of the provision of payment, enrollment in a health plan, or eligibility of benefits.
- C. If the plan document is amended in accordance with the Privacy Rule, the plan must retain a copy of the plan document as amended for six (6) years from the date of its amendment or the date when it last was in effect, whichever is later.
- D. Provide notification to affected individuals, the Secretary of the U.S. Department of Health and Human Services, and the media (when required), if the plan or one of its business associates discovers a breach of unsecured protected health information, in accordance with the requirements of HIPAA and its implementing regulations.

Fully insured group health plans established by the Board shall not create or receive protected health information, except for:

- A. Summary health information. Summary health information is de identified information that summarizes claims history, claims expenses, or type of claims experienced by health plan participants.
- B. Information on whether an individual is participating in a group health plan, or is enrolled in or has disenrolled from a health insurance issuer or HMO offered by the plan.
- C. Information disclosed to the plan under a signed authorization that meets the requirements of the Privacy Rule.

PATIENT PROTECTION AND AFFORDABLE CARE ACT

Reference: 29 U.S.C. 218B
26 U.S.C. 4980H

The Board of Education acknowledges that the Patient Protection and Affordable Care Act (“ACA”) imposes certain obligations upon the Academy. Such obligations may include the following:

- A. The Academy shall notify new employees of health insurance options available through the Health Insurance Marketplace within fourteen (14) days of an employee’s employment start date. Sample form notices are available from the U.S. Department of Labor at:

<http://www.dol.gov/ebsa/healthreform/regulations/coverageoptionsnotice.html>

- B. Employees of the Academy have the option to enroll in the Health Insurance Marketplace. If a full-time employee (as defined by the ACA) of the Academy enrolls in the Health Insurance Marketplace and receives a subsidy, then the Academy may be liable for a penalty.

In event that the Academy concludes that it is fiscally-wise to incur the potential penalty in lieu of providing affordable, minimum value coverage to all full-time employees, the Academy shall incur the potential penalty.

SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

Reference: 29 C.F.R. Part 1630
29 U.S.C. 794, Section 504 Rehabilitation Act of 1973, as amended,
34 C.F.R. Part 104
42 U.S.C. 12101 et seq., Americans with Disabilities Act of 1990, as amended

The Board of Education prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board of Education will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board of Education will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board of Education will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the Academy's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

The Board designates the following individual(s) to serve as the Academy's 504 Compliance Officer(s)/ADA Coordinator(s) (hereinafter referred to as the "Academy Compliance Officer(s)").

1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with a Academy Compliance Officer within the time limits specified below. The Academy's Compliance Officer is available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. This complaint procedure is not available to unsuccessful applicants. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the Academy Compliance Officer.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the Academy Compliance Officer. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged discriminatory action in sufficient detail to inform the Academy Compliance Officer of the nature and date of the alleged violation, and propose a resolution. The complaint must be filed within thirty (30) calendar days of the circumstances or event giving rise to the complaint, unless the time for filing is extended by the Academy Compliance Officer for good cause.
- C. The Academy Compliance Officer will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all

interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The Academy Compliance Officer will provide the complainant with a written disposition of the complaint within ten (10) work days. If no decision is rendered within ten (10) work days, or the decision is unsatisfactory in the opinion of the complainant, the employee may file, in writing, an appeal with the School Leader. The Academy Compliance Officer shall maintain the Academy's files and records relating to the complaint.

- D. The School Leader will, within ten (10) work days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The School Leader will render his/her decision within ten (10) work days of the hearing.

- E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.
- F. The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the complainant was subjected to unlawful discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

Model Anti-bullying Policy, Michigan State Board of Education, 09-2006
National School Boards Association Inquiry and Analysis – May 2008

General Policy Statement

It is the policy of the Board of Education to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and transgender identity), disability, age, religion, height, weight, marital or family status, military status, ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as "unlawful harassment"), and encourages those within the Academy community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate or cause to be investigated all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take or cause to be taken immediate steps to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action either from the Board or by recommendation of the Board to the Educational Service Provider.

The Academy will offer counseling services to any person found to have been subjected to unlawful harassment, and, where appropriate, the person(s) who committed the unlawful harassment.

For purposes of this policy, "Academy community" means students, administrators, and professional and support staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at school-related events/activities (whether on or off Academy property).

Other Violations of the Anti-Harassment Policy

The Board will also take or cause to be taken immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

Definitions

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;
- D. stalking;
- E. cyberstalking;
- F. cyberbullying;
- G. physical violence;
- H. theft;
- I. sexual, religious, or racial harassment;
- J. public humiliation; or
- K. destruction of property.

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

- A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles;

obscene telephone calls.

- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
- J. Inappropriate boundary invasions by an Academy employee or other adult member of the Academy community into a student's personal space and personal life.
- K. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Members of the Academy community, which includes all staff, and third parties are encouraged to promptly report incidents of harassing conduct to the Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a complaint shall file it with the Academy's Anti-Harassment Compliance Officer at his/her first convenience.

Members of the Academy community or third parties who believe they have been unlawfully harassed by another member of the Academy community or a third party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to one of the Anti-Harassment Compliance Officers who shall investigate the allegation in accordance with this policy. While the Compliance Officer investigates the allegation, the School Leader shall suspend his/her 5517.01 investigation to await the Compliance Officer's written report. The Compliance Officer shall keep the School Leader informed of the status of the 1662 investigation and provide him/her with a copy of the resulting written report.

Anti-Harassment Compliance Officers

The Board designates the following individuals to serve as "Anti-Harassment Compliance Officers" for the Academy. They are hereinafter referred to as the "Compliance Officers".

Superintendent 2441 Sanford Street Muskegon Heights, MI 49444 (231) 830-3703	AccessPoint -CHIEF OPERATING OFFICER 42400 Grand River Avenue, Ste. 200 Novi, MI 48375 (248) 319-1380
---	---

The names, titles, and contact information of these individuals will be published annually:

- A. in the parent and staff handbooks

The Compliance Officers will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept complaints of unlawful harassment directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the member of the Academy community alleging harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the School Leader or will oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of harassment that are reported to them to the Compliance Officer within two (2) business days of learning of the incident.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Compliance Officers within two (2) business days. Thereafter, the Compliance Officer or designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) business days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Investigation and Complaint Procedure (See Form 1662 F1)

Any employee or other member of the Academy community or third party (e.g., visitor to the Academy) who believes that s/he has been subjected to unlawful harassment may seek resolution of his/her complaint through either the informal or formal procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of legally prohibited harassment was substantiated are set forth below.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a

complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The informal and formal procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior and to investigate and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the Academy community, or third party who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint and will only be utilized where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in such process.

Employees, other members of the Academy community, or third parties who believe that they have been unlawfully harassed or retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

However, all complaints of harassment involving an Academy employee, any other adult member of the Academy community, or a third party against a student will be formally investigated. Similarly, any allegations of sexual violence will be formally investigated.

As an initial course of action, if an individual feels that s/he is being unlawfully harassed and s/he is able and feels safe doing so, the individual should tell or otherwise inform the harasser that the conduct is unwelcome and must stop. Such direct communication should not be utilized in circumstances involving sexual violence. The complaining individual should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the harasser of his/her complaint is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

An individual who believes s/he has been unlawfully harassed may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator; (2) directly to one of the Compliance Officers; and/or (3) to the School Leader.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below on his/her own, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide employees, other members of the Academy community, or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming unlawful

harassment, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the individual about how to communicate the unwelcome nature of the behavior to the alleged harasser.
- B. Distributing a copy of the anti-harassment policy as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting between the individual claiming harassment and the individual accused of harassment to work out a mutual resolution. Such a meeting is not appropriate in circumstances involving sexual violence.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or if the individual elects to file a formal complaint initially, the formal complaint process shall be implemented.

An individual who believes she/he has been subjected to offensive conduct/harassment/retaliation hereinafter referred to as the "Complainant", may file a formal complaint, either orally or in writing, with a teacher, Principal, the Compliance Officer, School Leader, or other Academy employee. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, Principal, School Leader, or other Academy employee, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer or designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, offensive conduct/harassment/retaliation; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the alleged harasser. In making such a determination, the Compliance Officer should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions s/he deem appropriate in consultation with the School Leader.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the individual alleged to have engaged in the harassing or retaliatory conduct, hereinafter referred to as the "Respondent", that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant Administrative Guidelines, including the Board's Anti-Harassment Policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer or the designee, the School Leader must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the School Leader's final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a final written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the date of the School Leader's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representative within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to cause a complaint or report of unlawful harassment/retaliation to be investigate regardless of whether the member of the Academy community or third party alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action by the Board up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or School Leader shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.

Retaliation

Any act of retaliation against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation is prohibited.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a child under the age of eighteen (18) or that a person with a disability receiving services as a student from the Academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy. This policy shall also apply to employees of an Educational Service Provider.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the School Leader.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;

PARENT AND FAMILY ENGAGEMENT

Reference: Sec. 1112, 1116 ESEA
MCL 380.1294

The Board recognizes and values parents/guardians and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents/guardians and family. Such a partnership between the home and school and greater involvement of parents/guardians and family members in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the Academy policy.

The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA), defines the term "parent" to include a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare).

The term "family" is used in order to include a child's primary caregivers, who are not the biological parents, such as foster caregivers, grandparents, other family members and responsible adults who play significant roles in providing for the well-being of the child.

Family engagement is a collaborative relationship between families, educators, providers, and partners to support and improve the learning, development and health of every learner. The principles of family engagement include: relationships as the cornerstone; positive learning environments; efforts tailored to address all families, so all learners are successful; purposeful and intentional efforts that clearly identify learner outcomes; and engaging and supporting families as partners in their child's education.

Through this policy, the Board directs the establishment of a Parental and Family Engagement Plan by which a school-partnership can be established and provided to the parent/guardian of each child in the Academy. The plan must encompass parent/guardian participation, through meetings and other forms of communication. The Parental and Family Engagement Plan shall reflect the Board's commitment to the following:

A. Relationships with Families

1. cultivating school environments that are welcoming, supportive, and student-centered;
2. providing professional development for school staff that helps build partnerships between families and schools;^{1,2}
3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;^{1,2} and
4. providing coordination, technical support and other support to assist schools in planning and implementing family engagement activities.²

B. Effective Communication

1. providing information to families to support the proper health, safety, and well-being of their children;
2. providing information to families about school policies, procedures, programs, and activities;^{1,2}
3. promoting regular and open communication between school personnel and students' family members;
4. communicating with families in a format and language that is understandable, to the extent practicable;^{1,2}
5. providing information and involving families in monitoring student progress;²
6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions;^{1,2} and
7. preparing families to be involved in meaningful discussions and meetings with school staff.^{1,2}

C. Volunteer Opportunities

1. providing volunteer opportunities for families to support their children's school activities;² and
2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family engagement events.²

D. Learning at Home

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school;^{1,2}
2. working with families to establish learning goals and help their children accomplish these goals; and
3. helping families to provide a school and home environment that encourages learning and extends learning at home.¹

E. Engaging Families in Decision Making and Advocacy

1. engaging families as partners in the process of school review and continuous improvement planning;² and
2. engaging families in the development of its Academy-wide parent/guardian and family engagement policy and plan, and distributing the policy and plan to families.^{1,2}

F. Collaborating with the Community

1. building constructive partnerships and connecting families with community-based programs and other community resources;^{1,2} and
2. coordinating and integrating family involvement programs and activities with Academy initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.¹²

Implementation

The School Leader (employed by the Board), will provide for a comprehensive plan to engage parents/guardians, families, and community members in a partnership in support of each student's academic achievement, the Academy's continuous improvement, and individual school improvement plans. The Academy's plan will be distributed to all parents/guardians and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents/guardians and families, of the plan's content, effectiveness and identification of barriers to participation by parents/guardians and families with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background; the needs of parents and family members to assist with the learning of their children (including engaging with school personnel and teachers); and the strategies to support successful school and family interaction. Each school plan will include the development of a written school-parent compact jointly with parents for all children participating in Title I, part A activities, services, and programs. The compact will outline how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Evaluation findings will be used in the annual review of the Parent/guardian and Family Engagement policy and to improve the effectiveness of the Academy plan. This policy will be updated periodically to meet the changing needs of parents, families, and the schools.

As such, the Board does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry or genetic information in its educational programs or activities and will not permit discrimination in any of these categories from its Educational Service Provider.

The Board also does not discriminate in its employment policies and practices as they relate to students, and does not tolerate harassment of any kind.

Educational programs shall be designed to meet the varying needs of all students.

In order to achieve the aforesaid goal, the School Leader (employed by the Board) shall:

The Academy will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

The School Leader (employed by the Board) shall annually attempt to identify children with disabilities, ages 0-25, who do not receive a public education.

In addition, s/he shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in Academy programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the Academy will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (also see Policy 2225).

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and all other members of the Academy community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other Academy official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) school days.

Members of the Academy community, which includes students or third parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the School Leader shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the School Leader shall suspend his/her Policy 5517.01 investigation to await the CO's written report. The CO shall keep the School Leader informed of the status of the Policy 2260 investigation and provide him/her with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a CO

will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the School Leader (employed by the Board) or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the student, if age eighteen (18) or older, or the student's parents/guardians if the student is under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Any student who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to quickly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the parties (the alleged target of the discrimination and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Students who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated.

As an initial course of action, if a student feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful conduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

A student who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the School Leader (employed by the Board) or other Academy-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide students who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the student claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student about how to communicate his/her concerns to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 2260 – Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting between the student claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the student elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant") may file a formal complaint, either orally or in writing, with a teacher, School Leader, or other employee at the student's school, the CO, School Leader (employed by the Board), or another employee who works at another school or at the Academy level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a teacher, School Leader, or other employee at the student's school, School Leader (employed by the Board), or other employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person alleged to have engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the School Leader (employed by the Board).

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent") that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 Nondiscrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the School Leader (employed by the Board) that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the School Leader (employed by the Board) must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader's (employed by the Board) final decision will be delivered to both the Complainant and the Respondent.

If the School Leader (employed by the Board) requests additional investigation, the School Leader (employed by the Board) must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the School Leader (employed by the Board) shall issue a final written decision as described above.

If the School Leader (employed by the Board) determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation. A Complainant or Respondent who is dissatisfied with the final decision of the School Leader (employed by the Board) may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the School Leader's (employed by the Board) final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful

discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The Complainant may be represented, at his/her own cost, at any of the above described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a Complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader (employed by the Board) shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or School Leader (employed by the Board) shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil

rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader (employed by the Board), or designee, shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

The Academy will endeavor to assist the student and/or his/her parents/guardians in their access to Academy programs by providing notices to the parents/guardians and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The Academy shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- D. written witness statements;
- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);

- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;

- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Reference: 29 USC 794, Section 504 Rehabilitation Act of 1973, as amended
34 C.F.R. Part 104
42 USC 12101 et seq., Americans with Disabilities Act of 1990, as amended

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA") and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board does not discriminate in admission or access to, or participation in, or treatment, in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities, and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the Academy.

An individual with a disability means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aides and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a disabled person who meets the academic and technical standards requisite to admission or participation in the vocational program or activity.

Compliance Officers

The Board designates the following individuals to serve as the Academy's 504 Compliance Officers/ADA Coordinators (hereinafter referred to as the "Compliance Officers").

Superintendent
2441 Sanford Street
Muskegon Heights, MI 49444
(231) 830-3703

AccessPoint -CHIEF OPERATING
OFFICER
42400 Grand River Avenue, Ste. 200
Novi, MI 48375
(248) 319-1380

The names, titles, and contact information of these individuals will be published annually:

- A. in the staff handbooks

The Compliance Officers are responsible for coordinating the Academy's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of the implementing regulations, may be obtained from the Compliance Officer.

The Compliance Officers will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. The Board will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing. (See AG 2260.01B).

Training

The Compliance Officers will also oversee the training of employees in the Academy so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, Administrative Procedures and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are

readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents/guardians with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For disabled students who are not eligible for specially designed instruction under the IDEIA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who is enrolled by the Academy to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Academy places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home.

The Academy will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the Compliance Officers will be posted throughout the Academy, and published in the Academy's recruitment statements or general information publications.

The School Leader (employed by the Board) shall develop Administrative Procedures for the proper implementation of this policy.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents/guardians and students will be notified of their right to file

an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents/guardians will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents/guardians will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with the Compliance Officer within specified time limits. The Compliance Officer is available to assist individuals in filing a complaint or request.

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent/guardian. A student and/or parent/guardian may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

Step 1 Investigation by the Compliance Officer: A student or parent/guardian may initiate an investigation by filing a written internal complaint with the Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) calendar days after disclosure of the facts giving rise to the complaint. The Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) school days of the written complaint being filed. The Compliance Officer will notify the complainant in writing of his/her decision.

Step 2 If the complaint is not resolved satisfactorily at Step 1, the student or parent/guardian may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Compliance Officer must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent/guardian believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation, is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

The School Leader must also assure that each Title I participating academy develops a specific written plan, with parental involvement and agreement, which includes provisions regarding the following:

The Board recognizes the value to students and to the Academy for students to participate in courses offered by accredited and degree-granting colleges and universities. Eligible postsecondary institutions shall include state universities, community colleges, and independent nonprofit degree granting colleges or universities located in Michigan and that choose to comply with the Postsecondary Enrollment Options Act and out-of-state colleges satisfying the requirements of M.C.L. 388.513 that choose to comply with the Postsecondary Enrollment Options Act.

The Board will allow eligible high school students who meet the criteria established in guidelines/procedures to enroll in eligible postsecondary courses while in attendance at the Academy. The School Leader shall allow a student, upon written request of his/her parent/guardian to take approved readiness assessment(s) in order to establish eligibility for postsecondary enrollment. Any tests are to be administered free of charge in accordance with the Academy's testing schedule. Students will be eligible to receive appropriate credit for completing any of these courses providing they meet all requirements for the type of credit they wish to earn.

The School Leader (employed by the Board) shall establish the necessary administrative procedures to ensure that such courses are in accord with State law and are properly communicated to both the students and their parents/guardians. The School Leader (employed by the Board) shall also establish procedures/guidelines for the awarding of credit and the proper entry on a student's transcript and other records of his/her participation in a postsecondary program.

Upon receipt of a bill from the postsecondary institution itemizing the charges for a student's participation in a particular course, the Academy shall either pay the bill or the prorated percentage of the State portion of the foundation allowance for that student, whichever is lower. If charges exceed such payment, the student and his/her parents are responsible for the remaining charges.

If a student participating in the postsecondary (dual) enrollment program fails to successfully complete an eligible course, the student and his/her parents/guardians are responsible for reimbursing the Academy for such charges incurred by the Academy for such enrollment. In the event reimbursement is not made in a reasonable period of time, the School Leader (employed by the Board) is authorized to file claim against the student and/or his/her parents/guardians in Small Claims Court for collection.

The School Leader (employed by the Board) is to submit annually to the Board the following information:

- A. the amount of money paid to postsecondary institutions for this program;
- B. the number of students in the high school and the number who participated in at least one (1) postsecondary program and received payment for all or part of the eligible charges under this program both in the aggregate and by grade level;

- C. the percentage of the Academy's enrollment represented by eligible students both in the aggregate and by grade level; and
- D. the total number of post-secondary courses for which the Academy made payment, the number of courses for which postsecondary credit was granted, the number of courses for which high school credit was granted, and the number of courses that were not completed by eligible students.

ON-LINE/BLENDED LEARNING PROGRAM

Reference: M.C.L. 388.1621
Michigan Department of Education Guidance on Best Practices as Defined in M.C.L.
388.1622f

A. Definitions

1. On-Line Learning- Means a course of study that is capable of generating a credit or a grade, that is provided in an interactive internet-connected learning environment, in which students and their teachers are separated by time or location, or both, and in which the teacher is responsible for determining appropriate instructional methods for each student, diagnosing learning needs, assessing student learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.
2. Blended Learning- A hybrid instructional delivery model where students are provided content, instruction, and assessment in part at the classroom, with a teacher, and in part through internet-connected learning environments with some degree of student control over time, location, and pace of instruction.

B. Program Eligibility

The Academy shall offer a program for students in Grades 6-12.

C. Student Eligibility

1. Students eligible for the Academy on-line/blended learning program must meet at least one of the following conditions:

 - b. The student is a dependent child of a member of the United States Armed Forces who was transferred within the last twelve (12) months to Michigan from another state or foreign country pursuant to the parent's permanent change of station orders.
2. Only students enrolled in grades 6 to 12 are eligible to enroll in an On-Line Learning course. Students in grades K-5 are only eligible to participate in Blended Learning Courses.

D. Course Availability and Access

1. The Academy shall provide access to enroll and participate in the available courses and shall award credit, as may be appropriate, for successful completion. Access shall be available to eligible students during or after the school day and during summer school enrollment. The Academy will provide at least one of the following:

 - c. Independent Study, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-A.
2. The Academy shall enroll an eligible student in up to two (2) on-line courses as requested by the student during an academic term, semester, or trimester. Consent from the student's parent or legal guardian must be obtained for students under the age of eighteen (18).
3. The Academy will provide two or fewer courses per semester in Grades K-5 and one or more courses per semester in Grades 6-12. If students are taking more than two courses per semester, the guidance found in the Pupil Accounting Manual 5-O-B shall be followed and seat time waivers obtained.
4. An eligible student may enroll in an on-line course published in the Academy on-line course syllabus, as described in section 8 below, or the statewide catalog of on-line courses maintained by the Michigan virtual university.
5. The Academy may deny a student enrollment in an on-line course if any of the following apply, as determined by the Academy:
 - a. The student has previously gained the credits provided from the completion of the on-line course.

 - c. The on-line course is inconsistent with the remaining graduation requirements or career interests of the student.
 - d. The student does not possess the prerequisite knowledge and skills to be successful in the on-line course or has demonstrated failure in previous on-line coursework in the same subject.
 - e. The on-line course is of insufficient quality or rigor. If the Academy denies a student enrollment for this reason, the Academy shall make a reasonable effort to assist the student to find an alternative course in the same or a similar subject that is of acceptable rigor and quality.

- f. If a student is denied enrollment in an on-line course by the Academy, the student may appeal the denial by submitting a letter to the Superintendent. The appeal must include the reason provided by the Academy for not enrolling the student and the reason why the student is claiming that the enrollment should be approved.

The Superintendent shall respond to the appeal within five (5) days after it is received. If the Superintendent determines that the denial of enrollment does not meet one (1) or more of the reasons specified in subsection 4(E)i.-vi., the Academy shall allow the student to enroll in the on-line course.

- g. An on-line learning student shall have the same rights and access to technology in his or her Academy's facilities as all other students enrolled in that Academy.
- h. If a student successfully completes an on-line course, as determined by the Academy, the Academy shall grant appropriate academic credit for completion of the course and shall count that credit toward completion of graduation and subject area requirements. A student's school record and transcript shall identify the on-line course title as it appears in the on-line course syllabus.
- i. The enrollment of a student in one (1) or more on-line courses shall not result in a student being counted as more than 1.0 full-time equivalent students under this act.

E. Nonresident Applications

1. The Academy shall determine whether or not it has capacity to accept applications for enrollment from nonresident applications in on-line courses and may use that limit as the reason for refusal to enroll an applicant.
2. If the number of nonresident applicants eligible for acceptance in an on-line course does not exceed the capacity of the Academy to provide the on-line course, the Academy shall accept for enrollment all of the nonresident applicants eligible for acceptance.
3. If the number of nonresident applicants exceeds the Academy's capacity to provide the on-line course, the Academy shall use a random draw system.

Additionally, any officer, agent, or employee of the Board is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion. Violation of these prohibitions may lead to disciplinary action, including, but not limited to any financial penalties required by the State of Michigan.

The Board accepts as policy the guidelines entitled "Sex Education Guidelines including Reproductive Health and Family Planning" established by the Michigan Department of Education. A copy shall be available for inspection in the Academy office.

Each person who teaches K to 12 students about human immunodeficiency virus infection and acquired immunodeficiency syndrome shall have training in human immunodeficiency virus infection and acquired immunodeficiency syndrome education for young people. Licensed health care professionals who have received training on human immunodeficiency virus infection and acquired immunodeficiency syndrome are exempt from this requirement.

The Academy shall notify parents, in advance of the instruction, about the content of the instruction, give the parents an opportunity, prior to instruction, to review the materials to be used (other than tests), and observe the instruction. The Academy shall further advise the parents of their right to have their child excused from the instruction.

Before any revisions to the curriculum on the subjects taught pursuant to M.C.L. 380.1169 are implemented, the Board shall hold at least two (2) public hearings on the proposed revisions. The hearings shall be held at least one (1) week apart and public notice of the hearings shall be given in the manner required for board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to M.C.L. 380.1507.

SEX EDUCATION

References: M.C.L 380.1507. 380.1169. 388.1766

In accordance with Michigan statute, the Board of Education authorizes instruction in sex education. Such instruction may include family planning, human sexuality, and the emotional, physical, psychological, hygienic, economic, and social aspects of family life. Instruction may also include the subjects of reproductive health and the recognition, prevention, and treatment of sexually transmitted disease.

The instruction described in this policy shall stress that abstinence from sex is a responsible and effective method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease and is a positive lifestyle for unmarried young people.

Such instruction shall be elective and not a requirement for graduation.

A student shall not be enrolled in a class in which the subjects of family planning or reproductive health are discussed unless the student's parent or guardian is notified in advance of the course and the content of the course, is given a prior opportunity to review the materials to be used in the course and is notified in advance of his or her right to have the student excused from the class. The Michigan Board of Education shall determine the form and content of the notice required in this policy.

Upon the written request of a student or the student's parent or legal guardian, the student shall be excused, without penalty or loss of academic credit, from attending a class described in this policy. If a parent or guardian submits a continuing written notice, the student will not be enrolled in a class described in this policy unless the parent or guardian submits a written authorization for that enrollment.

The Academy shall provide the instruction by teachers qualified to teach health education. The Board shall establish a sex education advisory board and shall determine terms of service for the sex education advisory board, the number of members to serve on the advisory board, and a membership selection process that reasonably reflects the Academy's population. The Board shall appoint two (2) co-chairs for the advisory board, at least one (1) of whom is a parent of a child attending an Academy. At least (one-half) 1/2 of the members of the sex education advisory board shall be parents who have a child attending an Academy, and a majority of these parent members shall be individuals who are not employed by an Academy. The sex education advisory board shall include students of the Academy, educators, local clergy, and community health professionals. Written or electronic notice of a sex education advisory board meeting shall be sent to each member at least two (2) weeks before the date of the meeting.

The sex education advisory board shall:

- A. Establish program goals and objectives for student knowledge and skills that are likely to reduce the rates of sex, pregnancy, and sexually transmitted diseases. Additional program goals and objectives may be established by the sex education advisory board that are not contrary to Michigan law.
- B. Review the materials and methods of instruction used and make recommendations to the Board for implementation. The advisory board shall take into consideration the Academy's needs, demographics, and trends,

including, but not limited to, teenage pregnancy rates, sexually transmitted disease rates, and incidents of student sexual violence and harassment.

- C. At least once every two (2) years, evaluate, measure, and report the attainment of program goals and objectives established by the advisory board. The Board shall make the resulting report available to parents in the Academy.

Before adopting any revisions in the materials or methods used in instruction under this policy, including, but not limited to, revisions to provide for the teaching of abstinence from sex as a method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease, the Board shall hold at least two (2) public hearings on the proposed revisions. The hearings shall be held at least one (1) week apart and public notice of the hearings shall be given in the manner required for Board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to M.C.L. 380.1169.

Each person who provides instruction to K to 12 students in accordance with this policy shall receive training based on Academy approved standards and in accordance with training requirements of the Michigan Department of Education (MDE) and the Michigan Department of Health and Human Services (MDHHS).

No person shall dispense or otherwise distribute in an Academy or on Academy property a family planning drug or device. Additionally, any officer, agent, or employee of the Board is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion.

For purposes of this policy, "family planning" means the use of a range of methods of fertility regulation to help individuals or couples avoid unplanned pregnancies; bring about wanted births; regulate the intervals between pregnancies; and plan the time at which births occur in relation to the age of parents. It may include the study of fetology. It may include marital and genetic information. Clinical abortion shall not be considered a method of family planning, nor shall abortion be taught as a method of reproductive health.

INTERSCHOLASTIC ATHLETICS

Reference: MCL 380.1289, 380.1318, Good Sportsmanship Campaign, Michigan High School Athletic Association

The Board recognizes the value to the Academy and to the community of a program of interscholastic athletics for as many students as feasible.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by or the Academy alone.

The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics.

Game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the Academy.

The Board further adopts those eligibility standards set by the Constitution of the Michigan High School Athletics Association (MHSAA) and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels. The School Leader is to develop procedures for coaches to follow which will ensure that as many team members as possible get the chance to play, so they have the opportunity to benefit from the learning experience.

Use of a performance-enhancing substance by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board.

The School Leader (employed by the Board) shall develop appropriate Administrative Procedures for the operation of the Athletic Program and a Code of Conduct for those who participate. Such procedures should provide for the following safeguards:

Prior to enrolling in the sport,

- A. Each participant shall submit to a thorough physical examination by a licensed physician.
- B. Parents/guardians shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- C. Any student who is found to have a health condition which may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a medical review panel that has determined the conditions under which the student may.

- D. Any student who incurs an injury requiring a physician's care is to have written approval by a physician prior to the student's return to participation.

A female student shall be permitted to compete for a position in all interscholastic athletic activities. If the Academy has a girls' team in an interscholastic athletic activity, a female shall be permitted to complete for a position on any other team for that activity.

Adopted 2/8/17

MANAGING HEAT AND HUMIDITY IN INTERSCHOLASTIC ATHLETIC PROGRAMS

The Board of Education authorizes the implementation of the model policy and procedures of the Michigan High School Athletic Association (MHSAA) for managing heat and humidity to minimize the risk of heat-related illness in interscholastic athletic programs. For all interscholastic athletic programs and activities as prescribed by the MHSAA, temperature and humidity shall be monitored and recorded in accordance with this policy and administrative guidelines (AG 2431.01). Temperature and humidity readings are to be recorded in writing and maintained for each school by the Custodian or Coach as applicable.

Heat Index measurements thirty (30) minutes prior to the start of the activity and again sixty (60) minutes after the start of the activity shall determine the appropriate measures to be followed with regard to the practice or competition activity. In all such circumstances, coaches/advisors shall provide the following, as indicated by the heat index:

- A. ample amounts of water
- B. water breaks
- C. ice-down towels, and
- D. careful monitoring of athletes/participants for necessary action

Coaches/advisors shall consider the nature of the sport/activity requiring additional equipment and shall adjust the time of outside activity and time of day for the activity in accordance with the MHSAA model policy.

If the Heat Index is above 104 degrees, the coach/advisor shall stop all outside activity in practice and/or play and shall stop all inside activity if air conditioning is unavailable. When the temperature is below 80 degrees, there is no combination of heat and humidity that will result in the need to curtail activity.

The School Leader, (employed by the Board) or designee shall implement reasonable procedures for the driver education course as required or permitted by law. Copies of those procedures shall be provided to students of the driver education program at the commencement of each new class.

If a child care center or before/after-school program is operated by the Academy, the Board, in consultation with the director of the program and/or the School Leader (employed by the Board), shall develop, adopt, and annually review policies and Administrative Procedures concerning the program that, at a minimum, address safety procedures for the program, including first aid, food safety, discipline, dispensing and storage of medication, and access to student emergency information and telephones.

If the Academy operates a child care center, it shall develop and implement the following written policies:

The Academy's professional school nursing services program shall comply with all applicable laws and shall include:

- A. a plan for in-service education for Academy personnel, including observations of the health of students, referral systems, and first aid and emergency procedures;
- B. policies and procedures enabling Academy personnel to comply with established health laws;
- C. policies and procedures for the prevention and control of health problems, including communicable diseases;
- D. policies and procedures for the prevention and control of accidents and injuries; and
- E. policies and procedures for maintaining a healthful Academy environment.

The Academy nurse shall:

- A. assume leadership in the development and revision of written first aid and emergency care policies;
- B. recommend and implement Academy policies and procedures that comply with established health laws, and make specific recommendations to students and Academy personnel regarding immunizations and communicable diseases; and
- C. cooperate with Academy administration and staff in establishing Academy health program policies and procedures in order that professional skills and knowledge may be used effectively in working with students, teachers, and parents.

The Educational Service Provider shall develop Administrative Procedures to ensure the proper implementation of this policy.

EDUCATION OF CHILDREN WITH DISABILITIES

Reference: 20 USC §§ 1412, 1413, 1418, 1464; 34 CFR §§ 300.156, 300.201, 300.209, 300.220, 300.224, 300.626, 300.646

The Academy shall assume primary responsibility for the administration and delivery of special education programs and services to students with disabilities. The Academy is committed to the provision of a continuum of special education programs and services to disabled students in cooperation with the Muskegon Area Intermediate School District. Placement options shall follow a continuum of services model to ensure that each disabled person is provided a free and appropriate public education in the least restrictive environment. To that end, every attempt will be made to first serve disabled students in the context of a regular education classroom. Other more restrictive environments, such as resource rooms, self-contained categorical classrooms, or settings outside the Academy will be considered only after consideration has been given by the individual educational plan as to the feasibility of placement in the regular classroom.

The School Leader (employed by the Board), shall adopt Administrative Procedures that are consistent with State laws and regulations to coordinate services for children with disabilities.

The Board shall take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services to children with disabilities.

LEAST RESTRICTIVE ENVIRONMENT POSITION STATEMENT

Reference: IDEA, 20 USC 1400, et. seq.

It is the philosophy and position of the Board of Education that the primary responsibility for the administration and delivery of special education programs and services should be within the Academy and at the Academy a student would regularly attend, whenever appropriate.

Further, the Board endorses a commitment to the provision of a continuum of special education programs and services to disabled students in cooperation with the Muskegon Area Intermediate School District. Placement options shall follow a continuum of services model to ensure that each disabled person is provided a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE). To that end, every attempt will be made to first serve disabled students in the context of a regular education classroom. Other more restrictive environments such as: resource rooms, self-contained categorical classrooms, or settings outside of the Academy will be considered only after consideration has been given by the I.E.P. as to the feasibility of placement in the regular classroom.

The School Leader shall develop Administrative Procedures for the proper implementation of this policy.

RECORDING OF ACADEMY MEETINGS INVOLVING STUDENTS AND/OR PARENTS

Recording of IEP Team and 504 Team Meetings

The recording of IEP Team meetings and 504 Team meetings is prohibited unless it is necessary in order for a parent to understand the IEP process or 504 process and/or his/her child's IEP or 504 Plan, or otherwise necessary to implement other parental rights under the IDEIA, Section 504 of the Rehabilitation Act of 1973, as amended, and/or the Americans with Disabilities Act, as amended.

- A. If a parent believes that audio recording an IEP Team or 504 Team meeting is necessary, s/he should notify School Leader (employed by the Board) in writing, preferably at least two (2) school days before the IEP Team or 504 Team meeting, of his/her desire to audio record the meeting and the reason the recording is required. The School Leader will notify the parent at least one (1) school day before the meeting if s/he intends to deny the parent's request to record the meeting.
- B. If the Academy representative denies the request, s/he will state in writing the reasons for the denial. Authorized exceptions to the general prohibition against the audio recording of IEP Team meetings and 504 Team meetings will typically involve situations when a parent or other IEP Team or 504 Team member has a disability recognized under Section 504/ADA or a language barrier that would preclude the individual's ability to understand and/or meaningfully participate in the IEP process or 504 process. The Academy representative may ask for documentation of the existence of any such disability or language barrier. If a parent is permitted to audio record the meeting, s/he must use his/her own recording device and the Academy will similarly record the meeting.

Recording of Other Academy Meetings Involving Students and/or Parents (e.g., Parent-Teacher Conferences)

Parents are prohibited from audio recording meetings with the Academy unless a parent or Academy staff member has a disability recognized under Section 504/ADA or a language barrier that would preclude the individual's ability to understand and/or participate in the meeting. The Academy representative may ask for documentation of the existence of any such disability or language barrier. If a parent is permitted to audio record the meeting, s/he must use his/her own recording device and the Academy will similarly record the meeting.

Video recording any Academy meeting is strictly prohibited, with the exception of meetings open to the public under the Open Meetings Act.

Parents and students are expressly prohibited from using covert means to listen-in or make a recording (audio or video) of any meeting or activity at school. This includes placing recording devices, or other devices with one- or two-way audio communication technology (i.e., technology that allows a person off-site to listen to live conversations and sounds taking place in the location where the device is located), within a student's book bag, on the student's person or otherwise in an area capable of listening in or recording without express

written consent of the School Leader (employed by the Board). Any requests to place a recording device or other device with one- or two-way audio communication technology within a student's book bag or on a student's person shall be submitted, in writing, to the School Leader (employed by the Board). The Academy representative shall notify the parent(s), in writing, whether such request is denied or granted within five (5) days.

If the Academy audio records any meeting, the resulting recording shall become a part of the student's educational record and will be maintained in accordance with State and Federal law.

A.C. Rule 340.1101 et seq.

The Board of Education shall, in compliance with law, assess student achievement and needs in designated subject areas in order to determine the progress of students and to assist them in attaining Academy goals.

Each student's proficiencies and needs will be assessed by staff members upon his/her entrance into the Academy and annually or more frequently, as required by law or Charter contract, thereafter. Procedures for such assessments will include, but need not be limited to, teacher observation techniques, cumulative student records, student performance data collected through standard testing programs and/or diagnostic reading assessment systems, student portfolios, and physical examinations.

The Board requires that:

- A. any assessment tests used shall not be a psychiatric examination, testing, or treatment; or a psychological examination, testing, or treatment in which the primary purpose is to reveal information concerning:
 - 1. political affiliations;
 - 2. mental and psychological problems potentially embarrassing to the student or his/her family;
 - 3. sexual behavior and attitude;
 - 4. illegal, anti-social, self-incriminating, and demeaning behavior;
 - 5. critical appraisals of other individuals with whom respondents have close family relationships;
 - 6. legally-recognized, privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
 - 7. income without the prior consent of the adult student or without the prior written consent of the parent;
- B. any personality testing complies with Department of Education guidelines.

- C. students who have not attained satisfactory scores on the fourth grade or seventh grade test should be provided special assistance that will enable them to bring reading skills up to grade level within a twelve (12) month period;
- D. data regarding individual test scores be entered on the student's cumulative record, where it will be subject to the policy of this Board regarding student records;
- E. the results of each school-wide and program-wide test be made part of the public record.

All eleventh grade students shall participate in the Michigan Merit Examination, unless excluded under the guidelines established by the State Department of Education.

A student who wants to repeat a State approved readiness assessment (other than the Michigan Merit Examination and any ACT component) may repeat the assessment in the next school year or after graduation on a date when the Academy is administering the assessment. Only this type of repeat assessment testing will be without charge to the student.

The Academy shall administer the complete Michigan Merit Examination to a student only once and shall not administer the complete Michigan Merit Examination to the same student more than once if the student has valid scores in some or all Michigan Merit Examination components. If a student does not take the complete Michigan Merit Examination in grade 11, the Academy shall administer the complete Michigan Merit Examination to the student in grade 12. If a student chooses to retake the college entrance examination component of the Michigan Merit Examination, the student may do so through the provider of the college entrance examination component and the cost of the retake is the responsibility of the student unless all of the following are met:

- A. the student has taken the complete Michigan Merit Examination
- B. the student did not qualify for a Michigan Promise Grant based on the student's performance on the complete Michigan Merit Examination
- C. the student meets the Federal income eligibility criteria for free breakfast, lunch, or milk
- D. the student has applied to the provider of the college entrance examination component for a scholarship or fee waiver to cover the cost of the retake and that application has been denied
- E. after taking the complete Michigan Merit Examination, the student has not already received a free retake of the college entrance examination component paid for either by the State of Michigan, or through a scholarship or fee waiver by the provider

In addition to the testing programs, the School Leader shall develop Administrative Procedures whereby a portfolio is developed and maintained for each student.

CRIMINAL HISTORY RECORD CHECK

Reference: MCL 380.1230, et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Board of Education hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Board or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work in the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Board may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another school, public school academy or non-public school in the State, the Board may use a report received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Individuals working in multiple Schools/Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school, Intermediate School District, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Board in lieu of submitting to a new criminal background check. If this method is used, the Board must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school, Intermediate School District, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Board receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Board shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in MCL 28.722. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Board provides written approval.

The Board must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Board with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

All those employed by the Board, either directly or under contract to regularly and continuously work in the schools prior to January 1, 2006, must undergo a criminal history records check, regardless of whether they have previously had such a check prior to 2006. The School Leader shall determine a schedule that assures that all such required checks are completed prior to July 1, 2008. Alternatively, substitute teachers within this category may authorize release to the Board of a valid criminal history check conducted by another school after January 1, 2006.

The School Leader may confirm with the Department of Education from results it maintains that the current regular substitute teacher does not have a criminal history.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Board shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Any employee on staff must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Leader or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Board employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a Freedom of Information Act request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school, Intermediate School District, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

The School Leader shall develop Administrative Procedures to ensure full compliance with this policy.

E.S.E.A./N.C.L.B. – 20 U.S.C. 6319

The Board of Education believes that the appropriate placement of qualified and competent staff is essential to the successful functioning of the Academy.

The School Leader shall be responsible for the proper assignment and transfer of all staff members and shall attempt to effect the optimum assignment of the staff in conformance with any applicable contractual or legal requirements, State certification requirements, and Federal requirements. S/He shall establish an audit procedure to ensure that each instructional staff member's teaching certificate is currently in compliance with appropriate State certification criteria and has not been nullified or, if applicable, that the staff member is otherwise qualified to teach as allowed by law.

Adopted 1/14/19

STAFF DISCIPLINE

References: M.C.L. 38.101 et seq., 38.74, 380.1230d, 380.1535a

Whenever it becomes necessary to discipline a member of the staff, the School Leader shall utilize the following principles and procedures.

A teacher may only be discharged, demoted or otherwise disciplined for a reason that is not arbitrary or capricious. In all instances, discipline, discharge and demotion shall occur in accordance with the statutory requirements under the Revised School Code.

The administrator/School Leader shall conduct an investigation of any alleged act or omission by a teacher that could result in disciplinary action. The teacher shall be provided with oral or written notice of the issue or incident being investigated. The investigation shall include, at a minimum, interviews of appropriate persons and a meeting with the subject teacher and, if requested or if required by the bargaining agreement, his/her designated representative (either another employee or a union representative if part of a bargaining unit) to allow the teacher an opportunity to respond to the complaint. Prior notice of this meeting shall be provided to the teacher for any discipline that may result in a suspension or loss of pay. The meeting shall not proceed without the teacher's designated representative; however, the meeting shall not be unduly delayed to secure the attendance of the teacher's preferred representative.

After completion of the investigation, if discipline is to be imposed, the teacher shall receive written notice of the discipline and this notice shall also be placed in the teacher's file.

Discipline may include, but is not limited to:

- A. written warning;
- B. written reprimand;
- C. suspension (paid or unpaid);
- D. discharge
- E. financial penalty in accordance with Michigan law.

The Academy does not have to apply discipline in a progressive manner, but, rather, may impose discipline consistent with the seriousness of the teacher's conduct, as determined by the Academy. Additionally, nothing in this policy limits the Academy's right to take other appropriate action, such as placing a teacher on administrative leave during the pendency of an investigation or issuing a counseling memorandum, which is considered instructional, not disciplinary.

If it appears that disciplinary action beyond written reprimand may be necessary, the administrator should contact the School Leader (employed by the Board) to discuss the disciplinary action that is to be taken.

TEACHER EVALUATION

Reference: MCL 380.1249 (as amended)

The Board of Education shall ensure that its Educational Service Provider establishes and implements a rigorous, transparent, and fair performance evaluation system that does all of the following:

- A. Evaluates the employee's job performance at least annually in a year-end evaluation, while providing timely and constructive feedback. Teachers rated highly effective on 3 consecutive year-end evaluations may be evaluated every other year, at the Board's discretion.
- B. Establishes clear approaches to measuring student growth and provides professional staff with relevant data on student growth. The yearend evaluation of student growth shall be based on the most recent 3 consecutive school years of student growth data, or all available student growth data if less than 3 years is available.
- C. Evaluates an employee's job performance, using rating categories of highly effective, effective, minimally effective and ineffective, which take into account data on student growth as a significant factor in the evaluation in accordance with State law student growth and assessment data. For the 2016 - 2017 and 2017 - 2018 school years twenty five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2018 - 2019 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.

For these purposes, student growth shall be measured by the following:

1. Beginning with the 2016 - 2017 school year, the portion of a teacher's annual year-end evaluation that is not based on student growth and assessment data shall be based primarily on a teacher's performance as measured by the Educational Service Provider as described below.
2. Beginning with the 2018 - 2019 school year, for core content areas in grades and subjects in which state assessments are administered, fifty (50) percent of student growth must be measured using the state assessments, and the portion of student growth not measured using state assessments must be measured using multiple research-based growth measures or alternative assessments that are rigorous. Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.
3. The portion of a teacher's evaluation that is not measured using student growth and assessment data or using the evaluation tool developed or adopted by the Educational Service Provider shall incorporate criteria enumerated in section M.C.L. 380.1248(1)(b)(i) to (iii) that are not otherwise evaluated under the tool.

4. If there are student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall be based on the student growth and assessment data for the most recent three (3) consecutive-school-year period. If there are not student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall be based on all student growth and assessment data that are available for the teacher.
- D. Uses the evaluations, at a minimum, to inform decisions regarding all of the following:
1. the effectiveness of employees, so that they are given ample opportunities for improvement
 2. promotion, retention, and development of employees, including providing relevant coaching, instruction support, or professional development
 3. removing ineffective employees after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures
- E. Provides a mid-year progress report for every certificated teacher who has received a rating of minimally effective or ineffective on the last most recent annual year-end evaluation

This mid-year report shall not replace the annual year-end evaluation. The mid-year report shall:

1. be based, at least in part, on student achievement;
 2. be aligned with the teacher's individualized development plan;
 3. include specific performance goals and any recommended training for the remainder of the school year, as well as written improvement plan developed in consultation with the teacher that incorporates the goals and training.
- F. Includes classroom observations in accordance with the following:
1. must include review of the lesson plan, State curriculum standards being taught and student engagement in the lesson
 2. must include multiple observations unless the teacher has received an effective or higher rating on the last two (2) yearend evaluations
 3. observations need not be for an entire class period
 4. at least one (1) observation must be unscheduled;
 5. the school administrator responsible for the teacher's performance evaluation shall conduct at least one (1) of the observations;

6. Other observations may be conducted by other observers who are trained in the use of the evaluation tool as described below. These other observers may be teacher leaders.
 7. the Educational Service Provider Provides a mid-year progress report for every certificated teacher who has received a rating of minimally effective or ineffective on the last most recent annual year-end evaluation shall ensure that, within thirty (30) days after each observation, the teacher is provided with feedback from the observation.
- G. For the purposes of conducting annual year-end evaluations under the performance evaluation system, the Educational Service Provider adopt and implement one (1) or more of the evaluation tools for teachers that are included on the list established and maintained by the Michigan Department of Education ("MDE").
- H. The Board will post on its public website all of the following information about the measures it uses for its performance evaluation system for teachers:
1. The research base for the evaluation framework, instrument, and process or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.
 2. The identity and qualifications of the author or authors or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.
 3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.
 4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.
 5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.
 6. A description of the plan for providing evaluators and observers with training.
- I. The Educational Service Provider will provide training to teachers on the evaluation tool(s) used by the Educational Service Provider in its performance evaluation system and how each evaluation tool is used. This training may be provided by the Educational Service Provider or by a consortium consisting of 2 or more public school academies.

The Educational Service Provider will ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Educational Service Provider, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Educational Service Provider may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The staff evaluation program shall aim at the early identification of specific areas in which the individual professional staff member needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to a professional staff member shall not release that professional staff member from the responsibility to improve. If a professional staff member, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. A teacher rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment as a teacher with the Board. In such an instance, all relevant evaluation documents may be used in the proceedings.

Beginning with the 2018 - 2019 school year, the Board shall not assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. If the Board is unable to comply with this and plans to assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations, the Board will notify the student's parent or legal guardian in writing not later than July 15 immediately preceding the beginning of the school year for which the student is assigned to the teacher, that the Board is unable to comply and that the student has been assigned to be taught in the same subject area for a second consecutive year by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. The notification shall include an explanation of why the Board is unable to comply.

45 C.F.R. 164.406, 164.408, 164.502, 164.520(a)

The Board of Education may provide coverage to eligible employees under fully insured group health plans. The Board may establish the following fully insured group health plans:

- A. Medical Plan
- B. Prescription Drug Plan
- C. Dental Plan
- D. Vision Plan

The Board acknowledges that these group health plans are required to comply with the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule as amended by Title I of the Genetic Information Nondiscrimination Act (GINA). Fully insured group health plans generally are exempt from many of the requirements imposed upon self-funded group health plans.

The Board also acknowledges that these fully insured group health plans are required to comply with the HIPAA Security Rule. The group health plans, working together with the insurer, will ensure the confidentiality, integrity, and availability of the group health plans' electronic Protected Health Information in accordance with the HIPAA Security Rule.

The Board hereby appoints H.R. Director to serve as the Security Official of the group health plans. All of the group health plans' functions are carried out by the insurer and the insurer owns and controls all of the equipment and media used to create, maintain, receive, and transmit electronic Protected Health Information relating to the group health plans. Accordingly, the insurer is in the best position to implement the technical, physical, and administrative safeguards required by the HIPAA Security Rule.

The Security Official does not have the ability to assess or adjust the insurer's policies related to the HIPAA Security Rule. Accordingly, unless otherwise determined by the Security Official, the group health plans shall utilize as administrative guidelines the insurer's own policies addressing security measures for the group health plans' electronic Protected Health Information.

The Department of Health and Human Services (HHS) has the authority to impose civil monetary penalties upon Covered Entities. HHS has not historically imposed these penalties directly upon individuals. Notwithstanding the foregoing, the Board agrees to indemnify and hold harmless the Privacy Official and Security Official in connection with the performance of their delegated duties for the group health plans, except to the extent that any liability is imposed as the result of intentional misconduct or gross negligence by the Privacy Official or Security Official as defined by law.

The fully insured group health plans established by the Board shall:

- A. Refrain from taking any retaliatory action against any individual for exercising any right under the plan, filing a complaint with Health and Human Services, participating in any proceeding under Part C of Title XI of the Social Security Act, or opposing any act or practice made unlawful by the Privacy Rule provided that the individual has a good faith belief that the practice opposed is unlawful.
- B. Not impose a requirement that participants waive their rights under the Privacy Rule as a condition of the provision of payment, enrollment in a health plan, or eligibility of benefits.
- C. If the plan document is amended in accordance with the Privacy Rule, the plan must retain a copy of the plan document as amended for six (6) years from the date of its amendment or the date when it last was in effect, whichever is later.
- D. Provide notification to affected individuals, the Secretary of the U.S. Department of Health and Human Services, and the media (when required), if the plan or one of its business associates discovers a breach of unsecured protected health information, in accordance with the requirements of HIPAA and its implementing regulations.

Fully insured group health plans established by the Board shall not create or receive protected health information, except for:

- A. Summary health information. Summary health information is de-identified information that summarizes claims history, claims expenses, or type of claims experienced by health plan participants.
- B. Information on whether an individual is participating in a group health plan, or is enrolled in or has disenrolled from a health insurance issuer or HMO offered by the plan.
- C. Information disclosed to the plan under a signed authorization that meets the requirements of the Privacy Rule.

PATIENT PROTECTION AND AFFORDABLE CARE ACT

Reference: 29 U.S.C. 218B
26 U.S.C. 4980H

The Board of Education acknowledges that the Patient Protection and Affordable Care Act (“ACA”) imposes certain obligations upon the Academy. Such obligations may include the following:

- A. The Academy shall notify new employees of health insurance options available through the Health Insurance Marketplace within fourteen (14) days of an employee’s employment start date. Sample form notices are available from the U.S. Department of Labor at:

<http://www.dol.gov/ebsa/healthreform/regulations/coverageoptionsnotice.html>

- B. Employees of the Academy have the option to enroll in the Health Insurance Marketplace. If a full-time employee (as defined by the ACA) of the Academy enrolls in the Health Insurance Marketplace and receives a subsidy, then the Academy may be liable for a penalty.

In event that the Academy concludes that it is fiscally-wise to incur the potential penalty in lieu of providing affordable, minimum value coverage to all full-time employees, the Academy shall incur the potential penalty.

ADMISSION OF STUDENTS

Reference: MCL 380.502(3)(e)(iii); MCL 380.504

The Board of Education will allow students who reside in Michigan, regardless of their citizenship or immigration status to enroll in the Academy in accordance with limits established by the Board of Education. The Board shall meaningfully communicate material information about enrollment requirements and procedures with parents, including parents who have limited proficiency in English. Access to information regarding enrollment requirements and procedures shall be available on the Academy's web site. Because space is limited, each student must enroll each year. Preferences will be in writing and given to:

- A. pupils who were enrolled in the Academy in the immediately preceding school year;
- B. siblings of enrolled students;
- C. children of a person who is employed by or at the Academy or who is on the Board of Education of the Academy.

When maximum enrollment for a grade has been reached, applicants shall be placed on a waiting list and admitted on the basis of a lottery system.

The School Leader (employed by the Board) shall develop Administrative Procedures for the proper implementation of this policy.

HOMELESS STUDENTS

References: 42 U.S.C. 11431 et seq. (McKinney - Vento Homeless Act)

Definitions

Children who are identified as meeting the Federal definition of "homeless" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless. The Academy shall establish safeguards that protect homeless students from discrimination on the basis of their homelessness. The Academy shall regularly review and revise its policies, including school discipline policies that may impact homeless students, including those who may be a member of any of the Protected Classes (Policy 2260).

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

- A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
- B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations
- C. live in emergency or transitional shelters
- D. are abandoned in hospitals
- E. have a primary night time residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, or
- F. live in a car, park, public space, abandoned building, substandard housing¹, bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

¹ According to nonregulatory guidance from the U.S. Department of Education (ED), standards for adequate housing may vary by locality. Please see ED guidance for factors to consider when determining whether a child or youth is living in "substandard housing."

Education for Homeless Children and Youth Programs, Non-Regulatory Guidance, U.S. Department of Education (ED), Title VII-B of the McKinney-Vento Homeless Assistance Act, as amended by the Every Student Succeeds Act, at A-3 (July 27, 2016).

Services to Homeless Children and Youth

The Academy will provide services to homeless students that are comparable to other students in the Academy, including:

- A. transportation services;
- B. public preschool programs and other educational programs and services for which the homeless student meets eligibility criteria including:
 - 1. programs for children with disabilities;
 - 2. programs for English Learners (ELs) (i.e., students with Limited English Proficiency (LEP));
 - 3. programs in career and technical education;
 - 4. programs for gifted and talented students;
 - 5. school nutrition programs; and
 - 6. before - and after-school programs.

The Board will appoint a Liaison for Homeless Children who will perform the duties as assigned by the School Leader (employed by the Board). Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths. For more information on the role of the Liaison, refer to AG 5111.01.

School Stability

Maintaining a stable school environment is crucial to a homeless student's success in school. To ensure stability, the Academy must make school placement determinations based on the "best interest" of the homeless child or youth based on student-centered factors. The Academy must:

- A. continue the student's education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or
- B. enroll the student in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

When determining a child or youth's best interest, the Academy must assume that keeping the homeless student in the school of origin is in that student's best interest, except when doing so is contrary to the request of the student's parent or guardian, or the student if he or she is an unaccompanied youth. The school of origin is the school the student attended or

enrolled in when permanently housed, including a public preschool. The school of origin also includes the designated receiving school at the next level for feeder school patterns, when the student completes the final grade level at the school of origin.

When determining the student's best interest, the Academy must also consider student-centered factors, including the impact of mobility on achievement, education, health, and safety of homeless students and give priority to the request of the student's parent or guardian, or youth (if an unaccompanied youth). The Academy also considers the school placement of siblings when making this determination.

If the Academy finds that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or unaccompanied youth, the Academy must provide the individual with a written explanation and reason for the determination in a manner and form understandable to the parent, guardian or unaccompanied youth. This written explanation will include appeal rights and be provided in a timely manner.

Immediate Enrollment

The Academy has an obligation to remove barriers to the enrollment and retention of homeless students. A school chosen on the basis of a best interest determination must immediately enroll the homeless student, even if the student does not have the documentation typically necessary for enrollment, such as immunization and other required health records, proof of residency, proof of guardianship, birth certificate or previous academic records. The homeless student must also be enrolled immediately regardless of whether the student missed application or enrollment deadlines during the period of homelessness or has outstanding fines or fees.

The enrolling school must immediately contact the school last attended by the homeless student to obtain relevant academic or other records. If the student needs immunization or other health records, the enrolling school must immediately refer the parent, guardian or unaccompanied youth to the local liaison, who will help obtain the immunizations, screenings or other required health records. Records usually maintained by the school must be kept so that they are available in a timely fashion if the child enters a new school or Academy. These records include immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs. Procedures for inter-State records transfer between schools should be taken into account in order to facilitate immediate enrollment.

In addition, the Academy will also make sure that, once identified for services, the homeless student is attending classes and not facing barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs (if available). Additionally, the Academy should consider giving homeless children and youth's priority if there is a waitlist for these schools, programs, and activities.

Transportation

The Academy provides homeless students with transportation services that are comparable to those available to non-homeless students. The Academy also provides or arranges for transportation to and from the school of origin at the parent or guardian's request, or the liaison's request in the case of an unaccompanied youth. Transportation is arranged promptly

to allow for immediate enrollment and will not create barriers to a homeless student's attendance, retention, and success. The following procedures also apply subject to a determination of the student's best interest:

- A. If the homeless student moves but continues to live within the area covered by the Academy's charter, the Academy is considered the school of origin and the school of residence and, therefore, transportation will be provided or arranged for the student's transportation to or from the school of origin by the Academy.
- B. If the homeless student moves to an area outside of the Academy's charter, though continuing his/her education at the school of origin, the Academy and the public school district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. If the Academy and the public school district cannot agree upon such a method, the responsibility and costs will be shared equally.
- C. When the student obtains permanent housing, transportation shall be provided to and from the school of origin until the end of the school year.

The Academy determines the mode of transportation in consultation with the parent or guardian and based on the best interest of the student.

In accordance with Federal law, the above transportation requirements still apply during the resolution of any dispute. The Academy will work with the State to resolve transportation disputes with other Academies. If the disputing Academy is in another State, the Academy will turn to the State for assistance as Federal guidance says that both States should try to arrange an agreement for the Academies.

Dispute Resolution

Homeless families and youths have the right to challenge placement and enrollment decisions. If a dispute arises between a school and a parent, guardian or unaccompanied youth regarding eligibility, school selection, or enrollment of a homeless student, the Academy must follow its dispute resolution procedures, consistent with the State's procedures. If such a dispute occurs, the Academy will immediately enroll the homeless student in the school in which enrollment is sought pending final resolution of the dispute, including all appeals. The student will receive all services for which they are eligible until all disputes and appeals are resolved.

Pursuant to State, Academy and Board of Education policies, the Academy will provide the parent, guardian or unaccompanied youth with a written explanation of all decisions regarding school selection and enrollment made by the Academy or State, along with a written explanation of appeal rights.

The Academy's notice and written explanation about the reason for its decision will include, at a minimum, an explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, including 1) a description of the proposed or refused action by the school, 2) an explanation of why the action is proposed or refused, 3) a description of other options the school considered and why those options were rejected, 4) a description of any other relevant factors to the school's decision and information related to the eligibility or best

interest determination such as the facts, witnesses, and evidence relied upon and their sources, and 5) an appropriate timeline to ensure deadlines are not missed. The Academy must also include contact information for the Liaison and the State Coordinator, and a brief description of their roles. The Academy will also refer the parent, guardian or unaccompanied youth to the Liaison, who will carry out the dispute resolution process.

The Academy ensures that all decisions and notices are drafted in a language and format appropriate for low-literacy, limited vision readers, and individuals with disabilities. For children and youth and/or parents or guardians who are English learners or whose dominant language is not English, the Academy will provide translation and interpretation services in connection with all phases of the dispute resolution process pursuant to federal laws. The Academy will also provide electronic notices via email if the parent, guardian or unaccompanied youth has access to email followed by a written notice provided in person or sent by mail.

Homeless Children in Preschool

Homeless preschool-aged children and their families shall be provided equal access to the educational services for which they are eligible, including preschool programs, including Head Start programs, administered by the Academy. Additionally, the homeless child must remain in the public preschool of origin, unless a determination is made that it is not in the child's best interest. When making such a decision on the student's best interest, the Academy takes into account the same factors as it does for any student, regardless of age. It also considers preschool age specific factors, such as 1) the child's attachment to preschool teachers and staff; 2) the impact of school climate on the child, including school safety; the quality and availability of services to meet the child's needs, including health, developmental, and social-emotional needs; and 3) travel time to and from school.

The Academy must also provide transportation services to the school of origin for a homeless child attending preschool. It is the Academy's responsibility to provide the child with transportation to the school of origin even if the homeless preschooler who is enrolled in a public preschool in the Academy moves to another Academy that does not provide widely available or universal preschool.

Public Notice

In addition to notifying the parent or guardian of the homeless student or the unaccompanied youth of the applicable rights described above, the Academy shall post public notice of educational rights of children and youth experiencing homelessness in each school. In addition, the Academy shall post public notice of the McKinney-Vento rights in places that homeless populations frequent, such as shelters, soup kitchens, and libraries in a manner and form understandable to the parents and guardians and unaccompanied youths.

Records

The local liaison will assist the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school.

All records for homeless students shall be maintained, subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Policy 8330, and in such a manner so that

they are available in a timely fashion and can be transferred promptly to the appropriate parties, as required. Pursuant to the McKinney-Vento Act, information regarding a homeless student's living situation is not considered directory information and must be provided the same protections as other non-directory personally identifiable information (PII) contained in student education records under FERPA. The Academy shall incorporate practices to protect student privacy as described in AG 5111.01, AG 8330, and in accordance with the provisions of the Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA).

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

Reference: Interstate Compact on Educational Opportunity for Military Children
MCL 3.1041

Children of an active duty member of the United States armed services shall be entitled to all of the rights and protections afforded under the Interstate Compact on Educational Opportunity for Military Children (Compact).

The intent of this policy is to minimize the potential challenges to educational success for children of military families because of frequent moves and deployment of their parents by:

- A. facilitating the timely enrollment and placement of children of military families in educational and other school programs and activities;
- B. facilitating the on-time graduation of children of military families; and
- C. providing for the uniform collection and sharing of information between and among schools and military families.

The School Leader (employed by the Board), shall develop Administrative Procedures for implementation of this policy which are consistent with the Compact and State law.

These procedures shall apply to children of military families within the state as well as between member states.

CHILDREN AND YOUTH IN FOSTER CARE

References: 45 C.F.R. 1355.20

The Board of Education recognizes the importance of educational stability for children and youth in foster care. Further, the Board recognizes these children and youth as a vulnerable subgroup of students in need of safeguards and supports in order to facilitate a successful transition through elementary and secondary education and into college and/or careers. To that end, the Academy will collaborate with the Michigan Department of Education (MDE), other Academy's, and the appropriate child welfare agencies to provide educational stability for children and youth in foster care.

Definitions

Children who meet the Federal definition of "in foster care" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, students in foster care will not be stigmatized or segregated on the basis of their status. The Academy shall establish safeguards that protect foster care students from discrimination on the basis of their foster care status or other of the recognized Protected Classes (Policy 2260). The Academy shall regularly review and revise its policies, including academy discipline policies that may impact students in foster care.

Consistent with the Fostering Connections Act, "foster care" means 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in:

- A. foster family homes;
- B. foster homes of relatives;
- C. group homes;
- D. emergency shelters;
- E. residential facilities;
- F. child care institutions; and
- G. preadoptive homes.

A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the State, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is Federal matching of any payments that are made. (45 C.F.R. 1355.20 (a)).

Academy Stability

The Academy shall remove barriers to the enrollment and retention of children and youth in foster care in the Academy. Foster care students shall be enrolled immediately, even if they do not have the necessary enrollment documentation such as immunization and health records, proof of residency or guardianship, birth certificate, academy records, and other documentation.

The Academy shall meet the Title I requirements for educational stability for children and youth in foster care, including those awaiting foster care placement. The Academy shall identify which students are in foster care and shall collaborate with State and tribal child welfare agencies to provide educational stability for these children and youth. Academy staff will work closely with child welfare agency personnel to develop and implement processes and procedures that include these enrollment safeguards:

- A. a child/youth in foster care shall remain in his/her academy of origin, unless it is determined that remaining in the academy of origin is not in that child's best interest;
- B. if it is not in the child's best interest to stay in his/her academy of origin, the child shall be immediately enrolled in the determined new academy even if the child is unable to produce records normally required for enrollment; and
- C. the new (enrolling) academy shall immediately contact the academy of origin to obtain relevant academic and other records, including the student's Individualized Education Program (IEP) if applicable. (ESEA Section 1111(g)(1)(E)(i)-(iii)).

Academy of Origin

The Academy of origin is the academy in which a student is enrolled at the time of placement in foster care. If a student's foster care placement changes, the academy of origin would then be considered the academy in which the child is enrolled at the time of the placement change. A student in foster care shall remain in his/her academy of origin, if it is determined to be in the student's best interest, for the duration of the student's placement in foster care.

When a student exits foster care, the Academy will continue to prioritize the student's educational stability in determining placement, supports, and services deemed to be in the child's best interests.

A student who has exited foster care shall be permitted to remain in the academy of origin until the end of the academy year.

Best Interest Determination

In making the best interest determination, the Academy will follow the guidelines established by MDE and the State or tribal custodial agencies. The Academy shall utilize the prescribed process in conjunction with local custodial agencies in making best interest determinations, and shall make such determination within five (5) academy days of the child's placement in foster care or change in child's living arrangement. Once a determination is made the Academy shall provide the decision in writing to all relevant parties, in collaboration with the

appropriate custodial agency. When making decisions regarding educational placement of students with disabilities under IDEA and Section 504, the Academy shall provide all required special educational and related services and supports provided in the least restrictive placement where the child's unique needs, as described in the student's IEP or Section 504 plan, can be met.

If there is a dispute regarding whether the educational placement of a child in foster care is in the best interest of that child, the dispute resolution process established by the Michigan Department of Education (MDE) shall be used.

The Academy's representatives shall collaborate fully in this process, considering relevant information regarding academic programming and related service needs of the child, and advocating for what the Academy believes is in the best interest of the child.

To the extent feasible and appropriate, the child will remain in his/her academy of origin while disputes are being resolved in order to minimize disruption and reduce the possible number of moves between academies. (ESEA Section 1111(g)(1)(E)(i)).

Since the custodial agency holds ultimate legal responsibility for making the best interest determination for the foster child in their care, if the dispute cannot be resolved, the custodial agency will make the final determination. Such final determination will be made within five (5) academy days of the child's placement in foster care or change in the child's living arrangement.

All notifications and reports regarding foster care placement, changes in academy enrollment, transportation services, and changes in the child's living arrangements shall be provided to the affected parties, in writing, in accordance with the forms, procedures, and requirements of the MDE and the State or tribal custodial agencies.

Local Point of Contact

The School Leader (employed by the Board) shall designate and make public a local point of contact who will perform the duties as assigned by the School Leader (employed by the Board). The point of contact shall serve as a liaison to coordinate with child protection agencies, lead the development of a process for making the best determination for a student, facilitate the transfer of records, and oversee the enrollment and regular academy attendance of students in foster care.

Records

The Academy shall provide privacy protections for children and families and shall facilitate appropriate data-sharing pertaining to children in foster care between child welfare and educational agencies, in accordance with the Family Educational Rights and Privacy Act (FERPA) and Policy 8330 – Student Records.

Services to Children and Youth in Foster Care

Foster care children and their families shall be provided equal access to the educational services for which they are eligible comparable to other students in the Academy including:

- A. educational services for which the student in foster care meets eligibility

criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;

- B. preschool programs;
- C. programs in vocational and technical education;
- D. programs for gifted and talented students;
- E. academy nutrition programs; and
- F. before - and after-academy programs.

Transportation Services

The Academy must ensure that transportation is provided for children in foster care consistent with the procedures developed by the Academy in collaboration with the State or local child welfare agency. These requirements apply whether or not the LEA already provides transportation for children who are not in foster care.

In order for a student in foster care in his/her academy of origin, when in his/her best interest, transportation services shall be provided, arranged, and funded for the duration of the child's placement in foster care. The Academy's transportation services will provide that:

- A. Children in foster care needing transportation to their academies of origin will promptly receive that transportation in a cost effective manner and in accordance with Section 475(4)(A) of the Social Security Act; and
- B. If there are additional costs incurred in providing transportation to the academy of origin, the Academy shall provide such transportation if 1) the local child welfare agency agrees to reimburse the Academy for the cost of such transportation; 2) the Academy agrees to pay for the cost; or 3) the Academy and the local child welfare agency agree to share the cost. (ESEA 1112(c)(5)(B)).

Additional costs incurred in providing transportation to the academy of origin should reflect the difference between what the Academy would otherwise spend to transport a student to his/her assigned academy and the cost of transporting the foster care student to the academy of origin. The Academy will collaborate with the State Education Agency (SEA), other LEAs, and child welfare agencies to pursue possible funding sources and arrangements to deal with transportation costs.

Since foster care placements may occur across Academy, county, or State boundary lines, coordination among multiple agencies may be necessary. The Academy will work with appropriate State and local agencies to address such placement and transportation issues that arise. The Academy shall provide or arrange for adequate and appropriate transportation to and from the academy of origin while any disputes are being resolved.

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or academy success of children and youth in foster care.

2. the parent or guardian provides written notice to the Academy of intent to enroll the child for that school year.

The Academy may make a recommendation to the parent or guardian that the child is not ready to start kindergarten due to age or other factors, but the decision whether to enroll the child will remain with the parent or guardian.

The Academy must allow early entry by nonresident Schools of Choice students, provided the parent/guardian notifies the Academy by the applicable notification date above (C. 2. or 3.) of the intent to participate in the early enrollment option and timely applies for and is selected under the Academy's Schools of Choice program.

The Academy shall notify the Department of Education by December 31st of each school year of the number of students enrolled under the Early Entrance exception for that school year.

All such programs must comply with any applicable State and Federal requirements, such as least restrictive environment.

USE OF MEDICATIONS

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

Neither the Board of Education nor the School Leader shall be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, *medication* shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies and performance-enhancing drugs as defined in AG 2431C. *Treatment* refers both to the manner in which a medication is administered and to health-care procedures that require special training, such as catheterization.

Before any medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician, accompanied by the written authorization of the parent. These documents shall be kept on file in the administrative offices. No student is allowed to provide or sell any type of over-the-counter medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Free Environment and of the Student Discipline Code/Code of Conduct.

Only medication in its original container that is labeled with the date (if a prescription), the student's name, and exact dosage may be administered. Parents, or students authorized in writing by their physician and parents, may administer medication or treatment.

Staff members are to administer medication or treatment only in the presence of another adult, except in the case of an emergency that threatens the life or health of the student. Staff licensed as professional registered nurses are exempt from this requirement.

All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment. This training shall be provided by qualified individuals with knowledge of the Academy's policy and procedures and knowledge of the administration of medications or treatment.

All medication shall be kept in a locked storage case in the Academy's office.

The Board shall permit only trained staff to administer any medication requiring intravenous or intramuscular injection or the insertion of a device into the body when both the medication and the procedure are prescribed by a physician.

Students who may require the administration of an emergency medication may have such medication in accord with the School Leader's Procedures.

Students may possess and self-administer a metered dose or dry powder inhaler for relief of asthma (or before exercise to prevent onset of asthma symptoms), while at the Academy, on academy-sponsored transportation, or at any academy-sponsored activity in accordance with the Administrative Procedures, if all of the following conditions are met:

- A. There is written approval from the student's physician or other health care provider and the student's parent/guardian (if student is under eighteen (18) to possess and use the inhaler (Form 5330 F1c)
and
- B. The School Leader has received a copy of the written approvals from the physician and the parent/guardian.
and
- C. There is on file at the student's Academy a written emergency care plan prepared by a licensed physician in collaboration with the student and his/her parent/legal guardian. The plan shall contain specific instructions on the student's needs including what to do in the event of an emergency.

Students with a need for emergency medication may also be allowed to self possess and self administer such medication, provided that they meet the same conditions established above. Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self possess and administer the medication if they meet the conditions stated above.

Students shall be permitted to possess and self-administer U.S. Food and Drug Administration (FDA) approved, over-the-counter topical products while on academy property or at an academy-sponsored event provided the student has submitted prior written approval of his/her parent/guardian to the School Leader or other chief administrator of the student's academy.

This policy and the Administrative Procedures developed to establish appropriate procedures shall be implemented in such a manner to comply with Academy's obligations and the student's needs under any Individualized Education Plan, Section 504 Plan, or other legally required accommodation for individuals with disabilities.

The School Leader shall prepare Administrative Procedures to ensure the proper implementation of this policy.

The Academy shall comply with whichever standards are more protective.

GRADUATION REQUIREMENTS

Reference: MCL 380.1166, 380.1278a(1), 380.1278a(2), 380.1278a(4)(c), 380.1279b
20 USC 1400 et seq.
20 USC 1401 et seq.
29 USC 794
42 USC 12131 et seq.

It shall be the policy of the Board to acknowledge each student's successful completion of the instructional program or a personal curriculum appropriate to the achievement of Academy goals and objectives as well as personal proficiency, by the awarding of a diploma at graduation ceremonies.

The Board shall award a regular high school diploma to every student enrolled in the Academy who meets the requirements of graduation established by this Board (see AG 5460), the Michigan Department of Education (MDE), and as provided by State law.

The Board shall annually notify each of its students and a parent or legal guardian of each of its high school students that all students are entitled to a personal curriculum. The annual notice shall include an explanation of what a personal curriculum is and state that if a personal curriculum is requested, the Academy will grant that request. The Academy shall provide this annual notice to parent and legal guardians by sending a written notice to each high school student's home or by including the notice in a newsletter, student handbook, or similar communication that is sent to a student's home, and also shall post the notice on the Academy's website.

Credit towards a high school diploma may be earned by:

- A. traditional course work;
- B. demonstrating mastery of subject area content expectations or guidelines for the credit;
- C. related course work in which content standards are embedded;
- D. non-traditional course work;
- E. independent teacher-guided study;
- F. testing out;
- G. dual enrollment;
- H. advanced placement courses;
- I. international baccalaureate or other "early college" programs; or
- J. Michigan Department of Education (MDE)-approved formal career and technical (CTE) program or curriculum; or
- K. online class.

High school special education students who properly complete the programs specified in their I.E.P., or in a personal curriculum, and meet the requirements for a high school diploma, and have received the recommendation of the I.E.P.C. may participate in graduation activities as recommended by the student's I.E.P.C. Reasonable accommodation shall be made for students with disabilities, as defined under State or Federal law, to assist them in taking any required tests or assessments for graduation.

For State-mandated curriculum requirements, a high school student shall be granted credit toward graduation if s/he successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. A high school student may also receive credit if s/he earns a qualifying score, as determined by the State on the assessments developed or selected for the subject area by the State or the student earns a qualifying score, as determined by the Academy on one or more assessments developed or selected by the Academy that measure a student's understanding of the subject area content expectations or guidelines that apply to the credit. For subject areas and courses in which a final examination is used as the assessment for successful attainment of the subject area content, a grade of C+ or better is required.

The Board shall grant credit toward high school graduation for any student who successfully completes, prior to entering high school, a State-mandated curriculum requirement, provided s/he completes the same content requirements as the high school subject area, and the student has demonstrated the same level of proficiency on the material as required of the high school students.

For elective courses, which are not State-mandated curriculum requirements, the Board shall grant credit to any high school student who is not enrolled in the course, but has exhibited a reasonable level of knowledge of the subject matter of the course by achieving C+ or better in the final exam for the course, or, if there is no final exam, through the basic assessment used for the course, which may consist of a portfolio, paper, project, presentation or other established means.

Such credit shall not be counted toward the required number of credits needed for high school graduation. Mastery credits shall be counted toward any subject area requirement and any course sequence requirement. Once mastery credit is earned in a subject area, a student may not receive further credit for a lower sequence course in the same subject area.

A high school student shall be granted credit in any foreign language not offered by the Academy providing the student meets the competency criteria established by the School Leader.

Many high school credit requirements may be fulfilled through state approved career and technical education programs (see AG 5460.01). The career and technical education credits may include work-based learning by a student working at a business or other work setting with appropriate oversight by the Academy over the student's experience and learning in the work setting in which the work-based learning occurs.

Commencement exercises will include only those students who have successfully completed requirements as certified by the School Leader. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation, however, when personal conduct so warrants.

Adopted 2/8/16

STUDENT HAZING

The Board of Education believes hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any Academy-sponsored event.

For purposes of this policy, hazing shall be defined as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes, or creates a risk of causing, mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibitions contained in this policy.

Hazing involves conduct such as, but not limited to the following:

- A. illegal activity, such as drinking or drugs;
- B. physical punishment or infliction of pain;
- C. intentional humiliation or embarrassment;
- D. dangerous activity;
- E. activity likely to cause mental or psychological stress;
- F. forced detention or kidnapping; and/or
- G. undressing or otherwise exposing the person being hazed.

Administrators, faculty members, and other personnel of the Academy shall be alert particularly to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer regarding the prohibitions contained in this policy and shall be ordered to end all hazing activities immediately. All hazing incidents shall be reported immediately to the School Leader. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties.

The School Leader shall distribute this policy to all students and school employees, and shall incorporate it into building, staff, and student handbooks. It shall also be the subject of discussion at employee staff meetings or in-service programs developed by the School Leader (employed by the Board).

Model Anti-Bullying Policy, Michigan State Board of Education, 09-2006
National School Boards Association Inquiry and Analysis – May 2008

General Policy Statement

It is the policy of the Board of Education to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other Academy personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and transgender identity), disability, age (except as authorized by law), religion, height, weight, marital or family status, military status ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as unlawful harassment), and encourages those within the Academy community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its recurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

The Academy will offer counseling services to any person found to have been subjected to unlawful harassment, and, where appropriate, the person(s) who committed the unlawful harassment.

For purposes of this policy, "Academy community" means students, administrators, and professional and support staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other

individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Definitions

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;
- D. stalking;
- E. cyberstalking
- F. cyberbullying;
- G. physical violence;
- H. theft;
- I. sexual, religious, or racial harassment;
- J. public humiliation; or

- K. destruction of property.

Harassment

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

- A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual

activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. Inappropriate boundary invasions by a employee or other adult member of the Academy community into a student's personal space and personal life.
- J. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Students and other members of the Academy community and third parties are encouraged to promptly report incidents of harassing conduct to a teacher, administrator, supervisor or other Academy official so that the conduct may be addressed before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the Academy's Anti-Harassment Compliance Officer within two (2) school days.

Members of the Academy community, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to one of the Anti-Harassment Compliance Officers who shall investigate the allegation in accordance with this policy. While the Compliance Officer investigates the allegation, the School Leader shall suspend his/her 5517.01 investigation to await the Compliance Officer's written report. The Compliance Officer shall keep the School Leader informed of the status of the 3362 investigation and provide him/her with a copy of the resulting written report.

Anti-Harassment Compliance Officers

The Board designates the following individuals to serve as "Anti-Harassment Compliance Officers" for the Academy. They are hereinafter referred to as the "Compliance Officers".

Superintendent
2441 Sanford Street
Muskegon Heights, MI 49444
(231) 830-3703

AccessPoint -CHIEF OPERATING
OFFICER
42400 Grand River Avenue, Ste. 200
Novi, MI 48375
(248) 319-1380

The names, titles, and contact information of these individuals will be published annually:

- A. in the parent and staff handbooks

The Compliance Officers will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student, other member of the Academy community or third party in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept complaints of unlawful harassment directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the person alleging the harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of harassment that are reported to them to the Compliance Officer within two (2) business days of learning of the incident.

Academy personnel who directly observe unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Compliance Officers within two (2) business days. Additionally, any Academy employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Academy employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer or designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Investigation and Complaint Procedure

Any student who believes that s/he has been subjected to unlawful harassment may seek resolution of his/her complaint through either the informal or formal procedures as described below. Further, a process for investigating claims of harassment or retaliation and a process for rendering a decision regarding whether the claim of legally prohibited harassment or retaliation was substantiated are set forth below.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The informal and formal procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior and to investigate and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

Students who believe that they have been unlawfully harassed or retaliated may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

However, all complaints of harassment involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated. Similarly, any allegations of sexual violence will be formally investigated.

As an initial course of action, if a student feels that s/he is being unlawfully harassed and s/he is able and feels safe doing so, the individual should tell or otherwise inform the harasser that the conduct is unwelcome and must stop. Such direct communication should not be utilized in circumstances involving sexual violence. The complaining individual should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the harasser of his/her complaint is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A student who believes s/he has been unlawfully harassed may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Educational Service Provider; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below on his/her own, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the student claiming unlawful harassment, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student about how to communicate the unwelcome nature of the behavior to the alleged harasser.
- B. Distributing a copy of the anti-harassment policy as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting between the student claiming harassment and the individual accused of harassment to work out a mutual resolution. Such a meeting is not appropriate in circumstances involving sexual violence.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or if the student elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student who believes s/he has been subjected to offensive conduct/harassment/retaliation hereinafter referred to as the "Complainant", may file a formal complaint, either orally or in writing, with a teacher, principal, or other Academy employee at the student's school, the Compliance Officer, Educational Service Provider, or another Academy employee who works at another school. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, Educational Service Provider, or other Academy employee, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer or designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, offensive conduct/harassment/retaliation; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral

interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the alleged harasser. In making such a determination, the Compliance Officer should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions s/he deem appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Educational Service Provider will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the individual alleged to have engaged in the harassing or retaliatory conduct, hereinafter referred to as the "Respondent", that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer or the designee, the Educational Service Provider must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Educational Service Provider final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Educational Service Provider shall issue a final written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Educational Service Provider may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Educational Service Provider final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or

Educational Service Provider, shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Any act of retaliation against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation is prohibited.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a student under the age of eighteen (18) or that a person with a disability receiving services as a student from the academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Educational Service Provider.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider, or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- D. written witness statements;
- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);
- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;

- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any interim measures offered and/or provided to complainants and/or the alleged perpetrators, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

BULLYING

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors and volunteers, is prohibited. All pupils are protected under this policy, and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

Definition of Bullying

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district’s or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district’s or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.

- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the School Leader. Complaints against the School Leader shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The School Leader or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The School Leader is the school official responsible for ensuring that this policy is implemented.

Confidentiality

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The School Leader, or the School Leader's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publically disclosed.

Notification

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

Reporting

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy, and thus no administrative guidelines accompany this policy.

	Dear Colleague Letter on Sexual Violence (Office for Civil Rights, 2011)
	OCR's Revised Sexual Harassment Guidance (2001)

The Board of Education does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, "Protected Classes") in its education programs and activities. The Board is committed to maintaining an education and work environment that is free from all forms of unlawful harassment, including sexual harassment.

Sexual harassment, including sexual violence, interferes with students' rights to receive an education free from discrimination, and, in the case of sexual violence, is a crime. Pursuant to its Title IX obligations, the Board is committed to eliminating sexual violence in all forms and will take appropriate action against any individual found responsible for violating this policy. To further its commitment against sexual violence, the Board provides reporting options, an investigative and disciplinary process, and other related services as appropriate.

This policy applies to all student complaints, whether filed by a student, his/her parent, an employee, or third party on the student's behalf. It applies to all Academy operations, programs, and activities, as well as to unlawful conduct occurring on academy property or during a Board-sponsored activity. All students, administrators, teachers, staff, and all other academy personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment.

Definitions

Sexual Harassment

As detailed further in Policy 5517, sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal or physical conduct of a sexual nature. Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Examples include, but are not limited to:

- A. unwelcome sexual propositions, invitations, solicitations, and flirtations;
- B. unwanted physical and/or sexual contact;
- C. threats or insinuations implying that a person's conditions of education may be adversely affected by not submitting to sexual advances;
- D. unwelcome sexual verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; unwelcome sexually degrading language, jokes or innuendoes;

- unwelcome suggestive or insulting sounds or whistles; obscene telephone calls;
- E. sexually suggestive objects, pictures, videotapes, audio recordings or literature;
 - F. unwelcome and inappropriate touching, patting, or pinching; obscene gestures;
 - G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
 - H. speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
 - I. inappropriate boundary invasions into a student's personal space and personal life; and
 - J. verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Sexual Violence

Sexual violence, as used in this policy, refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age, intellectual or other disability, or use of drugs or alcohol).

Sexual violence includes rape, sexual assault, sexual battery, sexual abuse, and sexual coercion. Sexual violence can be carried out by academy employees, other students, or third parties. All such acts of sexual violence are forms of sexual harassment and, in turn, sex discrimination prohibited by Title IX.

Harassing conduct creates a hostile environment when it interferes with or limits a student's ability to participate in or benefit from the academy's program. A single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe. For example, a single instance of rape is sufficiently severe to create a hostile environment.

Anti-Harassment Compliance Officers

The Board designates the following individuals to serve as "Anti-Harassment Compliance Officers" for the Academy. They are hereinafter referred to as the "Compliance Officers".

Superintendent
2441 Sanford Street
Muskegon Heights, MI 49444
(231) 830-3703

AccessPoint -CHIEF OPERATING
OFFICER
42400 Grand River Avenue, Ste. 200
Novi, MI 48375
(248) 319-1380

The names, titles, and contact information of these individuals will be published annually:

- A. in the student, parent and staff handbooks

The Compliance Officers are available during regular academy/work hours to discuss Title IX questions, sexual violence concerns, and to assist students, other members of the Academy community, and third parties. Compliance Officers shall accept sexual violence complaints directly from any members of the Academy community or a visitor to the Academy, as well as those initially filed within an academy building administrator. Upon receiving a complaint, the Compliance Officer or designee will discuss confidentiality issues with the complainant (and his/her parent, if the complainant is a minor), and open an investigation as described below.

Complaint Procedures

Reporting

Students and Board employees are required, and parents, community members, and third parties are encouraged, to report sexual violence promptly to a teacher, administrator, supervisor, or other academy official. Reports can be made orally or in writing, and should be as specific as possible. The person making the report shall identify the alleged victim, perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s). The Academy, however, will investigate and address all reports to the extent possible.

A student has a right to file criminal and/or Title IX complaints simultaneously. A student does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to sexual violence or any other Title IX concerns may also be filed with the U.S. Department of Education's Office for Civil Rights.

Any teacher, administrator, supervisor, or other academy employee or official who receives such a complaint shall file it with the Academy's Compliance Officer within two (2) school days, and shall comply with his/her mandatory reporting responsibilities. The Compliance Officer will oversee the Academy's investigation and response to any Title IX-related complaints, but s/he may delegate the investigative process to another individual ("Designee"). The Board reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy.

Confidentiality

The Academy respects students' privacy and will only disclose information regarding alleged sexual violence to individuals who are responsible for handling the academy's response, the student's parents (if the student is a minor or is considered a dependent under Section 152 of the Internal Revenue Code), or as otherwise required by law. During the course of a formal investigation, the Compliance Officer/designee will instruct all interviewees about the importance of maintaining confidentiality. Interviewees will be directed not to disclose any information that s/he learns or that s/he provides during the course of the investigation to third parties.

Students or their parents sometimes ask that the students' names not be disclosed to the alleged perpetrators or that no investigation or disciplinary action be pursued to address the alleged sexual violence. Upon such a request, the Compliance Officer/designee will inform the student and his/her parent that honoring the request may limit the Academy's ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator. The official will also explain that Title IX includes protections against retaliation, and that academy officials will not only take steps to prevent retaliation but also take strong responsive action if it occurs.

Should the student or his/her parents continue to request complete confidentiality, the Compliance Officer/designee will balance the student's privacy request with the Academy's obligation to provide a safe and non-discriminatory environment for all students. Should the official determine that the Academy can honor the student's or parent's request and remain in compliance with its Federal and State obligations, the Academy may limit its investigation and/or formal action against the alleged perpetrator. The Academy will, however, take other action to address the sexual violence. This may include increasing monitoring and security, offering schedule changes, and conducting climate surveys.

If the Compliance Officer/designee determines that the Academy must disclose the student's identity to an alleged perpetrator, s/he will inform the student and his/her parents prior to disclosure. The Academy will then afford interim protection measures to the student as appropriate.

Investigation

The Academy is committed to investigating all sexual violence complaints in an adequate, reliable, impartial, and prompt manner. The investigation will seek to determine whether the conduct occurred, and if so, what actions the academy will take to end the sexual violence, eliminate the hostile environment, prevent its recurrence, and remedy its effects.

The investigation may include:

- A. interviewing the complainant, perpetrator, and any witnesses;
- B. reviewing law enforcement investigation documents;
- C. reviewing student and personnel files;
- D. gathering and examining other relevant documents or evidence; and
- E. providing a disciplinary hearing as needed.

The Academy affords both parties a balanced and fair process. Specifically, the complainant has the same rights throughout the proceeding as the alleged perpetrator. Both parties, for example, will have an equal opportunity to present relevant witnesses and other evidence at a disciplinary hearing. Likewise, the Academy's appeal process is available to both parties. The Academy, however, does not require complainants to be present for the hearing or appeal. Further, the Academy will not permit parties to personally question or cross-examine each other directly.

In resolving a complaint, the Academy uses a preponderance of the evidence standard, determining whether it is more likely than not that sexual violence occurred.

Timeline

The Compliance Officer/designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) school days after receipt of a report of sexual violence to advise s/he/them of the Board's intent to investigate the alleged misconduct. The Compliance Officer/designee will also inform the alleged perpetrator of the opportunity to submit a written response to the complaint within five (5) business days. The Academy's investigation, including a disciplinary hearing process (but not appeal), may take up to sixty (60) calendar days to complete. This timeframe may be extended on a case-by-

case basis, depending on the complexity and severity of the matter, criminal investigation requirements, and academy breaks. During this period, the Academy will provide the complainant with periodic updates on the status of the investigation.

Interim Measures

During the investigation, the Academy will take interim steps to facilitate the complainant's equal access to its education programs. These steps may include, but are not limited to: 1) notifying the complainant of his/her options to avoid contact with the alleged perpetrator; 2) allowing the complainant to change his/her academic, extracurricular, transportation, dining, and working situation as appropriate; and 3) informing complainant of other available resources, such as counseling, legal assistance, and victim advocacy. Specific interim measures will be considered and offered on a case-by-case basis.

Notice

Upon completing its investigation, the Academy will notify both parties in writing about the outcome of the complaint and any appeal. Specifically, the Academy will notify the complainant: 1) as to whether the investigation substantiated the allegations; 2) of individual remedies offered to the complainant; 3) of sanctions imposed on the perpetrator that directly relate to the complainant; and 4) other steps the Academy has taken to eliminate the hostile environment and prevent recurrence. The alleged perpetrator will be notified of the investigation's result and disciplinary consequence to him/her, if any. The Academy will not notify the alleged perpetrator about the individual remedies afforded to the complainant. All aforementioned notifications will comply with Federal and State privacy laws, including the Family Education Rights and Privacy Act (FERPA).

Remedies

The Academy will provide a prompt and equitable resolution. If the investigation substantiates the complaint, the Academy will take steps to end the sexual violence, eliminate the hostile environment, prevent its recurrence, and remedy its effects. In addition to imposing disciplinary consequences on the perpetrator, the Academy will consider the following individual and global remedies, on a case-by-case basis:

- A. providing medical, counseling, and academic support services to the complainant and/or perpetrator;
- B. re-arranging schedules at the complainant's request;
- C. affording the complainant extra time to complete or retake classes without academic penalty;
- D. reviewing any disciplinary proceedings against the complainant;
- E. training or retraining employees;
- F. developing materials on sexual violence;
- G. conducting sexual violence prevention programs; and
- H. conducting climate checks.

The Academy will not offer mediation in cases involving sexual violence. Disciplinary consequences against offenders may include suspension, expulsion, termination, and any other sanctions the Board deems appropriate. Any discipline meted out to offenders will comply with special education and Section 504 laws and regulations.

Appeals Process

Both complainants and perpetrators may appeal the outcome of the investigation. Any appeal opportunities afforded to the alleged perpetrator are also afforded to the complainant. Any party wishing to appeal the outcome of the investigation must submit a written appeal to the Board within ten (10) school days after receipt of the written notice of the outcome of the investigation. The Board shall, within twenty (20) work days, conduct a hearing concerning the appeal. The Board shall provide a written decision to the appealing individual within ten (10) work days following completion of the hearing.

Retaliation

Federal law strictly prohibits retaliation against a complainant or witness. The Academy will inform complainant of this prohibition and direct him/her to report retaliation, whether by students or academy officials, to the Compliance Officer. Upon learning of retaliation, academy officials will take strong responsive action as appropriate.

Training

All staff will be trained so they know to report harassment to appropriate academy officials. This training will include practical information about how to identify and report sexual harassment, including sexual violence. The training will be provided to any employees likely to witness or receive complaints involving sexual harassment and/or sexual violence, including teachers, academy law enforcement unit employees or academy resource officers, academy administrators, academy counselors, and health personnel. Further, academy administrators responsible for investigating allegations of sexual harassment and sexual violence will be trained how to conduct such investigations and respond properly to such charges.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/ statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- C. any documentation that memorializes the actions taken by Academy personnel related to the investigation and/or the Academy's response to the alleged violation of this policy;
- D. written witness statements;

- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);
- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any interim measures offered and/or provided to complainants and/or the alleged perpetrators, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy

8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

The use, manufacture, possession, distribution, or dispensation of alcoholic liquor or the illegal use, manufacture, possession, distribution or dispensation of drugs or drug paraphernalia is strictly prohibited on school property, on school provided transportation, or at school-sponsored events. The Academy shall maintain a drug-free environment at all times.

Students found in possession of alcohol or illegal drugs (including drug paraphernalia), or found to be under the influence of such substances, shall be subject to discipline pursuant to the Academy Code of Conduct.

The School Leader shall establish a drug-free awareness program consistent with this policy and all applicable law. Such a program may include reasonable guidelines and procedures designed to ensure that an individual who has formerly engaged in the illegal use of drugs is no longer engaging in the illegal use of drugs.

Students of the Academy shall be provided with a copy of the standards regarding alcoholic liquor and illegal drugs, including drug paraphernalia, and shall be informed that compliance with these standards is mandatory.

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

Reference: MCL 333.26301 et seq., 380.1318

The Board of Education recognizes the use of dietary supplements containing performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students.

Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of any dietary supplement containing a performance-enhancing compound or a performance-enhancing drug (e.g., anabolic steroids), to a student with whom the staff member, volunteer, or contractor has contact as a part of his/her duties. Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of such a dietary supplement by a student with whom he/she has contact as part of his/her duties.

Use of a performance-enhancing substance regardless of source by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431. This notice and list shall also be published in the Parent/Student Handbook provided annually.

EMERGENCY REMOVAL, SUSPENSION, AND EXPULSION OF STUDENTS

Reference: M.C.L. 380.1301, 380.1309, 380.1310d, 380.1311
20 U.S.C. 3351
State Board of Education, Resolution to Address School Discipline Issues
Impacting Student Outcomes, Adopted June 12, 2012

The Board of Education is continually concerned about the safety and welfare of Academy students and staff and, therefore, will not tolerate behavior that creates an unsafe environment, a threat to safety or undue disruption of the educational environment.

Factors to be Considered Before Suspending or Expelling a Student

The Board of Education also recognizes that exclusion from the educational program of the academy's is a severe sanction that should only be imposed after careful and appropriate consideration. Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion of a student is considered, the Superintendent shall consider the following factors prior to making a determination of whether to suspend or expel:

- A. the student's age
- B. the student's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

The Superintendent will exercise discretion over whether or not to suspend or expel a student. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the Superintendent can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Superintendent will still consider these factors in making the determination.

Restorative Practices

The Superintendent shall consider using restorative practices as an alternative to or in addition to suspension or expulsion. If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and academy community caused by the student's misconduct.

Restorative practices should be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption and harassment and cyberbullying.

If the Superintendent decides to utilize restorative practices as an alternative to or in addition to suspension or expulsion, the restorative practices may include victim-offender conferences that:

- A. are initiated by the victim;
- B. are approved by the victim's parent or legal guardian or, if the victim is at least fifteen (15), by the victim;
- C. are attended voluntarily by the victim, a victim advocate, the offender, members of the academy community, and supporters of the victim and the offender (the "restorative practices team");
- D. would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Due Process

The Board recognizes exclusion from the educational programs of the Academy, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and is one that cannot be imposed without appropriate due process, since exclusion deprives a child of the right to an education. The Board also recognizes that it may be necessary for a teacher to remove a student from class for conduct disruptive to the learning environment, and that such removals are not subject to a prior hearing, provided the removal is for a period of less than twenty-four (24) hours. However, if an emergency removal may result in a suspension, then due process must be ensured.

In all cases resulting in short-term suspension, long-term suspension or expulsion, appropriate due process rights described in Policy 5611 and AG 5610 must be observed. The Superintendent shall check to make sure the student is not classified as disabled under Section 504. Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with their rights under Federal law.

For purposes of this policy, suspension shall be either short-term (not more than ten (10) days) or long-term (for more than ten (10) days but less than permanent expulsion) removal of a student from a regular Academy program. The Superintendent may suspend a student for a period not to exceed 10 school days.

For purposes of this policy, unless otherwise defined in Federal and/or State law, expulsion is defined as the permanent exclusion of a student from the Academy. Students who are expelled may petition for reinstatement as provided below.

Emergency Removal or Short-Term Suspension

A student may be removed from a class, subject, or activity for one (1) day by his/her teacher for certain conduct as specified in the Code of Conduct, or he/she may be given a short-term suspension by the Superintendent. A student so removed may be allowed to attend other classes taught by other teachers during the term of the one (1) day removal. A student removed from the same class for ten (10) days will be entitled to the process for short-term suspensions outlined in AG 5610. A student removed from the same class for more than ten (10) days will be entitled to the process for long-term suspensions outlined in AG 5610. The Board designates the Superintendent as its representative at any hearings regarding the appeal of a suspension.

Long-Term Suspension or Expulsion

Due process set out in Policy 5611 and AG 5610 shall be followed in all circumstances in which a student may be expelled or suspended for a period of more than ten (10) days.

The Superintendent may suspend a student for a period longer than ten (10) days or expel a student. The Board shall act on any appeal to the decision.

In all cases resulting in short-term suspension, long-term suspension, or expulsion, appropriate due process rights must be observed.

The Superintendent shall develop procedures to implement this policy that shall include the following:

- A. strategies for providing special assistance to students in danger of being expelled and not achieving the academic outcomes of the Academy's core curriculum;
- B. standards of behavior for all students in accordance with Academy Board policy on student discipline;
- C. procedures that ensure due process; and
- D. provision for make-up work at home, when appropriate.

Persistent Disobedience or Gross Misconduct/CSC Against Another Academy Student

Any student may be removed from the classroom, and/or, after consideration of the factors identified above, suspended or expelled for persistent disobedience or gross misconduct or if the student commits criminal sexual conduct against another student enrolled in the Academy regardless of the location of the conduct. A student may not be expelled or excluded from the regular academy program based on pregnancy status.

In recognition of the negative impact on a student's education, the Board encourages the Academy's administrators to view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort, except where these disciplines are required by law. Alternatives to avoid or to improve undesirable behaviors should be explored when possible prior to implementing or requesting a suspension or expulsion.

Physical and Verbal Assault

Unless a different determination is made after consideration of the factors identified above, the Academy shall permanently expel a student in grade six or above if that student commits physical assault at the Academy against a staff member, a volunteer, or a contractor.

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above for up to 180 school days if the student commits physical assault at the Academy against another student.

Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence."

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above and may discipline, suspend or expel a student in grade five and below for a period of time as determined at the Board's discretion if the student commits verbal assault at the Academy against a Academy employee, volunteer, or contractor or makes a bomb threat or similar threat directed at an academy building, property, or at an academy-related activity.

Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

"At the Academy" means in a classroom, elsewhere on academy premises, on an academy bus or other academy-related vehicle, or at an academy-sponsored activity or event whether or not it is held on academy premises.

Weapons, Arson, Criminal Sexual Conduct

In compliance with State and Federal law, and unless a different determination is made after consideration of the factors identified above, the Academy shall expel any student who possesses a dangerous weapon, other than a firearm, in the Academy's weapon-free school zone (except as noted below), commits either arson or criminal sexual conduct in an academy building or on academy property, including academy buses and other Academy transportation, or pleads to, is convicted of or is adjudicated of criminal sexual conduct against another student enrolled in the Academy.

In compliance with State and Federal law, the Academy shall expel any student who possesses a firearm in the Academy's weapon-free school zone in violation of State law, unless the student can establish the mitigating factors relating to possession of a dangerous weapon set out below, by clear and convincing evidence.

For purposes of this policy, a "dangerous weapon" is defined by law as a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles. This definition also includes other devices designed to (or likely to) inflict bodily harm, including, but not limited to, air guns and explosive devices. The term "firearm" is defined as any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of the explosive, the frame, or the bearer of any such weapon, as well as a firearm muffler, firearm silencer, or any such destructive device.

The Academy need not expel a student for possession of a dangerous weapon, including a firearm, if the student can establish in a clear and convincing manner the following mitigating factor(s) to the satisfaction of the Board the:

- A. object or instrument was not possessed for use as a weapon, or for direct (or indirect) delivery to another person for use as a weapon; or
- B. weapon was not knowingly possessed; or
- C. student did not know (or have reason to know) that the object or instrument in his/her possession constituted a dangerous weapon; or
- D. weapon was possessed at the suggestion, request, direction of, or with the express permission of the Superintendent or the police.

There is a rebuttable presumption that expulsion for possessing the weapon is not justified if the Superintendent determines in writing that the student has established that he or she fits under one of the exceptions above by clear and convincing evidence, and that the student has no previous history of suspension or expulsion.

For expulsions for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor, the Superintendent shall provide that the expulsion is duly noted in the student's record, the student is referred to the Department of Human Services or Department of Community Health within three (3) school days after the expulsion, and the parents are informed of the referral. Furthermore, if a student who is expelled is below the age of sixteen (16), the Superintendent shall ensure notification of the expulsion is given to the Juvenile Division of the Probate Court. In compliance with Federal law, the Superintendent shall also refer any student (regardless of age) expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the Academy. In addition, the Superintendent shall send a copy of this policy to the State Department of Education and shall include a description of the circumstances surrounding the expulsion of the student for possessing a firearm or weapon in the Academy's weapon-free school zone, together with the name of the Academy, the number of students so expelled, and the types of firearms or weapons brought into the weapon-free school zone.

A student expelled under this policy for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may apply for reinstatement in accordance with the following guidelines:

- A. If the student is in grade five (5) or below at the time of the expulsion and was expelled for possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after sixty (60) school days from the date of expulsion, but the student may not be reinstated before ninety (90) school days from the expulsion date.
- B. If the student is in grade five (5) or below at the time of the expulsion and was expelled for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, or emancipated minor may submit a request for reinstatement at any time, but the student may not be reinstated before ten (10) school days from the expulsion date.

- C. If the student is in grade six (6) or above at the time of the expulsion, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after one hundred and fifty (150) school days from the date of the expulsion, but the student may not be reinstated before one hundred eighty (180) school days from the expulsion date.
- D. The parent, adult student, or emancipated minor shall submit the request for reinstatement to the Superintendent.
- E. Within ten (10) school days after receiving the petition, the Board shall appoint a committee consisting of two (2) Board members, an academy administrator, a teacher, and an academy-parent representative. During this time period, the Superintendent shall prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.
- F. Within ten (10) school days after being appointed, the committee shall review all pertinent information and submit its recommendation to the Board. The recommendation may be for unconditional reinstatement, conditional reinstatement, or non-reinstatement, based on the committee's consideration of the following:
 - 1. extent to which reinstatement would create a risk of harm to students or academy staff;
 - 2. extent to which reinstatement would create a risk of academy or individual liability for the Board or academy staff;
 - 3. age and maturity of the student;
 - 4. student's academy record before the expulsion incident;
 - 5. student's attitude concerning the expulsion incident;
 - 6. student's behavior since the expulsion and the prospects for remediation;
 - 7. The degree of cooperation and support the parent has provided and will provide if the student is reinstated (if the request was filed by a parent), including, but not limited to the parent's receptiveness toward any conditions placed on the reinstatement. Such conditions, for example, might include a written agreement by the student and/or a parent who filed the reinstatement request to accomplish the following:
 - a. abide by a behavior contract involving the student, his/her parents, and an outside agency;
 - b. participate in an anger management program or other counseling activities;
 - c. cooperate in processing and discussing periodic progress reviews;

- d. meet other conditions deemed appropriate by the committee;
 - e. accept the consequences for not fulfilling the agreed upon conditions.
8. student's behavior since the expulsion and the prospects for remediation.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and is not subject to appeal.

In the event a student who has been permanently expelled from another academy requests admission to this Academy, in making its decision, the Board shall follow the same procedure it has established in paragraphs A-F, above, for the reinstatement of a student.

Students expelled for reasons other than dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may also petition the Board for reinstatement. The Board may, at its discretion, consider the petition in accordance with the procedures set forth above.

The Superintendent shall ensure Board policies and procedures regarding a student's rights to due process are followed when dealing with a possible suspension or expulsion under this policy.

In-School Discipline

The purpose of this policy is to provide an alternative to out of school suspension. The availability of in-school discipline options is dependent upon the financial ability of the Board to support such a program.

In-school discipline will only be offered at the discretion of the Superintendent for offenses found in the Student Code of Conduct.

The Superintendent is to establish procedures for the proper operation of such a program and to ensure appropriate due-process procedures are followed as applicable. (See Policy 5630.01)

Due Process Rights

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following:

A. Students Subject to Short-Term Suspension

Except when emergency removal is warranted, a student must be given at least oral notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The Superintendent or other

designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the Superintendent whose decision will be final.

B. Students Subject to Long-Term Suspension and Expulsion

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and must also be given an opportunity to appear before the Board with a representative to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student/parent's request, the hearing shall be held in closed session, but the Board must act publicly. The Board shall act by providing a written decision on any appeal of an expulsion, a request for reinstatement, or a request for admission after permanent expulsion from another academy.

The Superintendent shall develop procedures to ensure all members of the staff use the above guidelines when dealing with students. In addition, this statement of due process rights shall be placed in all student handbooks, in a manner that facilitates understanding by students and their parents.

Corporal Punishment

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

- A. restrain or remove a student who refuses to comply with a request to behave or report to the office;
- B. quell a disturbance threatening physical injury to self or others;
- C. obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or
- D. the protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services.

The Superintendent shall provide guidelines, including a list of alternatives to corporal punishment.

Removal, Suspension, and Expulsion of Students with Disabilities

The Academy shall abide by Federal and State laws in matters relating to discipline, suspension, and expulsion of disabled students.

Revised 7/17/17; 1/14/19

DUE PROCESS RIGHTS

The Board of Education recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines:

A. Students subject to short-term suspension:

Except when emergency removal is warranted, a student must be given oral or written notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the School Leader whose decision will be final.

B. Students subject to long-term suspension and expulsion:

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and an opportunity to appear with a representative before the Board for any appeal. The student and/or his/her guardian must also be provided a brief description of the student's rights and of the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student's request, the appeal hearing may be private, but the Board must act publicly. The Board shall act on any appeal, which must be submitted in writing, to an expulsion, to a request for reinstatement, or to a request for admission after being permanently expelled from another district (Policy 5610).

The School Leader shall establish procedures so that all members of the staff use the above guidelines when dealing with students. In addition, this statement of due process rights is to be placed in all student handbooks in a manner that will facilitate understanding by students and their parents.

Adopted 1/14/19

STUDENT SECLUSION AND RESTRAINT

This policy is intended to provide the framework for organizational supports that result in effective interventions based on team-based leadership, data-based decision-making, continuous monitoring of student behavior, regular universal screening and effective on-going professional development. The Academy is committed to investing in prevention efforts and to teach, practice and reinforce behaviors that result in positive academic and social outcomes for students.

In the event that staff members need to restrain and/or seclude students, it must be done in accordance with this policy, which is intended to:

- A. promote the care, safety, welfare and security of the academy community and the dignity of each student;
- B. encourage the use of proactive, effective, evidence and research based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all students; and
- C. ensure that seclusion and restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

In furtherance of these objectives, the Academy will utilize Positive Behavioral Interventions and Supports (PBIS) to enhance academic and social behavior outcomes for all students. PBIS implemented by the Academy will include socially valued and measurable outcomes, empirically validated and practical practices, systems that efficiently and effectively support implementation of these practices, and continuous collection and use of data for decision-making.

EMERGENCY SECLUSION

- A. Prohibited Practices and Limitations on Use

The following practices are prohibited under all circumstances, including emergency situations:

1. confinement of students who are severely self-injurious or suicidal
2. corporal punishment, as defined in M.C.L. 380.1312(1) of the revised school code, 1976 PA 451
3. the deprivation of basic needs
4. anything constituting child abuse
5. seclusion of pre-school children
6. seclusion that is used for the convenience of academy personnel
7. seclusion as a substitute for an educational program

8. seclusion as a form of discipline or punishment
9. seclusion as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS
10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition

B. Definition of Emergency Seclusion

Seclusion means the confinement of a student in a room or other space from which the student is physically prevented from leaving. Seclusion does not include the general confinement of students if that confinement is an integral part of an emergency lockdown drill required under Section 19(5) of the Fire Prevention Code, 1941 PA 207, M.C.L. 29.19, or of another emergency security procedure that is necessary to protect the safety of students.

Emergency seclusion is a last resort emergency safety intervention involving seclusion that is necessitated by an ongoing emergency situation and that provides an opportunity for the student to regain self-control while maintaining the safety of the student and others.

To qualify as emergency seclusion, there must be continuous observation by academy personnel of the student and the room or area used for confinement:

1. must not be locked
2. must not prevent the student from exiting the area should staff become incapacitated or leave that area
3. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student
4. must comply with State and local fire and building codes

C. Time and Duration Emergency seclusion should not be used any longer than necessary, based on research and evidence, to allow a student to regain control of his/her behavior to the point that the emergency situation necessitating the use of emergency seclusion is ended, but generally no longer than:

1. fifteen (15) minutes for an elementary school student;
2. twenty (20) minutes for a middle school or high school student

If an emergency seclusion lasts longer than the suggested maximum times above, the following are required:

- a. additional support (which may include change of staff, introducing a nurse or specialist, or additional key identified personnel)

- b. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

A. Prohibited Practices

The following procedures are prohibited under all circumstances, including emergency situations:

1. mechanical restraint
2. chemical restraint
3. corporal punishment as defined in 380.1312(1) of the revised school code, 1976 PA 451, otherwise known as the Corporal Punishment Act
4. the deprivation of basic needs
5. anything constituting child abuse
6. restraint that is used for the convenience of academy personnel
7. restraint as a substitute for an educational program
8. restraint as a form of discipline or punishment
9. restraint as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS
10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition
11. any restraint that negatively impacts breathing, including any positions, whether on the floor, facedown, seated or kneeling, in which the student's physical position (e.g., bent over) is such that it is difficult to breathe, including situations that involve sitting or lying across an individual's back or stomach
12. prone restraint (the restraint of a person face down)

NOTE: Academy personnel who find themselves involved in the use of a prone restraint as the result of responding to an emergency must take immediate steps to end the prone restraint.

13. the intentional application of any noxious substance(s) or stimuli that results in physical pain or extreme discomfort

A noxious substance or stimuli can either be generally acknowledged or specific to the student.

14. physical restraint, other than emergency physical restraint
15. any other type of restraint not expressly allowed

B. Definition of Restraint

Restraint means an action that prevents or significantly restricts a student's movement. Physical restraint is intended for the purposes of emergency situations only, in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

Emergency physical restraint is a last resort emergency safety intervention involving physical restraint that is necessitated by an ongoing emergency situation and that provide an opportunity for the student to retain self-control while maintaining the safety of the student and others. An emergency situation requires an immediate intervention. Emergency physical restraint may not be used in place of appropriate less restrictive interventions.

There are three (3) types of restraint: physical, chemical, and mechanical.

1. Physical restraint involves direct physical contact.

Restraint does not include actions undertaken for the following reasons:

- a. to break up a fight
- b. to take a weapon away from a student
- c. to briefly hold the student (by an adult) in order to calm or comfort him/her
- d. to have the minimum contact necessary to physically escort a student from one area to another
- e. to assist a student in completing a task/response if the student does not resist or if resistance is minimal in intensity or duration
- f. to hold a student for a brief time in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car)
- g. to stop a physical assault as defined in M.C.L. 380.1310
- h. actions that are an integral part of a sporting event, such as a referee pulling football players off from a pile or similar action

2. Chemical Restraint is the administration of medication for the purpose of restraint.

Restraint does not include administration of medication prescribed by and administered in accordance with the directions of a physician.

3. Mechanical Restraint means the use of any device, article, garment, or material attached to or adjacent to a student's body to perform restraint.

Restraint does not include the following:

- a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended)
- b. safety equipment used by the general student population as intended (e.g., seat belts, safety harness on academy transportation)

C. Time and Duration

Restraint should not be used:

1. any longer than necessary, based on research and evidence, to allow students to regain control of their behavior to the point that the emergency situation necessitating the use of emergency physical restraint is ended; and
2. generally no longer than ten (10) minutes.

If an emergency restraint lasts longer than ten (10) minutes, all of the following are required:

1. additional support, which may include a change of staff, or introducing a nurse, specialist, or additional key identified personnel
2. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

USE OF EMERGENCY SECLUSION/RESTRAINT

A. When to Use Emergency Seclusion/Restraint

Seclusion/restraint must be used only under emergency situations and if essential. Emergency situation means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

B. General Procedures for Emergency Seclusion/Restraint:

1. An emergency seclusion/restraint may not be used in place of appropriate, less restrictive interventions.
2. Emergency seclusion/restraint shall be performed in a manner that is:
 - a. safe;
 - b. appropriate; and
 - c. proportionate to and sensitive to the student's:
 - 1) severity of behavior;
 - 2) chronological and developmental age;
 - 3) physical size;
 - 4) gender;
 - 5) physical condition;
 - 6) medical condition;
 - 7) psychiatric condition; and
 - 8) personal history, including any history of physical or sexual abuse or other trauma.
3. Academy personnel shall call key identified personnel for help from within the academy building either immediately at the onset of an emergency situation or, if it is reasonable under the particular circumstances for academy personnel to believe that diverting their attention to calling for help would increase the risk to the safety of the student or to the safety of others, as soon as possible once the circumstances no longer support such a belief.
4. While using emergency seclusion/restraint, staff must do all of the following:
 - a. involve key identified personnel to protect the care, welfare, dignity, and safety of the student
 - b. continually observe the student in emergency seclusion for indications of physical distress and seek medical assistance if there is a concern
 - c. document observations

- d. ensure to the extent practicable, in light of the ongoing emergency situation, that the emergency seclusion/restraint does not interfere with the student's ability to communicate using the student's primary mode of communication
 - e. ensure that at all times during the use of emergency seclusion/restraint there are academy personnel present who can communicate with the student using the student's primary mode of communication
5. Each use of an emergency seclusion/restraint and the reason for each use shall be documented and reported according to the following procedures:
- a. document in writing and report in writing or orally to the building administration immediately
 - b. report in writing or orally to the parent or guardian immediately
 - c. a report shall be written for each use of seclusion/restraint (including multiple uses within a given day) and the written report(s) provided to the parent or guardian within the earlier of one (1) school day or seven (7) calendar days
6. After any use of an emergency seclusion/restraint, staff must make reasonable efforts to debrief and consult with the parent or guardian, or the parent or guardian and the student (as appropriate) regarding the determination of future actions.

C. Students Exhibiting a Pattern of Behavior

1. If a student exhibits a pattern of behavior that poses a substantial risk of creating an emergency situation in the future that could result in the use of emergency seclusion/restraint, academy personnel should do the following:
 - a. conduct a functional behavioral assessment
 - b. develop or revise a PBIS plan to facilitate the reduction or elimination of the use of seclusion/restraint
 - c. develop an assessment and planning process conducted by a team knowledgeable about the student, including at least:
 - 1) the parent or guardian
 - 2) the student (if appropriate)
 - 3) people who are responsible for implementation of the PBIS plan

- 4) people who are knowledgeable in PBIS
- d. develop a written emergency intervention plan ("EIP") to protect the health, safety, and dignity of the student. An EIP may not expand the legally permissible use of emergency seclusion/restraint.

The EIP should be developed by a team in partnership with the parent or guardian. The team shall include:

- 1) a teacher;
- 2) an individual knowledgeable about legally permissible use of seclusion/restraint; and
- 3) an individual knowledgeable about the use of PBIS to eliminate the use of seclusion/restraint.

The EIP should be developed and implemented by taking all of the following documented steps:

- a. describe in detail the emergency intervention procedures
- b. describe in detail the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses
- c. inquire of the student's medical personnel (with parent or guardian consent) regarding any known medical or health contraindications for the use of seclusion/restraint
- d. conduct a peer review by knowledgeable staff
- e. provide the parent or guardian with all of the following, in writing and orally:
 - 1) A detailed explanation of the PBIS strategies that will reduce the risk of the student's behavior creating an emergency situation.
 - 2) An explanation of what constitutes an emergency, including examples of situations that would fall within and outside of the definition.
 - 3) A detailed explanation of the intervention procedures to be followed in an emergency situation, including the potential use of emergency seclusion/restraint.
 - 4) A description of possible discomforts or risks.
 - 5) A detailed explanation of the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses.

6) Answers to any questions.

A student who is the subject of an EIP should be told or shown the circumstances under which emergency intervention could be used.

D. Data Collection and Reporting

1. The building administrator shall develop a system of data collection, collect the data and forward all incident reports and data regarding the use of seclusion/restraint to the School Leader.

The data must:

- a. be analyzed to determine the efficacy of the academy's academy-wide system of behavioral support;
- b. be analyzed in the context of suspension, expulsion, and dropout data;
- c. be analyzed for the purposes of continuous improvement of training and technical assistance toward the reduction or elimination of seclusion/restraint;
- d. be analyzed on a schedule determined by the Michigan Department of Education (MDE);
- e. be reported to the MDE, if and as required;
- f. include a list of appropriately trained, identified personnel and their levels of:
 - 1) education;
 - 2) training; and
 - 3) knowledge.

NOTE: The Academy must report to the MDE on the use of seclusion and restraint periodically. MDE will develop guidelines that outline the process for reporting redacted, aggregated data regarding the emergency use of seclusion and restraint.

Training Framework

A comprehensive training framework will be implemented which includes the following:

- A. awareness training for all academy personnel who have regular contact with students; and
- B. comprehensive training for key identified personnel.

All substitute teachers must be informed of and understand the procedures regarding the use of emergency seclusion and emergency restraint. This requirement may be satisfied using

online training developed or approved by MDE and online acknowledgement of understanding and completion of the training by the substitute teacher.

Comprehensive Training for Identified Personnel

Each building administrator will identify sufficient key personnel to ensure that trained personnel are generally available for an emergency situation. Before using emergency seclusion or emergency physical restraint with students, key identified personnel who may have to respond to an emergency safety situation must be trained in all of the following:

- A. proactive practices and strategies that ensure the dignity of students
- B. conflict resolution
- C. mediation
- D. social skills training
- E. de-escalation techniques
- F. positive behavioral intervention and support strategies
- G. techniques to identify student behaviors that may trigger emergency safety situations
- H. related safety considerations, including information regarding the increased risk of injury to students and staff when seclusion or restraint is used
- I. instruction in the use of emergency seclusion and emergency physical restraint
- J. identification of events and environmental factors that may trigger emergency safety situations
- K. instruction on the State policy on the use of seclusion and restraint
- L. description and identification of dangerous behaviors
- M. methods for evaluating the risk of harm to determine whether the use of emergency seclusion or emergency physical restraint is warranted
- N. types of seclusion
- O. types of restraint
- P. the risk of using seclusion and restraint in consideration of a student's known and unknown medical or psychological limitations
- Q. cardiopulmonary resuscitation and first aid
- R. the effects of seclusion and restraint on all students

- S. how to monitor for and identify physical signs of distress and the implications for students generally and for students with particular physical or mental health conditions or psychological limitations
- T. ways to obtain appropriate medical assistance

STUDENT FUNDRAISING

Reference: MCL 380.1272b
7 CFR Parts 210 and 220
42 USC 1779

The Board of Education acknowledges the solicitation of funds from students must be limited, because a student is a “captive donor” due to compulsory attendance laws and because solicitations disrupt the program of the Academy.

For purposes of this policy *student fundraising* shall include the solicitation and collection of money from students for any purpose and the collection of money in exchange for tickets, papers, or any other goods or services for approved student activities. “Student fundraising also includes giving away goods or services, but suggesting a monetary donation.

The Board will permit student fundraising by students in the Academy, on school property, or at any school sponsored event only when the profit is to be used for school purposes or for an activity connected with the Academy.

Fundraising by approved Academy organizations (with funds managed by the Academy) may be permitted in the Academy by the School Leader (employed by the Board). Such fundraising that occurs off school grounds may also be permitted by the School Leader (employed by the Board).

For any fundraisers, including those operated by student clubs and organizations, parent groups, or boosters clubs, that involve the sale of food items and/or beverages to students that will be consumed on the Academy campus (any area of property under the jurisdiction of the Academy that is accessible to students during the school day) during the school day (the period from the midnight before, to thirty (30) minutes after the end of the official school day), the food items and/or beverages to be sold shall comply with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in Schools nutrition standards, and also be consistent with requirements set forth in Policy 8500 – Food Services. Further, there shall be no exemptions from the standards for competitive foods in the Academy.

Use of the name, logo, or any assets of the Academy, including, but not limited to facilities, technology, or communication networks, is prohibited without the specific permission of the School Leader (employed by the Board).

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extracurricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free appropriate public education to any students in the classroom may be permitted, but only with the specific approval of the School Leader (employed by the Board).

All crowdfunding activities are subject to AG 6605.

Fundraising by students on behalf of those school-related organizations and Academy support organizations (with funds not managed by the Academy) may be permitted on or off school grounds by the School Leader (employed by the Board). All fundraising by Academy-related organizations and Academy support organizations shall be done in accordance with Board Policy 9211 and Policy 9700.

The School Leader (employed by the Board) shall establish Administrative Procedures for the solicitation of funds that shall accomplish the following:

- A. specify the times and places in which funds may be collected;
- B. describe permitted methods of solicitation, without placing undue pressure on students;
- C. limit the kind and amount of advertising for solicitation;
- D. require that the Board approve the distribution or liquidation of monies remaining in a student activity account when the organization is defunct or disbanded; and
- E. limit the number of fundraising events.

Advisors for approved Academy organizations shall not accept any form of compensation from vendors that might influence their selection or a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser. Furthermore, advisors for approved Academy organizations shall not accept any compensation from a vendor after a decision has been made regarding a fundraising activity or a product that will be sold as a fundraiser. In addition, advisors for approved Academy organizations who make the selection of a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser shall not enter into a contractual arrangement whereby an advisor receives compensation in any form from the vendor that provides a fundraising activity or a product that will be sold as a fundraiser.

Such compensation includes, but is not limited to, cash, checks, stocks, or any other form of securities, and gifts such as televisions, microwave ovens, computers, discount certificates, travel vouchers, tickets, passes, and other such things of value. In the event that an advisor of an approved Academy organization receives such compensation, albeit unsolicited, from a vendor, the individual shall notify the School Leader, in writing, that s/he received such compensation and shall thereafter properly transmit said compensation to the School Leader at his/her earliest opportunity.

The School Leader (employed by the Board) shall distribute this policy and the procedures that implement it to each organization granted permission to solicit funds.

GRANT FUNDS

Compliance Supplement for Single Audits of State and Local Governments
20 U.S.C. 7906

It is the objective of the Board to provide equal educational opportunities for all students at the Academy. Government agencies, as well as foundations, businesses, and individuals, periodically offer both human and material resources to the Academy that would benefit students and the educational program. Therefore, it is the intent of the Board to consider grant proposals and applications for their potential to enhance educational opportunities, the educational environment, and the physical and mental growth for each student.

The School Leader (employed by the Board) shall review new Federal education legislation and prepare proposals for programs deemed to be of aid to the students of the Academy. The Board shall approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to local school districts, public school academies, and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accordance with Federal regulations and guidelines.

No Federal funds received by the Academy shall be used (1) to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; (2) to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; (3) to provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or (4) to operate a program of contraceptive distribution in schools.

Grant Proposal Development

- A. All grant proposals must support at least one (1) Academy goal or priority.
- B. For projects where grant funds will not cover the entire cost of project implementation, additional fund sources must be identified, documented, and approved during the internal review process.
- C. Each grant proposal shall be reviewed and approved by the School Leader (employed by the Board) prior to submission to the funding source.

Grant Administration

- A. The administration of grants will adhere to all applicable Federal, State, local, and grantor rules and regulations, including the terms and conditions of the Federal awards, as well as Academy policies and administrative procedures/guidelines.
- B. The School Leader (employed by the Board) is responsible for the efficient and effective administration of grant awards through the application of sound management practices.

- C. The School Leader (employed by the Board) is responsible for administering grant funds in a manner consistent with underlying agreements, applicable statutes, regulations, and program objectives, and the terms and conditions of the grant award.
- D. The School Leader (employed by the Board), in recognition of its unique combination of staff, facilities, and experience, shall employ internal controls and the organizational and management strategies necessary to assure proper and efficient administration of grant awards.
- E. All Federal funds received by the Academy will be used in accordance with the applicable Federal law and regulations and the terms and conditions of the Federal award. The School Leader (employed by the Board) shall require that each draw of Federal monies be aligned with the Academy's payment process (whether reimbursement, cash advance or a combination). If funds are permitted to be drawn in advance, all draws will be as close as administratively feasible to the related program expenditures and that, when restricted, such monies are used to supplement programs and funding and not to supplant or replace existing programming or current funding.

Financial Management

The financial management of grant funds shall be in compliance with all applicable Federal, State, local and grantor rules, regulations, and assurances as well as Academy policies and administrative procedures/guidelines.

At a minimum the Academy shall provide for the following:

- A. Identification, in Academy accounts, of all grant awards received and expended and the programs under which they were received. For Federal programs and awards, identification shall include the Catalog of Federal Domestic Assistance (CFDA) title and number, Federal award identification applicable number and year name of the Federal agency and name of the pass-through-entity as.
- B. The Academy shall develop procurement policy (or revise its current procurement policy to comply with all grants which it is awarded. Further, to the extent applicable, the Academy shall adhere to the requirements of the education Department General Administrative Regulations.
- C. Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements of the grant.
- D. Records that adequately identify the source and application of funds provided for Federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.
- E. Effective control over, and accountability for, all funds, property, and other assets. The Academy must adequately safeguard all assets and assure that they are used solely for authorization purposes.

Further, the Academy must:

1. Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the Academy is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award;
 2. Comply with Federal statutes, regulations and the terms and conditions of the federal award;
 3. Evaluate and monitor the Academy's compliance with statutes, regulations and the terms of the Federal award;
 4. Take prompt action when instances of noncompliance are identified including noncompliance identified in audit finding;
 5. Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive consistent with applicable Federal, State, local, and tribal laws regarding privacy and obligations of confidentiality.
- F. Comparison of expenditures with budget amounts for each Federal award.
- G. Recordkeeping and written procedures to the extent required by Federal, State, local, and grantor rules and regulations pertaining to the grant award and accountability, including but not limited to the following areas:
1. Cash management
 2. Allowability
 3. Conflict of interest
 4. Procurement
 5. Equipment management
 6. Conducting technical evaluations of proposals and selecting recipients
 7. Compensation and fringe benefits
 8. Travel
- H. Disclosure of any potential conflict of interest and all mandatory violation disclosures potentially affecting the Federal award/grant to the Federal awarding agency or pass-through agency in accordance with applicable Federal policy.
- I. Insurance coverage for real property and equipment, if applicable, equivalent to such property owned by the Academy.

Unless it has received prior approval to use a different method or the terms and conditions of the grant authorize a different method, the Academy uses the deduction method of accounting for program income. Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the Academy is otherwise directed by the Federal awarding agency or pass-through entity.

Adopted 10/24/16

INTERNAL CONTROLS

The School Leader (employed by the Board) shall establish and maintain effective internal control over financial grants and awards that provide reasonable assurance that the program and funds are managed in compliance with applicable statutes, regulations and the terms and conditions of the awards.

The internal controls must provide reasonable assurance that transactions are properly recorded and accounted for in order to permit the preparation of reliable financial statements and Federal reports; maintain accountability over assets; and demonstrate compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. The internal controls must also provide reasonable assurance that these transactions are executed in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award that could have a direct and material effect on a Federal award, as well as any other Federal statutes and regulations that are identified in the Compliance Supplement. Finally, the internal controls must provide reasonable assurance that all Federal funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

The Academy shall:

- A. comply with Federal statutes, regulations, and the terms and conditions of the Federal awards;
- B. evaluate and monitor its compliance with statutes, regulations, and the terms and conditions of the award;
- C. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; and
- D. take reasonable measures to safeguard protected personally identifiable information and other information the awarding agency or pass-through entity designates as sensitive or the Academy considers sensitive information consistent with applicable Federal, state, local, and tribal laws and Academy policies regarding privacy and obligations of confidentiality.

CASH MANAGEMENT OF GRANTS

Reference: 2 CFR 200.305

In order to provide reasonable assurance that all assets, including Federal, State, and local funds, are safeguarded against waste, loss, unauthorized use, or misappropriation, the Educational Service Provider shall implement internal controls in the area of cash management.

The Academy's payments methods shall minimize the time elapsing between the transfer of funds from the United States Treasury or the Michigan Department of Education (MDE) (pass-through entity) and disbursement by the Academy, regardless of whether the payment is made by electronic fund transfer, or issuance or redemption of checks, warrants, or payment by other means.

The Academy shall use forms and procedures required by the grantor agency or pass through entity to request payment. The Academy shall request grant funds payments in accordance with the provisions of the grant. Additionally, the Academy's financial management systems shall meet the standards for fund control and accountability as established by the awarding agency.

The School Leader (employed by the Board) is authorized to submit requests for advance payments and reimbursements at least monthly when electronic fund transfers are not used, and as often as deemed appropriate when electronic transfers are used, in accordance with the provisions of the Electronic Fund Transfer Act (15 U.S.C. 1693-1693r).

When the Academy uses a cash advance payment method, the following standards shall apply:

- A. The timing and amount of the advance payment requested will be as close as is administratively feasible to the actual disbursement for direct program or project costs and the proportionate share of any allowable indirect costs.
- B. The Academy shall make timely payment to contractors in accordance with contract provisions.
- C. To the extent available, the Academy shall disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments.
- D. The Academy shall account for the receipt, obligation and expenditure of funds.
- E. Advance payments will be deposited and maintained in insured accounts whenever possible.
- F. Advance payments will be maintained in interest bearing accounts unless the following apply:
 1. The Academy receives less than \$120,000 in Federal awards per year.

2. The best reasonably available interest-bearing account would not be expected to earn interest in excess of \$500 per year on Federal cash balances.
 3. The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.
- G. Pursuant to Federal law and regulations, the Academy may retain interest earned in an amount up to \$500 per year for administrative costs. Any additional interest earned on Federal advance payments deposited in interest-bearing accounts must be remitted annually to the Department of Health and Human Services Payment Management System ("PMS") through an electronic medium using either Automated Clearing House ("ACH") network or a Fedwire Funds Service payment. Remittances shall include pertinent information of the payee and nature of payment in the memo area (often referred to as "addenda records" by Financial Institutions) as that will assist in the timely posting of interest earned on Federal funds. Pertinent details include the Payee Account Number ("PAN") if the payment originated from PMS, or Agency information if the payment originated from Automated Standard Application for Payment ("ASAP"), National Science Foundation ("NSF") or another Federal agency payment system.

COST PRINCIPLES - SPENDING FEDERAL FUNDS

Reference: 2 CFR. 200.403-.406, 200.413(a)-(c), 200.430(a), 200.431(a), 200.458, 2 CFR 200.474(b)

The School Leader (employed by the Board) is responsible for the efficient and effective administration of grant funds through the application of sound management practices. Such funds shall be administered in a manner consistent with all applicable Federal, State and local laws, the associated agreements/assurances, program objectives and the specific terms and conditions of the grant award.

Cost Principles

Except where otherwise authorized by statute, costs shall meet the following general criteria in order to be allowable under Federal awards:

- A. Be necessary and reasonable for proper and efficient performance and administration of the Federal award and be allocable thereto under these principles.

To determine whether a cost is reasonable, consideration shall be given to:

1. whether a cost is a type generally recognized as ordinary and necessary for the operation of the Academy or the proper and efficient performance of the Federal award;
2. the restraints or requirements imposed by such factors as sound business practices, arm's length bargaining, Federal, State, local, tribal and other laws and regulations;
3. market prices for comparable goods or services for the geographic area;
4. whether the individuals concerned acted with prudence in the circumstances considering their responsibilities; and
5. whether the cost represents any significant deviation from the established practices or Board policy which may increase the expense.

While Federal regulations do not provide specific descriptions of what satisfies the "necessary" element beyond its inclusion in the reasonableness analysis above, whether a cost is necessary is determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the Academy can demonstrate that the cost addresses an existing need, and can prove it.

When determining whether a cost is necessary, consideration may be given to whether:

1. the cost is needed for the proper and efficient performance of the grant program;

2. whether the cost is identified in the approved budget or application;
3. whether there is an educational benefit associated with the cost;
4. whether the cost aligns with identified needs based on results and findings from a needs assessment;
5. whether the cost addresses program goals and objectives and is based on program data.

A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received.

- B. Conform to any limitations or exclusions set forth as cost principles in Part 200 or in the terms and conditions of the Federal award.
- C. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the Academy.
- D. Be afforded consistent treatment. A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.
- E. Be determined in accordance with generally accepted accounting principles.
- F. Be representative of actual cost, net of all applicable credits or offsets.

The term "applicable credits" refers to those receipts or reductions of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the State relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate.

- G. Be not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such.
- H. Be adequately documented:
 1. in the case of personal services, the School Leader (employed by the Board) shall implement a system for Academy personnel to account for time and efforts expended on grant funded programs to assure that only permissible personnel expenses are allocated;
 2. in the case of other costs, all receipts and other invoice materials shall be retained, along with any documentation identifying the need and purpose for such expenditure if not otherwise clear.

Selected Items of Cost

The Academy shall follow the rules for selected items of cost at 2 C.F.R. Part 200, Subpart E when charging these specific expenditures to a Federal grant. When applicable, Academy staff shall check costs against the selected items of cost requirements to ensure the cost is allowable. In addition, State, Academy and program-specific rules, including the terms and conditions of the award, may deem a cost as unallowable and Academy personnel shall follow those rules as well.

Cost Compliance

The School Leader (employed by the Board) shall require that grant program funds are expended and are accounted for consistent with the requirements of the specific program and as identified in the grant application. Compliance monitoring includes accounting for direct or indirect costs and reporting them as permitted or required by each grant.

Determining Whether a Cost is Direct or Indirect:

- A. Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

These costs may include: salaries and fringe benefits of employees working directly on a grant-funded project; purchased services contracted for performance under the grant; travel of employees working directly on a grant-funded project; materials, supplies, and equipment purchased for use on a specific grant; and infrastructure costs directly attributable to the program (such as long distance telephone calls specific to the program, etc.).

- B. Indirect costs are those that have been incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs.

These costs may include: general data processing, human resources, utility costs, maintenance, accounting, etc.

Federal education programs with supplement not supplant provisions must use a restricted indirect cost rate. In a restricted rate, indirect costs are limited to general management costs. General management costs do not include divisional administration that is limited to one component of the Academy, the Board, compensation of the School Leader (employed by the Board), compensation of the chief executive officer of any component of the Academy, and operation of the immediate offices of these officers.

The salaries of administrative and clerical staff should normally be treated as indirect costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

1. Administrative or clerical services are integral to a project or activity.
2. Individuals involved can be specifically identified with the project or activity.
3. Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency.
4. The costs are not also recovered as indirect costs.

Where a Federal program has a specific cap on the percentage of administrative costs that may be charged to a grant, that cap shall include all direct administrative charges as well as any recovered indirect charges.

Effort should be given to identify costs as direct costs whenever practical, but allocation of indirect costs may be used where not prohibited and where indirect cost allocation is approved ahead of time by the Michigan Department of Education (MDE) or the pass-through entity (Federal funds subject to 2 C.F.R. Part 200 pertaining to determining indirect cost allocation).

Timely Obligation of Funds

Obligations are orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

The following list illustrates when funds are determined to be obligated under the U.S. Department of Education ("USDOE") regulations:

If the obligation is for:

- A. Acquisition of property - on the date which the Academy makes a binding written commitment to acquire the property.
- B. Personal services by an employee of the Academy or Educational Service Provider - when the services are performed.
- C. Personal services by a contractor who is not an employee of the Academy on the date which the Academy makes a binding written commitment to obtain the services.
- D. Public utility services - when the Academy receives the services.
- E. Travel - when the travel is taken.
- F. Rental of property - when the Academy uses the property.
- G. A pre-agreement cost that was properly approved by the Secretary (USDOE) under the cost principles in 2 C.F.R. Part 200, Subpart E - Cost Principles - on the first day of the project period.

Period of Performance

All obligations must occur on or between the beginning and ending dates of the grant project. This period of time is known as the period of performance. The period of performance is dictated by statute and will be indicated in the grant award notification ("GAN"). As a general rule, State-administered Federal funds are available for obligation within the year that Congress appropriates the funds for. However, given the unique nature of educational institutions, for many Federal education grants, the period of performance is twenty-seven (27) months. This maximum period includes a fifteen (15) month period of initial availability, plus a twelve (12) month period for carryover. For direct grants, the period of performance is generally identified in the GAN.

In the case of a State-administered grant, obligations under a grant may not be made until the grant funding period begins or all necessary materials are submitted to the granting agency, whichever is later. In the case of a direct grant, obligations may begin when the grant is, unless an agreement exists with MDE or the pass-through entity to reimburse for pre-approval expenses.

For both State-administered and direct grants, regardless of the period of availability, the Academy shall liquidate all obligations incurred under the award not later than ninety (90) days after the end of the funding period unless an extension is authorized. Any funds not obligated within the period of performance or liquidated within the appropriate timeframe are said to lapse and shall be returned to the awarding agency. Consequently, the Academy shall closely monitor grant spending throughout the grant cycle.

TIME AND EFFORT REPORTING

Reference: 2 C.F.R. 200.430, 200.431

As a recipient of Federal funds, the Academy shall comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The Code of Federal Regulations requires certification of effort to document salary expenses charged directly or indirectly against Federally-sponsored projects. This process is intended to verify that compensation for employment services, including salaries and wages, is allocable and properly expended, and that any variances from the budget are reconciled.

Compensation for employment services includes all remuneration, paid currently or accrued, for services of employees, whether employed by the Board or an Educational Service Provider, rendered during the period of performance under the Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits, which are addressed in 2 C.F.R. 200.431 Compensation—fringe benefits. Costs of compensation are allowable to the extent that they satisfy the specific requirements of these regulations, and that the total compensation for individual employees:

- A. is reasonable for the services rendered, conforms to the Academy's established written policy where applicable, and is consistently applied to both Federal and non-Federal activities; and
- B. follows an appointment made in accordance with the Academy's written policies and meets the requirements of Federal statute, where applicable.

Time and Effort Reports

The reports:

- A. are supported by a system of internal controls which provide reasonable assurance that the charges are accurate, allowable, and properly allocated;
- B. are incorporated into the official records of the Academy;
- C. reasonably reflect the total activity for which the employee is compensated by the Academy, not exceeding 100% of the compensated activities;
- D. encompass both Federally assisted and other activities compensated by the Academy on an integrated basis;
- E. comply with the Academy's established accounting policies and practices;
- F. support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one (1) Federal award, a Federal award and non-Federal award, an indirect cost activity and a direct cost activity, two or more indirect activities which are allocated using different allocation bases, or an unallowable activity and a direct or indirect cost activity.

The Academy will also follow any time and effort requirements imposed by the pass-through entity to the extent that they are more restrictive than the Federal requirements. The School

Leader (employed by the Board) or designee is responsible for the distribution, collection, and retention of all employee effort reports. Individually reported data will be made available only to authorized auditors.

Reconciliations

Budget estimates are not used as support for charges to Federal awards. However, the Academy may use budget estimates for interim accounting purposes. The system used by the Academy to establish budget estimates produces reasonable approximations of the activity actually performed. Any significant changes in the corresponding work activity are identified by the Academy and entered into the Academy's records in a timely manner.

The Academy's internal controls require the Academy to review after-the-fact interim charges made to a Federal award based on budget estimates and ensure that all necessary adjustments are made so that the final amount charged to the Federal award is accurate, allowable, and properly allocated.

INVESTMENTS

The Academy's policy is to use investments to maximize the returns on the Academy's excess cash balances, while reasonably controlling the risk of loss and maintaining an acceptable level of liquidity in those investments to meet the Academy's operating needs.

To this end, the Academy will track, through its financial reports and investment authorizations, the credit risk, concentration of credit risk, interest rate risk and foreign currency risks related to its investments.

The Board authorizes the Board Treasurer to make investments of available monies from the several funds of the Academy in:

- A. bonds, bills, or notes of the United States; obligations, the principal and interest of which are fully guaranteed by the United States; or obligations of the State;
- B. certificates of deposit issued by a state or nationally-chartered bank or a state or Federally-chartered savings and loan association, savings bank, or credit union whose deposits are insured by an agency of the United States government and which maintains a principal office or branch office in Michigan under Michigan and Federal laws;

 3. the financial institution acting as custodian for the Academy is insured by an agency of the United States
 4. the financial institution acts as custodian for the Academy with respect to each certificate of deposit

When there is a possibility that interest rate changes could adversely affect the fair value of a Academy's investment, as determined under Generally Accepted Accounting Principles (GAAP) standards, the Investment Officer shall determine which of the following method(s) will be used to assess and control such risks:

- A. segmented timed distribution
- B. specific identification
- C. weighted average maturity
- D. duration
- E. simulation model

These methods shall be implemented as defined by the Government Accountability Standards Board. The Board may apply different methods to different investments.

Money in the several funds of the Academy shall not be commingled for the purpose of making an investment authorized by Section 380.1223. The Board, however, may establish and maintain one common debt retirement fund for bond issues of like character.

Earnings on an investment shall become a part of the fund from which the investment was made.

The Board also requires the Board Treasurer to report to the Board monthly:

- A. the types and amounts of each investment and the interest earned on each;
- B. the transactions occurring since the last report.

The Board may adopt a resolution at its annual organizational meeting, authorizing electronic fund transfers and the Treasurer or the Electronic Transfer Officer (ETO) as authorized agent(s) to complete such transactions on behalf of the Board. The Automatic Clearing House (ACH) authorizing resolution shall include all of the following:

The Board requires the School Leader (employed by the Board) monthly the types and amounts of each investment, the interest earned on each and the transactions, if any, occurring since the last report.

Adopted 2/8/16

PURCHASING

Reference: MCL 380.1267, 380.1274 et seq.

Procurement of all supplies, materials, equipment, and services paid for from Academy funds shall be made in accordance with all applicable federal and State statutes, Board policies, and administrative procedures. Standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts are established in Policy 1130, Policy 3110, and Policy 4110 (as applicable) – Conflict of Interest.

All procurement transactions shall be conducted in a manner that encourages full and open competition and in accordance with good administrative practice and sound business judgment.

Each year the State of Michigan informs the School of the legal amount for purchases which require a formal bidding process of a single item.

Purchases in a single transaction that are in excess of the dollar amount permitted by State statute shall require competitive bids and, whenever possible, have at least three (3) such bids for substantiation of purchase and shall require approval of the Board prior to purchase.

Competitive Bids

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to M.C.L.A. 18.1263.

Competitive bids are not required for food purchases, unless food purchased in a single transaction costs \$100,000 or more.

Bids shall be sealed and shall be opened by the Treasurer in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder; however, consideration can be given to:

- A. the quality of the item(s) to be supplied;
- B. its conformity with specifications;
- C. suitability to the requirements of the Academy;
- D. delivery terms;
- E. past performance of vendor.

In addition to the factors above, the Board may consider and provide a preference to bidders which use a Michigan-based business as the primary contractor or which use one (1) or more Michigan-based business as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under MCL 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

- A. have filed a Michigan business tax return showing an allocation of income tax base to Michigan;
- B. have filed a Michigan income tax return showing income generated in or attributed to Michigan; or
- C. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury.

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

The Board reserves the right to reject any and all bids.

Bid Protest

A bidder who wishes to file a bid protest must file such notice and follow procedures prescribed by the Request For Proposals (RFP) or the individual bid specifications package, for resolution. Bid protests must be filed in writing with the School Leader (employed by the Board) within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the School Leader (employed by the Board) shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

General Provisions

The School Leader (employed by the Board) is authorized to purchase all items within budget allocations.

The Board should be advised, for prior approval, of all purchases of equipment, materials, and services when the purchase exceeds the function.

The School Leader (employed by the Board) is authorized to make emergency purchases, without prior approval, of those goods and/or services needed to keep the school in operation. Such purchases shall be brought to the Board's attention at the next regular meeting.

In order to promote efficiency and economy in the operation of the school, the Board requires that the School Leader (employed by the Board) periodically estimate requirements for standard items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before placing a purchase order, the School Leader (employed by the Board) shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the

budget, and whether the material might be available elsewhere in the school. All purchase orders shall be numbered consecutively.

In the interests of economy, fairness, and efficiency in its business dealings, the Board requires that:

- A. opportunity be provided to as many responsible suppliers as possible to do business with the Academy;
- B. a prompt and courteous reception, insofar as conditions permit, be given to all who call on legitimate business matters;
- C. where the requisitioner has recommended a supplier, the School Leader (employed by the Board) may make alternate suggestions to the requisitioner if, in his/her judgment, better service, delivery, economy, or utility can be achieved by changing the proposed order;
- D. upon the placement of a purchase order, the School Leader (employed by the Board) shall commit the expenditure against a specific line item to guard against the creation of liabilities in excess of appropriations.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

Procurement – Federal Grants

The School Leader (employed by the Board) shall maintain a procurement and contract administration system in accordance with the USDOE requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The Academy shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).

Adopted 2/8/16

NEW SCHOOL CONSTRUCTION, RENOVATION

Reference: MCL 380.1267

Before beginning construction of a new school building, or an addition, repair or renovation of an existing school building, except emergency repairs, the Board of Directors, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing school building which exceeds the State statutory limit.

This policy does not apply to buildings, renovations, or repairs costing less than the statutory limit or to repair work normally performed by school employees.

The Board shall advertise for the bids required under subsection:

- A. By placing an advertisement for bids at least once in a newspaper of general circulation in the area where the building or addition is to be constructed or where the repair or renovation of an existing building is to take place and by posting an advertisement for bids for at least two (2) weeks on the Department of Management and Budget website on a page on the website maintained for this purpose or on a website maintained by a school organization and designated by the Department of Management and Budget for this purpose.
- B. By submitting the request for bids for placement on the Michigan Department of Management and Budget's website for school organizations, including a link to the Academy's website.
- C. The advertisement for bids shall do all of the following:
 1. specify the date and time by which all bids must be received by the Board at a designated location;
 2. state that the Board will not consider or accept a bid received after the date and time specified for bid submission;
 3. identify the time, date, and place of a public meeting at which the Board or its designee will open and read aloud each bid received by the Board by the date and time specified in advertisement;
 4. state that the bid shall be accompanied by a sworn and notarized statement disclosing any familial relationship that exists between the owner or any employee of the bidder and any member of the Board or the School Leader (employed by the Board) of the Academy. A Board shall not accept a bid that does not include this sworn and notarized disclosure statement.
- D. The Board shall require each bidder for a contract under this policy, to file with the Board security in an amount not less than 1/20 of the amount of the bid conditioned to secure the Academy from loss or damage by reason of the withdrawal of the bid or by the failure of the bidder to enter a contract for performance, if the bid is accepted by the Board.

- E. The Board shall not open, consider, or accept a bid that the Board receives after the date and time specified for bid submission in the advertisement for bids as described in subsection C of this policy.
- F. At a public meeting identified in the advertisement for bids described in subsection C of this policy, the Board or its designee shall open and read aloud each bid that the Board received at or before the time and date for bid submission specified in the advertisement for bids. The Board may reject any or all bids, and if all bids are rejected, shall re-advertise in the manner required by this policy.

The Board may consider and provide a preference to bidders which use a Michigan-based business as the primary contractor or which use one (1) or more Michigan-based business(es) as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under M.C.L.A. 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

1. have filed a Michigan business tax return showing an allocation of income tax base to Michigan
2. have filed a Michigan income tax return showing income generated in or attributed to Michigan
3. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

- G. The competitive bid threshold amount specified in this policy (\$24,459 for 2019) is adjusted each year by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the twelve (12) months ending August 31st of the year in which the adjustment is made differs from that index's average for the twelve (12) months ending on August 31st of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar. The current exempt amount must be confirmed with the Michigan Department of Education prior to issuing contracts for construction, renovation, or repair which exceed the amount listed in this policy.

PROCUREMENT – FEDERAL GRANTS/FUNDS

Reference: 2 C.F.R. 200.317 - .326

Procurement of all supplies, materials, equipment, and services paid for from Federal funds or Academy matching funds shall be made in accordance with all applicable Federal, State, and local statutes and/or regulations, the terms and conditions of the Federal grant, Board policies, and administrative procedures.

The School Leader (employed by the Board) shall maintain a procurement and contract administration system in accordance with the USDOE requirements (2 CFR 200.317-.326) for the administration and management of Federal grants and Federally-funded programs. The Academy shall maintain a contract administration system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of the Academy's documented general purchasing Policy 6320 and AG 6320.

All Academy employees, whether employed by the Board or by an Educational Service Provider, all officers of the Academy, and all agents of the Academy who have purchasing authority shall abide by the standards of conduct covering conflicts of interest and governing the actions of its employees, whether employed by the Board or by an Educational Service Provider, officers, and agents engaged in the selection, award, and administration of contracts as established in Policy 1130, Policy 3110 and Policy 4110 – Conflict of Interest.

The Academy will avoid acquisition of unnecessary or duplicative items. Additionally, consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. And, where appropriate, an analysis shall be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. These considerations are given as part of the process to determine the allowability of each purchase made with Federal funds.

To foster greater economy and efficiency, the Academy may enter into State and local intergovernmental agreements where appropriate for procurement or use of common or shared goods and services.

Competition

All procurement transactions paid for from Federal funds or Academy matching funds shall be conducted in a manner that encourages full and open competition and that is in accordance with good administrative practice and sound business judgement. In order to promote objective contractor performance and eliminate unfair competitive advantage, the Academy shall exclude any contractor that has developed or drafted specifications, requirements, statements of work, or invitations for bids or requests for proposals from competition for such procurements.

Some of the situations considered to be restrictive of competition include, but are not limited to, the following:

- A. Unreasonable requirements on firms in order for them to qualify to do business;
- B. Unnecessary experience and excessive bonding requirements;
- C. Noncompetitive contracts to consultants that are on retainer contracts;

- D. Organizational conflicts of interest;
- E. Specification of only a “brand name” product instead of allowing for an “or equal” product to be offered and describing the performance or other relevant requirements of the procurement; and
- F. Any arbitrary action in the procurement process.

Further, the Academy does not use statutorily or administratively imposed State, local, or tribal geographical preferences in the evaluation of bids or proposals, unless (1) an applicable Federal statute expressly mandates or encourages a geographic preference; or (2) the Academy is contracting for architectural and engineering services, in which case geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

To the extent that the Academy uses a pre-qualified list of persons, firms or products to acquire goods and services that are subject to this policy, the pre-qualified list includes enough qualified sources as to ensure maximum open and free competition. The Academy allows vendors to apply for consideration to be placed on the list continuously.

Solicitation Language

The Academy shall require that all solicitations made pursuant to this policy incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it shall conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which shall be met by offers shall be clearly stated; and identify all requirements which the offers shall fulfill and all other factors to be used in evaluating bids or proposals.

The Academy will not approve any expenditure for an unauthorized purchase or contract.

Procurement Methods

The Academy shall utilize the following methods of procurement:

- A. Micro-purchases: Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed \$3,500 (not to exceed \$3,500). To the extent practicable, the Academy shall distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be made without soliciting competitive quotations if Educational Service Provider considers the price to be reasonable. The Academy maintains evidence of this reasonableness in the records of all purchases made by this method.

- B. Small Purchases: Small purchase procedures provide for relatively simple and informal procurement methods for securing services, supplies, and other property that does not exceed the competitive bid threshold of \$22,000. Small purchase procedures require that price or rate quotations shall be obtained from an adequate number of qualified sources.
- C. Sealed Bids: Sealed, competitive bids shall be obtained when the purchase of, and contract for, single items of supplies, materials, or equipment which amounts more than to the amount allowed by Michigan statute and when the Board determines to build, repair, enlarge, improve, or demolish an academy building/facility the cost of which will exceed the amount allowed by Michigan statute.

In order for sealed bidding to be feasible, the following conditions shall be present:

- 1. A complete, adequate, and realistic specification or purchase description is available;
- 2. Two (2) or more responsible bidders are willing and able to compete effectively for the business; and
- 3. The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

When sealed bids are used, the following requirements apply:

- 1. Bids shall be solicited in accordance with the provisions of State law and Policy 6320. Bids shall be solicited from an adequate number of qualified suppliers, providing sufficient response time prior to the date set for the opening of bids. The invitation to bid shall be publicly advertised.
- 2. The invitation for bids will include product/contract specifications and pertinent attachments and shall define the items and/or services required in order for the bidder to properly respond.
- 3. All bids will be opened at the time and place prescribed in the invitation for bids; bids will be opened publicly.
- 4. A firm fixed price contract award will be made in writing to the lowest responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts may only be used to determine the low bid when prior experience indicates that such discounts are usually taken.
- 5. The Board reserves the right to reject any or all bids for sound documented reason.

- D. Competitive Proposals: Procurement by competitive proposal, normally conducted with more than one source submitting an offer, is generally used when conditions are not appropriate for the use of sealed bids or in the case of a recognized exception to the sealed bid method. (See Policy 6320 for competitive bid procedures.)

If this method is used, the following requirements apply:

1. Requests for proposals shall be publicized and identify all evaluation factors and their relative importance. Any response to the publicized requests for proposals shall be considered to the maximum extent practical.
2. Proposals shall be solicited from an adequate number of sources.
3. The Academy shall use its written method for conducting technical evaluations of the proposals received and for selecting recipients.
4. Contracts shall be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

The Academy may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E that firms are a potential source to perform the proposed effort.

Contract/Price Analysis

The Academy shall perform a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Academy shall come to an independent estimate prior to receiving bids or proposals.

When performing a cost analysis, the Academy shall negotiate profit as a separate element of the price. To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

Time and Materials Contracts

The Academy uses a time and materials type contract only (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the Academy is the sum of the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, the Academy sets a ceiling price for each contract that the contractor exceeds at its own risk. Further, the Academy shall assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Suspension and Debarment

The Academy will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. All purchasing decisions shall be made in the best interests of the Academy and shall seek to obtain the maximum value for each dollar expended. When making a purchasing decision, the Academy shall consider such factors as (1) contractor integrity; (2) compliance with public policy; (3) record of past performance; and (4) financial and technical resources.

The School Leader (employed by the Board) shall have the authority to suspend or debar a person/corporation, for cause, from consideration or award of further contracts. The Academy is subject to and shall abide by the nonprocurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180.

Suspension is an action taken by the Academy that immediately prohibits a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1) for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue. A person so excluded is suspended. (2 CFR Part 180 Subpart G)

Debarment is an action taken by the School Leader (employed by the Board) to exclude a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1). A person so excluded is debarred. (2 CFR Part 180 Subpart H).

The Academy shall not subcontract with or award subgrants to any person or company who is debarred or suspended. For contracts over \$25,000, the Academy shall confirm that the vendor is not debarred or suspended by either checking the Federal government's System for Award Management, which maintains a list of such debarred or suspended vendors at www.sam.gov; collecting a certification from the vendor; or adding a clause or condition to the covered transaction with that vendor. (2 CFR Part 180 Subpart C).

Bid Protest

The Academy maintains the following protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency.

A bidder who wishes to file a bid protest shall file such notice and follow procedures prescribed by the Request For Proposals (RFPs) or the individual bid specifications package, for resolution. Bid protests shall be filed in writing with the School Leader (employed by the Board) within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the School Leader (employed by the Board) shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

Maintenance of Procurement Records

The Academy maintains records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price (including a cost or price analysis).

CONFLICT OF INTEREST - LEGAL COUNSEL, ADVISORS, OR CONSULTANTS

Reference: M.C.L. 380.1203

A person serving as the legal counsel to the Academy or otherwise acting as an advisor or consultant to the Board of Education, who believes or has reason to believe that the s/he has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the Board shall disclose the conflict of interest to the Board before the vote on the contract or other financial transaction.

Such a person is presumed to have conflict of interest if the person or his/her family member has financial interest, or a competing financial interest in the contract or other financial transaction under consideration by the Board.

"Family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse; and includes these relationships as created by adoption or marriage.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

Adopted 2/8/16

PURCHASING CARDS

The Board recognizes that bank credit cards (“purchasing cards”) offer an alternative to existing procurement processes and provide a convenient, efficient method of purchasing goods and services. The Educational Service Provider is authorized by the Board to use purchasing cards only for Academy-related purposes in accordance with this policy and administrative guidelines to be developed by the Educational Service Provider. Purchasing cards shall not be used to circumvent the general purchasing procedures required by State law and Board policy.

All approved cardholders must abide by purchasing card procedures and regulations set forth in this policy and relevant administrative guidelines. All transactions must be made by the individual to whom the card is issued.

To obtain a purchasing card, approved employees must provide the bank issuing the card with all personal information required by the bank to issue a card.

The Educational Service Provider shall conduct independent regular reviews of each cardholder’s activity to verify that the purchasing card is being used in accordance with this policy and administrative guidelines. Card holders must keep receipts from all purchases made and provide receipts upon request. Prices for commonly priced items should be periodically verified to prevent schemes of purposeful price inflation.

Cardholders must use common sense and good judgement when using Academy resources. This policy and related administrative guidelines cannot cover every issue, exception, or contingency that may arise during the cardholder’s use of the purchasing card.

Cardholders will immediately surrender their cards upon request of Educational Service Provider and shall surrender their cards upon separation from employment. Cardholders are required to take reasonable prudent measures to protect the use and custody of the card and shall immediately notify the Educational Service Provider if the card is lost or stolen.

The purchasing card may never be used to purchase alcohol or personal items or services. The personal gain of credit card rewards such as bonus points, frequent flyer miles, or any other affinity program reward by the employee/cardholder is prohibited under any circumstances.

Misuse of the purchasing card may result in disciplinary action, including termination.

- A. Federal and State income tax;
- B. Social Security;
- C. Municipal income tax;
- D. Public School Employees Retirement System;
- E. Michigan Public School Employment Retirement System (MPERS) Tax Deferred Payment (TDP) plan;
- F. Section 125 deductions (cafeteria plans);

Deductions are not allowed for dues or service fees for a labor organization or for contributions to political action committees. [Note: The prohibition on deduction of union dues or services fees is effective as of March 16, 2012, unless a collective bargaining agreement was in effect as of that date, then it becomes effective with the date of expiration, renewal or extension of that bargaining agreement.]

To the extent permitted by law and in accordance with procedures set forth below, the Board declares its willingness to enter into an agreement with any of its employees whereby the employee agrees to take a reduction in salary with respect to amounts earned after the effective date of such agreement in return for the Board's agreement to use a corresponding amount to purchase an annuity for such employee (or group of employees desiring the same annuity company) from any company authorized to transact the business as specified in law in accordance with Section 403(b) of the Internal Revenue Code, and in accordance with the Academy's Administrative Procedures. The service agreement shall include a provision that protects, indemnifies, and holds the Academy harmless from any liability attendant to procuring the annuity in accordance with provisions of the Internal Revenue Code and other applicable Federal or State law.

The Board, by providing employees with payroll deduction services for annuities, is not providing any financial advice to employees, and is not vouching for the suitability of any investment or any annuity provider. The Academy assumes no responsibility or liability for any investment decisions or losses with respect to employee annuity purchases.

Said agreement shall comply with all of the provisions of law and may be terminated as said law provides upon notice in writing by either party. Employees shall notify the School Leader's office in writing if they wish to participate in such a program.

Reference: 2 CFR 200.474

Travel expenses incurred for official business travel on behalf of the Board of Directors shall be limited to those expenses reasonably and necessarily incurred by the employee in the performance of a public purpose authorized, in advance, in accordance with any applicable administrative guidelines.

Payment and reimbursement rates for per diem meals, lodging, and mileage shall be approved by the Board annually. The Board shall utilize the Federal IRS prescribed mileage rate.

Travel payment and reimbursement provided from Federal funds must be authorized in advance by the Federal awarding agency or pass-through entity and must be reasonable and consistent with the Academy's travel policy and administrative guidelines. For travel authorized by and paid for with Federal funds, the travel authorization must include documentation that demonstrates that (1) the participation in the event by the individual traveling is necessary to the Federal award; and (2) the costs are reasonable and consistent with the Academy's travel policy.

All costs incurred with Federal funds must meet the Academy's cost allowability standards.

To the extent that the Academy's policy does not establish the allowability of a particular type of travel cost, the rates and amounts established under 5 U.S.C. 5701-11, ("Travel and Subsistence Expenses; Mileage Allowances"), or by the Administrator of General Services, or by the President (or his/her designee), must apply to travel under Federal awards.

Through the use of personal networking, social media platforms, and other Internet based resources, funds are solicited or raised to support a specific campaign or project.

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extracurricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free appropriate public education to any students in the classroom may be permitted, but only with the specific approval of the School Leader (employed by the Board).

All crowdfunding activities are subject to AG 6605.

FAIR LABOR STANDARDS ACT (FLSA)

Reference: 29 USC 201 et seq.
29 CFR Part 541

Non-exempt employees who work more than forty (40) hours in a given work week will receive overtime pay, in accordance with the FLSA, for all hours worked in excess of forty (40).

Non-exempt employees who work overtime without prior approval from the School Leader or a supervisor may be subject to disciplinary action up to, and including, termination.

The work week is established as 30 minutes prior to school bell to 30 minutes after school bell.

To the extent that an employee's individual contract provides for greater benefits than those mandated by the FLSA, the contract agreement will be honored.

Notwithstanding the fact that exempt school employees continue to meet the salary basis requirements and are not disqualified from exemption, even if the employee's pay is reduced or the employee is placed on a leave without pay, for absences for personal reasons or because of illness or injury of less than one (1) work-day (because accrued leave is not used for specific reasons), the Board reserves the right to make deductions from the pay of otherwise exempt employees under the following circumstances:

- A. the employee is absent from work for one (1) or more full days for personal reasons other than sickness or disability;
- B. the employee is absent from work for one (1) or more full days due to sickness or disability, if the deduction is made in accordance with a bona fide plan, policy, or practice of providing compensation for salary lost due to illness;
- C. to offset amounts, which employees receive as jury or witness fees or for military pay;
- D. for unpaid disciplinary suspensions of one (1) or more full days, imposed in good faith for workplace conduct rule infractions;
- E. for penalties, imposed in good faith, for infractions of safety rules of major significance.

The Board shall not be required to pay the full salary in the initial or terminal week of employment or for weeks in which an exempt employee takes unpaid leave under the Family & Medical Leave Act.

The Board recognizes that, with limited legally permissible exceptions, no deductions should be taken from the salaries of exempt employees. If an exempt employee believes an improper deduction has been made to his/her salary, the employee should immediately report this information to the Business Manager, or his/her immediate supervisor. Reports of improper deductions will be promptly investigated. If it is determined that an improper deduction has

occurred, the employee will be promptly reimbursed for any improper deduction made, and the Board will make a good faith commitment to avoid any recurrence of the error.

Information regarding the Fair Labor Standards Act may be found on the U.S. Department of Labor's Web site <www.dol.gov>.

This policy is intended to comply with and explain the employees' rights under the Fair Labor Standards Act. If the policy results in any conflict or exceeds the statutory requirements, the statute and its implementing regulations prevail.

The Board directs the School Leader or his/her designee to distribute this policy to all employees upon initial hire and on an annual basis.

The School Leader is directed to prepare Administrative Procedures to implement this policy.

SYSTEM OF ACCOUNTING

Reference: M.C.L.A. 41.422 et seq., 141.421 et seq.
A.C. Rule R340.351 et seq.
GASB #34
GASB #54

It is the policy of the Board of Education that a chart of accounts be established in accordance with the requirements of the State Department of Education for the accounting of all Academy funds. The School Leader is responsible for an accounting of all capital assets to protect the financial investment of the Academy against catastrophic loss. Further, the School Leader will establish procedures and regulations necessary to properly account for capital assets and comply with generally accepted accounting principles (GAAP) and ensure that the Academy's capital assets are properly insured.

The Academy's system of accounting shall comply with all requirements of the Governmental Accounting Standards Board, Statement No. 54 (GASB 54). In accordance with GASB 54, the Academy will report its fund balances in the following categories:

- A. *Nonspendable fund balance*—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)
- B. *Restricted fund balance*—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation
- C. *Committed fund balance*—amounts constrained to specific purposes by the Board; to be reported as committed, amounts cannot be used for any other purpose unless the Board takes action to remove or change the constraint
- D. *Assigned fund balance*—amounts the Board *intends* to use for a specific purpose; intent can be expressed by the Board or by an official or committee to which the Board delegates the authority
- E. *Unassigned fund balance*—amounts that are available for any purpose; these amounts are reported only in the general fund.

The Board authorizes the auditors and directs its School Leader to take all steps necessary to comply with the requirements of GASB 54. All revenue and funds will be designated to one of the above categories.

The School Leader shall be responsible for the proper accounting of all Academy funds. The School Leader shall ensure that expenditures are budgeted under and charged against those accounts which most accurately describe the purpose for which such monies are to be or have been spent. Wherever appropriate and practicable, salaries of individual employees, expenditures for single pieces of equipment, and the like shall be prorated under the several accounts which most accurately describe the purposes for which such monies are to be or have been spent.

The School Leader is responsible to implement procedures and practices that will determine:

- A. Capitalization policies for Academy assets (i.e., which assets will be capitalized and depreciated over their estimated useful life versus which assets will be expensed in year of purchase);
- B. Methods for calculating annual and accumulated depreciation expense for assets including estimates for asset lives, residual asset values, and depreciation methodology;
- C. Procedures for recording gain or loss on sale of capital assets and proceeds from the sale of capital assets in compliance with GAAP Reporting of estimated cash values or replacement values to Academy insurance providers.

A report of the revenues and expenditures in the fund reporting categories established above shall be made to the Board on a monthly basis by the School Leader.

The Board's annual financial statements will include information such as: 1) beginning and ending balances of capital assets; 2) beginning and ending balances of accumulated depreciation, 3) total depreciation expense for the fiscal year.

Such reporting shall include description of significant capital asset activity during the fiscal year including: acquisitions through purchase or donation, sales or dispositions including the proceeds and gains or losses on the sale, changes in methods of calculating depreciation expense or accumulated depreciation, such as, estimates of useful life, residual values, depreciation methodology (e.g. straight line or other method).

Before implementing procedures or changing procedures, the School Leader will review the proposed procedure with the CPA appointed by the Board of Education to conduct the Board's financial audit. The procedures established shall comply with all statutorily required standards and generally accepted accounting procedures.

School Leader shall promulgate Administrative Procedures to ensure the proper implementation of this policy in accordance with law.

DISPOSITION OF SURPLUS PROPERTY

Reference: 2 CFR 200.312, 200.313

The Board of Education requires the School Leader (employed by the Board) to review the property of the Academy periodically to dispose of that material and equipment no longer usable in accordance with the terms of this policy.

Instructional Material

The Academy shall review instructional materials (e.g., textbooks, library books, manuals, support materials, etc.) periodically to determine the relevance of such materials to the present world and current instructional programs. The following criteria will be used to review instructional materials for redistribution and possible disposal:

- A. concepts or content that do not support the current goals of the curriculum;
- B. information that may not be current;
- C. materials or equipment worn beyond salvage.

Equipment

The Academy shall inspect the equipment used in the instructional program periodically to determine the condition and usability of such equipment in the current educational program. Should the equipment be deemed no longer serviceable or usable, the following criteria will be used to determine possible disposal:

- A. repair parts for the equipment are no longer readily available
- B. repair records indicate the equipment has no usable life remaining
- C. obsolete equipment no longer makes a contribution to the educational program
- D. equipment has some potential for sale at an auction
- E. equipment poses a safety or environmental hazard

Disposition

The School Leader (employed by the Board) is authorized to dispose of obsolete instructional and other property through sale to the highest bidder, donation to appropriate parties, or proper waste removal. When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, the Academy shall request disposition instructions from the Federal awarding agency, if required by the terms and conditions of the Federal award.

Disposition of the equipment will then be made in accordance with disposition instructions of the Federal awarding agency.

If permitted by applicable law, items of equipment with a current per unit fair market value of \$5,000 or less may be retained, sold or otherwise disposed of with no further obligation to the Federal awarding agency.

Except as provided by applicable regulations or if the Federal awarding agency fails to provide requested disposition instructions within 120 days, items of equipment with a current per-unit fair-market value in excess of \$5,000 may be retained by the Academy or sold. The Federal awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the Federal awarding agency's percentage of participation in the cost of the original purchase. If the equipment is sold, the Academy may deduct and retain from the Federal share \$500 or ten percent of the proceeds, whichever is less, for its selling and handling expenses.

The Academy may transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the Academy shall be entitled to compensation for its attributable percentage of the current fair market value of the property.

Reference: 20 USC § 6083; 20 USC § 7183; MCL 333.12605; MCL 333.12607; SBOE Policy on 24/7 Tobacco-Free Schools

The use of tobacco products of any kind, including but not limited to cigarettes, cigars, pipes, and chewing tobacco, and by any person, is prohibited on school property (including grounds, buildings, and vehicles) and during any school-sponsored activity or event.

For purposes of this policy,

- A. "tobacco product" means a preparation of tobacco to be inhaled, chewed, or placed in a person's mouth.

- G. Coordinate with local law enforcement agencies on enforcement of the Youth Tobacco Act and the Michigan Penal Code related to tobacco use.

The Academy may provide access to developmentally-appropriate tobacco cessation programs or information about community cessation programs.

The School Leader (employed by the Board) shall develop Administrative Procedures to ensure the proper implementation of this policy.

PROPERTY INVENTORY

As steward of this Academy's property, the Board of Education recognizes that efficient management and full replacement upon loss require accurate inventory and properly maintained property records.

The Board shall conduct and maintain a continuous inventory of all Academy-owned equipment and supplies in accordance with all applicable law.

The duty of the School Leader (employed by the Board) shall be to ensure that inventories are recorded systematically and accurately and that property records of equipment are updated and adjusted annually by reference to purchase orders and withdrawal reports.

Equipment acquired under a Federal award will vest upon acquisition to the Academy, subject to the following conditions:

- A. The equipment shall be used for the authorized purposes of the award project during the period of performance or until the equipment is no longer needed for the purposes of the project.

- G. Adequate maintenance procedures shall be implemented to keep the property in good condition.

USE OF ACADEMY FACILITIES

The Board of Education believes that the facilities of this Academy should be made available for community purposes, provided such use neither infringes on the original and necessary purpose of the property nor interferes with the educational program of the Academy.

The Board will permit the use of Academy facilities when such permission has been requested in writing by a responsible organization or a group of citizens and has been approved by the School Leader (employed by the Board).

Academy facilities shall be available for the uses listed below. When interests compete for the use of facilities, approval will be given according to the following priorities:

- A. uses directly related to the Academy and its operations
- B. uses and groups indirectly related to the Academy

The use of Academy grounds and facilities shall not be granted for private social functions or for any purpose prohibited by law.

The School Leader (employed by the Board) shall develop Administrative Procedures for granting permission to use Academy facilities, including a schedule of fees. These Procedures are to include the following:

END OF OPTIONS

The Board may lend specific items of equipment on the written request of the user and approval granted by the **Educational Service Provider** **School Leader (employed by the Board)** **Board** **and only when such equipment is unobtainable elsewhere.**

The user of Board-owned equipment shall be fully liable for any damage or loss occurring to the equipment during its use and shall be responsible for its safe return. The use of Board-owned equipment off Academy property is subject to the same rules and conditions of use that are in effect when the equipment is used on Academy property.

- Academy equipment may be removed from Academy property by students or staff members and/or Board members only when such equipment is necessary to accomplish tasks arising from their school or job responsibilities. The consent of the School Leader is required for such removal.

FOR BOARD APPROVAL

CELL PHONE ALLOWANCE

Eligibility for Cell Phone Allowance

Mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.), (collectively, "cell phones") enable communication whenever a situation arises necessitating immediate contact, regardless of the person's location at the time. The School leader and the administrators who meet one or more of the following criteria are required as a condition of employment to personally own a cell phone and obtain an appropriate service plan so that the cell phone is available for use for business-related communications:

- A. their jobs require them to spend a considerable amount of time outside of their assigned office or work area during regular work hours and have regular access to telephone and/or Internet/data connections while outside their office or assigned work area;
- B. their jobs require them to be accessible outside of scheduled or regular work hours or to be contacted and respond in the event of an emergency;
- C. their jobs consistently require timely and business critical two (2) way communication for which there is no reasonable alternative technology; (This is not intended to include occasional, incidental access or purely voluntary access such as checking e-mail from home.)
- D. the employee is required to be contacted on a regular basis outside regular work hours.

Administrators who are required to have a personally-owned cell phone as a condition of their employment shall receive a monthly cell phone allowance ("allowance"), up to an amount approved annually by the Board to reimburse them for the costs associated with maintaining and using the personally-owned cell phone for business purposes. Additionally, other staff members who believe that they meet the above-identified criteria may apply for an allowance.

Amount of the Allowance

The allowance shall not reimburse the employee's dollar-for-dollar costs for the cellular telephone service, and shall not exceed the expenses the employee actually incurs in maintaining his/her personally-owned cell phone.

The allowance shall not serve as a substitute for a portion of the staff member's regular wages, and does not constitute an increase to base pay and will not be included in the calculation of percentage increases to base pay due to annual raises, job upgrades or benefits based on a percentage of salary, etc. The Board will pay only the Board-approved allowance even if actual monthly costs exceed the allowance. If the amount of the allowance needs to be changed because of documented business purposes, the employee should notify the School Leader by submitting a new Cell Phone Allowance Request Form (Form 7530.01 F1).

No allowance will be paid when the employee is on an unpaid leave status, or is on an extended paid leave during which timely, essential business communications are not likely to be necessary.

To be eligible to receive the allowance, the employee must maintain the type of cellular telephone coverage. Beginning no later than July annually, each covered administrator and staff member making application for the allowance, must submit to the School Leader a Cell Phone Allowance Request Form (Form 7530.01 F1), including a copy of his/her most recent monthly invoices for his/her cellular telephone service plan to substantiate the amount of the allowance and a document identifying his/her cell phone number (including any pin number associated with a BlackBerry device) so that the employee may be contacted as the need arises. The employee must maintain an active cellular telephone service contract while the allowance is being provided.

The School Leader should use knowledge of each employee's duties (e.g., the projected number of minutes of monthly business-related calls, and whether the employee requires wireless Internet/data service) and budget considerations to determine the amount of monthly allowance to recommend to the Board for each employee. In determining the amount of the allowance to recommend to the Board, the School Leader may take into consideration the cost of the basic equipment, whether wireless Internet/data service is needed, and the cost of the employee's monthly cellular telephone service plan.

In order to continue to receive the allowance, administrators are required to answer all business-related calls on his/her cell phone and promptly respond to any messages.

Allowance Is Not Considered Taxable Income

Provided the employee maintains and uses his/her personally-owned cell phone for business purposes as described herein, the allowance should not be considered additional income to the employee (i.e., the allowance will be treated as a non payroll reimbursement of a business expense – similar to mileage reimbursements – and no payroll taxes will be withheld from the employee's paycheck for the amount of the allowance and the amount of the allowance will not be reported as wages on the employee's year-end W-2 statement). Additionally, staff members who receive an allowance are not required to submit a log documenting their business-related use of the cell phone; non-exempt employees, however, must comply with the timekeeping requirements set forth above. For determination of individual taxability, employees should check with their tax advisor.

Employee's Responsibilities

The employee is responsible for choosing his/her cell phone, the voice and/or wireless data plan, and the service provider. Since the cell phone is the employee's personal property, the cell phone may be used for personal calls (see below concerning the making of personal calls during work time) and be combined or enhanced with other personal plans (i.e., the employee may also, at his/her own expense, add extra services or equipment features, as desired). The employee is responsible for paying all monthly service charges in full and on time. The Board does not accept any liability for claims, charges, or disputes between the service provider and the staff member. Because the employee is personally responsible for the cell phone, any replacement for loss or damage will be at the expense of the employee. Such replacement or repair must be completed promptly and the School Leader must be notified if the employee will not be available by his/her cell phone for a period of time.

Employees should contact the vendor/carrier through which they purchased their cell phone and their cellular telephone service (including wireless Internet/data service, if applicable) for support.

Employees may contact the Academy's IT Department/Support Staff for consultation on the type of equipment to purchase if they are obtaining wireless Internet/data service in order to enable e-mail and calendar support through the Academy's servers (e.g., through Microsoft Exchange, Novell GroupWise, etc.) and to obtain assistance in setting up their device to connect to the Academy's servers. The Academy's IT Department/Support Staff will assist employees who have wireless Internet/data service with e-mail and calendar functionality.

Changing or Ending a Cellular Telephone Service Contract Early

If prior to the end of a cellular telephone and/or wireless Internet/data service contract, a personal decision by the employee results in the need to end or change the contract, the employee will bear the costs of any fees associated with the change or cancellation.

If prior to the end of a cellular telephone and/or wireless Internet/data service contract, the employee's misconduct, or misuse of the cell phone, results in the need to end or change the contract, the employee will bear the costs of any fees associated with the change or cancellation.

If prior to the end of a cellular telephone and/or wireless Internet/data service contract, the Board determines to reduce or cancel (unrelated to employee misconduct) the employee's monthly allowance, the Board will bear the cost of any fees associated with the change or cancellation. For example, if the employee is reassigned and/or his/her duties are changed, and the cell phone is no longer needed for business purposes, if the employee does not want to retain the current contract, changes or cancellation fees will be reimbursed by the Board.

When selecting the duration of his/her cellular telephone and/or wireless Internet/data service contract, the employee should take into consideration the length of his/her Board-approved employment contract and not select a duration of the service contract that exceeds the employment contract. If the employee is non renewed or voluntarily resigns while the service contract is still in effect, the Board will not be responsible for any fees associated with the employee's decision to subsequently change or cancel the contract.

Once the allowance is given to the employee to purchase a device, the cell phone remains the employee's personal property. However, upon termination, nonrenewal or resignation, the Board will immediately discontinue the monthly allowance.

Safe and Appropriate Use of Cell Phones

Employee safety is a priority of the Board, and responsible use of cell phones, requires safe use. See Policy 7530.02 - Staff Use of Personal Communication Devices.

Employees may not use a cell phone in a way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated.

Duty to Maintain Confidentiality of Student Personally Identifiable Information – Public and Student Record Requirements

Employees are subject to all applicable policies and guidelines pertaining to protection of the security, integrity and availability of the data stored on their cell phones. See Policy 7530.02 - Staff Use of Personal Communication Devices.

Potential Disciplinary Action/Termination of the Cell Phone Allowance

Violation of this policy may constitute just cause for disciplinary action up to and including termination. Use of a cell phone in any manner contrary to local, State or Federal laws will constitute misuse, and will result in immediate termination of the allowance.

Reimbursement for Business-Related Calls on a Personally-Owned Cell Phone

When authorized in writing by the School Leader, the cost of using a personally-owned cell phone for official business may be reimbursed to the employee. Having a personally-owned cell phone is a choice the employee makes, and if the device is used for business purposes, any reimbursement will be for reasonable costs in excess of the base service plan plus any additional charges such as roaming fees or other fees and taxes incurred as a direct result of the business use. In no instances will the employee be reimbursed more than the monthly cost to the employee. To receive the reimbursement, the employee must document the inbound/outbound telephone number, name of person called, texted, or e-mailed or the individual who called, texted or e-mailed the employee, and the date and purpose of the communication along with the original service plan bill.

The Board reserves the right to switch an employee to the cell phone allowance program if excessive calls are made or if required documentation is not submitted in a timely manner.
I.R.S. Notice 2011-72 (effective December 31, 2009)

Adopted 2/8/16

NEW POLICY FOR MUSKEGON HEIGHTS PUBLIC SCHOOL ACADEMY SYSTEM – SPRING 2018 **STAFF USE OF PERSONAL COMMUNICATION DEVICES**

[] OPTION 1 – If the Academy has an Educational Service Provider

As the employer of record, the Educational Service Provider directs the proper use of personal communication devices of its employees.

END OF OPTION 1 – End of Policy

[] OPTION 2 – If the Academy is Self-Managed

Use of personal communication devices (“PCDs”) (as defined in Bylaw 0100) has become pervasive in the workplace. For purposes of this policy, “personal communication device” includes computers, tablets (e.g., iPads like devices), electronic readers (“e-readers”; e.g. Kindles like devices), cell phones, smartphones (e.g., iPhones, Android devices, Windows Mobile devices, etc.), () **telephone paging devices (e.g., beepers or pagers),** **END OF OPTION** and/or other web-enabled devices of any type. Whether the PCD is Board-owned and assigned to a specific employee, or personally-owned by the employee (regardless of whether the Board pays the employee an allowance for his/her use of the device, the Board reimburses the employee on a per use basis for their business-related use of his/her PCD, or the employee receives no remuneration for his/her use of a personally-owned PCD), the employee is responsible for using the device in a safe and appropriate manner.

Safe and Appropriate Use of Personal Communication Devices, Including Cell Phones/Smartphones

[NOTE: START OF FIRST SET OF OPTIONS – CHOOSE OPTION A AND/OR OPTION B OR OPTION C]

OPTION A

- [] Employees whose job responsibilities include regular or occasional driving and who use a PCD for business use are expected to refrain from using their device while driving. Safety must come before all other concerns. Regardless of the circumstances, including slow or stopped traffic, employees are strongly encouraged to pull off to the side of the road and safely stop the vehicle before placing or accepting a call. Reading or sending a text message, instant message or e-mail, or browsing the Internet using a PCD while driving is strictly prohibited. If acceptance of a call is unavoidable and pulling over is not an option, employees are expected to keep the call short, use hands-free options (e.g., headsets or voice activation) if available, refrain from the discussion of complicated or emotional topics, and keep their eyes on the road. Special care should be taken in situations where there is traffic, inclement weather, or the employee is driving in an unfamiliar area. In the interest of safety for both Board employees and other drivers, employees are required to comply with all applicable laws while driving (including any laws that prohibit texting or using a cell phone or other PCD while driving).

- [] In situations where job responsibilities include regular driving and accepting of business calls, the employee should consider the use of hands-free equipment to facilitate the provisions of this policy.

OPTION B

- [] Employees are responsible for operating Board-owned vehicles and potentially hazardous equipment in a safe and prudent manner, and therefore, employees are prohibited from using PCDs while operating such vehicles or equipment. In the interest of safety for both Board employees and other drivers, employees are required to comply with all applicable laws while driving.

OPTION C

- [] Using a cell phone or other PCD while operating a vehicle is strongly discouraged. Employees should plan their work accordingly so that calls are placed, text messages/instant messages/e-mails read and/or sent, GPS-navigation destinations set/modified, and/or the Internet browsed either prior to traveling or while on rest breaks. In the interest of safety for both Board employees and other drivers, employees are required to comply with all applicable laws while driving (including any laws that prohibit texting or using a cell phone or other PCD while driving).

[NOTE: END OF FIRST SET OF OPTIONS]

Employees may not use a PCD in a way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated.

Duty to Maintain Confidentiality of Student Personally Identifiable Information - Public and Student Record Requirements

Employees are subject to all applicable policies and guidelines pertaining to protection of the security, integrity and availability of the data stored on their PCDs.

Cellular and wireless communications, including calls, text messages, instant messages, and e-mails sent from PCDs, may not be secure. Therefore, employees should use discretion in relaying confidential information, particularly as it relates to students.

Additionally, cellular/wireless communications, including text messages, instant messages and e-mails sent and/or received by a public employee or school official using his/her PCD may constitute public records if the content of the message concerns Academy business, or an education record if the content includes personally identifiable information about a student. Cellular/wireless communications that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records. Cellular/wireless communications that are student records should be maintained pursuant to Policy 8330 – Students Records. Finally, cellular/wireless communications and other electronically stored information (ESI) stored on the staff member's PCD may be subject to a Litigation Hold pursuant to Policy 8315 – Information Management. Staff are required to comply with Academy requests to produce copies of cellular/wireless communications in their possession that are either public records or education records, or that constitute ESI that is subject to a Litigation Hold.

[NOTE: START OF SECOND SET OF OPTIONS - CHOOSE OPTION A OR OPTION B]

OPTION A [TO BE SELECTED IF BOARD ADOPTED POLICY 7530.01 V1, “Cell Phone Allowance”]

At the conclusion of an individual's employment (whether through resignation, nonrenewal, or termination), the employee is responsible for verifying all public records, student records and ESI subject to a Litigation Hold that are maintained on the employee's PCD are transferred to the Academy's custody (e.g., server, alternative storage device). The Academy's IT department/staff is available to assist in this process. Once all public records, student records and ESI subject to a Litigation Hold are transferred to the Academy's custody, the employee is required to delete the records/ESI from his/her PCD. The employee will be required to sign a document confirming that all such records/information has been transferred to the Academy's custody and deleted from his/her PCD before the Board will issue any final compensation that is owed to the employee.

Similarly, if an employee intends to dispose of, or otherwise stop using, a personally-owned PCD on which s/he has maintained public records, student records and/or ESI that is subject to a Litigation Hold, the employee must transfer the records/ESI to the Academy's custody before disposing of, or otherwise ceasing to use, the personally-owned PCD. The employee is responsible for securely deleting such records/ESI before disposing of, or ceasing to use, the personally-owned PCD. Failure to comply with these requirements may result in disciplinary action.

OPTION B [TO BE SELECTED IF BOARD ADOPTED POLICY 7530.01 V2, “Board-Owned Personal Communication Devices”]

At the conclusion of an individual's employment (whether through resignation, nonrenewal, or termination), the employee is responsible for informing the School Leader or his/her designee of all public records, student records and ESI subject to a Litigation Hold that is maintained on the employee's Board-owned PCD. The Academy's IT department/staff will then transfer the records/ESI to an alternative storage device.

[] If the employee also utilized a personally-owned PCD for work-related communications, and the device contains public records, students records and/or ESI subject to a Litigation Hold, the employee must transfer the records/ESI to the Academy's custody (e.g., server, alternative storage device) prior to the conclusion of his/her employment. The Academy's IT department/staff is available to assist in this process. Once all public records, student records and ESI subject to a Litigation Hold are transferred to the Academy's custody, the employee is required to delete the records/ESI from his/her personally-owned PCD. The employee will be required to sign a document confirming that all such records/information has been transferred to the Academy's custody and deleted from his/her personally-owned PCD before the Board will issue any final compensation that is owed to the employee.

[NOTE: END OF SECOND SET OF OPTIONS]

If a PCD is lost, stolen hacked or otherwise subjected to unauthorized access, the employee must immediately notify the School Leader so a determination can be made as to whether any public records, students records and/or ESI subject to a Litigation Hold has been compromised and/or lost. The School Leader shall determine whether any security breach notification laws may have application to the situation. Appropriate notifications will be sent unless the records/information stored on the PCD was encrypted.

The Board prohibits employees from maintaining the following types of records and/or information on their PCDs cell phones:

- social security numbers
- driver's license numbers
- credit and debit card information
- financial account numbers
- student personally identifiable information
- information required to be kept confidential pursuant to the Americans with Disabilities Act (ADA)
- personal health information as defined by the Health Insurance Portability and Accountability Act (HIPAA)
- _____

- If an employee maintains records and/or information on a PCD cell phone that is confidential, privileged or otherwise protected by state and/or federal law, the employee is required to encrypt the records and/or information.
- It is required suggested that employees lock and password protect their PCDs when not in use.
- Employees are responsible for making sure no third parties (including family members) have access to records and/or information, which is maintained on a PCD in their possession, that is confidential, privileged or otherwise protected by state and/or federal law.

Privacy Issues

Except in emergency situations or as otherwise authorized by the School Leader or as necessary to fulfill their job responsibilities, employees are prohibited from using PCDs to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted.

[NOTE: START THIRD SET OF OPTIONS - CHOOSE OPTION A OR OPTION B OR OPTION C]

OPTION A

The use of PCDs that contain built-in cameras (i.e., devices that take still or motion pictures, whether in a digital or other format) is prohibited in classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms and/or swimming pool.

[] OPTION B

The use of PCDs in () **classrooms**, () **gymnasiums**, **locker rooms**, **shower facilities**, **rest/bathrooms** and/or () **swimming pool** is prohibited.

[] OPTION C

PCDs, including but not limited to those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, () **classrooms**, () **gymnasiums**, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The School Leader and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

[NOTE: END OF THIRD SET OF OPTIONS]

Personal Use of PCDs While at Work

[NOTE: START OF FOURTH SET OF OPTIONS - CHOOSE OPTION A OR OPTION B]

[] OPTION A

During work hours personal communications made or received, regardless of whether on a PCD or a regular telephone or network computer, can interfere with employee productivity and distract others. Employees are expected to use discretion in using PCDs while at work for personal business. Employees are asked to limit personal communications to breaks and lunch periods, and to inform friends and family members of the Board's policy in this regard.

[] OPTION B

Board employees may carry () **PCDs** () **cell phones** with them while at work () **including while operating Board equipment**, but are subject to the following restrictions:

- A. Excessive use of a () **PCD** () **cell phone** for personal business during work hours is considered outside the employee's scope of employment and may result in disciplinary action.
- B. Employees are personally and solely responsible for the care and security of their personally-owned PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, personally-owned PCDs brought onto its property, or the unauthorized use of such devices.

[NOTE: END OF FOURTH SET OF OPTIONS]

Potential Disciplinary Action

Violation of this policy may constitute just cause for disciplinary action up to and including termination. Use of a PCD in any manner contrary to local, State or Federal laws may also result in disciplinary action up to and including termination.

FOR BOARD APPROVAL

TECHNOLOGY

The Board of Education is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of Academy operations.

Students' use of the Academy Technology Resources (see definitions in Bylaw 0100) is a privilege, not a right. Students and their parents must sign and submit a *Student Technology Acceptable Use and Safety* form annually. (See also, Policy 7540.03)

The School Leader (employed by the Board), shall develop and implement a written Academy Technology Plan (ATP). One (1) of the primary purposes of the ATP is to evaluate new and emerging technologies and how they will play a role in student achievement and success and/or efficient and effective Academy operations.

The School Leader (employed by the Board), shall create a Technology Governance Committee (see AG 7540B) to oversee and guide the development of the ATP. The School Leader (employed by the Board), shall appoint individuals to the Technology Governance Committee that include representatives of all educational, administrative and business/operational areas in the Academy.

The ATP shall set forth procedures for the proper acquisition of technology. The ATP shall also provide guidance to staff and students about making safe, appropriate and ethical use of Academy Technology Resources, as well as inform both staff and students about disciplinary actions that will be taken if its Technology Resources are abused in any way or used in an inappropriate, illegal, or unethical manner. See Policy 7540.03 and AG 7540.03 - Student Technology Acceptable Use and Safety, and Policy 7540.04 and AG 7540.04 – Staff Technology Acceptable Use and Safety.

The School Leader (employed by the Board), in conjunction with the Muskegon Area ISD, shall review the ATP and report any changes, amendments, or revisions to the Board annually.

This policy, along with the Student and Staff Technology Acceptable Use and Safety policies, and the Student Code of Conduct, further govern students' and staff members' use of their personal communication devices (see Policy 5136 and Policy 7530.02). Users have no right or expectation of privacy when using Academy technology resources (including, but not limited to, privacy in the content of their personal files, e-mails and records of their online activity when using the Academy's computer network and/or Internet connection).

Further safeguards shall be established so that the Board's investment in both hardware and software achieves the benefits of technology and inhibits negative side effects. Accordingly, students shall be educated about appropriate online behavior including, but not limited to, using social media, which is defined in Bylaw 0100, to interact with others online; interacting with other individuals in chat rooms or on blogs; and, recognizing what constitutes cyberbullying, understanding cyberbullying is a violation of Board policy, and learning appropriate responses if they experience cyberbullying.

Staff use of Academy-approved social media platforms/sites shall be consistent with Policy 7544.

Students must comply with Policy 7540.03 and Policy 5136 when using Academy Technology Resources to access and/or use Academy-approved social media.

Similarly, staff must comply with Policy 7544, Policy 7540.04, and Policy 7530.02 when using Academy technology resources to access and/or use Academy-approved social media platforms/sites.

Adopted 2/8/16
Revised 3/20/17; 8/20/18

TECHNOLOGY PRIVACY

The Board of Education recognizes the right to privacy of staff members in their personal lives. This policy serves to inform staff members of the Board's position regarding staff members' privacy in the educational workplace setting. The policy also serves to protect the Board's interests.

All Academy Technology Resources (as defined in Bylaw 0100) are the Board's property and are to be used solely for business purposes. The Board retains the right to access and review all Information Resources (as defined in Bylaw 0100), including but not limited to electronic and voice mail, computer files, data bases, and any other electronic transmissions contained within, or used in conjunction with, the Board's computer system/network, telephone system, electronic mail system, and voice mail system. Staff members shall be notified that they should have no expectation that any personal information/data maintained, stored, or transmitted contained on or through such systems is confidential or private.

Review of such information may be done by the Board with or without the staff member's knowledge. The use of passwords does not guarantee confidentiality, and the Board retains the right to access information in spite of a password. All passwords or security codes must be registered with the School Leader (employed by the Board). A staff member's refusal to permit such access may be grounds for discipline up to, and including, discharge.

Technology Resources are to be used only for the Academy's business and educational purposes.

Personal messages via Board-owned technology should be limited in accordance with the School Leader (employed by the Board) guidelines. Staff members are encouraged to keep their personal records and personal business at home. Because Academy Technology Resources are to be used primarily for business and educational purposes, staff members are prohibited from sending offensive, discriminatory, or harassing computer, electronic, or voice mail messages.

Academy Technology Resources must be used properly. Review of computer files, electronic mail, and voice-mail will be conducted only in the ordinary course of business and will be motivated by a legitimate business reason. If a staff member's personal information is discovered, the contents of such discovery will be limited to those who have a specific need to know that information. The discovered contents will not be reviewed by the Board, except to the extent necessary to determine if the files/e-mail/voice-mail constitute a public record or if the Board's interests have been compromised. The administrators and supervisory staff members authorized by the Educational Service Provider have the authority to search and access information electronically.

All Academy Technology Resources are property of the Board. Staff members shall not copy, delete, or remove any information data contained on the Board-owned computers or servers without the express permission of the School Leader. Further, staff members shall not communicate any such information to unauthorized individuals. In addition, staff members may not copy software from or onto any Academy Technology Resource and may not bring software from outside sources for use on Academy Technology resource without the prior approval of the Educational Service Provider. Such pre-approval shall include a review of any copyright infringements or virus problems associated with such outside software.

WEB ACCESSIBILITY, CONTENT, APPS AND SERVICES

A. Creation of Content for Web Pages/Sites, Apps and Services

The Board of Education authorizes staff members and students to create content, apps and services (see Bylaw 0100 Definitions) that will be hosted by the Board on its servers or Academy-affiliated servers and/or published on the Internet.

The content, apps and services must comply with applicable State and Federal laws (e.g., copyright laws, Children's Internet Protection Act (CIPA), Section 504 of the Rehabilitation Act of 1973 (Section 504), Americans with Disabilities Act (ADA), Student Online Personal Protection Act (SOPPA) and Children's Online Privacy Protection Act (COPPA)), and reflect the professional image/brand of the Academy, its employees, and students. Content, apps and services must be consistent with the Board's Mission Statement and staff-created web content, services and apps are subject to prior review and approval of the School Leader (employed by the Board) before being published on the Internet and/or used with students.

Student-created content, apps and services are subject to Policy 5722 - School-Sponsored Student Publications and Productions.

The creation of content, apps and services by students must be done under the supervision of a professional staff member.

B. Purpose of Content of Academy Web Pages/Sites, Apps and Services

The purpose of content, apps and services hosted by the Board on its servers or Academy-affiliated servers is to educate, inform, and communicate. The following criteria shall be used to guide the development of such content, apps and services:

1. Educate

Content should be suitable for and usable by students and teachers to support the curriculum and the Board's Objectives as listed in the Board's Strategic Plan.

2. Inform

Content may inform the community about the school, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

3. Communicate

Content may communicate information about the plans, policies and operations of the Academy to members of the public and other persons who may be affected by Academy matters.

The information contained on the Board's website(s) should reflect and support the Board's Mission Statement, Educational Philosophy, and the School Improvement Process.

When the content includes a photograph or personally identifiable information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

Under no circumstances is Academy-created content, apps and services, to be used for commercial purposes, advertising, political lobbying or to provide financial gains for any individual. Included in this prohibition is the fact no web content contained on the Academy's website may:

1. include statements or other items that support or oppose a candidate for public office, the investigation, prosecution or recall of a public official, or passage of a tax levy or bond issue;
2. link to a website of another organization if the other website includes such a message; or
3. communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization.
4. Under no circumstances is staff member-created content, apps and services, including personal web pages/sites, to be used to post student progress reports, grades. Employees are required to use the Board-specified website, app or service (e.g., Power School) for the purpose of conveying information to students and/or parents.

Web content, apps and web services should reflect an understanding that both internal and external audiences will be viewing the information.

School web pages/sites, apps and web services must be located on Board-owned or Academy-affiliated servers.

The School Leader (employed by the Board) shall prepare administrative guidelines defining the rules and standards applicable to the use of the Board's website and the creation of web content, apps and web services by staff and students.

The Board retains all proprietary rights related to the design of web content, apps and web services that are hosted on Board-owned or Academy-affiliated servers, absent written agreement to the contrary.

Students who want their class work to be displayed on the Board's website must have written parent permission and expressly license its display without cost to the Board.

Prior written parent permission is necessary for a student to be identified by name on the Board's website.

C. Website Accessibility

The Academy is committed to providing persons with disabilities an opportunity equal to that of persons without disabilities to participate in the Academy's programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration. The Academy is further committed to ensuring persons with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as persons without a disability, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any Academy programs, services, and activities delivered online, as required by Section 504 and Title II of the ADA and their implementing regulations; and that they receive effective communication of the Academy's programs, services, and activities delivered online.

The Academy adopts this policy to fulfill this commitment and affirm its intention to comply with the requirements of Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Section 794, 34 C.F.R. Part 104, and Title II of the Americans With Disabilities Act of 1990, 42 U.S.C. Section 12131 and 28 C.F.R. Part 35 in all respects.

1. Technical Standards

The Academy will adhere to the technical standards of compliance identified at mytigers.org. The Academy measures the accessibility of online content and functionality according to the World Wide Web Consortium's Web Content Accessibility Guidelines ([WCAG](#)) 2.0 Level AA, and the Web Accessibility Initiative - Accessible Rich Internet Applications Suite ([WAI-ARIA 1.1](#)) for web content. Foxbright.

2. Web Accessibility Coordinator

The Board designates Rachel Clark, rclark@mhtigers, through the Muskegon ISD as the Academy's Web Accessibility Coordinator(s). That individual(s) is responsible for coordinating and implementing this policy.

The Academy's Web Accessibility Coordinator(s) can be reached at:

Rachel Clark, rclark@mhtigers

3. Third Party Content

Links included on the Board's website(s) or web services and apps that pertain to its programs, benefits and/or services must also meet the above criteria and comply with State and Federal law (e.g. copyright laws, CIPA, Section 504, ADA, SOPPA and COPPA). While the Academy strives to provide access through its website to online content provided or developed by third parties (including vendors, video-sharing websites, and other sources of online content) that is in an accessible format, that is not always feasible. The Academy's

administrators and staff, however, are aware of this requirement with respect to the selection of online content provided to students. The Academy's Web Accessibility Coordinator or his/her designees will vet online content available on its website that is related to the Academy's programs, benefits and/or services for compliance with this criteria for all new content placed on the Academy's website after adoption of this policy.

Nothing in the preceding paragraph, however, shall prevent the Academy from including links on the Board's website(s) to:

- a. recognized news/media outlets (e.g., local newspapers' websites, local television stations' websites), or
- b. websites, services and/or apps that are developed and hosted by outside vendors or organizations that are not part of the Academy's program, benefits, or services.

The Board recognizes that such third party websites may not contain age-appropriate advertisements that are consistent with the requirements of Policy 9700.01, AG 9700B, and State and Federal law.

4. Regular Audits

The Academy, under the direction of the Web Accessibility Coordinator(s) or his/her/their designees, will, at regular intervals, audit the Academy's online content and measure this content against the technical standards adopted above.

If problems are identified through the audit, such problems will be documented, evaluated, and, if necessary, remediated within a reasonable period of time.

5. Reporting Concerns or Possible Violations

If any student, prospective student, employee, guest, or visitor believes that the Academy has violated the technical standards in its online content, s/he may contact the Web Accessibility Coordinator with any accessibility concerns. S/he may also file a formal complaint utilizing the procedures set out in Board Policies 2260 and 2260.01 relating to Section 504 and Title II.

D. Instructional Use of Apps and Web Services

The Board authorizes the use of apps and web services to supplement and enhance learning opportunities for students either in the classroom or for extended learning outside the classroom.

The Board requires the School Leader (employed by the Board) pre-approve each app and/or web service that a teacher intends to use to supplement and enhance student learning. To be approved, the app and/or web service must have a FERPA-compliant privacy policy, as well as comply with all

requirements of the Children's Online Privacy Protection Act (COPPA), Student Online Personal Protection Act (SOPPA) and the Children's Internet Protection Act (CIPA).

The Board further requires the use of a Board-issued e-mail address in the login process.

E. Training

The Academy will provide annual training for its employees who are responsible for creating or distributing information with online content so that these employees are aware of this Policy and understand their roles and responsibilities with respect to web design, documents and multimedia content.

F. One-Way Communication Using Academy Web Content, Apps and Services

The Academy is authorized to use web pages/sites, apps and services to promote school activities and inform stakeholders and the general public about Academy news and operations.

Such communications constitute public records that will be archived.

When the Board or School Leader (employed by the Board) designates communications distributed via Academy web pages/sites, apps and web services to be one-way communication, public comments are not solicited or desired, and the web site, app or web service is to be considered a nonpublic forum.

If the Academy uses an apps and web service that does not allow the Academy to block or deactivate public comments (e.g., Facebook, which does not allow comments to be turned-off, or Twitter, which does not permit users to disable private messages or mentions/replies), the Academy's use of that apps and web service will be subject to Policy 7544 – Use of Social Media, unless the Academy is able to automatically withhold all public comments.

If unsolicited public comments can be automatically withheld, the Academy will retain the comments in accordance with its adopted record retention schedule (see AG 8310A – Public Records, and AG 8310E – Record Retention and Disposal), but it will not review or consider those comments.

47 C.F.R. 54.520

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Education provides Technology Resources (as defined by Bylaw 0100) to support the educational and professional needs of its students and staff. With respect to students, Academy Technology Resources afford them the opportunity to acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board provides students with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students. The Academy's computer network and Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Academy Technology Resources by principles consistent with applicable local, State, and Federal laws, the Academy's educational mission, and articulated expectations of student conduct as delineated in the Student Code of Conduct. This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of the Academy Technology Resources and students' personal communication devices when they are connected to the Academy computer network, Internet connection, and/or online educational services/apps, or when used while the student is on Board-owned property or a Board-sponsored activity (See Policy 5136).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Academy Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Academy's computer network and/or Internet connection).

First, the Board may not be able to technologically limit access through its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in

the world, will open classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the School Leader, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Academy also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on students to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the School Leader. The technology protection measures may not be disabled at any time that students may be using Academy Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The School Leader (employed by the Board) or designee may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents are advised that a determined user may be able to gain access to services and/or resources on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents may find inappropriate, offensive, objectionable or controversial. Parents of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

The School Leader (employed by the Board) is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communications, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the dangers inherent with the online disclosure of personally identifiable information;
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying and other unlawful or inappropriate activities by students online, and

- D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors.

The Board directs staff members to provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities while students are at school.

The School Leader (employed by the Board) is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of Academy Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media, including in chat rooms, and cyberbullying awareness and response. All users of Academy Technology Resources (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Students will be assigned a school email account that they are required to utilize for all Academy-related electronic communications, including those to staff members, peers, and individuals and/or organizations outside the Academy with whom they are communicating for Academy-related projects and assignments. Further, as directed and authorized by their teachers, they shall use their Academy-assigned email account when signing up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

Students are responsible for good behavior when using Academy Technology Resources – i.e., behavior comparable to that expected of students when they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not approve any use of its Technology Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures.

Students may only use Academy Technology Resources to access or use social media if it is done for educational purposes in accordance with their teacher's approved plan for such use.

Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of the Academy Technology Resources that are not authorized by this policy and its accompanying procedures.

The Board designates the School Leader (employed by the Board) and Superintendent or his/her designee as the persons responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to students' use of Academy Technology Resources.

STAFF TECHNOLOGY ACCEPTABLE USE AND SAFETY

47 C.F.R. 54.520

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Education provides Technology and Information Resources (as defined by Bylaw 0100) to support the educational and professional needs of its staff and students. The Board provides staff with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students and to facilitate the staff's work. The Academy's computer network and Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Academy Technology and Information Resources by principles consistent with applicable local, State, and Federal laws, and the Academy's educational mission. This policy and its related administrative guidelines, Policy 7544 and AG 7544 and any applicable employment contracts and collective bargaining agreements govern the staffs' use of the Academy's Technology and Information Resources and staff's personal communication devices when they are connected to the Academy's computer network, Internet connection and/or online educational services/apps, or when used while the staff member is on Board-owned property or at a Board-sponsored activity (see Policy 7530.02).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Academy's Technology and Information Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Academy's computer network and/or Internet connection).

Staff are expected to utilize Academy Technology and Information Resources to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online educational services will be guided by Board Policy 2521 – Selection of Instructional Materials and Equipment.

The Internet is a global information and communication network that brings incredible education and information resources to our students. The Internet connects computers and

users in the Academy with computers and users worldwide. Through the Education Technology, students and staff can access relevant information that will enhance their learning and the education process. Further, Academy Technology Resources provide students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

The Board may not be able to technologically limit access over its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, will open classrooms and students to electronic information resources that not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures, that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or School Leader (employed by the Board), the technology protection measures may also be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of staff members to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on Staff members to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the Principal. The technology protection measures may not be disabled at any time that students may be using the Academy Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures without express written consent of an appropriate administrator will be subject to disciplinary action, up to and including termination.

The School Leader (employed by the Board) or Principal may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures. The School Leader (employed by the Board) or Principal may also disable the technology protection measures to enable access for bona fide research or other lawful purposes.

The School Leader (employed by the Board) is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communication, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online. Staff members are reminded that personally identifiable student information is confidential and may not be disclosed without prior written parental permission.

The Board directs staff members to participate in professional development programs in accordance with the provisions of law and this policy. Training shall include:

- A. the safety and security of students while using e-mail, chat rooms, social media and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying and other unlawful or inappropriate activities by students or staff online; and
- D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors.

Furthermore, the Board directs staff members to provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above, and staff members will monitor the online activities while students are at school.

The disclosure of personally identifiable information about students online is prohibited.

The School Leader (employed by the Board) is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that guidance will be provided and instruction offered to students in the appropriate use of the Academy Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media including in chat rooms, and cyberbullying awareness and response. All users of Academy Technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

The Board expects all Academy personnel to be responsible for good behavior when using Academy Technology and Information Resources – i.e., behavior comparable to that expected when in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. The Board does not approve any use of its Technology and Information Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines and Policy 7544 and its accompanying procedure.

Staff members may only use Academy Technology Resources to access or use social media if it is done for educational or business-related purposes.

Staff members use of Academy Technology Resources to access or use social media is to be consistent with Policy 7544 and its accompanying procedure.

An employee's personal or private use of social media may have unintended consequences. While the Board respects its employees' First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the Academy's mission, undermine staff relationships, or cause a substantial disruption to the school environment. This warning includes staff members' online conduct that occurs off school property including from the employee's private computer. Postings to social media should be done in a manner sensitive to the staff member's professional responsibilities.

General Academy rules for behavior and communication apply.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Academy Technology and Information Resources that are not authorized by this policy and its accompanying guidelines.

The Board designates the School Leader (employed by the Board) as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members' use of Academy Technology and Information Resources.

In addition, Federal and State confidentiality laws forbid schools and Academy employees from using or disclosing student education records without parental consent. See Policy 8330. Education records include a wide variety of information; posting personally identifiable information about students is not permitted. Academy personnel who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential employee information may be disciplined.

ACADEMY-ISSUED STAFF E-MAIL ACCOUNT

Staff

The Board of Education is committed to the effective use of electronic mail ("e-mail") by all school staff and Board members in the conduct of their official duties. This policy and any corresponding procedures are intended to establish a framework for the proper use of e-mail for conducting official business and communicating with colleagues, students, parents and community members.

When available, the Academy's e-mail system must be used by Board employees for any official Academy e-mail communications. Personal e-mail accounts on providers other than the Academy's e-mail system may be blocked at any time if concerns for network security, SPAM, or virus protection arise. Furthermore, school staff are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the Academy's network when opening or forwarding any e-mails or attachments to e-mails that originate from unknown sources.

Academy staff shall not send or forward mass e-mails, even if the e-mails concern Academy business, without prior approval of the School Leader.

Academy staff may join list serves or other e-mail services (e.g. RSS feeds) that pertain to their responsibilities in the Academy, provided these list serves or other e-mail services do not exceed the staff member's e-mail storage allotment. If a staff member is unsure whether s/he has adequate storage or should subscribe to a list serv or RSS feed, s/he should discuss the issue with his/her building principal or the Academy's Technology Department. The School Leader is authorized to block e-mail from list serves or e-mail services if the e-mails received by the staff member(s) become excessive.

Staff members are encouraged to keep their inbox and folders organized by regularly reviewing e-mail messages, appropriately saving e-mails that constitute a public record or student record and e-mails that are subject to a litigation hold (see Policy 8315 – Information Management), and purging all other e-mails that have been read. If the staff member is concerned that his/her e-mail storage allotment is not sufficient, s/he should contact the Academy's Technology Department.

Public Records

The Academy complies with all Federal and State laws pertaining to electronic mail. Accordingly, e-mails written by or sent to school staff and Board members may be public records if their content concerns Academy business, or education records if their content includes personally identifiable information about a student. E-mails that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records. E-mails that are student records must be maintained pursuant to Policy 8330 – Student Records. Finally e-mails may constitute electronically stored information ("ESI") that may be subject to a litigation hold pursuant to Policy 8315 – Information Management.

State and Federal law exempt certain documents and information within documents from disclosure, no matter what their form. Therefore, certain e-mails may be exempt from disclosure or it may be necessary to redact certain content in the e-mails before the e-mails are released pursuant to a public records request, the request of a parent or eligible student to review education records, or a duly served discovery request involving ESI.

E-mails written by or sent to school staff and Board members by means of their private e-mail account may be public records if the content of the e-mails concerns Academy business, or education records if their content includes personally identifiable information about a student. Consequently, staff shall comply with an Academy request to produce copies of e-mail in their possession that are either public records or education records, or that constitute ESI that is subject to a litigation hold, even if such records reside on a computer owned by an individual staff member, or are accessed through an e-mail account not controlled by the Academy.

Retention

Pursuant to State and Federal law, e-mails that are public records or education records, and e-mails that are subject to a litigation hold shall be retained.

E-mail retention is the responsibility of the individual e-mail user. Users must comply with Academy guidelines for properly saving/archiving e-mails that are public records, student education records, and/or subject to a litigation hold. E-mails sent or received using the Academy's e-mail service are automatically retained. This retention is for disaster recovery and not to provide for future retrieval. The Academy does not maintain a central or distributed e-mail archive of e-mail sent and/or received. Any questions concerning e-mail retention should be directed to the Building Administrator.

Unauthorized E-mail

The Board does not authorize the use of its Technology Resources, including its computer network ("network") to accept, transmit, or distribute unsolicited bulk e-mail sent through the Internet to network e-mail accounts. In addition, Internet e-mail sent, or caused to be sent, to or through the network that makes use of or contains invalid or forged headers, invalid or non-existent domain names, or other means of deceptive addressing will be deemed to be counterfeit. Any attempt to send or cause such counterfeit e-mail to be sent to or through the network is unauthorized. Similarly, e-mail that is relayed from any third party's e-mail servers without the permission of that third party, or which employs similar techniques to hide or obscure the source of the e-mail, is also an unauthorized use of the network. The Board does not authorize the harvesting or collection of network e-mail addresses for the purposes of sending unsolicited e-mail. The Board reserves the right to take all legal and technical steps available to prevent unsolicited bulk e-mail or other unauthorized e-mail from entering, utilizing, or remaining within the network. Nothing in this policy is intended to grant any right to transmit or send e-mail to, or through, the network. The Board's failure to enforce this policy in every instance in which it might have application does not amount to a waiver of its rights.

Unauthorized use of the network in connection with the transmission of unsolicited bulk e-mail, including the transmission of counterfeit e-mail, may result in civil and criminal penalties against the sender and/or possible disciplinary action.

Authorized Use and Training

Pursuant to Policy 7540.04, staff and Board members using the Academy's e-mail system shall acknowledge their review of, and intent to comply with, the Academy's policy on acceptable use and safety by signing and submitting Form 7540.04 F1.

Furthermore, staff and Board members using the Academy's e-mail system shall satisfactorily complete training, pursuant to Policy 7540.04, regarding the proper use and retention of e-mail.

Adopted 1/22/18

ACADEMY-ISSUED STUDENT E-MAIL ACCOUNT

Students assigned an academy e-mail account are required to utilize it for all academy-related electronic communications, including those to staff members and individuals and/or organizations outside the Academy with whom they are communicating for academy-related projects and assignments. Further, as directed and authorized by their teachers, they shall use their academy-assigned e-mail account when signing-up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

This policy and any corresponding guidelines serve to establish a framework for student's proper use of e-mail as an educational tool.

Personal e-mail accounts on providers other than the Academy's e-mail system may be blocked at any time if concerns for network security, SPAM, or virus protection arise. Students are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the Academy's network when opening or forwarding any e-mails or attachments to e-mails that originate from unknown sources.

Students shall not send or forward mass e-mails, even if educationally-related, without prior approval of their classroom teacher or the Technology Department.

Students may join list serves or other e-mail services (e.g. RSS feeds) that pertain to academic work, provided the e-mails received from the list serves or other e-mail services do not become excessive. If a student is unsure whether s/he has adequate storage or should subscribe to a list serv or RSS feed, s/he should discuss the issue with his/her classroom teacher, the building principal or the Academy's Technology Department. The Building Administrator is authorized to block e-mail from list serves or e-mail services if the e-mails received by the student becomes excessive.

Students are encouraged to keep their inbox and folders organized by regularly reviewing e-mail messages and purging e-mails once they are read and no longer needed for school.

Unauthorized E-mail

The Board does not authorize the use of its Technology Resources, including its computer network ("network"), to accept, transmit, or distribute unsolicited bulk e-mail sent through the Internet to network e-mail accounts. In addition, Internet e-mail sent, or caused to be sent, to or through the network that makes use of or contains invalid or forged headers, invalid or non-existent domain names, or other means of deceptive addressing will be deemed to be counterfeit. Any attempt to send or cause such counterfeit e-mail to be sent to or through the network is unauthorized. Similarly, e-mail that is relayed from any third party's e-mail servers without the permission of that third party, or which employs similar techniques to hide or obscure the source of the e-mail, is also an unauthorized use of the network. The Board does not authorize the harvesting or collection of network e-mail addresses for the purposes of sending unsolicited e-mail. The Board reserves the right to take all legal and technical steps available to prevent unsolicited bulk e-mail or other unauthorized e-mail from entering, utilizing, or remaining within the network. Nothing in this policy is intended to grant any right to transmit or send e-mail to, or through, the network. The Board's failure to enforce this policy in every instance in which it might have application does not amount to a waiver of its rights.

Unauthorized use of the network in connection with the transmission of unsolicited bulk e-mail, including the transmission of counterfeit e-mail, may result in civil and criminal penalties against the sender and/or possible disciplinary action.

Authorized Use and Training

Pursuant to Policy 7540.03, students using the Academy's e-mail system shall acknowledge their review of, and intent to comply with, the Academy's policy on acceptable use and safety by signing and submitting Form 7540.03 F1 annually.

Furthermore, students using the Academy's e-mail system shall satisfactorily complete training.

ACADEMY SYSTEM – SPRING 2018**
**UTILIZATION OF THE ACADEMY’S WEBSITE AND REMOTE
ACCESS TO THE ACADEMY'S NETWORK**

Parents, students, staff/employees and community members are encouraged to access the Academy's website (www.mhtigers.com).

Parents, students, staff/employees and community members should check the Academy's website regularly for changes to these resources and for the addition of other resources. Some resources may require a user name and password, or a login procedure due to the personally identifiable nature of the information provided through that resource (e.g., the grade book program and e-mail system). If a user name and password, or login procedure, is necessary to access a resource, the user should contact the applicable school or department for access.

USE OF SOCIAL MEDIA

Reference: 20 U.S.C. 1232g
34 C.F.R. Part 99
Protecting Children in the 21st Century Act, Pub. L. No. 110-385, Title II, Stat. 4096 (2008)
Children's Internet Protection Act (CIPA), Pub. L. No. 106-554 (2001)

Technology is a powerful tool to enhance education, communication, and learning.

The Board of Education authorizes the use of social media to promote community involvement and facilitate effective communication with students, parents/guardians, staff (including Academy-approved volunteers), and the general public. Social media is defined in Bylaw 0100.

The School Leader (employed by the Board) is charged with designating the Academy-approved social media platforms/sites.

In designating Academy-approved social media platforms/sites, the (employed by the Board) shall specify which platforms/sites are appropriate for use at the Academy-level, the building or department level, for extra-curricular activities, and at the individual level by employees for professional purposes.

It is critical that students be taught how to use social media platforms safely and responsibly. Social media (as defined in Bylaw 0100) are a powerful and pervasive technology that affords students and employees the opportunity to communicate for school and work purposes, and to collaborate in the delivery of a comprehensive education. Federal law mandates that the Academy provide for the education of students regarding appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and regarding cyberbullying awareness and response. See School Board Policy 7540.03 – Student Technology Acceptable Use and Safety.

The Academy recognizes that employees may use social media for personal, as well as professional reasons. The Academy neither encourages nor discourages employees' use of social media for personal purposes. The Academy regulates employees' use of social media for purposes related to their Academy assignment to the same extent as it regulates any other form of employee communication in that regard.

The Academy uses approved social media platforms/sites as interactive forms of communication and accepts public comments. The Academy-approved social media platforms/sites are considered limited public forums. As such, the Academy will monitor posted comments to verify they are on-topic, consistent with the posted rules for use of the forum, and in compliance with the platform/site's applicable terms of service. The Board's review of posted comments will be conducted in a viewpoint neutral manner, and consistent with State and Federal law. Employees' personal posts on the public platforms/sites are limited/restricted to matters of general public interest that are not related to the employee's specific employment and wholly unrelated to the employee's job responsibilities (i.e., matters where it is clear the individual is posting not in an official capacity, but simply as a member of the public). Employees in administrative positions are ordinarily not permitted to post personal comments on matters of general public interest because to do so could be misconstrued as Board-sponsored speech.

Each Academy-approved social media account/site must contain a statement that specifies its purpose(s) and limits those who access the social media account/site to use of the

account/site only for that/those purpose(s), and in accordance with any specified procedures, and applicable terms of service. Users are personally responsible for the content of their posts.

Social Media for Instructional and School-Sponsored Activities

Staff (including Academy-approved volunteers) may, with prior approval/authorization from the School Leader (employed by the Board), use social media platforms/sites for classroom instruction or school-sponsored activities. When a staff member uses a Academy-approved social media platform/site for an educational purpose, it will be considered an educational activity and will not be considered a limited public forum. Students' use of Academy-approved social media platforms/sites must be consistent with the Student Code of Conduct, Policy 5722 -School-Sponsored Student Publications and Productions/AG 5722 – School-Student Publications and Productions, Policy 7540.03/AG 7540.03 – Student Technology Acceptable Use and Safety, the instructor's directions/procedures, and the platform/site's applicable terms of service. Students are prohibited from posting or releasing personally identifiable information about students, employees, and volunteers through Academy-approved social media without appropriate consent.

Expected Standards of Conduct on Academy-Approved Social Media

Employees and Academy-approved volunteers who access Academy-approved social media platforms are expected to conduct themselves in a respectful, courteous, and professional manner. Students, parents, and members of the general public who access Academy-approved social media platforms are similarly expected to conduct themselves in a respectful, courteous, and civil manner.

Academy-approved social media sites shall not contain content that is obscene; is vulgar and lewd such that it undermines the school's basic educational mission; is libelous or defamatory; constitutes hate speech; promotes illegal drug use; is aimed at inciting an individual to engage in unlawful acts or to cause a substantial disruption or material interference with Academy operations; or interferes with the rights of others. The Academy may exercise editorial control over the style and content of student speech on Academy-approved social media, if reasonably related to legitimate pedagogical concerns. Staff or students who post prohibited content shall be subject to appropriate disciplinary action.

The Academy is committed to protecting the privacy rights of students, parents/guardians, staff, volunteers, Board members, and other individuals on Academy-approved social media sites. Academy employees and volunteers are prohibited from posting or releasing confidential information about students, employees, volunteers, or Academy operations through social media, without appropriate consent (i.e., express written consent from the parent of a student, the affected employee or volunteer, or the School Leader (employed by the Board) concerning Academy operations).

Retention of Public/Student Records

Academy communications that occur through the use of Academy-approved social media platforms/sites – including staff members'/volunteers' use of social media with school-sponsored activities, and comments, replies, and messages received from the general public – may constitute public records or student records, and all such communications will be maintained (i.e., electronically archived) in accordance with the Board's adopted record retention schedule and all applicable State statutes. Records that are not part of the

performance of an official function do not become public records by mere retention by the Academy under this policy. (See AG 8310A – Requests for Public Records)

If a staff member uses Academy-approved social media platforms/sites in the classroom for educational purposes (i.e., classroom instruction), the staff member must consult with the Principal concerning whether such use may result in the creation of public and/or education records that must be maintained (i.e., electronically archived) for a specific period of time.

Employees' Use of Academy Technology Resources to Access Social Media for Personal Use

Employees and Academy-approved volunteers are prohibited from using Academy Technology Resources (as defined in Bylaw 0100) to access social media for personal use during work hours.

They are reminded that the Academy may monitor their use of Academy technology resource.

Employees and Academy-approved volunteers are permitted to use Academy Technology Resources (as defined in Bylaw 0100) to access social media for personal use during breaks, mealtimes, and before and after scheduled work hours.

They are reminded that the Academy may monitor their use of Academy technology resource.

Employees' Use of Personal Communication Devices at Work to Access Social Media for Personal Use

Employees are prohibited from using personal communication devices to access social media for personal use during work hours.

Employees are permitted to use personal communication devices to access social media for personal use during breaks and mealtimes.

Employees and Academy-approved volunteers are prohibited from posting or engaging in communication that violates State or Federal law, Board policies, or administrative procedures. If an employee/volunteer's communication interferes with his/her ability to effectively perform his/her job, or violates State or Federal law, Board policies, or administrative procedures, the Academy may impose disciplinary action and/or refer the matter to appropriate law enforcement authorities.

This policy and its corresponding administrative procedure will be reviewed and updated as necessary.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another district, public school academy or non-public school in the State, the School Leader may use a report

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple districts or Academies may authorize the release of a prior criminal history records check with another district or Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay-off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the Academy from another proper source will be maintained in the individual's confidential file, which must be maintained in compliance with Policy 8321 and AG 8321.

When the Academy receives a report that shows an individual has been convicted of a listed offense under state statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in MCL 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days or receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the School Leader shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy, a set of fingerprints, prepared by an entity approved by the Michigan State Police, upon receiving an offer of employment, or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to the CHRI by the School Leader or the Board. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

The Academy may also take other action against the individual and/or his/her employer, including, but not limited to, requiring that the individual not be allowed to provide services to the Academy in the future and/or terminating any contractual relationship with the individual and/or the employer.

Individuals under contract shall immediately report knowledge of dangerous weapons and/or threats of violence by students, staff members, or other individuals to the School Leader (employed by the Board).

This information may be in hard copy or digital format, and may be stored in the Academy or offsite with a third party provider.

Data/information collected by the Academy shall be classified as Confidential, Controlled, or Published. Data/information will be considered Controlled until identified otherwise.

Protecting Academy Information Resources (as defined in Bylaw 0100) is of paramount importance. Information security requires everyone's active participation to keep the Academy's data/information secure. This includes Board of Education members, staff members/employees, students, parents, contractors/vendors, and visitors who use Academy Technology Resources (as defined in Bylaw 0100) and Information Resources.

Individuals who are granted access to data/information collected and retained by the Academy must follow established procedures so that the information is protected and preserved. The School Leader (employed by the Board) shall develop administrative guidelines that set forth the internal controls necessary to provide for the collection, classification, retention, access, and security of Academy Data/Information.

Further, the School Leader (employed by the Board) is authorized to develop procedures that would be implemented in the event of an unauthorized release or breach of data/information. These procedures shall comply with the Academy's legal requirements if such a breach of personally-identifiable information occurs.

The School Leader (employed by the Board) shall require the participation of staff members in appropriate training related to the internal controls pertaining to the data/information that they collect, to which they have access, and for which they would be responsible for the security protocols.

Third-party contractors/vendors who require access to Confidential Data/Information collected and retained by the Academy will be informed of relevant Board policies that govern access to and use of Information Resources, including the duty to safeguard the confidentiality of such data/information.

Failure to adhere to this Policy and its related administrative guidelines may put data/information collected and retain by the Academy at risk. Employees who violate this policy and/or the administrative guidelines promulgated consistent with this policy may have disciplinary consequences imposed, up to and including termination of employment, and/or referral to law enforcement. Students who violate this Policy and/or AGs will be subject to disciplinary action, up to and including expulsion, and/or referral to law enforcement. Contractors/vendors who violate this Policy and/or AGs may face termination of their business relationships with and/or legal action by the Academy. Parents and visitors who violate this Policy and/or AGs may be denied access to the Academy's Technology Resources.

The School Leader (employed by the Board) shall conduct a periodic assessment of risk related to the access to and security of the data/information collected and retained by the Academy.

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated Academy officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term “parents” includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term “eligible student” refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student’s educational records unless stipulated otherwise by court order. In the case of eligible students, parents will be allowed access to the records without the student’s consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

An Academy official is a person employed by the Educational Service Provider as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); and a person serving on the Board. The Board further designates the following individuals as entities as “school officials” for the purpose of FERPA:

- A. persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant);
- B. contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online Educational Service Providers).

The above-identified outside parties must (a) perform institutional services or functions for which the Board would otherwise use its employees, (b) be under the direct control of the Board with respect to the use and maintenance of education records, and (c) be subject to the requirements of 34 CFR 99.33(a) governing the use and re-disclosure of PII from education records.

Finally, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers) is also considered an “Academy official” for purposes of FERPA provided s/he meets the above-referenced criteria applicable to other outside parties.

“Legitimate educational interest” shall be defined as a “direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the Academy” or if the record is necessary in order for the Academy official to perform an administrative, supervisory or instructional task or to perform a service or benefit for the student or the student’s family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that Academy officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

- A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this Academy seeks or intends to enroll upon condition that the student’s parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;
- B. forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a public school or school Board in which a student in foster care is enrolled. Such records shall be transferred within one (1) school day of the enrolling school’s request;
- C. provide “personally-identifiable” information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;
- D. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student’s special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and Academy officials for their consideration;
- E. release de-identified records and information in accordance with Federal regulations;
- F. disclose personally identifiable information from education records, without consent, to organizations conducting studies “for, or on behalf of” the Academy for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instructions;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the Academy will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.) Further, the following personally identifiable information will not be disclosed to any entity: a student or his/her family member’s social security number(s); religion; political party affiliation; voting history; or biometric information.

This written agreement must include:

1. specification of the purpose, scope, duration of the study, and the information to be disclosed;
2. a statement requiring the organization to use the personally identifiable information only to meet the purpose of the study;
3. a statement requiring the organization to prohibit personal identification of parents and students by anyone other than a representative of the organization
4. a requirement that the organization destroy all personally identifiable information when it is no longer needed for the study, along with a specific time period in which the information must be destroyed.

While the disclosure of personally identifiable information (other than social security numbers, religion, political party affiliation, voting record, or biometric information) is allowed under this exception, it is recommended that de-identifiable information be used whenever possible. This reduces the risk of unauthorized disclosure.

- G. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)

The Academy will verify that the authorized representative complies with FERPA regulations.

- H. request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (*if required*).

Upon written request by a student's parent or legal guardian, the Academy shall disclose to the parent or legal guardian any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records.

If the Academy provides any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records to any person, agency, or organization, then the Academy shall disclose to the student's parent or legal guardian upon his or her written request:

- A. The specific information that was disclosed.
- B. The name and contact information of each person, agency, or organization to which the information has been disclosed.
- C. The legitimate reason that the person, agency, or organization had in obtaining the information.

This information shall be provided without charge within 30 days after the Academy receives the written request and without charge to the parent or legal guardian.

The Academy is not required to disclose to the parent or legal guardian, even upon written request, any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records and is provided to any person, agency, or organization in any of the following situations:

- A. Provision of such information to the Michigan Department of Education or CEPI.
- B. Provision of such information to the student's parent or legal guardian.
- C. Provision of such information to its authorizing body or to an educational management organization with which it has a management agreement.
- D. Provision of such information to or from its intermediate school board or to another intermediate school board providing services to the Academy or its students pursuant to a written agreement.
- E. Provision of such information to a person, agency, or organization with written consent from the student's parent or legal guardian or, if the student is at least age 18, the student.
- F. Provision of such information to a person, agency, or organization seeking or receiving records in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction.
- G. Provision of such information as necessary for standardized testing that measures the student's academic progress and achievement.
- H. Provision of such information that is covered by the opt-out form described above, unless the student's parent or legal guardian or, if the student is at least age 18 or is an emancipated minor, the student has signed and submitted the opt-out form referenced below.

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is

an eligible student, the written consent of the student, except those persons or parties stipulated by the Board policy and Administrative Procedures and/or those specified in the law.

The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marking, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Directory Information

Each year the School Leader (employed by the Board) shall provide public notice to students and their parents of the Academy's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information":

- A. a student's name;
- B. address;
- C. telephone number;
- D. date and place of birth;

The Academy designates Academy-assigned email accounts as "directory information" for the limited purpose of facilitating students' registration for access to various online educational services, including mobile application/apps that will be utilized by the student educational purposes and for inclusion in internal email address books. Academy-limited purpose(s) and to any person or entity but the specific online Educational Service Provider and internal users of the Academy's Education Technology.

The School Leader (employed by the Board) will also develop a list of uses for which the Academy commonly would disclose a student's directory information and develop an opt-out form that lists all of the uses or instances and allows a parent or legal guardian to elect not to have his or her child's directory information disclosed for 1 or more of these uses.

Each student's parent or legal guardian will be provided with the opt-out form within the first 30 days of the school year. The form shall also be provided to a parent or legal guardian at other times upon request.

If an opt-out form is signed and submitted to the Academy by a student's parent or legal guardian, the Academy shall not include the student's directory information in any of the uses that have been opted out of in the opt-out form. A student who is at least age 18 or is an emancipated minor may act on his or her own behalf with respect to the opt-out form.

Parents and eligible students may also refuse to allow the Academy to disclose any or all of such "directory information" upon written notification to the Academy within ten (10) days after receipt of the Academy's public notice.

Armed Forces Recruiting

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student's directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student's directory information. The Board shall ensure that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Public notice shall be given regarding the right to refuse disclosure of any or all "directory information" including to the armed forces of the United States and the service academies of the armed forces of the United States.

A fee, not to exceed the actual costs incurred by the high school, for copying and mailing student directory information under this section, may be charged an official recruiting representative.

Directory information received under armed services authorization request shall be used only to provide information to students concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives student directory information under this section shall not release that information to a person who is not involved in recruiting students for the armed forces of the United States or the service academies of the armed forces of the United States.

Annually, the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

Requests to the Academy Records Officer shall be presented on a standardized form developed by the armed forces of the United States requesting access to a high school campus and a time for the access. Requests should bear the signature of the ranking recruiting officer of the armed service making the request.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's education records or for the release of "directory information", either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the School Leader shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information" on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The Academy shall not sell or otherwise provide to a for-profit business entity any personally identifiable information that is part of a student's education records. This does not apply to any of the following situations:

- A. Providing the information to an educational management organization with which the Academy has a management agreement.
- B. Providing the information as necessary for standardized testing that measures the student's academic progress and achievement.
- C. Providing the information as necessary to a person that is providing educational or educational support services to the student under a contract with the Academy.

The parent of a student or an eligible student has the right to inspect upon request any instrument used in the collection of personal information before the instrument is administered or distributed to a student. Personal information for this section is defined as individually identifiable information including a student or parent's first and last name, a home or other physical address (including street name and the name of the city or town), a telephone number, or a Social Security identification number. In order to review the instrument, the parent or eligible students, must submit a written request to the building principal at least five (5) work days before the scheduled date of the activity. The instrument will be provided to the parent within two (2) business days of the principal receiving the request.

The School Leader (employed by the Board) shall directly notify the parent(s) of a student and eligible students, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when such activities are scheduled or expected to be scheduled.

This section does not apply to the collection, disclosure or use of personal information collected from students from the exclusive purpose of developing, evaluating, or providing educational products or service for, or to, students or educational institutions, such as the following:

- A. college or other postsecondary education recruitment, or military recruitment;
- B. book clubs, magazines, and programs providing access to low-cost literary products;
- C. curriculum and instructional materials used by elementary and secondary schools;
- D. tests and assessments used by elementary and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- E. the sale by students of products or services to raise funds for school-related or education-related activities; and
- F. student recognition programs.

The Board may establish online access for the parents or the eligible student to the student's confidential academic and attendance record. To authorize such access, the parents or the eligible student must sign a release (see Form 8330 F10). This release shall remind the parents or eligible student that the account and confidential information about the student is only as secure as they keep their account information. Neither the Board, Educational Service Provider nor its

employees will be held responsible for any breach of this policy by the parent/eligible student or any unauthorized party.

The School Leader (employed by the Board) shall prepare Administrative Procedures to ensure that students and parents are adequately informed each year regarding their rights to:

- A. inspect and review the student's education records;
- B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student's rights;
- C. consent to disclosures of personally-identifiable information contained in the student's education records, except to unauthorized disclosures allowed by the law;
- D. challenge the Board's noncompliance with a parent's request to amend the records through a hearing;
- E. file a complaint with the United States Department of Education;
- F. obtain a copy of the Board's policy and Administrative Procedures on student records;

The School Leader (employed by the Board) shall also develop procedural guidelines for:

- A. the proper storage and retention of records including a list of the type and location of records;
- B. informing employees of the Federal and State laws concerning student records.

The Board authorizes the use of the microfilm process or electromagnetic processes of reproduction for the recording, filing, maintaining, and preserving of records.

No liability shall attach to any member, officer, or Educational Service Provider employees of this Academy specifically as a consequence of permitting access or furnishing student records in accordance with this policy and regulations.

Any entity receiving personally identifiable information pursuant to a study, audit, evaluation or enforcement/compliance activity must comply with all FERPA regulations. Further, such an entity must enter into a written contract with the Board of Education delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program, and must also provide assurances that the personally identifiable information will not be re-disclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board of Education. See Form 8330 F14 and Form 8330 F16 for additional contract requirements.

LETTERS OF REFERENCE

Reference: MCL 423.452, 380.1230(b)
Section 8546 of the Every Student Succeeds Act (ESSA)

The Board of Education recognizes any current or former employee's request to an administrator for a letter of reference is an opportunity to share information about the staff member's performance with a prospective employer. The Board, however, does not require such references to be provided. A current or former staff member should not expect a letter of reference will be written upon request. The decision to comply with such a request shall be solely at the discretion of the administrator and the School Leader (employed by the Board).

However, if an administrator decides to prepare such a letter, the Board expects that administrator to provide specific and truthful comments concerning the employee's actual performance, which can be substantiated by the individual's personnel file. The letter must be reviewed by the School Leader (employed by the Board) before it may be released.

In accordance with State law, an administrator who provides such a letter of reference is entitled to at least a qualified privilege for statements made in the letter, provided such statements were made in good faith, without malice.

All Academy employees, including but not limited to an administrator who prepares a letter of reference or provides an employment reference pursuant to this policy, are prohibited from assisting an Academy employee, contractor or agent in obtaining a new job if s/he knows or has reasonable cause to believe that such Academy employee, contractor or agent engaged in sexual misconduct regarding a minor or student in violation of State or Federal law. "Assisting" does not include the routine transmission of administrative and personnel files. The only exceptions permitted are those authorized by the Every Student Succeeds Act, such as where the matter has been investigated by law enforcement and the matter was officially closed due to lack of probable cause or where the individual was acquitted or otherwise exonerated of the alleged misconduct.

This policy does not excuse the Academy from providing responses to requests for information about unprofessional conduct, as required by State law.

ANIMALS ON ACADEMY PROPERTY

Reference: 28 C.F.R. 35.104
Section 504 of the Rehabilitation Act of 1973, as amended (Section 504)
The Americans with Disabilities Act, as amended (ADA)
The Individuals with Disabilities Education Improvement Act (IDEIA)

The Board recognizes that there are many occasions when animals are present on Academy property and many reasons for those animals' presence. Animals are commonly utilized by teachers during classroom presentations and are often housed in classrooms and other locations on campus. Additionally, employees, students, parents, vendors, and other members of the public may be accompanied at the Academy by a service or therapy animal in accordance with Federal and State law and this policy.

This policy applies to all animals on Academy property, including service animals.

Definitions

- A. "Animal": includes every vertebrate other than a human.
- B. "Service animal": pursuant to 28 C.F.R. Section 35.104, "means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition."

The Americans with Disabilities Act (ADA) also defines a miniature horse as an animal that can serve as a service animal, so long as the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. To better determine whether the Board must allow for the use of a miniature horse or make modifications to buildings, the Board should refer to Section 35.136 (c) through (i) of the ADA.

Vaccination, Licensing and/or Veterinary Requirements

Animals housed on or brought on to Academy property on a regular basis for any school purpose, such as to conduct random searches for illegal substances or to support classroom activities, or brought on to Academy property on a regular basis for any purpose, including service animals, must meet every veterinary requirement set forth in State law and County regulation/ordinance, including but not limited to rabies vaccination or other inoculations required to be properly licensed.

Non-Service Animals in the Academy and Elsewhere on Academy Property

Animals permitted in the Academy and elsewhere on Academy property shall be limited to those necessary to support specific curriculum-related projects and activities, those that provide assistance to a student or staff member due to a disability (e.g., seizure disorder), those that provide a reasonable accommodation to a student in accordance with a Section 504 Plan, or those that serve as service animals as required by Federal and State law.

Taking into consideration that some animals can cause or exacerbate allergic reactions, spread bacterial infections, or cause damage and create a hazard if they escape from confinement, the School Leader may permit animals to be present in classrooms to support curriculum-related projects and activities only under the following conditions:

- A. the staff member seeking approval to have a non-service animal in his/her classroom shall:
 1. provide a current satisfactory health certificate or report of examination from a veterinarian for the animal;
 2. take precautions deemed necessary to protect the health and safety of students and other staff;
 3. ensure that the animal is treated humanely, keeping it in a healthy condition and in appropriate housing (e.g., a cage or tank) that is properly cleaned and maintained; and
 4. keep the surrounding areas in a clean and sanitary condition at all times;
- B. other staff members and parents of students in areas potentially affected by animals have been notified in writing and adjustments have been made to accommodate verified health-related or other concerns.

Except where required by law, the presence of a non-service animal shall be disallowed if documented health concerns of a student or staff member cannot be accommodated.

Service Animals for Students

A service animal is permitted to accompany a student with a disability to whom the animal is assigned anywhere on the Academy campus where students are permitted to be.

A service animal is the personal property of the student and/or parents. The Board does not assume responsibility for training, daily care, or healthcare or supervision of service animals. The Board does not assume responsibility for personal injury or property damage arising out of or relating to the presence or use of service animals on Academy property or at Academy-sponsored events.

A service animal that meets the definitions set forth in the ADA and this policy shall be under the control of the student with a disability, or a separate handler if the student is unable to control the animal. A service animal shall have a harness, leash, or other tether, unless either the student with a disability is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be

otherwise under the student's control (e.g., voice control, signals, or other effective means), or under the control of a handler other than the student.

If the student with a disability is unable to control the service animal and another person serves as the animal's handler, that individual shall be treated as a volunteer and, as such, will be subject to Policy 4120.09.

Removing and/or Excluding a Student's Service Animal

If a service animal demonstrates that it is not under the control of the student or its handler, the School Leader is responsible for documenting such behavior and for determining if and when the service animal is to be removed and/or excluded from the Academy.

Similarly, in instances when the service animal has demonstrated that it is not housebroken, the School Leader shall document such behavior and determine whether the service animal is to be removed and/or excluded from Academy property.

The School Leader shall be notified when a service animal is removed and/or excluded, and, immediately subsequent to such notification, document the reasons for the removal and/or exclusion.

The School Leader decision to remove and/or exclude a service animal from Academy property may be appealed in accordance with the complaint procedure set forth in Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity.

The procedures set forth in Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity do not interfere with the rights of a student and his/her parents or an eligible student to pursue a complaint with the United States Department of Education's Office for Civil Rights or the Department of Justice.

Service Animals for Employees

In accordance with Policy 1623, Policy 3123, and Policy 4123 - Section 504/ADA Prohibition Against Disability Discrimination in Employment, the Board provides qualified individuals with disabilities with reasonable accommodation(s). An employee with a disability may request authorization to use a service animal while on duty as such an accommodation. The request will be handled in accordance with the ADA mandated interactive process.

Service Animals for Parents, Vendors, Visitors, and Others

Individuals with disabilities who are accompanied by their service animals are permitted access to all areas of the Academy's facilities where members of the public, as participants in services, programs or activities, as vendors, or as invitees, are permitted to go. Individuals who will access any area of the Academy's facilities with their service animals should notify the School Leader that their service animal will accompany them during their visit.

An individual with a disability who attends an Academy event will be permitted to be accompanied by his/her service animal in accordance with Policy 9160 - Public Attendance at Academy Events.

ACADEMY SAFETY INFORMATION

Reference: Title IX, Section 9532 of the No Child Left Behind Act of 2001
MCL 380.1308 and 380.1310a, 771.2a

The Board of Education is committed to maintaining a safe school environment. The Board believes crime and violence at the Academy are potential, multifaceted problems that need to be addressed by utilizing the best resources and coordinated efforts of Academy personnel, law enforcement agencies, and families. The Board further believes the Academy and local law enforcement officials must work together to provide for the safety and welfare of students while at the school, at a school-sponsored activity or while en route to or from the school or a school-sponsored activity. The Board also believes the first step in addressing school crime and violence is to assess the extent and nature of the problem(s) or threat, and then plan and implement strategies that promote safety and minimize the likelihood of crime and violence at the Academy.

Federal law establishes a "Student Safety Zone" that extends 1,000 feet from the boundary of any school property in relation to weapons, drugs and registered sex offenders. Individuals are prohibited from engaging in these activities at any time on school property, within the Student Safety Zone, or at any school-related event.

The Academy will work with local officials in arranging signage defining the 1,000-foot boundary.

The School Leader (employed by the Board) shall hold a meeting for the purpose of reviewing the provisions of the *School Safety Information Policy Agreement* and making modifications deemed necessary and proper by the participants in the meeting. The agenda will also include discussion of additional training needed and any other such related matters. Participants in this meeting shall include the School Leader (employed by the Board), members of the Board of Education, the County Prosecutor or his/her designee, and representatives from the local law enforcement agencies. Others may also be invited to participate in the meeting.

The School Leader shall make a report to the Board about this annual review and recommend the approval and adoption of any proposed revisions or additions.

Academy Contact Person

Furthermore, in accordance with state law, the Board hereby designates the School Leader (employed by the Board) as the Academy contact person who shall receive information from law enforcement officials, prosecutors and the court officials, and in turn, notify the staff members who need to know the information within twenty-four (24) hours of its receipt.

The School Leader (employed by the Board) shall notify the appropriate law enforcement officials when an eligible student commits any offense listed as a reportable incident in the *School Safety Information Policy Agreement* and shall report all information that is required to be reported to State or local law enforcement agencies and prosecutors. Reporting such information is subject to 20 USC 1232g, commonly referred to as the Family Educational Rights and Privacy Act of 1974.

Required Reporting

The School Leader (employed by the Board) shall submit a report at least annually to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the number of students expelled from the Academy during the preceding school year and the reason for the expulsion.

The School Leader (employed by the Board) shall also submit a report, at least annually, to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the incidents of crime occurring at the Academy. At least once annually, a copy of the most recent report of incidents of crime shall be made available to the parent or legal guardian of each student enrolled in the Academy. This report will minimally include crimes involving any of the following:

- A. physical violence;
- B. gang related acts;
- C. illegal possession of a controlled substance, controlled substance analogue or other intoxicant;
- D. trespassing;
- E. property crimes, including, but not limited to, theft and vandalism, as well as an estimate of the cost to the Academy that results from the property crime.

The School Leader (employed by the Board) shall collect weekly and keep current the information required for the report on incidents of crime, and must provide that information, within seven (7) days, upon request.

Each Academy building shall collect and keep current on a weekly basis the information required from the report of incidents of crime, and must provide that information, within seven (7) days, upon request.

Law Enforcement Information Network (LEIN)

The Board authorizes the School Leader (employed by the Board) to request vehicle registration information for suspicious vehicles within 1,000 feet of school property through the Law Enforcement Information Network (LEIN).

Persistently Dangerous Schools

The Board recognizes the requirement of State and Federal law for the Academy to annually report to the Michigan Department of Education incidents, meeting the statutory definition of violent criminal offenses that occurred in the Academy, on school grounds, on a school conveyance, or at a school-sponsored activity. The State Department of Education will then use this data to determine if a school is considered "persistently dangerous," as defined by State policy.

Pursuant to the Board's stated intent to provide a safe school environment, Academy administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in the Academy exceed the threshold number established in State policy, the School Leader (employed by the Board) shall discuss

this problem at the annual meeting, for the purpose of reviewing the School Safety Plan, so that a plan of corrective action can be developed and implemented to reduce the number of these incidents in the subsequent year.

The School Leader (employed by the Board) shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

ENVIRONMENTAL HEALTH AND SAFETY ISSUES

The Board recognizes its responsibility relative to student, staff, and visitor health and safety and to the need for the development of a comprehensive program designed to provide a healthy, safe, and secure environment on school property and at school-sponsored activities. To achieve this, the Board intends for the Academy to take advantage of the most current, proven technologies in the fields of health, safety, and environmental sciences.

Student, Employee, and Visitor Health and Safety

The School Leader (employed by the Board) shall develop and implement a positive, proactive environmental health and safety program that integrates responsibilities within the Academy and promotes and incorporates the following:

- A. Procedures that describe a hazard identification and abatement program requiring the following: periodic inspection of school facilities; the implementation of immediate and programmed corrective actions, when deemed necessary by such inspections; and the development of an Academy-wide hazard reporting procedure that enables employee/parent/school community participation. This program should also provide procedures for identifying and responding to hazards created by outside entities, inspecting activities of contractors, and inspecting new facilities to determine if appropriate requirements for environmental health and safety have been met.
- B. Procedures that promote environmental health and safety awareness among employees, students, parents and community. These procedures shall include, but not be limited to, the establishment of Academy safety committees and the establishment of a program of regular communication with students, employees, and parents about pertinent safety and health issues through available mediums in the Academy.
- C. Procedures that address the safety and health of students during transportation to the school, in the school, on school property, and during participation in school-related activities. These procedures shall include, but not be limited to, promoting bus safety for students; assessing the safety of school traffic patterns; operating school clinics; administering medication and medical treatment; promoting laboratory and shop safety; promoting safety in sports and other outdoor activities; inspecting playground equipment and promoting safety on playgrounds; and assessing environmental exposure.
- D. Procedures that relate to employees' health and safety issues, including, but not limited to, provision of work areas free from recognized hazards; OSHA-related programs required by Federal and State law (e.g., employee safety and health training and training in hazard recognition); and definition of employer and employee responsibilities and expectations related to health and safety.
- E. Procedures that establish a system for reporting and investigating accidents, including identification of root causes, determination of remedial and programmed corrective actions, and communication about accidents to employees, parents and members of the Academy community.
- F. Procedures that detail plans for foreseeable emergencies and fire prevention.

Phase-out/Banned Products

The School Leader (employed by the Board) shall immediately ban the use, on Board property, of any chemicals, insecticides, or other materials, which the Federal government is phasing out and/or banning by a certain date.

Indoor Environmental Quality (IEQ)

The Board recognizes that excessive moisture levels within the Academy can lead to conditions optimum for the development of biological contaminants (e.g., mold and fungi on building surfaces). The Board further recognizes the presence of these contaminants can be harmful on contact with respiratory tissue.

Contributing factors to excessive moisture levels include the following:

- A. roof leaks;
- B. structural defects in the building;
- C. improperly controlled humidity levels;
- D. faulty HVAC systems.

As preventive measures, the Academy shall do the following:

- A. address prevention of water intrusion as a priority IEQ issue and implement strategies toward its elimination;
- B. maintain environmental conditions in occupied areas in compliance with applicable regulations and strive to conform to industry standards;
- C. implement a preventative maintenance program for HVAC systems that includes, but is not be limited to, periodic filter replacement; inspection; cleaning and disinfecting processes; and procedures to eliminate the contribution to indoor air quality problems caused by this equipment;
- D. implement a system to ensure materials used (and purchased for use) in the construction, furnishing and maintenance (including cleaning), do not contribute to health hazards for employees and students by degrading the quality of indoor air. In addition, activities that create indoor air quality health hazards shall not be permitted.

In addition, the School Leader (employed by the Board) shall develop Administrative Procedures for properly monitoring factors that contribute to excessive moisture and for developing mitigation plans when, and if, problems with IEQ are identified.

Diesel Exhaust and School Bus Idling

In accordance with the Environment Protection Agency's initiative to reduce pollution caused by buses on school property, the Board will take the recommended steps to reduce the negative effects of diesel exhaust on indoor and outdoor air quality on school campuses, including, but not limited to, reducing bus idling time and reinforcing smart driving practices.

The School Leader (employed by the Board) shall develop the Administrative Procedures necessary to establish these practices in the Academy (see AG 8615).

Pollution Control and Prevention

In an effort to comply with environmental policy and applicable regulations, the Academy shall develop and implement procedures designed to prevent air and water pollution; minimize or eliminate waste streams, where possible; and identify possible sources of air and water pollution.

INTEGRATED PEST MANAGEMENT

Reference: MCL 324.8316 [This policy applies to all pest control activities and pesticide use in the school building and related facilities including grounds. Recipients of this policy include faculty, other staff, or any employees or independent contractors monitoring or treating pest problems. Each recipient is required to follow this policy.]

Purpose

The goal of this integrated pest management policy is to provide a safe and healthy learning environment that is relatively pest-free with the least possible use of pesticides. To achieve this goal, it is the policy of the Academy to develop, implement and maintain an integrated pest management program for the control of pests and minimize pesticide exposure to children, faculty, and staff. This policy is consistent with MCL 324.8316, which encourages schools to adopt an IPM strategy.

Sanitizers, germicides, disinfectants, or antimicrobials are exempt from the IPM notification requirements. This policy adheres to the principles of IPM and is conducted in accordance with all federal and state laws and regulations and local ordinances.

Pests are controlled to protect the health and safety of students and staff, maintain a productive learning environment and maintain the integrity of the school building and grounds. IPM is a pest management system that uses all suitable techniques in a total management system to prevent pests from reaching unacceptable levels or to reduce existing pest populations to acceptable levels while balancing the risk of the pest with the potential risk of the management technique.

Development of IPM program

The Academy's IPM program written under this policy states the Academy's goals regarding the management of pests and the use of pesticides. It reflects the Academy's site-specific needs and includes the following elements as required by law:

- A. Site evaluation, including site description, inspection, and monitoring and the concept of threshold levels;
- B. Consideration of the relationship between pest biology and pest management methods;
- C. Consideration of all available pest management methods, including population reduction techniques, such as mechanical, biological, and chemical techniques and pest prevention techniques, such as habitat modification;
- D. Pest controls methods selection, including consideration of the impact on human health, especially for children, and the environment; and
- E. Continued evaluation of the integrated pest management program.

The School Leader (employed by the Board), or designee for the Academy shall be responsible for ensuring that an IPM program is developed and is in compliance with MCL 324.8316.

Education /Training

The Academy community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPM Coordinator, school staff and pesticide applicators involved with implementation of the Academy IPM program will be trained in appropriate components of IPM as it pertains to the school environment.

Students, parents/guardians will be provided with information on this policy and instructed on how they can contribute to the success of the IPM program.

Record keeping

Records of pesticide use shall be maintained on-site to meet the requirements of the Michigan Department of Agriculture and the Board. Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The School Leader or IPM Coordinator of the Academy is responsible for timely pre-notification to students' parents or guardians and the school staff of pesticide treatments pursuant to the requirements under the Natural Resources and Environmental Protection Act, MCL 324.8316.

Re-entry

In accordance with the Natural Resources and Environmental Protection Act, Part 83, reentry to a pesticide treated area may not occur less than 4 hours after application unless the product label requires a longer reentry period. Outdoor ornamental and turf applications of liquid spray pesticides shall not be made on school grounds within 100 feet of an occupied classroom during normal school hours or when persons are using the treatment area.

Pesticide applicators

The IPM coordinator shall ensure that pesticide applicators, as well as school staff and volunteers follow state regulations, including licensing requirements, applicator certification or registration, and IPM training, label precautions, and comply with all components of the IPM Program.

Evaluation

Annually, the School Leader (employed by the Board) will report to the Academy Board on the effectiveness of the IPM plan and make recommendations for improvement as needed.

The School Leader (employed by the Board) is responsible to develop Administrative Procedures for the implementation of this policy.

Asbestos School Hazard Abatement Reauthorization Act of 1990

The Board is concerned for the safety of the students and staff members and will comply with all Federal and State statutes and regulations concerning hazards resulting from industrial accidents beyond the control of Academy officials and/or from the presence of asbestos materials used in previous construction.

Toxic Hazards

These hazards exist in chemicals, pesticides, and other substances used in school settings such as laboratories, science classrooms, and kitchens. Such toxins are also found in the cleaning supplies for the school's rooms and equipment. The School Leader (employed by the Board) will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will be responsible for the following:

A. Hazard Determination

Identifying potential sources of toxic hazards, in cooperation with material suppliers, who shall supply the Toxic Hazard Preparedness Officer with Material Safety Data Sheets (MSDSs). The School Leader will rely on MSDSs from material suppliers to meet hazard determination requirements.

B. Labeling

Ensuring that all incoming materials are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacturer or responsible party and making certain that any containers to which the materials are transferred are also properly labeled.

C. Material Safety Data Sheets

Maintaining a current file of MSDSs for all hazardous materials present on school property. The MSDS files will be kept at Superintendent Office, with additional copies for employees' use will be located at in each Main Office.

MSDSs will be available for review by all employees. Copies will be available upon request of the Toxic Hazard Preparedness Officer. Posters will be displayed, identifying the person responsible for monitoring MSDSs and where MSDSs are located at Kitchen and Main Office. When new MSDs are received, notification posters for employees will be displayed in the same location.

The Toxic Hazard Preparedness Office shall contact the supplier, in writing, if a required MSDS is not received and shall promptly procure the MSDS before releasing the material for use.

If s/he is unable to obtain an MSDS from a supplier, s/he should contact MIOSHA's Occupational Health Division (OHD) or General Industry Safety Division for assistance in obtaining the MSDS.

Multi-Employer Work Sites – Informing Contractors

Informing contractors and their employees of any hazardous substances to which they may be exposed; determining measures to be employed to control or eliminate exposure; labeling system for container and pipes used onsite; and informing staff where applicable MSDSs can be reviewed or obtained. Whenever employees may potentially be exposed to hazards brought on site by contractors, the THP Officer will obtain information from the contractor pertaining to the chemicals brought on-site, and the measures that should be taken to control or eliminate exposure the chemicals.

Employee Information and Training

Providing information and conducting a training program for all employees on topics such as detection of hazards, explanation of the health hazards to which they could be exposed in their work environment, and the plan for communication and labeling. Information given to employees shall include the following:

- A. regulations of MIOSHA's hazardous communication standard;
- B. all operations in the employee's work area in which hazardous chemicals are present;
- C. location and availability of written hazardous communication policy and program, with the list of hazardous chemicals and the MSDSs in the Academy.

Employee training should include the following:

- A. techniques used to detect the presence or release of hazardous chemicals in a work area;
- B. physical and health hazards of hazardous chemicals;
- C. measures the employees should take to protect themselves from these hazards;
- D. details of the hazardous communication program including an explanation of the labeling system and MSDSs and how employees can obtain and use hazard information.

Employees shall be informed of the employer's anti-discrimination/discharge policy for employees accessing hazard information and how the employee can contact the Michigan Department of Industry and Consumer Services, Bureau of Safety Regulation and Occupational Health for assistance in obtaining an MSDS if s/he is unable to obtain the MSDS from the employer.

Records of each employee's hazardous communication training should be maintained, and all new employees should receive training regarding any hazardous chemicals with which they may potentially have contact as part of their job.

In fulfilling these responsibilities, the THP Officer may enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard.

Asbestos

In its efforts to comply with Asbestos Hazard Emergency Response Act (AHERA) and the Michigan Occupational Safety and Health Act (MIOSHA), the Board recognized its responsibility to:

- A. inspect the building for the existence of asbestos or materials containing asbestos;
- B. take appropriate actions, in accordance with State Law and EPA regulations, based on the inspections;
- C. establish a program for dealing with friable asbestos, if found;
- D. maintain a program of periodic surveillance and inspection of facilities or equipment containing asbestos;
- E. comply with EPA regulations governing the transportation and disposal of asbestos and materials containing asbestos.

The School Leader (employed by the Board) shall appoint a person to develop and implement the Academy's Asbestos-Management Program to ensure proper compliance with Federal and State laws and appropriate instruction of staff and students. Upon completion the Academy's Asbestos Plan must be submitted to the Michigan Department of Consumer and Industry Services, Occupational Health Division, Lansing, Michigan 48909.

When conducting asbestos abatement projects, the School Leader (employed by the Board) shall also ensure each contractor employed by the school is licensed, pursuant to the Michigan Department of Health Regulations.

Nothing in this policy should be construed in any way as an assumption of liability by the Board for any death, injury, or illness that may be a consequence of an accident, an equipment failure, a negligent act, or a deliberate act beyond the control of the Board or its officers.

However, the Board may provide legal representation and indemnification against civil liability regarding claims or actions resulting from, or arising out of, negligence (or alleged negligence) of persons responsible for inspecting, monitoring, removing, treating asbestos or material containing asbestos or supervising these activities -- provided the employee was performing the duties while in the course of his/her employment or while acting within the scope of his/her authority. The Board of Education may provide food service for the purchase and consumption of lunch for all students.

The Board may also provide a breakfast program in accordance with procedures established by the State Department of Education.

The Board's Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity shall apply to any food service program offered by the Academy.

Any food-service program shall comply with Federal and State regulations pertaining to the selection, preparation, delivery, consumption, and disposal of food and beverages, including but not limited to the current USDA school meal pattern requirements and the USDA Smart Snacks in School nutrition standards, and to the fiscal management of the program. Operation of such a program shall be as follows:

Substitutions to the standard meal requirements shall be made, at no additional charge, for students for whom a healthcare provider who has prescriptive authority in the State of Michigan has provided medical certification that the student has a disability which restricts his/her diet, in accordance with all applicable law.

On a case by case basis, substitutions to the standard meal requirements may be made, at no additional charge, for students who are not "disabled persons", but have a signed statement from a qualified medical authority that the student cannot consume certain food items due to medical or other special dietary needs.

For non-disabled students who need a nutritional equivalent milk substitute, only a signed request by a parent or guardian is required.

The operation and supervision of the food-service program shall be the responsibility of the School Leader (employed by the Board). Food services shall be operated on a self-supporting, nonprofit basis with revenue from students, staff, Federal reimbursement, and surplus food. The Board shall assist the program by furnishing available space, initial major equipment, and utensils. Maintenance and replacement of equipment is the responsibility of the program. In addition, as required by law, a food safety program based on the principles of the Hazard Analysis and Critical Control Point (HACCP) system shall be implemented with the intent of preventing food-borne illnesses. For added safety and security, access to the facility and the food stored and prepared therein shall be limited to food service staff and other authorized persons.

A periodic review of the food-service accounts shall be made by the School Leader (employed by the Board) and such accounts shall be audited as part of the Academy's annual audit.

Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable.

Bad debt is uncollectable/delinquent debt that has been determined to be uncollectable by the end of the school year in which the debt was incurred. If the uncollectable/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, then this is classified as bad debt. Once classified as bad debt, non-Federal funding sources must reimburse the NSFSFA for the total amount of the bad debt. The funds may come from the Academy general fund, State or local funding, school or community organizations such as the PTA, or any other non-federal source. Once the uncollectable/delinquent debt charges are converted to bad debt, records relating to those charges must be maintained in accordance with the record retention requirements in 7 CFR 210.9(b) (17) and 7 CFR 210.15(b).

The School Leader (employed by the Board) is authorized to develop and implement an administrative guideline regarding meal charge procedures. This guideline will provide consistent directions for students who are eligible for reduced price or paid meals but do not have funds in their account or in hand to cover the cost of their meal at the time of service.

This guideline shall be provided in writing to all households at the start of each school year and to households transferring to the Academy during the school year.

With regard to the operation of the Academy food service program, the School Leader (employed by the Board) shall ensure:

- A. the maintenance of sanitary, neat premises, free from fire and health hazards;

- G. the planning and execution of menus in compliance with USDA requirements;
- H. the regular maintenance and replacement of equipment.

The Academy shall serve only nutritious food as determined by the Food Service Program in compliance with the current USDA Nutrition Standards for the National School Lunch and School Breakfast Programs and the USDA Smart Snacks in School nutrition guidelines.

Foods and beverages unassociated with the food-service program must comply with the current USDA Nutrition Standards for the National School Lunch and School Breakfast Programs and the USDA Smart Snacks in School nutrition guidelines, and may be vended, subject to Board Policy 8540.

WELLNESS

Reference: Richard B. Russell National School Lunch Act, 42 USC §§ 1751, 1758, 1766; Child Nutrition Act, 42 USC § 1773
7 CFR Parts 210 and 220

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the Academy's students. Furthermore, research concludes that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

The Board, however, believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board designates the Superintendent or his/her designee as the individual(s) charged with operational responsibility for verifying that the Academy meets the goals established in this policy.

The School Leader (employed by the Board) shall appoint an Academy wellness committee that includes parents, students, representatives of the Academy food authority, educational staff (including health and physical education teachers), mental health and social services staff, school health professionals, members of the public and Academy administrators to oversee development, implementation, evaluation and periodic update of the wellness policy. The Wellness Committee shall be an ad hoc committee with members recruited and chosen annually.

The Wellness Committee shall be responsible for:

- A. assessment of the current Academy environment;
- B. review of the Academy's wellness policy;
- C. presentation of the wellness policy to the Board for approval;
- D. measurement of the implementation of the policy;
- E. recommendation for the revision of the policy, as necessary.

Before the end of each school year the Wellness Committee shall recommend to the School Leader (employed by the Board) any revisions to the policy it deems necessary and/or appropriate. In its review, the Wellness Committee shall consider evidence-based strategies in determining its recommendations.

The School Leader (employed by the Board) shall report annually to the Board on the progress of the Wellness Committee and on its evaluation of policy implementation and areas for improvement, including status of compliance by individual schools and progress made in attaining goals of policy.

The School Leader (employed by the Board) is also responsible for informing the public, including parents, students and community members, on the content and implementation of this policy. In order to inform the public, the School Leader (employed by the Board) shall:

A. Chartwell/Vendor

and post the policy on the Academy's website, including the Wellness Committee's assessment of the implementation of the policy.

The Academy shall assess the Wellness Policy at least once every three (3) years on the extent to which Academies are in compliance with the Academy policy, the extent to which the Academy policy compares to model wellness policies, and the progress made in attaining the goals of the Academy Wellness Policy. The assessment shall be made available to the public on the Academy website.

- A. a contract is made with a reputable supplier of vending machines and products to install, service, stock, and maintain each vending machine.

The School Leader (employed by the Board), shall develop and implement Administrative Procedures which will require that these conditions are adhered to on a continuing basis.

M.C.L. 380.1347, 380.1347a, 380.1565

Decisions of the United States Supreme Court have determined that public schools must neither advance nor inhibit religious beliefs or practices. Under the First and Fourteenth Amendments to the Constitution, this remains the inviolate province of the individual and the church of his/her choice. The rights of any minority, no matter how small, must be protected. No matter how well intended, either official or unofficial sponsorship of religiously oriented activities by the Academy are offensive to some and tend to supplant activities that should be the exclusive province of individual religious groups, churches, private organizations, and/or the family.

Staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration. The Academy shall not function as a disseminating agent for any person or outside agency for any religious or anti-religious document, book, or article. Distribution of such materials on school property by any party shall be prohibited in accordance with Policy and Administrative Procedures 7510 - Use of School Facilities and 9700 - Relations with Special Interest Groups.

The Board acknowledges that it is prohibited from adopting any policy or rule respecting or promoting the establishment of religion or prohibiting any person from the free, individual, and voluntary exercise or expression of the individual's/person's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when individuals are free to associate.

Observance of religious holidays through devotional exercises or acts of worship is also prohibited. However, acknowledgement, explanation, and instruction about the special holidays of various religions are encouraged. Celebration activities, involving nonreligious decorations and use of secular works, are permitted. Nonetheless, faculty members have the responsibility to ensure that such activities are strictly voluntary, do not place an atmosphere of social compulsion or ostracism on minority groups or individuals, and do not interfere with the educational program of the Academy.

The Board shall not conduct or sanction a baccalaureate service in conjunction with graduation ceremonies.

The Board shall not include religious invocations, benedictions, or formal prayer at any school-sponsored event.

The United States Flag and Pledge of Allegiance

The flag of the United States shall be raised above each public school building operated by the Academy at all times during school hours, weather permitting. This flag shall measure at least 4 feet 2 inches by 8 feet. A United States flag shall also be displayed in every classroom or other instructional site in which students recite the Pledge of Allegiance.

All students in attendance at school will be provided an opportunity to recite the Pledge each day that school is in session. However, no student shall be compelled to recite the Pledge of

Allegiance. No student shall be penalized for failure to participate in the Pledge and the professional staff shall protect any such students from bullying as a result of their not participating in the Pledge.

The building principal or administrator shall be responsible for determining the appropriate time and manner for reciting the Pledge, with due regard to the need to protect the rights and the privacy of a nonparticipating student.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto.

If a student or adult is asked to leave or is removed from a school event, no admission fees shall be refunded.

Individuals with disabilities shall have an equal opportunity to purchase tickets for events that have been sanctioned or approved by the Board in accordance with the provisions of the Americans with Disabilities Act, as amended.

Further, in accordance with the provisions of the Americans with Disabilities Act, as amended, the Board shall permit individuals with disabilities to be accompanied by their service animals in all areas of the Academy's facilities where members of the public, as participants in services, programs or activities, or as invitees, are allowed to go. (See also Policy 8390)

Smoking and/or the use of tobacco and/or tobacco substitute products is prohibited at any time within any enclosed facility owned or leased or contracted for by the Board, and in areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. Such prohibition also applies to:

- A. Academy grounds; and

- B. any Academy-related event.

The Board is aware of the increasing desire of many parents and other members of an audience to make audio and/or video recordings of Academy events.

Such recordings can be made by parents or other members of the audience without restriction if the performance is not of copyrighted material. However, if the performance is of copyrighted material, recording can be made if the appropriate license authorizing such recordings has been secured in advance by the Academy. If the performance is of copyrighted material and the necessary license has not been secured in advance by the Academy, the audience shall be advised before the performance begins that audio and/or video recordings that will be re-broadcast or distributed in any way, such as posting on the Internet, are prohibited.

The Board authorizes the School Leader (employed by the Board) to establish rules and procedures governing the use of non-school audio/visual recording equipment at any Academy sponsored event or activity. Such rules are to be distributed in such a manner that members of the audience who wish to record the event are aware of the rules early enough to make proper arrangements to obtain their recordings without causing delay or disruption to an activity.

Any person or organization seeking to film students or an Academy activity which is not a public event shall obtain prior permission from the School Leader.

The School Leader shall ensure that all notices, signs, schedules, and other communications about school events contain the following statement:

"Upon request to the Superintendent, the Academy shall make reasonable accommodation for a disabled person to be able to participate in this activity."

PARENT/LEGAL GUARDIAN REVIEW OF INSTRUCTIONAL MATERIALS AND OBSERVATION OF INSTRUCTIONAL ACTIVITIES

Reference: MCL 380.1137

Where the term “parent” or “parents” is used in this policy, it shall include legal guardians.

Parents have the right to inspect any instructional materials used as part of the educational curriculum for their student. “Instructional materials” includes curricula, textbooks, teaching materials and other instructional content, regardless of format, that is provided to the student, including printed or representational materials, audio-visual materials, and materials available in electronic or digital formats (such as material accessible through the Internet). “Instructional materials” does not include academic tests or academic assessments.

Parents also have the right to be present, to a reasonable degree, and at reasonable times and subject to reasonable restrictions, to observe instructional activity (excluding testing) in a class or course in which the parent’s pupil is enrolled and present.

The School Leader (employed by the Board), shall develop Administrative Procedures for addressing the rights of parents and to assure timely response to parental requests to review instructional material or to observe instructional activity. The procedures also shall address reasonable notification to parents and students of their rights pursuant to this policy.

This policy shall not supersede any rights provided under the Family Educational Rights and Privacy Act.

RELATIONS WITH SPECIAL INTEREST GROUPS

The Board directs that students, staff members, and Academy facilities not be used for advertising or promoting the interests of any non-school agency or organization, public or private, without the approval of the Board or its delegated representative; and any such approval, granted for whatever cause or group, shall not be construed as an endorsement of said cause or group by this Board.

Political Interests

All materials or activities proposed by outside political sources for student or staff use or participation shall be reviewed by the Board of Education on the basis of their benefit to students, and no such approval shall have the primary purpose of advancing the name, product, or special interest of the proposing group.

The Board shall not permit the use of any type of educational material, program, or equipment in its curricular, co-curricular, or extra-curricular activities or at any time during the school day, if such materials, programs, or equipment contain partisan political messages or are designed to persuade students or staff members to acquire a particular product or service offered by a named individual, company, organization, association, or agency. With the approval of the School Leader, the professional staff may, however, utilize appropriate political materials, or those provided by special interest groups, in adopted courses of study.

School facilities or equipment may not be used as a means of producing or disseminating to the community any materials that advertise or promote a political party, a political cause, or the candidacy of an individual for public office. Students and employees of the Educational Service Provider (employed by the Board) shall not be used to distribute campaign literature within the school or on school grounds.

Contests/Exhibits

The Board recognizes contests, exhibits, and the like may benefit individual students or the Academy as a whole, but participation in such special activities may not:

- A. have the primary effect of advancing a special product, group, or company;
- A. make unreasonable demands upon the time and energies of staff or students or upon the resources of the Academy;
- B. interrupt the regular school program;
- C. involve any direct cost to the Academy unless the student body as a whole derives benefit from such activities;
- D. cause the participants to leave the Academy, unless the Board's Policy 2340 (Field and Other School Sponsored Trips) has been complied with in all aspects.

Distribution/Posting Literature

No outside organization or staff member (or student) representing an outside organization may distribute or post literature on that organization's behalf on school property either during or after school hours without the permission and prior review of the Board.

The Educational Service Provider shall establish administrative procedures which ensure that:

- A. criteria established in Policy 5722 - Student Publications and Productions - are used to make a decision regarding materials that students seek to post or distribute.

No student shall be required to take any of the flyers/notices placed in the literature/distribution rack/table, and the rack/table shall contain a clear notice that the ESP does not support or endorse any of the organizations and/or activities/events identified in the flyers/notices.

Solicitation of Funds

Any outside organization or staff member, representing an outside organization and desiring to solicit funds on Academy property, must receive permission to do so from the Board.

Permission to solicit funds will be granted only to those organizations, individuals, or staff members who meet the permission criteria established in the Administrative Procedures. Solicitation must take place at such times and places and in such a manner specified in the Administrative Procedures. In accordance with Board Policy 5830, no Academy student may participate in the solicitation without the School Leader's approval.

Use of the name, logo, or any assets of the Academy, including, but not limited to facilities, technology, or communication networks, is prohibited without the specific permission of the School Leader (employed by the Board).

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extracurricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free appropriate public education to any students in the classroom may be permitted, but only with the specific approval of the School Leader (employed by the Board). All crowdfunding activities are subject to AG 6605.

Prizes/Scholarships

The Board is appreciative of the generosity of organizations which offer scholarships or prizes to deserving students in the Academy. In accepting the offer of such scholarships or prizes, the Board directs that these guidelines be observed:

- A. No information either academic or personal shall be released from the student's record for the purpose of selecting a scholarship or prize winner without the permission of the student who is eighteen (18) or the parents of a student who is younger, in accordance with the Board's policy on student records.

Sale of School Supplies

In determining the appropriateness of the sale of school supplies by organizations other than the Academy, the Board requires that:

- A. the organization has a purpose which will benefit the Academy and its students.

All funds generated by the sale of such school supplies shall be kept separate from other activity funds or other transactions of the Board.

Surveys and Questionnaires

No organization related (or not) to the Academy shall be allowed to administer a survey or questionnaire to students or staff, unless the instrument and the proposed plan are submitted in advance to the School Leader for approval. If the survey or questionnaire is approved, a copy of the results and the proposed manner of their communication must be provided to the School Leader for review and approval before they are released.

Students shall not be required to complete surveys to provide marketing information to vendors, or distribute to vendors any personal information of students, including but not limited to names, addresses, and telephone numbers, except as may be required by law. In addition, the Academy shall not enter into any contract for products or services, including electronic media services, where personal information will be collected from the students by the providers of the services.
