- Academic, financial and operational evidence collected through data, reports, observations and interviews from the school, external contractors, MCPSC staff, and the Department. Evidence collected is aligned to the Performance Framework.

Accountability Report

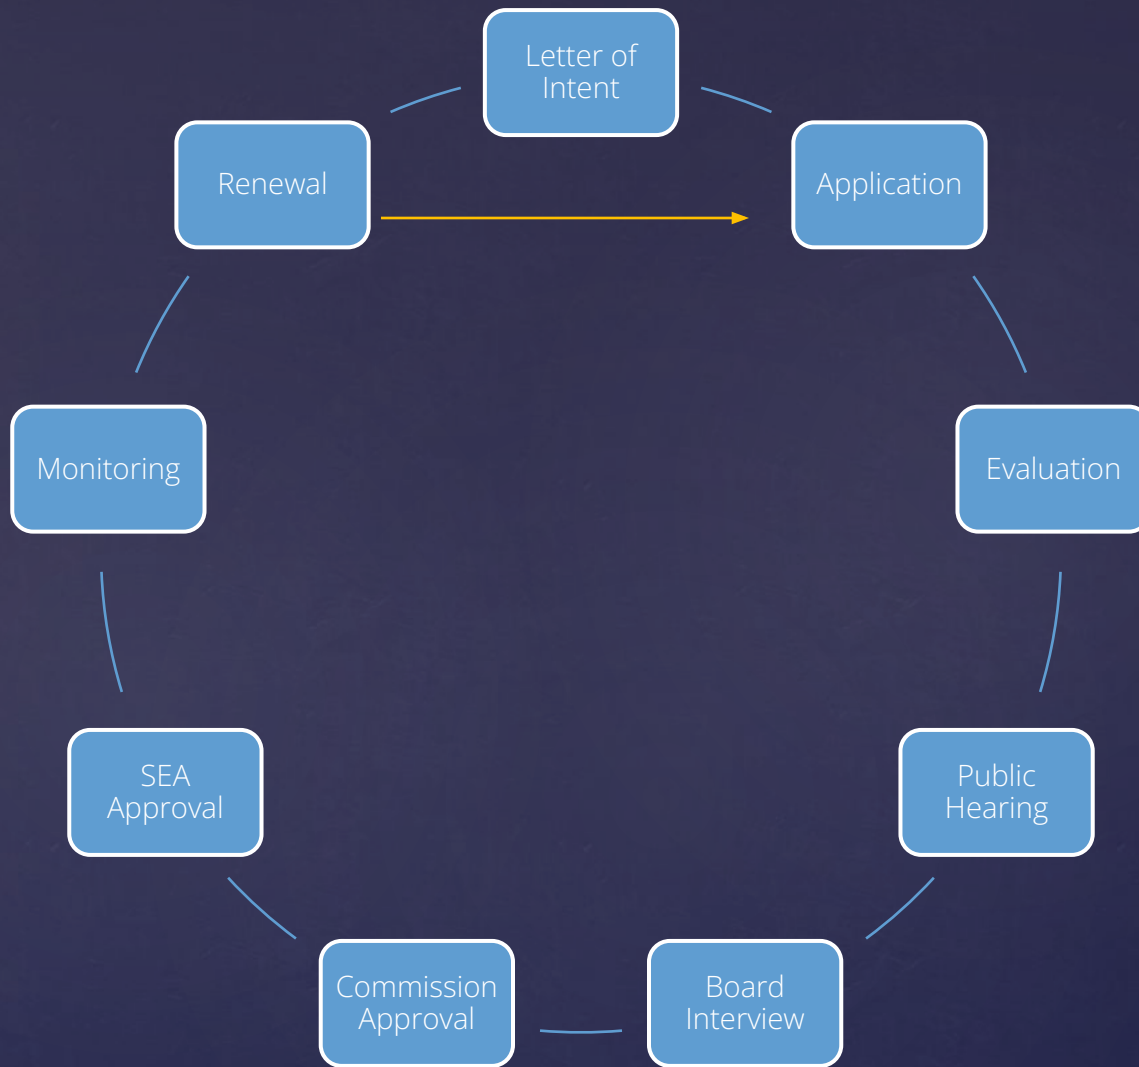

- Performance standards are established in the Performance Framework. Annual Reports are produced using data collected in the monitoring plan and the standards established in the Performance Framework.
- Reports are distributed to governing boards and posted on our website.

Decision Making

Σ

- MCPSC uses a comprehensive body of evidence to determine sponsorship, renewal and closure. Decisions are made in the public. Community needs and demands are included in MCPSC decisions.
