Dear Ms. Wahby:

I am writing to confirm that members of the Kauffman School Board of Directors have had access to board training and materials over the last twelve months. Opportunities are typically available through the Missouri Charter Public School Association and SchoolSmartKC (via Education Board Partners). Given the depth of governance and legal experience on the school's board, engagement in board development activities is at each director's individual discretion.

Please let me know if any additional information would be helpful.

Thank you and best wishes.
